LETTER FROM SKIP HOAGLAND

TV and Hollywood has had some bad actors.

The Hilton Head Island Town Council has four.

**Council members Likins, McCann, Lennox and Harkins
have betrayed the Town and taxpayers by selling out
to Bill Miles and the Hilton Head Island-Bluffton Chamber.**

The recent actions by four of the seven members of the Hilton Head Island Town Council in defending and protecting the Hilton Head Island-Bluffton Chamber of Commerce from proper scrutiny and accountability should be offensive to everyone in Beaufort County who supports transparency.

Over the past 18 months, Council members Kim Likins, John McCann, Tom Lennox and Bill Harkins have shown, over and over again, that they put the best interests of Bill Miles and the Hilton Head Island-Bluffton Chamber of Commerce above the best interests of the Town.

They continue to give almost \$2 million per year in accommodations taxes to the Chamber to function as the Town's designated marketing organization (DMO) to promote local tourism, even though Bill Miles refuses to disclose, in detail, exactly how all that money is spent.

In short, THE FOUR that dominate our current Town Council in voting are anything but public servants who stand up for the public interest. They are cohorts of Bill Miles and the Chamber, who have repeatedly proven themselves unfit for office, in my opinion. And they must be removed from their positions come election time.

They approved a corrupted Chamber contract that is not worth the paper it is written on. In fact, it appears that the contract development process was controlled by Bill Miles and his attorney David Tigges. Town Manager Steve Riley then cooperated with the Chamber and Likins, McCann, Lennox and Harkins to get the contract approved, despite the public outcry against it last November. In fact we have a chamber board member on record and on video who said the chamber worked hard on this contract.

They misrepresented the facts when they said they inspected the Chamber's books. Three of THE FOUR said the Chamber's books had been inspected by one or more members of the council. But they have refused to reveal who inspected what records. They simply pronounced the Chamber above suspicion, without any formal justification for that finding. (See recorded video of Town meeting Nov. 17, 2015 on Town website.)

They approved the use of taxpayer money to pay lawyers to file a private lawsuit against me. After I challenged Kim Likins, whom I think is unfit to work her day job with boys and girls, on her actions and called her employer to inform them of her actions as a public official, she schemed with other council members and town lawyers to pass an outrageous resolution to file lawsuits against citizens that make public speeches they don't like. They then proceeded to file a frivolous defamation lawsuit against me in an effort to silence me. Then the Town Council voted to have taxpayers pay her legal bills. So far, the Town has paid over \$40,000 in legal fees, while my defense has cost only \$5,000. That shows just how incompetent and abusive Ms. Likins - and the rest of THE FOUR are. Taxpayers should be outraged by such waste, not to mention their intimidating attempt to silence citizens.

They refused to support an audit of the Chamber. In February, I won a landmark Freedom of Information Act (FOIA) lawsuit against Bill Miles and the Chamber. The judge declared them a "public body" since they are funded with public money, and said I have the right to inspect their books. But Bill Miles still refuses to allow me or anyone else to see all his books. And he does so with the full support of THE FOUR. The so-called "independent audits" the Chamber submits to the Town each year that are posted on the Chamber website are nothing more than a recapitulation of financial statements, in my opinion. They are not even remotely related to a genuine forensic audit of the type that invariably gets DMOs into trouble.

Now, the abusive incompetence of THE FOUR will force the Town to pay unnecessary legal fees to defend against my new lawsuit. In signing the first-ever contract with the Chamber to serve as its DMO and promote local tourism last November, the Town violated its procurement code by not putting the function out for competitive bid. THE FOUR, despite the commendable efforts of Mayor David Bennett to correct the mistake, stood by Bill Miles and the Chamber - again. Now I will sue the Town. And the Town will waste even more taxpayer money fighting me, because I will win.

As a citizen and voter, you should be ashamed of THE FOUR. And you should help me hold them accountable.

If the issues involved with the Chamber were not so important, the actions - or lack of action - of Council members Likins, McCann, Lennox and Harkins would be laughable.

But there's nothing funny about giving away \$2 million in public funds with no questions asked and no real oversight in place.

So THE FOUR are not a laughing matter. They are a disgrace.

Subject: Sc foia

Steve to begin Brian Hulbert your lawyer claims you know nothing about the 4 m proposed welcome center on town property and now know nothing about secret meetings with Susan Thomas and Bill miles discussing signs on town property and the 340k app attempt , cost of signs etc . How could Susan thomas Ceed on this email propose this without talking to you ? For me you are not telling the truth and will do anything to escape and avoid answering directly . Susan who did you talk to ? Susan moving to California does not mean you can't be brought back to SC or answer questions . As this moves forward David tigges can only do so much to protect and keep others silent . Steve same for you , the lawyers can only help you so much . God only knows what else you have done over the last 20yrs we don't know about . When you and others realized I was going to attack on these two issues everything stopped and disappeared interesting ????? No records no emails !

