

Ms. Kitchings -

6-9-21 RECEIVED
COURT OF APPEALS

I have been patiently waiting on the Courts and the Justice system to set me free. I've been in here for 6 yrs for a crime I cleared with a Comitt. After having this painful case presented to the Supreme Court twice and them not ruling on it makes me wonder what's really going on? This is the highest court in SC and in this country. Why must I be held in here and all of you knowing that I shouldn't be. I was under the impression that the law was here to protect each of us equally. Why must we have police stations, Public defenders offices, Solicitor's offices, Various Courts that has rules, Laws, procedures and paperwork that has to be correct in each and every criminal case what purpose does it serve when you people don't follow your own rules, Laws, or procedures that has been set by the S.C. Legislature I have done nothing wrong to be in here in the 1st place so why didn't I get effective assistance of Counsel? why " " " a direct appeal? Why didn't I get no hearing when I filed for my PCR in 2015? I'll tell you why because Judge Early was the Chief administrative Judge and also he was ^{my} Criminal Judge and at the time he was also my PCR " ?? definite "Conflict of Intrest." You can clearly see that did not phase Judge Early whatsoever because he granted me a belated direct appeal but denied my PCR application with prejudice. He should have recused himself. Why would it take 5 yrs to get a PCR? most people get theirs in 18 months. That was Jan. 21, 2020 I have ^{been} waiting for extension after extension waiting on Ms. Hackett to prepare

a second writ of Certiorari in which it took her all year to prepare in which she either forgot about it or chose to take her time doing so, I in turn wrote her asking had she done it. She finally got it done and then she tells me I have to wait until the state files its brief and again I'd have to wait on extensions once again but now by the state. Finally April 5 the brief was filed. None of this was needed because it had been clear from the beginning that the state never had a case against me. The case was also proven as Hearsay. I'm innocent there is no evidence physical or circumstantial no witnesses. The state never could place me inside this empty house. Not a dwelling. None of this case was proven at trial. Burg 1st? I think not. Please read the transcript and after you do maybe you and your court can explain to me just why are you people holding me illegally and unlawfully for all this time.

This is wrong please find it in yourselves to let me get home to rebuild my family and get my life back in order.

Thank you.

It's June 9th and I'm still waiting on the Court of Appeals decision. ?? My god what is there to decide? I could see if this was a complicated case or if I actually did a crime. ... I need my kids & Grandkids very much. ...
