Ms. Jenny Abbott Kitchings

SC Court of Appeals

I'm not trying to take up much of your time but there are a few questions I really need some answers for me to try and understand exactly what's going on with my case. With this being the 2nd time the Supreme Court transferred this case back to the Court of Appeals why? I was told the last time that this wasn't a bad thing nor was it a good thing which one is it? Why has it taken 5 yrs to get my first PCR hearing? Why didn't the Supreme Court rule on this case? How much longer will I be held against my will? Why haven't I been released after 5 1/2 years of being in prison for a crime of Burglary in the 1st degree when everybody whose been involved with this case know that I didn't commit any crime on that night back in 2015. Besides that there is no evidence or 2nd witness to see anything the state couldn't prove me inside of this building (not a dwelling) nobody lived there and besides that (I have never broken into anybody's house) none of the elements were met. I should have never been arrested in the first place. This case shouldn't have made it pass a preliminary hearing, Grand Jury to be true billed and most certainly not to a Jury Trial? I asked the Judge for

A bench trial ~~why~~ do I have to remain in prison when ~~the~~ ones who actually did a few various ~~things~~ ~~to~~ put me here illegally and to hold me against my will (kidnapping) are still living their lives and not in prison like me. My last question what else has to be done before I can go home to rebuild my life what's left of it? Isn't also true that since I've clearly become a victim of overpolicing racially motivated wrongful conviction and a host of other things to be named later that the state and or SCDC will have to pay me for each and every day and more extra for all of the holidays away from your family? I've done nothing to nobody nor did I ask for any of this. I've said from the beginning that I was innocent and to just let me go and I would not take legal action against the state or SCDC. But know Aiken County / P.D. office, solicitors office, Judge Early all conspired including the A.C.S.D JACKSON P.D. also New Ellenton P.D. to forge documents, and not follow the rules of their own laws. Not even proving they advised me of my miranda warnings? How does anything get true billed without any evidence or statements? How can you have a jury trial without an affiant (sworn witness)? I'm ready to go home so if the state wants ~~to~~ to work out a deal with me

they need to get in contact with me pronto
because I have everything that was written
to me and all of the letters I've written
over the years. I can prove everything
so if they don't want to work out a deal
so be it I'll wait this out and hire me
a team of lawyers to speak for me.
This will be the last letter I write
to anybody. I've got a copy of this one

THANK YOU

~~MMH~~