Steve, my foia info received was incomplete , where is the supreme court case saying chambers or Dmos or chamber/ DMO comingled hybrid can receive tax monies but not comply with SC foia laws that David Tigges

quoted? Was this a lie or is it true? To add !

Did Jay Weindl lie about 1600 members? I say yes or he was deceived by Bill miles we need proof of this!

Did Kim Likins lie when she said took notes and listened to everyone then proceeded to read a speech that could have been written by her good friend Charlie Clark chamber spokesperson? I say yes! Is she fit to run and girls and boys club?

Did John McCann when he said he made up his mind last night and 3 other council members as well, did not respect the public hearing and draft contract process? I say yes!

Who drafted this contract the chamber / council or Steve Riley we now know from a whistle blower and Carolyn Vanagel confirmed statement, quote the Chamber worked hard to draft this contract and we now know it was David tigges in control! Steve Riley do you wish to deny this?

We have also been told all board members were instructed by David Tigges / Bill Miles to remain silent to press or anyone else and to not talk about contract or my fight and only state how good the chamber is and nothing else. Do you wish to deny this?

Jay Weindl, new "appointed" chairman, not duly elected lied when he said 1600 members all have rights and can run for elections and make change with 10% of membership, 10% of what real number? We have proof chamber membership numbers have been falsified? Do you wish to deny this or want to challenge this? Seems all members have rights to the database list of all members and contacts? Jay will you send that list and contact for each member phone numbers including to a chamber member? Jay will you force Bill miles as his new boss to open the books to all members? Jay what rights do members have? Jay did you know bylaws were changed from original form when members had rights? Jay will you tell Bill they must be changed back to allow members rights? Jay where were annual meetings held last 5 yrs? Do you have all Minutes for this. I assume in any lawsuit by a member or members all this will be made available in discovery? You and

David Tigges both said there was annual meetings for members to speak? Again Where are these meetings held, minutes Etc ?????

The entire board I am sure are good people, bottom line they have all been deceived and used / abused including you Jay, by the 3 people who totally control this chamber David Tigges, Bill Miles and Ray Deal. Jay as chairman and Bill miles employees let's be honest who is in charge you, Bill or David tigges?

Jay you seem to be a nice guy and have nothing against you. The only actions I don't like from you is kicking out people from your hotel that run a local media company I started many years ago. He did nothing to you. This has also happen by several hotels who told me when I called don't ever call this hotel again. These attacks have no reason or basis. We have been told, by ex chamber whistle blower that you and other board member are silenced by giving help and business over others in their industry. They receive no access to inner circle no access to all accounting, all appointed strategically to surround Bill Miles to make it all look legitimate to allow its abuse, corruption and violations undetected by anyone including board members that just assume all is ok. All local media leaders have been eliminated from appointed board by Bill miles to prevent any challenge to his unfair competitive practices and growing local media empire with 1.7 million and growing ad sales revenue. We now know anyone can buy ads not just chamber members like a for profit media. We were told any board members that question the dictatorship are silenced or removed. There are no real term limits or rotation of power on board to allow all members to run for fair elections. The real power has remained in control for over 20 yrs. Paul Bethea, David tigges McNair and past old Bethea law firm.

You have a power structure out of control, including letting the employees run all not the members / stake holders who are in essence the owners, not Bill Miles. The old Bethea law firm now McNair law firm have been running this chamber for years and always someone on board from this firm. Insurance, banking, lawyers, hotels etc. etc. all get favoritism over others and we now have proof from whistle blowers who have stepped forward. We now have big insurance companies say they dropped membership as it was a waste of time trying to bid against John vann your past buddy board member with BB&T insurance.

They said just look at the chamber website and app to see who gets promoted over others. Those who pay the most get front seat. Jay this is not the way or purpose of a properly run chamber and DMO operating as a non profit and using tax monies. What do you not understand about this? How long do you think this board and you can keep defending this?

We lost a small battle to corruption but the war to clean up this chamber abuse will be won soon, as we have all we need to prove our case and will turn over all to press, law enforcement, mayor and others next week.

