The email attachment is from when I called the AG's Office and spoke with one of their Administrative Assistants to double check the filing address to file these extension requests. I very specifically recall using this address to file this extension request letter. But, for some unknown reason, it is not showing up in my sent emails. I think I sent a copy by mail as well, but I am not positive. I have not spoken to opposing counsel, Ben Limbaugh, to confirm whether he received it. I apologize for the confusion. I am attaching a copy of my letter sent out by email for filing on January 6, 2021. I have no idea what happened, but I thank you for following up with me. Please let me know if there is anything further I need to do to straighten this out.

Thank you for your assistance.
