RE: 2020-001555 Extra Time

Dear S.C. Supreme Court:

I am in receipt of this courts ORDER dated March 05, 2021 which I received sometime after March 12 and before today. Your paper extends time to file writ of certiorari for review of S.C. Court of Appeals decision of case number 2020-001555 until 3/24/21. Thank you.

The law library was closed to me all last week and has not been open to me much since my original request for time, making me experience great difficulty attending the prison law library, and, the non-treatment of my serious medical condition by prison staff diminishes my ability to function and diminishes my health and causes me needless pain and suffering. The prison law library hours remain below federal standard because it is so very dangerous here. I need the library to do my papers. The shortage of time for me to attend the law library is beyond my control and I need more time to prepare my writ of certiorari in this case.

PREMISES CONSIDERED, with good cause shown, I request this Court to provide extra time for me to serve and file my papers to this Court, and/or any other relief as this Court deems fit and appropriate.

I certify that I have served this Motion paper upon all parties to this action by placing the same in the prison mail system addressed to their last known address on this day.

I declare under penalty of perjury the foregoing is true and correct.

March 21, 2021.