Happy Thanksgiving to everyone. Be assured as we give thanks for all our bounty, this Chamber will go back to being a simple chamber under US Chamber and ACCE national associations guidelines and our DMO will operate under DMAI national association guidelines and accounting protocol soon. All the waste, abuse, corruption, deception, tax violations, foia non compliance, dictatorship and harm to tax payers, board members and members will end. I will be thanked for all this, and not painted as the enemy to this chamber board representing facts and truth. This chamber board is run by good people and leaders on the island, but many others leaders in good standing for 40 yrs do not like where we are. You heard many speak up at our corrupted contract public opinion meeting. Current board members need to pay attention and accept the facts and speak up to clean it up and join those who are and will. This current Chamber structure will never survive what's coming and the good people of this board need to act soon as to not be humiliated for being deceived, tricked and fooled.

We have much more on Bill miles to deal with like 4 million past welcome center, local app with Steve Riley, trips to China with his family also turned over my whistle blower who said he robbed us, trips to England, monies to Canada, commingled bank accounts, travel / hotels / meals etc, free golf memberships, corporate entainment on and off golf course, bills sons golf whistleblower claims is part of corporate entertainment and much more.

Oh and Steve Riley one last thing all town codes, RFPs, fair bidding and who added the Hilton head chamber to down code to eliminate fair bids and competition. Lee Edwards remember you once were for this? Lee if chamber was in landscape business selling plants and you were a member what would you do? Accept it and say nothing ?????? Thx

Subject: Violated public trust , due process and lied !

You both lied and are not fit to serve . I will look forward to speaking directly to both of you soon at public comment . Also you will be in my full page ads to publicly disgrace you both to this island . Kim you are not fit to serve boys and girls a well . You fully know what you did !!!

Do not dare say I am disrespectful when I speak the truth at town council. The truth is not disrespectful. What's disrespectful is what you both did. Prepare to be exposed and treated like you treated others.

Tom I feel you also deceived me and had your mind made up also. I have you on record saying you worked hard on the clause to inspect books and had me in mind. I hope so and remains to be seen if you are going to be my new hero and outsmarted David tigges or forced me to keep spending thousands to fight fir so foia laws for all of us.

Bill Harkins for me not worth even discussing. If he plans on running for reelection as well as others I can promise you that you will be booted and featured in full page ads and fully explained why. There simply is no place for dishonest and deceiving people who wish to serve our community.

David, Lee, Marc each at least showed respect and listened to some very smart people who had great ideas and respected them and their time coming. John Mcann to say reason he decided to award the contract to the chamber was because of all the good people on the board. This had nothing to do with it as the board has been tricked and deceived also and has no power. John knock knock anyone home, you have been told this chamber is run by a dictator crook. The board members are good people just have no power or clue what's going on. They all were appointed, used and abused and shown favoritism to remain silent. They were all instructed to say how great the chamber was and not discuss the contract. We were not there for that we were there to discuss a good contract for the community not just the chamber. We also learned much more from the whistle blower and that is David tigges drafted the contract. You all should be ashamed of what you did. I really thought you old guys like me would have acted differently. I guess that saying is correct "no fool like an old fool".

You all did not show true guts to fight for an audit when you new damn well we needed to do this and were provided all info why. You all allowed escape but just temporarily. We lost this one battle but not the war to come. When you see what's coming you will perhaps then realize you should have followed the great Ronald Reagan "trust must be verified" and I am afraid will be humiliated and publicly disgraced to this entire community. For the life of me I just don't understand why you would not force an audit, so foia laws, DMAI accounting and 1 yrs not 5 yrs. The big concern I have for all of you is you have trusted Steve riley, Gregg Alford and brien Hulbert all buddies of Bill miles and david tigges. You all have deceived here as well. The sad thing is you all are part time as is mayor bennett and the town employees run the show and you all are powerless and just do as you are told and instructed by them.

I also think you all will be held liable when this all ends up in the courts and the audit is forced.

We now have a x board chamber member who has turned whistle blower. You will all be shocked what's going to happen next. Kim send this to your friend Charlie Clark spokesperson at chamber. Did she write your prepared speech for you? John so you came to your brilliant decision night before? Why do you think so many people came to speak? Do you feel you dishonored all of us and made a fool of yourself? Do you and Kim likins feel you are fit to keep serving? What made you think all is ok and controlled by the board?

Happy thanksgiving and perhaps you all will reflect on all this as you spend time with your families and think what kind of world you wish for them, and did you act in good faith in a way you and your family would be proud of. You each have to look in mirror and live with yourselves not me. Thx

 Subject: David tigges ???

