RE: State v. Bolick

Appellate Case No 2020-001497

Mr. Terrell,

I have made known my intent to proceed pro se in all of my post trial motions as you are aware. I have also notified the court by way of motion the conflict of interest between Judge Seals and myself. Further, I have made numerous motions seeking the transcription of the minutes of numerous hearings in these cases which will be needed before a fair hearing can be had on any post-trial motions. Finally, it is my intent to present testimony and documentary evidence to support my factual allegations of an unfair and unconstitutional trial, and the corrupt

acts of which you personally orchestrated and participated in.

You have a history of misappropriating the record and facts before the court, and using your control of the court calendar to create an unfair advantage. Therefore, I am writing you this letter to establish the facts I have pointed out to you. I am also sending a copy of the letter to the 3rd C. Court of Appeals as a means of security to make sure the record is clear.

In my true attempt to be fair I am making these things known to you. Hopefully, you will not be able to conceal the truth and deny me a right to a fair hearing as you successfully did in a conspiratorial manner on September 16, 2020 with Judge Seals.
