Subject: Request for Transcript

Good afternoon,

We understand that you're wanting to get a couple of hearings transcribed from the York County Courthouse in SC. I apologize for not following up with you sooner. We have your job in the system as 305281

Usually we get a transcription request form but you gave me most of the information that I need already. I just wanted to follow up on a couple of things:

- Will this transcription request be expedited? Our standard turnaround is 10 – 12 business days from when we receive a request and the audio from you. You're more than welcome to expedite the hearings if you need them, we'll just need to know what date you'd like to receive them.
- Will you be needing electronic transcripts only or will you be needing a hard copy? Please note that we send you an electronic transcript once we receive the job in production. We'll give you 10 business days to look over it and decide if you'd like to request any changes to it. After those 10 business days, we will go ahead and send any requested hard copies so that any changes you requested are implemented in that copy.
- How would you like to send the audio to us? We can receive it via a secured link or you can mail it to us.
- Is there a specific reason that you requested a court reporter transcribe these hearings? If you're concerned about certification, all of our transcripts are certified by the person who does them, reporter or transcriptionist. If you'd still like to have a reporter do it, just let me know and we will make sure that gets done for you.

Thank you, and if you have any other questions, please let me know.