Explain the praise David Tigges got for doing all Chamber of Commerce work pro bono. I guess that's supposed to make up for the \$45K contract his firm got when he sat on the board of the now-defunct Lowcountry Economic Alliance.

Much more to learn about lawyer Bobby Stepp hired by David Tigges to pretend he is not behind all this ???and who is paying this lawyer Stepp??, who hired him ??? and how much is Stepp charging to defend the Hhi chamber foia lawsuit against me I have to pay out of my pocket ? And where does this money come from Tax payers, members ? Profits from advertising sales ? How about an investigation of David tigges and all fees he received going back 10 yrs on all boards he sits on in sc now or sat on in the past ? Are we to assume all is good here without proof ! David tigges was past chamber board member and needs to be questioned in that capacity, not as a lawyer but leader of the Hhi chamber, supposed to manage Bill miles, and held

accountable when this all is finally seen and understood if wrong doing and abuse is discovered

Again not one chamber speech at the public hearing was about audit or fola last night, all about how great the chamber is. Xchamber whistle blower has come forward to tell all. David tigges is in for a huge awakening soon, in fact he is a liar

My inside whistle blower source tells me David tigges instructed everyone on the board to say how great the chamber is not talk about the contract and to not talk to anyone outside this board. How great the chamber is was not the purpose last night, it was about proper terms for a contract. I am sure all chamber board members are good people and I do agree we need a great local chamber and a DMO, but both need to be run properly. With the corrupted approval of this contract what we now end up with just means more corruption ahead if not stopped. The abuse and violations approved by 4 incompetent or corrupted town council members that did not hear a word Mayor bennett said or other experts was pitiful. In fact Kim likins lied and John Mcaan as well when he said he had already made up his mind up last night totally abusing and disrespecting public opinions. They are not fit for public office. Older gentlemen who spoke was correct when he said Bill Harkin's and Steve Riley don't know enough about marketing nor the lawyers to even draft this Agreement; which we all know now was drafted by the chamber. One of the board members slipped and said the chamber board worked hard drafting the agreement. So we now know who was lying?

I submitted a lawyer and CPA opinion and it was again ignored by the 4 incompetent / corrupted lying town council members who are not fit to serve office nor fit for a low level job in my company. Both opinions attached!

Where's this money and all past lawyers payments to David tigges and others going back 15 yrs with this chamber. No audit just means more escape.

What I wish is David tigges would file a lawsuit against me so we can start depositions and discovery tomorrow! One way or the other my fola lawsuit or law enforcement we will one day get these records and I am 100% convinced a Palm beach type result will happen. Thx

 Subject: Re: Moving forward with funding and 3 local chambers

Rick, I wanted you and everyone to see what I thought was a shocking response from a past elected official. Delete this, sorry I even sent it, not worth our time. We will have much more important issues moving forward. Trust me it will be right up your alley!

Now moving forward with our concerns on both Bluffton and Beaufort, who also hand the Hilton head Bluffton chamber money. I look forward to what will be required and happen in both these cities now. As you know, myself and other experts can help guide this. HHI chamber and corruption won last night, but much more on this later to expose all. We don't mind losing a battle as long as we win the war on what's right.

We will move forward educating on all the abuse and violations we suffer in Beaufort county and waste to our taxpayer's money, which like you is my focus as well. My personal focus is chambers and Dmos, and get all this cleaned up so others in our state and country, can use the result of our local laboratory test.

Beaufortwatchdog.org and the Boot Club non-partisan organization will deal with all the rest like Jeff Moss etc. Many others involved in this grass roots non-partisan movement that was created and funded to put the power back into the citizens hands, who have felt powerless to fight corruption like we witnessed last night. David Bennet himself perhaps had a religious experience on what he has been dealing with and the disrespect he was shown after a very moving and heartfelt speech. I have respect for him in some ways but not all. Our difference is I am not trying, nor want to be nice to people who are abusing and hurting others, and want to expose them much more sternly and harshly than Mayor bennett is willing to do. Mayor bennett failed

all of us, Patrick Henry Ronald Reagan who said trust must be verified!

Fact is simple, every chamber or DMO in Beaufort county must submit to a foia and when asked to submit to an audit do so. Also follow strict accounting procedures, as you know. Our community's did not get this the other night from elected officials who were either corrupted, never read a thing the experts sent them or just plain incompetent, one of the 3 or all 3.

