RE: Miriam H. Samuel, as Personal Representative and Appellate

V.

Lynne N. Johnson Respondent,

Case No. 2017-002289

Dear Ms. Kitchings,

I, Miriam Samuel, am **Pleading** for this extension of **90 days**.

Please take the facts into consideration.

I am not wishing this life on anyone; however, I have to be peaceable and endure.

This is a matter of **bad incidents** that have and still are occurring within my family.

Not to mention my physical body has undergone major injuries since this case was filed. I beg the Appeal Courts of South Carolina to understanding and show Kindness.

First, I was in a bad rear-ended car accident, and I have been told by 4 Neurosurgeons that I must have ^{neck} surgery. I have gone to four Different great neurosurgeon doctors, hoping that I would not have to go through this situation. On Feb. 25th, 2019, my life was saved due to my baby brother's actions. He shields me from the wrath of my brother Victor who accused me of killing our father.

Victor was still able to hit me while I stood beside my dad's death bed, at Lexington County Hospital.

My estranged brother, Victor has been bullying and abusing me since I was a little girl. He and others tricked me and stole my father out our home. My father had Dementia. These people have Neglected, abused, and took advantage of my father. He died within 8 months after being stolen.

I applied in Lexington County Probate Court to become The Executor over my father's Estate. I was blessed because it was granted to me.

Upon doing the inventory it was discovered that this same brother with two nieces and two brothers have stolen all OUR FATHER'S Insurance Policies, Retirement Plans and Coin Collections. This have left me and my baby brothers no Inheritance from our father. I do want to highlight Dad did have a will designating all 5 biological children equal shares.

Therefore, with no monies I have been maintaining my father's estate out of my own savings.

These actions that was taken against my father, my baby brother and I maybe criminal more or less civil actions must be filed.

This is why I am asking, no Begging for 90-day extension. I have invested much time, monies, and my energy into my appeal case. I have no regrets, and I wish to see it to completion.

I have been working on this mess that my Estranged brother and others have created for the last 2 1/2 years.

My father he had confidence in me because he left all his personal documents in my care. The Lexington County Probate Clerk has confidence in me because she said I am strong! I used to think so but now I don't know.

Also, Victor has taken me to court in order to remove me as executor. I had to prepare for my defense in this case, held last week. The probate Court Judge did not remove me.

Please, take into consideration what I am going through and Grant me this extension.

The Record on Appeal Rule 210 the above case is the most important part of the Appeal And the final brief.

I am doing this to the best of my limited Abilities.

Please, Honorable Members of the Supreme Court at a public court, I respectfully ask for you to allow me this 90-day extension.

(1) Proof of service of the notice of appeal on the respondent[s].

(2) \$50.00 Extension fee.

I am grateful to have this extra time in preparing this very complicated part of my Appeal process.

Sincerely hopeful,

Miriam Samuel, Pro Se

Sincerely,

s/ Miriam H. Samuel
