SC Court of Appeals

I'm only writing you today because I needed to find out whether or not after the order you sent out is this case over with and done? I really hope so, because I've been waiting 5 1/2 years to clear my name and to get my freedom back.

From the beginning of this case all that was involved knew I was innocent and they all conspired to get a conviction on me for this crime. The reason there was no witnesses no physical or circumstantial evidence

because its clear as a bright sunny day that I didn't do any crime. Why would this appeal go to the supreme ct twice and not rule on it and your court "

as well. Has this happen before? I want waste your time any longer can I please go home to my family? March 8th of this year my mother passed away and from this

wrongful conviction (Most serious violent) charge I couldn't go to my mother's funeral. And because I hadn't seen my mama the last 5 yrs of her life. because I hadn't received no hardship

All that want to do is go home and rebuild my life. I'm a truck driver (18 wheeler). If its any way possible that I can be home on the 31st of this month? After the court

was reviewed the transcripts and the appendix. Judge will see.

that my entire trial was based on Hearsay
and also no evidence the state could
not place me in this house and nobody
dwelled there. There's nothing proven at
this trial except that they railroaded
me to prison with nothing for nothing.
5 1/2 years of my life I've lost for
this racially motivated frame up.

Thank you for your time and please
let me go because I haven't committed
no crime why should I have to stay
in prison while the ones responsible
for this case should be in here!!

They committed a serious crime. I'm
52 so can I please go home before
this (Corona) Covit 19 get inside of here
and kill most of us. It's either the
gangs will getcha or the Corona virus
or both.