Fact is these 4 council members, violated the public trust and fiduciary responsibility to us all last night, must be voted out of office and replaced with good people like you, willing to stand up to what's right. Several town council members even lied to us. They must get the boot - they are Kim Likins, Bill Harkins, Tom Lennox and John Mcann. David Bennet, Marc Grant and Lee Edwards respected the process and taxpayers with an open mind, however failed us with contract provisions, audit and have allowed the town manager and lawyers to control them like puppets. This truth hurts I am sure! Our system of local government with no power for a mayor or council all controlled by town employees that can't even be fired is not working well!

This fight will continue to clean up the HHI Bluffton chamber on many fronts. My lawsuit to force SC foia compliance by all chambers in SC, win IRS violations tax case against this chamber, stop unfair competitive practices and damages to local media, stop its dictatorial practices and control by one dictator, and few cronies robbing us all, and allowing no rights for members to speak up, nor run for elections to serve on chamber board, no annual meetings.

We have educated everyone on how a chamber should be run ,and that perfect example is the Greater Bluffton chamber ,operated as a business-to-business member organization. Also how a DMO should be run separately which we have furnished by experts not Steve Riley or Gary kubic and clueless lawyers .Certainly Bluffton and Beaufort will not sign a 5-year deal with HHI Chamber trying to eliminate any competitive bids from the Greater Bluffton chamber or others to become a separate DMO ? Certainly we will not allow town managers snd lawyers in these cities take us down the same corrupted road ?

What we witnessed the other night with the approval of the Hhi contract will be challenged and was nothing less than massive corruption , a sham with lies, deceit and disrespect to many. If Beaufort and Bluffton lawyers was sitting on sidelines to follow Hhi my suggestion is don't do it ?

What we need is 3 totally separate chambers and not an abusive commingled HHI Bluffton chamber hybrid ,that is plan and simply robbing us all . It's using , abusing , deceiving many respected business leaders and part time board members as puppets that simply don't understand how they are being manipulated by Bill miles and david tigges . This is not an easy thing to understand for many and has taken me 30 yrs to grasp all of this ..

This chamber is getting money from many sources with no audit or accountability to anyone . "Trust must be verified " Ronald Reagan was no fool !

What we need are 3 official chambers each respecting each other's territory. All run like Greater Bluffton chamber. There is never two main chambers in a city only one . Black or Latino chamber different . Lisa sulka has to make a decision soon and herself has been either deceived and tricked , just incompetent or corrupted . She must stop her false happy rhetoric that 2 chambers are ok and can coexist !

- 1 Greater Bluffton chamber
- 2 Hilton Head Island chamber
- 3 Beaufort chamber
- 4 Hardeville chamber
- 5 Ridgeland chamber

Bill Miles and his dictator run chamber must be contained and booted from Bluffton . Once he is, this will end part of the abuse with lots more to do. I have asked to have a lunch meeting with local politicians to fully educate on where we are to get change.

We need separate Dmos for each city open to bids and even run as a city division like 20% in the country operate would be best. HHI

Town council failed us all the other night. Bluffton and Beaufort can fix it.

Here is the real crazy fact, if we had no HHI chamber / DMO ,we would still get 2.0 to 2.5 m tourism, as their overhead and waste with 25 employees 400k salaries in the millions leaves little to promote or move the needle. The fact is residents, their guest / families, repeat visitors, word of mouth, marketing efforts of hotels, resorts and rental companies, our beaches and amenities generate the 2 m tourist year after year not this chamber or DMO ?

In fact, the way it should be done is have a totally separate DMO division of the town run by 2-3 marketing experts , marketing HHI , and with internet and technology, has become much easier. We could also bid out the DMO function like of state agency SCPRT did ,with their 57 m state tax funds to market SC ,to the local ad agency BFG ad agency owned by my neighbor in Windmil Harbour on Hilton head .

The Hilton Head Bluffton Chamber must become just the Hilton Head Island chamber operated like the Greater Bluffton chamber. When this happens Bill Miles' 400k salary and Millions in overhead with 25 employees will end. There is nothing complicated about operating properly and under national chamber and DMO standards. HHI Bluffton chamber plain and simple is not doing this and it is extreme abuse, massive deception and operating like a for profit media not a true chamber like Greater Bluffton Chamber. Ask anyone who runs a chamber and a separate DMO / cvb function Shellie Hodges who runs Bluffton chamber , Palm Beach cvb, Palm Beach chamber, Charleston

chamber, Stillwater Oklahoma cvb, Charleston cvb. Ask any expert if you elect to not believe me.

Hilton Head chamber should have 5 -7 employees max ex dir. salaried at 75 to 100 k max. Our entire SC hospitality association is run with 5 employees !

DMO /cvb separate like Charleston, 5 employees and Ex dir salaried at 75 to 100k Max. or run by the city with 3 employees .

