Mr. Shearouse -

S.C. SUPREME COURT

I am ~~totally~~ confused about the Court system and how it works especially in my case. It is a proven fact that this case should have never entered a Court of law with all of the ingredients missing. How can this continue to happen to me? I have done nothing wrong to anybody also I hadn't committed any crime. I certainly didn't ask for any of this I've lost everything I had 5 1/2 yrs ago my life, Family, house, job including² the life of my Mother in which she passed away March 8th 2020. The last 5 yrs of her life I have been in prison for nothing. She was at the farce of trial they gave me she couldn't believe I was actually on trial for anything without any evidence physical or circumstantial no Affiant (sworn witness) any witnesses and testimony from either of the three officers^{no} stating anything about me burglarizing anything at all. So now can I be still serving this time 5 1/2 yrs later? My next question is this is the 2nd time your Court has transferred this case back to the Court of Appeals? Why? This is the highest Court in the state " Couldn't or didn't they rule on it? I'm pretty sure they have reviewed this case and now messed up it really is but Sir this is not none of my doing this was racially motivated by Aiken County and Judge Early to and to everything illegal or not, 1st

degree. With all of them involved they knew
I was innocent and couldn't have done this
crime. There has never been any evidence
whatsoever (none) they never could place me
inside this building because it was not a
dwelling. I've never broken into anybody's house
All 9 of the officers out there that night
knew that I should have been let go period
no 2nd guessing but racist Mike Hess insisted
in arresting me and charging me with burglary
in the 1st degree? None of the officers
agreed with him except his son Brent
Hess and Tyler Roberts (rookie) ACSO. If you
check the transcripts they chose their words
very carefully not wanting to perjure them-
selves. The asst. Public defender I had M.B. Mamile
worked together with the solicitor's office
and also Judge Early to secure this conviction
the only people that spoke anything about
me burglarizing anything was only the 2
people I just named nobody else? They
were coached. I can prove everything I'm
saying and writing down. I've got everything
in black and white. Why must I remain
in here for a crime that has not been
proven by a court of law? The people
who framed me and tried to make me
guilty of a crime should be in here. Is
there a law that says I'm supposed to
be still locked up in prison charged with
the SA's most serious violent

Burglary in the first degree even though it has not been proven in Court and its been in front of the Supreme Court not only once but twice and now its back to the Court of Appeals. "Something has to be really wrong here" what is it? From this crazy charge of burg. 1st that I didn't do ?? I could not attend my mother's funeral. That hurt more than anything..... How much longer am I to be looked up in here for nothing while you people try to figure out how and why this happened. Racist Judges, pd, solicitors and police officers. The two officers from Jackson p.d. that are responsible for me being here former off. John Hicks - the one who signed the arrest warrants as the (affiant) also who marked out Mike Hess name as the affiant. who was no where near this crime scene that night. ?? Quit and now drives a wrecker truck. ??

And Mike Hess he no longer work there either. after finding out how bad he really screwed this simple case up by being a racist. After 30 yrs of doing police work as he put it is now training dogs. ?? Judge Early was taken off the Bench last year in feb. and labeled a "menace to society" He also wanted to be a "Federal Judge" He was the former Chief Admin Judge for 2nd Circuit.

M. B. Mcmillan (asst. Public def) now he is where he should have been the entire time working for the solicitor's office? LEGAL

Mr. Shearouse I've been done wrong and I can never see my mother again why must I remain in prison? I just want to go home and be with my family my kids and grandkids. I look around me everyday I'm surrounded by kids I'm at least 30 yrs older than most of them. I'm told to be in here please sir find out if its any type of way I can go home and start to rebuild my life. I've asked around many questions about my case and nobody can give me any answers because

"I" has had a case nearly close to mine. 99% of the inmates in here took pleas?

If there is some type of way that the Attorney Gen. office would be willing to work something out with me to set this terrible wrongful conviction and miscarriage of Justice case behind us and to move on. I know what kind of case this is "believe me" I do this is a slam dunk for a team of civil attorneys or just a eager expensive civil lawyer I have contacted by a couple already. So I ^{been} want to give S.C. a chance before I go that route. I do love this state and my family has land here. I'm tired of being locked up for nothing I need to be free let me know what I can say
