SC Court of Appeals

Noel Owens,

Appellant,

v.

Mountain Air Heating &
Cooling, South Market Real
Estate, Demetra Caldera, and
Ronald Gilmer,

Respondents.

MOTION TO EXTEND TIME

Respondent South Market Real Estate (“South Market”) moves to extend time to file their initial brief based upon the following:

1. Appellant’s Second Motion to Extend was granted, however, no timeframe for the submission was provided.
2. South Market believed that Appellant would be re-submitting their Brief after the granting of the extension and believed the extension to be 30 days. South Market believed that their Brief would be due 30 days after Appellant’s re-submission.
3. South Market discussed the issue with Appellant and Appellant agreed to a ten (10) day extension on the submission of South Market’s initial brief.

For these reasons, Respondent South Market requests an extension of time to file their initial brief, for ten (10) days from August 11, making the brief due August 21, 2020.
