APPEAL FROM SC ADMINISTRATIVE LAW COURT

Administrative Law Judge

Case No. 20 ALJ 22 0216 - AP

Tamika Howard

Appellant,

V.

Sc Department of unemployment and Workforce/United
Cerebral Palsy of South Carolina/
Administrative Law Court
Respondents,

**APPELLANT'S RETURN TO RESPONDENT'S MOTION TO STRIKE
AMENDED RECORD AND DISMISS APPEAL**

Tamika Howard would like a chance to submit a corrected amended record on appeal. I am was prescribed neurontin(gabpentin) by my

doctor on April 16, 2021 and it effects me mentally and physically. I misunderstood the June 7, 2021 order. Im was under the impression that dew would provide or include the items on their desination of matter to the courts and I provide my items on my designation of matter as well. I have no problem including it and ask the court to grant me permission to submit a corrected amended record on appeal. Also I need to request the Brief of Appellant dated September 29, 2020 from the administrative law court I have tried locating it without any success, however if sc dew will include the letter on my behalf I would accept. Also the September 17, 2020 record on appeal and the October 19, 2020 Brief of Respondent is lengthy and would cost me money that I dont have and if sc dew is willing to also include that on my behalf I would also appove. This was not done intentionally and has been a burden on me and probably scdew as well. I feel United cerebral palsy is the reason why we all have to deal with this situation, they are the ones who denied me light duty and offered me fmla. Babcock center my daytime employer denied me light duty, offered fmla and I accepted, but they were considerate and implied that I should apply for unemployment or get help from human resources.

CONCLUSION

I have not had any income since March 2020 and ask the court to grant me permission to correct my misunderstanding and not to dismiss my appeal. Though I am not well versed, however I am an honest, decent, law abiding tax paying citizen that misunderstands in difficult times. I apologize for any inconvenience that I may have caused. Again I appreciate and thank the Court of Appeals for hearing

my case.

Respectfully Submitted,

/s/ Tamika Howard
