S.C. SUPREME COURT

I, Jason C. Yeaphart, # 345183 are responding with this written memorandum of Appellate Case # 2019-000981 asking the Court to consider these arguments for my appeal. My Plea Counsel admitted to not investigating my case fully nor to the best of there ability. One of the (witnesses) even recanted their statements. I was not informed of this, and if I was, I never would have taken the Plea. The (witness) also re-wrote a statement, stating, that I did not assault my girlfriend. I was unaware of this as well. If I had known, I would not have taken a Plea. Also, two hours before<sup>(alleged)</sup> domestic desput between my girlfriend and I, she called the police due to a physical fight between her and her brother. In that statement, if read, the reader will see that any & all injuries to her were from her brother. Also, DSS were called for alleged child neglect. They performed a forty-five day investigation into the matter

and ~~the~~ I was found innocent of child neglect.  
This too, if properly investigated, would have kept  
me from taking Plea, and would have taken this  
to trial. I believe that my council did not do  
there job to the best of there ability. If they had  
done a proper investigation, these matters would have  
arrose, and the outcome would have been different.

Just, I suffer from a jeorning disability, I  
can neither read nor write well. I receive a check  
from the State for my disability. This too was  
not taken into consideration. I ask the Supreme  
Court to show mercy, appoint me a proper council  
and give me a chance at Justice. Thank you for  
your attention on this matter.
