---

Attached please find for filing a corrected version of the Petition for Rehearing previously filed in this matter. I ask that this correction be considered timely filed on today's date. The deficiency in this original filing was related to simple typographical errors on the cover of this document. Regrettably, I was out sick all last week with a fairly severe reaction to my second COVID vaccine. I returned to the office today only to discover that my network computer server had crashed. It was finally restored around 4:15 PM today.

I have not spoken with opposing counsel in this matter due to the hour. I would ask that he please convey his position of this request directly to the Court. I have by copy of this email, served him with this corrected draft of the Petition for Rehearing. Given the minor nature of the errors on this cover, I would ask that the Court exercise its discretion and grant review of this petition.
