Hello Ms. Caudy i recieved ur letter and the transcript and sentence sheet and Anders brief i had to read it a couple times to get a good understanding i thought you gave up on me. I see you understand whats going on in this case thats why i didn't want to write about it to you i see u quarterbacking this pretty well and thank you. I really dont have much questions cause im following ur lead but i understand clearly on how the anders brief works and merits because see i had doubts in the beginning because when i was reading my transcripts and wasnt finding much objections i was like i dont know →

how this could turn out but since you hit them books on me law books i mean i see you finding more than one way to go about it and i see its more than 1 way this can be done so thank you, I have 0% doubt in you and 100% faith in you, good luck and enjoy ur Thanksgiving, Christmas, and new years if i don hear from you til next year. Also im still here im in a different Dorm D-59 when i leave i will let you know take care of yourself and wear ur mask you a special woman -much Respect-.

Dh. yea i do not wish to submit any argument to the court. I'll pass.
