Ms. Kitchings:

My request to be substituted as counsel of record in the above captioned direct appeal was recently granted. I noted that the order instructed me to advise the court of my position concerning the service on the notice of appeal. I apologize for not submitting a status report to the court earlier. I have been out sick off and on for the last three weeks with a bad bacterial infection. I am on the mend and plan to be back in the office tomorrow. I will get a formal statement with regard to this filing to the court at that time, but I wanted to point out now that I already informed the Court of everything I now about the circumstances surrounding this Notice of Appeal at the time I filed my Motion for Substitution of Counsel.

I will review what I submitted at that time again, just to be sure I didn't leave anything out, but I am truthfully certain I did not. Because trial counsel failed to honor her obligation to file this appeal, it ended up being filed by the Appellant's grandmother who got the steps for filing backwards. She filed the NOA with the Court and then after finding out she was supposed to have served opposing counsel personally carried a copy to the Solicitor's office. Regrettably, by then it was outside the ten(10) day window for serving opposing counsel. I have been trying to get in touch with the Clerk of Court's Office to see when they served the Solicitor's Office. I will try again to  
Tomorrow.

I will get a formal outline of the timetable to the Court tomorrow. Thank you for your patience.
