Your honor,

All I have ever done is try to bring the truth to light. The Appellant's attorney was provoking to my younger brother and disrespectful at the hearing on 5 December 2018, I was not able to attend such a confusion of hostile attorney's and I knew it would be. I served my country honorably in two branches the USAF and the Army and was legally disabled by my service.

My honest right to express my right to freedom of speech by Petition of grievance, as professionally as possible is that Rose Walsh is a very dishonest person who will lie under oath and information submitted into the hearing to form sympathy for her childhood is a total misrepresentation of fact. It had nothing to do with the estate nor should it of been allowed. I do not trust the integrity of Gregg Meyers and I used to think that I should uphold the title of Esquire, I do not anymore. It is a false title in many cases and lessens the validity of the rule of law, that they are untouchable.

This whole situation is one of greed and dishonesty and I will not lessen my moral standards to go down to the values of others whom I refuse to deal with any longer for my own well-being. If something does happen in the future I have put safeguards in place to right the wrongs done to myself and my brother's by Rose Walsh. The day will come that there will be a reckoning, that belongs not to me.

My ministry is the past twelve years of my life and I will uphold the standard of integrity for myself no other can do that. I conclude any further words.

Sincerely,

**Kelvin Wayne Crosby, Beneficiary estate of Annie Mae Crosby
Disabled USAF and Army veteran**
