

Case # 2019-001324

Dear The South Carolina Court of Appeals

The initial brief and designation of matter are due to be filed March 20, 2020. I am writing to request a 30-day extension on my time limit to file these documents. No previous extensions have been granted in this case.

Both Charity and Russell are under the weather. Doctors said for now to self medicate until they can get in for testing. Charity Ashford is not working at this time and Russell Goodwin receives Social Security. They are living from check to check. The lawyer has said he cannot take the case until he receive \$300 down and he should have that by Wednesday March 25<sup>th</sup> because I will have help then. Doctors don't want him out because he is a diabetic, has high blood pressure and suffering from sleep apnea. My mother is also suffering from multiple problems with her health.

Russell Goodwin  
Charity Ashford

**RECEIVED**
