

# The South Carolina Court of Appeals

The State, Respondent,

v.

Jacop Robert Lee Hazlett, Appellant.

Appellate Case No. 2019-002108

---

## ORDER

---

The State has filed a motion requesting this court to remand this case to the circuit court for the limited purpose of allowing the circuit court to act on a motion to seal several exhibits. This court concurs the motion is appropriate for the circuit court. Because the sealing of the exhibits is not a matter affected by this appeal, this court need not remand the case. The circuit court may consider the motion to seal.
