CLRK OF CRT CHESTER SC

SC Court of Appeals

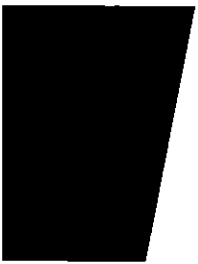

To whom it may concern, I Tanya Murphy came to court on January 7, 2021 for a pretrial brief and discovery. While in attendance Judge Eugene Griffith added Antonius Rice as a party to this case. Antonius has been diagnosed with multiple mental health issues which the Judge and Defendants are aware of. During this hearing Antonius could not recite his address (I have ordered the transcript from Micheal Watkins the court reporter). Antonius has no knowledge of his case or paperwork. Antonius does not know his previous Attorneys to pursue his claim and is incompetent to his case. I asked the Judge had he looked over his Mental Health issues and he responded yes, but on the order he stated he asked about his education & Health, I stated Mental Health.
