This is Diane Miller and I was falsely accused of neglect. As a matter of fact everything Jim Mills said in court was a lie. I took the plea to get out because I was in for 90 days I have been a caregiver for over 20 years and never had not one complaint also received many letters of reconmadation.

Never in my life did drugs or any of the ugly things I was accused of. (Prostitution).

Never left Jerry unattended. Certainly did not sell any groceries. I was the one who advised the son to get meals on wheels n a shower.

His dementia was at a very high level he would forget that he ate so I just fed him again so he didn't get angry.

We were allowed about 75 a week for the both of us. If I spent more I was told it was out of the budget.

I have witness from the neighborhood and the opt. manager that what I am being accused of didn't happen. There were boxes in the back of my van that I was accused of working out of.

I have a copy of our agreement which he did not honor. I stayed for the year that I agreed to. I should have left due to abuse from the patient mentally. When I received my van ~~as~~ for Christmas gift.

His son never came to relieve always had appointments. I could not even get to the doctor.

The son never mentioned that he took his father out for beer on his birthday which was the cause of his fall.

Because he always walked all over the circle at the apt. He also lived alone for 3 years before I got him.

That being said I would like a retrial. I am innocent and have proof of everything. I am being accused of didn't happen.

No idea why this happened other than the fact he had to pay out of pocket for the nursing home because I worked for room n board only.

If I did all the things I was accused of why did he continue to let me work until he fell.

Where did he come up with 1200 dollars of food being sold where is his proof of the things he said I did.

I hope I can get this resolved because I should not have to pay 1200 dollars for something I didn't do. When my name was ruined my credit and my career.

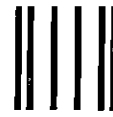

My lawyer said there was no proof of anything against me.
