re: Writ of Certiorari Extensions

I'm currently writing this letter in regards to an extension for my writ of Certiorari. I've got several issues at hand. I'm currently being held in a lockdown unit and it's making it difficult for me to make it to the law library to work on my brief, and to finish my case law research.

If you can please find it in your heart to help me in this manner that is needed.

Thank you

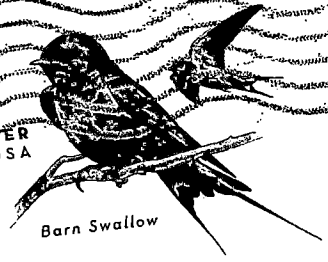

Brandon Littel
