RE: CARVER v. JONES v State of South Carolina

Follow up letter About Fraud by the State

Appellate Case NO: 2018-001099

Dear Mrs Kitchings,

There are people marching and rioting in different States on "what they think is a Racial issue but its Not about Race. Its about Individuals who are in certain positions on Jobs. There is a certain Inherited Trust on certain Jobs such as a Police officer or a Lawyer for the S.C Attorney Generals office

On these jobs the public feels the last thing they need to do is worry about this Individual doing the wrong thing. Its a inherited trust, that the last thing you should worry about is a Lawyer at the Attorney Generals office to try something underhanded. So you don't think they will try to sneak something in the records, you don't look for that! Just like you wouldn't look for your Mom to steal \$ 90.00 dollars out of your purse. Its a Inherited Trust. And this is what makes fighting against the State Hard, its like the Law itself does not apply to them when fighting against a inmate

It seems the Court holds us to the letter of every statute while the State hiding behind a False banner of Trust kills off merited issues without the Court ever hearing them on the merits.

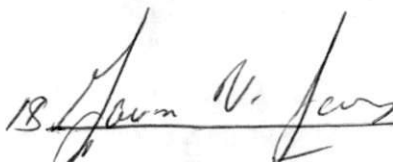

How can this be right? These individuals make the whole office look corrupt. What will you say I'm sorry you should have payed close attention. Again thats like saying "I should hide my wallet when my Mom comes over." you trust these people to do the right thing. In fact the Attorney Generals office should be writing us both a letter apologizing for what has clearly been attempted fraud on this Court and myself.

But they will not do that, they will wait to see if you "MAs Kitchings will crack the door and give them a way out. That Police officer who killed that man had been on the Job 19 years, do you believe this was the first time he did this kind of abuse?

With the utmost respect I am asking you to please do not take this lightly, not saying you would, but after it was told to me that a "PRACTICE" overrules Statutory Law I don't know what to think.

Thank you for your help in this matter.
