Good Morning,

This morning, I noticed that my OneDrive folder with the Court of Appeals had shutdown/crashed due to some error. I am somewhat concerned because the last time I used it last night I was in the process of uploading my final brief (attached to this email) in this case, which I served on Ms. Blazer yesterday. I have already resubmitted the case via OneDrive in case it did not make it into the folder last night, but I'm happy to submit a motion to file the brief out of time or take any additional steps required to correct any deficiency in its submission. Please let me know if any additional actions are required. I apologize for any inconvenience.

Warm regards,

Bill Schumacher