Again, the great options are city function to control all costs, bid out to local ad agencies, like our state did, or set up a separate local cvb / DMO with separate board governance. You must all understand a chamber is purely local, nothing to do with promoting the destination. Chamber should not be in any business whatsoever nor should a DMO with tax monies.

Chamber mission, purpose, charter and intent under proper bylaws is to be purely a local business league owned and operated by its members ,to help its members prosper in the community - that's it ,no advertising sales, no favoring some business over others, board elected from membership with term limits, annual meetings. Chamber can operate business after hours, work shops, business expo, etc.

Tax codes state chambers should not be in any business whatsoever normally carried on by for profit companies and certainly should not compete with members they allowed to join and took their 400 membership dues . Again

A 501-c6 IRS non-profit should not be in any business whatsoever that is normally carried on by for-profits or members. A DMO has one function and one function only to take local tax monies and promote the destination wisely and responsibly under a proper overhead so maximum amount of money goes for the purpose intended to promote the destination. Chamber monies and DMO monies are not intended to be used to launch local apps, websites and other types of for-profit media products to fund 400 k salaries and 25 employees !

Furthermore, all local products and services needed like printing etc. by a chamber and DMO should be bid out or minimum use local companies not take our money to Canada and worse refuse SC foia laws to tax payers, Island Packet and our Mayors. Voluntarily submit to an audit to confirm to city councils and tax payers all is good, transparent and not all done in secrecy with abuse, violations and corruption.

Bill Miles and the HHI chamber are abusing us plain and simple. All we heard the other night from chamber supporters is how good they are and how bad we need them. Not saying these are not all good people and we do need a chamber and DMO ,but we just need it run correctly. Most board member are great people they are just not paying attention, busy with their families and their own business and have just assumed Bill Miles is doing it all right ,and how could it not be, being our local chamber. They all have been tricked , deceived and fooled according to an X chamber board member whistle blower . Chambers have become so ingrained into a community ,people just assume all is ok and serve on the board as a community service. Fact is, more and more people like myself are questioning all this and like Palm Beach resulted in a prison sentence for embezzlement. Highly educated

professionals spoke the other night and gave solid reasons, as I did, on why the contract was flawed and at minimum sign a 1 yr. contract and add proper provisions and were beaten by corruption, incompetence and other great smart people who have simply been misguided and lied to on what's going on. Again, all the part time chamber board and town council just are not willing to be educated or accept the reality on how a chamber and DMO functions. They all just kept saying let's end this go forward with status quo. No one wants to deal with corruption nor do a real audit and discover we have a possible Palm Beach on our hands. If fact we have on record someone who I don't want to expose who said when asked why don't we audit, answer was scared of what we might find !

The only way we will ever fully prove all is with the following two attachments from a lawyer and a CPA I hired to help us. Read attachments that our 4 incompetent town council members ignored.

What we have and got voted on to allow for next 5-10 yrs. was massive insanity, corruption, incompetence and abuse to our HHI community. We all now must step back and look at this deeply and not make the same mistake in Bluffton and Beaufort. Good news is we have experts to help guide us all moving forward. If everyone wants to look the other way and let Bill Miles and others like this lead them down a path of abuse and waste, so be it and it just cause more problems .

Please be assured we have many more questions and answers needed from Bill Miles, Steve Riley town manager and town

lawyers Brian Hulbert and Gregg Alford that are not being answered under SC foia. We saw a town council member John McCann say he made his mind up last night in total disregard and respect to public opinion and we saw Kim Likins who runs the local Boys and Girls club lie when she spoke and said I have been listening to all and taking notes and then reads her drafted prepared speech from days or weeks before, that could have been drafted by the chamber for all we know for her to read. Whistleblower says she is best friends with Charlie Clark spokesperson at Hhi chamber.

I am trying to think of words for for many that Mayor Bennett will not think disrespectful for my speeches and equals the disrespect and abuse they showed many good people. What I will say is they should be and will be publicly disgraced by my next public speech. I will do all I can to make sure they are booted from office for what they did. I hope where they work and employed are not run by people like me. If they are and worked at my company they would be fired plain and simple. I will show them no mercy for their actions. When you abuse and disrespect others, you deserve the same back. The good news is they all have to look in the mirror and try and pretend they are proud of themselves and live with themselves.

When you leave this earth you only leave with the good and righteous you left behind. If everyone wants facts and truth, I have offered that and offered to even hire the experts to provide this. If you want happy horse manure like we witnessed the other night, status quo, happy deception, back slapping and stabbing, and rather be part of the local incestuous good ole boy club, be popular with everyone, sit on the fence, just gain your own personal interest with self serving, self dealing actions, or just want to get re-elected, I am not perhaps your favorite person to talk to.

