Dear Honorable Court:

I received your letter of October 19, 2020 asking for a response concerning appealability. I do not believe that Mr. Wiles has standing to bring this action in the first place and all he has done for 3 years is tie the subject property up in the courts. Mr. Wiles is a disbarred Philadelphia attorney and has used his vast knowledge of the legal system to do nothing, but to extend this action. Mr. Wiles should be sanctioned and required to pay Mr. Ottwell's attorney fees: that I understand now exceed \$20,000.00. The legal system is supposed to be designed to provide equitable relief for an aggrieved party. In this case the SC courts have not succeeded in doing its job. The courts have assisted MR. Wiles in dragging this action out while he has repeatedly ignored and thumbed his nose at the court system. This type of behavior by a party should not be tolerated or condoned.

Sincerely,

Jay Specter
