Amanda,

There is a hearing on the post-trial, Motion for a New Trial scheduled for today. My records show that I Ordered a transcript of the Pre-trial Motion hearing held in this case on February 8, 2019, on April 29, 2019 and sent a \$50.00 deposit along with the request. I received a letter from you dated May 4, 2019 giving me the total due. Regrettably, the paralegal did not enter the date that correspondence was received in my database as she was supposed to do. I know from my records that I sent you the check for the balance due of \$112.00 on June 24, 2019. When I looked for it this morning to discuss those motions with trial counsel, Sharon Capers, it was not in the file. My records show that the \$112.00 checked cleared my account on July 16, 2019. The paralegal who was supposed to be tracking this request is no longer with me, so I have no idea what went wrong here. I have searched my file and do not see any indication that I ever received this transcript. I am getting ready to go search old emails because I do not have a hard copy in the file, nor was one scanned and saved to the file. That is the normal procedure in my office. If we get a hard copy in the mail, it is scanned and saved. That paralegal did not work out and is no longer working here, so that may explain the problem. Can you please check and let me know ASAP if you sent that record out, and if so whether a hardcopy was mailed? I appreciate the trouble this causes and I am so sorry, but I obviously need to straighten this out immediately. Thank you.
