

This is Tonya Hinson, I am writing in regards to my Appeal. First, on one of my charges - 2020-CIS-46-03280 4-30-21. Possession of crack cocaine. The city arrested me and I got a PR Bond on this charge but I got a Probation violation for this charge too. I sat in the County for 144 days, but my lawyer said I could not have my days. I don't understand that. I plea guilty to that charge that got me violated. I would like to have my 144 days credit back. Then I have been trying to get into a rehab. She told me that it wouldn't do me any good. That two rehabs that would accept me. I feel as my lawyer has been against my this whole time. I don't believe she has been on my side. I had 13 charges all together and the whole time she kept telling me that I was going to have to plea guilty to all of them. She failed to tell me I was only pleading to four of them. I wanted to do an open plea with an acceptance letter from the rehab I want to go to. She never tired to fight for me at all. I was thinking this whole time that I had to plea to all charges. I feel as she and my solicitor

were working together on this. When I was looking through this papers I seen were I plead guilty to the charge that I sat for 144 days. I feel I should get the Credit toward this sentence. The Probation board wanted me to do lemos SCDC, an Add 3 yrs to my probation. My lawyer is the one that talked me out of the open plea she thought I would have got more time. I don't think I would have wanted to ask for Rehab and my charges to be ran current with my Probation recommendation. Mrs. Pesegeuse said she didn't think a judge would give me Rehab. I didn't understand that. When I have a drug problem, I don't feel as she defended me at all. At one time she told me she did not care what happened to me when I went into that court room because she gets to go home everyday. I don't feel as she done her job I would like another lawyer to help me though this Appeal. This is only some of this stuff that's happened in my case. Will you please help me with this matter?

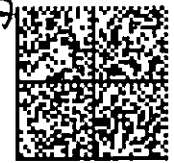

Thank you
Jonya Howard