 Subject: Re: Appearance by Citizens at Town Council Meetings

I will speak at all meetings listed below !!! I will direct my speeches to mainly Kim likins
 of the Boys and girls club and Bill Harkins who refuse to accept facts our chamber must
 be audited . They refuse to talk or take calls on this and openly support the crook Bill
 miles who has abused this island long enough . I realize I am the only one who is not
 scared to speak up on facts and happy that am am able to do so in behave of what's
 right and our entire community . To date not one person has been able to debate me on
 facts . Kim likins should be ashamed of herself as should others that refuse to do a Palm
 beach style audit on this chamber to see once and for all if the audit will have same
 result as Palm beach where the Bill miles and Susan thomas type went to prison for 15
 yrs for embezzlement ! Who is right and who do you trust more Bill miles or Skip
 Hoagland ? An independent forensic audit will prove all . Those who do not support an
 audit going back to prove violations , are as guilty as those who have committed any
 crimes by trying to allow and endorse escape from justice . Thx

Local app 340k attempted robbery town gives 100k this is and was a misappropriation
 and misuse of funds that also hurts local media and has nothing to do with a Cvb /dmo
 function . Just the tip of the iceberg on abuse , crimes , violations , unfair competition to
 local tax paying companies , and abuse to local tax payers and chamber members !

My long war with the Hilton Head Island-Bluffton Chamber and Hilton Head Island Town Council is not over.

It's just beginning.

On November 17, the Hilton Head Island Town Council voted -- after hearing from an unprecedented turnout of thoughtful and well-informed protesters -- to approve a five-year contract with the Hilton Head Island-Bluffton Chamber of Commerce to serve as the town's designated marketing organization (DMO) and promote local tourism.

The flawed, weak contract -- which clearly favors the interests of the Chamber over the public interests of transparency and accountability -- is an insult to anyone who even remotely understands the issues involved.

The four Town Council members who voted for the contract -- Bill Harkins, John McCann, Tom Lennex and Kim Likins -- in my opinion betrayed the many outspoken opponents of the contract.

They also demonstrated quite clearly to me that they are beholden to Bill Miles and other Chamber power brokers who controlled the secret contract negotiation process and drafted a document that favors the Chamber in virtually every respect.

For example, the new contract does not require the Chamber to comply with the South Carolina Freedom of Information Act (FOIA). It does not require a forensic audit to determine that every penny of the \$1.8 million in public funding given to the Chamber this year has been spent efficiently and within the law. And it contains a vague and complex cancellation clause that makes it almost impossible to terminate without years of legal wrangling.

Before the vote, Councilmen Lennex, Harkins and McCann -- the three members of the Town Council's Finance & Administrative Committee that I believed conspired with Bill Miles and others to abandon the public interest and let the Chamber off the hook -- assured me personally they would listen with open minds to the public objections at the November 17 meeting and act accordingly.

Those assurances to me turned out to be lies.

Despite the many criticisms of the contract from respected members of the business community and general public, they turned a deaf ear to the public and voted for the contract.

Kim Likins, known by me to be a close friend of the Chamber public relations manager lied when she said she had listened to all the comments. Not one Board member supported a FOIA compliance provision in the contract or an audit as two important ways to build public trust. Instead, like mindless robots they praised Bill Miles and the Chamber. Three members of the Town Council -- Mayor David Bennett, Lee Edwards and Marc Grant -- had the courage and good sense to vote against the contract. But even they failed to demand that the Chamber comply with FOIA or submit to an audit.

Such gross failures and dereliction of duty -- in the entire Town Council, including Mayor Bennett -- are an insult to my intelligence and the integrity of anyone who cares about this issue.

So now it's time to fight on -- and elevate the cause to a new level.

I am calling on Chamber members and local businesses who do care about this issue to rise up in revolt and make their voices heard.

After all, why would Chamber members continue to support an organization that changed its bylaws to strip them of their rights and the ability to vote for a real and responsible Board, as opposed to the hand-selected "buddy board" Bill Miles and others have installed?

And why would local businesses continue to support an organization that competes directly with them every day by selling advertising that depletes local media budgets while the Chamber is being rewarded with tax-free accommodations taxes? Mayor Bennett has claimed to me he cares about the interests of local media companies that are finding it increasingly hard to survive the unfair competition. But during the meeting, he never said a word about those concerns. In short, the Town Council sold out to the Chamber. Period. And they must -- and will -- be held accountable.

