RE: APPELLATE CASE NO: 16-002231

Your Honor:

On June 30, 2017, I received my petition for Writ Certiorari filed on June 26, 2017, by Ms. Wanda Carter of the SCCID. The brief a response to a Court of Appeals opinion that vacated and remanded three issues back to the PCR court (See. Fortune V. State 2016-UP-102 March 2, 2016). The PCR court issued an order denying relief on October 7, 2016. A notice of appeal was filed October 27, 2016. The brief filed does not address any of the three issues instead Ms. Carter addresses two issues that are not included in the court of appeals remand nor a part of the PCR's order of dismissal therefore they are not preserved for appellate review because I have the right to appeal the PCR courts order of dismissal and said brief fails to do that.

I pray to this court to withdraw said brief and allow applicant to proceed Prose. I do understand the ramifications of proceeding Prose.
