Re: Ex Parte: DeBordieu Colony Community Association Appellate Case No. 2020-001166
Request for Extension as to State's Initial Brief and Designation

Dear Ms. Kitchings:

I respectfully request an extension of time of two days to serve and file the State's initial brief and designation of matter for the record. I believe that they are currently due on March 3, 2021. With the extension, these documents would be due on March 5. I am making this request as a precaution because I am scheduled for my second Covid vaccine this afternoon. Although I certainly hope that I will have no side effects, in the event that I do, I would need this additional time. I still have some work to do on the brief and need to do the designation. I have not previously requested an extension for this brief except in connection with the State's motion for leave to file an abbreviated brief.

For the foregoing reasons, I respectfully request an extension to March 5. I respectfully request that the March 3 deadline be held in abeyance while this request is considered.

Respectfully submitted,
