MOTION TO FILE OUT OF TURN

The appellant respectfully requests this Honorable Court of Appeals to accept her filing of her initial brief and designation of matter that was due June 10, 2020. The appellant was on track to complete the filing yesterday; however, she had a power outage and unfortunately the auto save function was inadvertently turned off which affected multiple documents associated with the appeal and it took the rest of the day yesterday and all day today to complete the initial brief and designation of matter. The appellant additionally lost time earlier in the week when she had to go to Georgia unexpectedly to care for her 87 year

old grandmother while her mother was out of town. The combination of events led to the inability to finish the appeal or file a motion for an extension of one day. The filing fee has not been included as the filing was electronic. Further the appellant is unsure whether a fee is required based on the Supreme Court's cessation of filing fee extensions. If a fee is required, I will submit it at the Court's direction.

Respectfully Submitted,

June 11,2020
