S.C. SUPREME COURT

Cedric A. Clinkscales, Petitioner

v.

State of South Carolina, Respondents

Honorable Clerk;

My records indicate that on October 8, 2020, when I wrote to the Clerk of the Court for Anderson County, I also wrote another letter requesting the contact information for the Court Reporter to determine the cost of ordering a partial transcript. This letter was mailed and I also wrote the Clerk of the Court for Anderson County asking about the status of my request. I was waiting to hear from the Clerk of the Court of Anderson County. I cannot start my writ without knowing if I could afford the transcript. Furthermore, with this letter I am just not getting to know what the Appellate Case No. is

I thought I would get some kind of acknowledgement-that my Notice of Appeal was filed with the Court (S.C. Supreme Court) with the impact of the virus effecting every aspect of the community. I felt that the delay was part of the process. I saw that the Court system was shut down and that was why I did not hear from you. Not to mention the well known problems with the mail system here. While I must concede that waiting was not the best thing to do, however, I am not completely at fault here. It will be a miscarriage of justice to dismiss the appeal. I am requesting a 30 day extension to get my petition with the Appendix filed in the S.C. Supreme Court.
