S.C. SUPREME COURT

Dear Commission on Indigent Defense:

I am a pro se litigant in the aboved matter and have filed an application to obtain funds to pay for my transcripts from my PCR held in Conway S.C. on November 27, 2018 under Judge Curtis. I am also requesting funds to pay for the transcripts from the continued hearing held in Conway S.C. on February 17, 2017 under Judge Nettles in which the Honorable Judge Nettles made a ruling denying my Motion To Relieve Counsel James K. Falk and proceed pro se, and the issue was raised as to me never receiving a complete Rule 5 Discovery whereas I requested funds to obtain my entire case file. I am requesting to know the status on this request to see that my rights are not further violated pursuant inordinate delays. I am requesting that the Indigent Defense responds to this request in an expeditious manner.

With Kind regards,
