The south carolina court of appeals. July 15, 2020. State of
south Carolina vs Trey Williams. Appellate case number. 2020-000606. Motion to
reconsider, vacate, reverse and appeal the court order and finding in general sessions.....

I am a laymen to the law. I am getting mental health treatment but is currently not on any of my medications since my releasase from scdc. I have been requesting an attorney to help me with this and i filed all appeals timely upon my release and made all the phone calls regarding my case to the courts during april. I was told my motions were never recieved yet but to wait because things are moving slow. I am homeless however i never missed a deadline. It has been a abuse of discetion for the invalid plea i was forced to take on april 2 2020. A fundemental miscarriage of justice. I do not have any money or transportation to make it to a post office right now. I wish to appeal this case but i do not know what to do in the interest of justice.
Trey Alexander Williams
