SC Court of Appeals

Mrs. Allen

I am writing this court today because I no longer need or want in any fashion or form Ms. Hackett representing me anymore. Seeing as how she had not objected to all these extensions and not keeping me updated on my case. I need her fired effective now as you read this. I have not committed any crime and yet I'm still in prison. 6 yrs. I need out of here to help support my family. I'm also writing SCCTD asking for a replacement defender. If there is something I need to make this happen please inform me. Or can I defend myself. Everything about this case I have first hand knowledge (facts) (Pro-se) I do understand how bad this case the state (Aiken county, Jackson Pal.) obtained this wrongful conviction that was racially motivated is so very messed up from the beginning to the ending. I have not done anything illegal but half of this prison bid. This is all their fault.

MCCLADDIE-364614

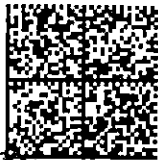

At this stage of my case/appeal isn't everything with the paperwork both of the writ of certiorari's, Supplemental Appendix completed?? There isn't anything left to be done but to let me get my freedom back.

Thank you for your time and will you please write me back with the status of this miscarriage of Justice and wrongful conviction.

Sincerely

Walter
