The State presented the testimony of  
A single witness which is the statement  
of Dr. Maddox, and she is appointed by the  
State and she does not know anything about  
me except what she had in my case file and  
when it comes to evidence Dr. Maddox does not  
have none she did not present any evidence that  
can say that i am a violent sexually predator  
All she have is withs in my case file and thats  
not a RUFF to have me committed. because  
my pass does not reflect my future and she  
diagnoses me on my pass, know one knows the  
future so how can she say that i am go

To be offend that is impossible for her

To say because know one knows the future

And i have NEVER talk to Dr. Maddox about

my Rolfe proses cases but she told these

cases to the jury and i think that she

Transform the jury's mind to say that

I am a sexually violent predator and

This is why i am in this program not

because of my charges that i've been charge

with at the time that was alleged that was

said that i did so these are some of the

things that i feel like i should go back

to court for along with the fact that

I never had a charge in 1986 because

I have a case in my transcript

that says that i have a charge of CSC

in 1986 when i was only 15 years old

that's impossible i dont know ~~what~~<sup>where</sup> those

charges come from. I dont know how to

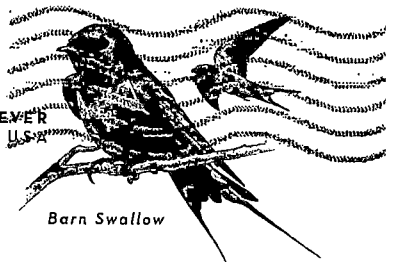

do these ~~legal~~<sup>legal</sup> work so please for give me

if i dont have it the way youll want it ok.
