The South Carolina Court of Appeals

Beaufort County, Government, Respondent

v.

Joyce V. Ham, flesh and blood, labeled Appellant

Appellate Case No. 2021-000227

My Honorable Bentley Price

Beaufort County

(Kangaroo Court)-Trial Court Case-No: 2020CP0701627-

IT IS MY PETITION THAT NO ONE SHOULD HAVE TO PAY THE THEIF TO STOP THE THEIF FROM TAKING THEIR PROPERTY

Your adhesive State, County and Court all labeled as GOVERNMENT continues to engage in the business of stealing as it has from the very beginning of its existence here in our County.

Your process got it wrong and was/is not proper. Your process has denied this citizen the rules of law that would provide the opportunity to fully participate in these proceeding. In addition, your process has denied this citizen the rules of law that would allow for the opportunity to provide full permissible materials in the presence of a jury given the highly racial and bias animus in your governmental system.

This type of suppressive and oppressive behavior by government and its officials should be examined by the oppressed for its veracity and utility to ensure that all citizen are protect from the very government that is inaccessible and falsely claims to protects and serve.

My property does not belong to the thief and I do not consent to the giving, signing or handing over of my property.

Service of process: In no part of your process have I given anyone, court or administrative body jurisdiction over my person or property. Neither has your Court (Trial, Circuit, or Appeals) provided me with your delegation of authority and/or evidence that grants jurisdiction which give the right to make order, to make summary judgments, or any ruling or otherwise. Yet, you have assumed so on your own accord through your decisions, acts of summary judgments, orders, and rules of law which is inundated with racial and bias animus. I just don't want to pay to be subjected to your abusive process and practices.

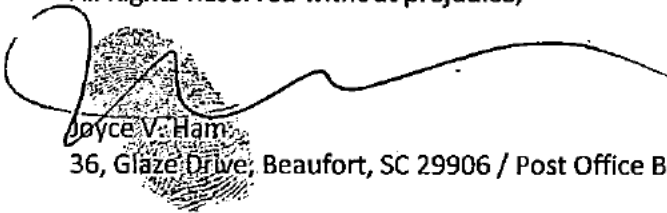

Written Notice of Entry: I have never enter any of your courts, I have only made an appearance and given a response on the basis of failure to do so implies truth, the waiving of one's rights and imposes penalties.

Filing Fees: A filing fee requires a payment of tender of money charge by court/government to buy their service. This government is quite aware that it does not provide its citizens with tender of money; only notes of legal tender to pay a debt and therefore should not make request that cannot be fulfilled.

Containing a Signature: It is not my intent to engage in contract but to report to this court and or appeal to this government that I am under threat duress and coercion imposed by the very same government and I want to know what you intend to do about your governmental system that victimizes me?

Your government's laws and rule of law is and has been used as a tool of terror that have allowed individuals to hide behind the cloak of government to rob, steal and pillage members of our society to lay claim on the property of others. Again, YOU GOT IT WRONG: I do not consent to the taking of my land nor my property by your government. To rob me of my property in any manner is barbaric and outright criminal activity. These proceeding and these conclusive summaries of judgment, orders and judgments are unethical, wrong and should be rejected by all because of its injustice, perpetrated cruelty and deliberate obstructions of its oaths, laws and Constitutions.

All Rights Reserved without prejudice,

A handwritten signature in black ink, appearing to read "Joyce V. Ham". The signature is written over a circular stamp that contains the name "Joyce V. Ham" and a fingerprint.