The Chamber must be confronted and reformed. Now.

At the same time, there must be significant change at the Chamber.

Its basic structure must be addressed in a way that transforms it into a truly democratic and fully transparent organization that shows genuine respect for the law, the public interest, local businesses and taxpayers.

Winning that battle is now the focus of my efforts.

When that day finally comes, we the people -- and all Chamber members and local businesses -- will have won a major victory.

And I will not rest until that day comes.

I hope you will join me.

Please call me at (843) 384-7260 or e-mail me at skiphourland@yahoo.com so we can join forces in this important battle.

Together, we can win. And we will win.

Skip Hoagland asked me to forward this to you.. he is cced on this email.

Kim Likins and her husband were scammed out of 100k, info attached. Please note her comment on what happen? Please note she refused to audit Bill Miles, she violated her duties to public comment and process, violated her fiduciary responsibility to tax payers and those who voted for her and she lied to protect Bill Miles and has now been proven she had a conflict of interest with her friend Charlie Clark, who works for the chamber. She is not fit to serve public office or our Boys and Girls. No one can deny what I say in good conscience.
Thanks

CHARLESTON, S.C. — A former economist pleaded guilty Friday for his role in swindling investors out of an estimated \$90 million, which authorities said he used to purchase a half-dozen homes, swanky cars and jewel-encrusted pens.

Al Parish, 50, admitted to two counts of fraud and lying to investigators. He faces up to 45 years in prison.

Parish was known for his flashy clothes and a Web site that depicted him in a superhero costume, a large "E" for "Economan" emblazoned on his chest. But prosecutors say he defrauded about 500 people, and while the exact amount of losses was still being calculated, investors reported losing a total of \$90 million.

1511

Ex. A

One needs to perform due diligence. Trust but verify.

Sure he seemed like a really nice guy. Perhaps he was a friend with her friends. Perhaps their children grew up with his children. Perhaps they have been to each other's homes. Perhaps her family knew him for years but all failed to see the signs that were right before their eyes.

His lavish lifestyle, including a \$1.2 million "pen collection", multiple homes, a fleet of extravagant automobiles and "uber flamboyant" clothes. Is that the type of person you want to trust your finances to?

1513

Mr. Parish, in his Ponzi scheme, was yielding as much as a 30% return for "early-money-in" investors. But again, if it sounds too good to be true, did it ever occur to her that maybe it was not true?

Ex. A

Can a person who disregards the need for due diligence, even in the face of such telling warning signs and facts of wasteful spending when investing her own money, be trusted to make sound decisions about taxpayers' money?

 Subject: Kim likins and David bennett video March 1 , I repeat Kim likins lied again

David and Kim that was a very good planned performance on yesterdays meeting video . Sorry I missed it and did not get a chance to rebuttal , I will next meeting . I think it was very wrong for a council member to even be allowed to do this on town time. This is private sector. Frivolous lawsuit. I think Kim was being very head and denied again and I am disappointed in your lawyer. Elaine Glavin who is the number speaks person. Perhaps you and your wrongly represented lawyer.

to be proven need to watch your video from Nov 17th again. Kim you now lie again on video and dig the hole deeper. Again what you and David Bennett did was wrong and why did Bennett feel compelled to mention the chamber hall? You can tell this was all pre-planned by you and David Bennett and assume other council members or town employees and Gregg Alford the lawyer. Certainly this would have never happen with out lawyers approval. As we all know the town employees run the show.

I repeat, you are not fit for council nor your job and you are not the only victim. I do not based on this feel Gregg Alford is fit to be a lawyer as well and have huge concerns on his 14 yrs and 3.5 to 4m in fees over 300k per year and no bidding or opportunity for other law firms. Also have concerns on how many other lawyers have been hired and paid for last 10-25 yrs since Steve Riley has been in firm control ????

Kim others were hurt from what you did. You are a victim of yourself not me! I am just the messenger of facts. Do you actually think we are idiots and you wrote that speech while taking notes on Nov 17th. Trust me you will not win any lawsuit against me and certainly not collect 150k to go in your

"lying" pocket to profit you and your town lawyer paid by me and other tax payers. I really think this is corruption and incompetence at its highest level even to attempt this. Plus added all planned to silence and harm me and intimidate others from speaking up. This defamation lawsuit is nothing more than another form of violating my rights and others to free speech and has harmed me. Kim how were you harmed by me for simply stating what you did as a public figure? Do you really believe we need liars on our town council? I do not lie nor need to lie for anyone. I state facts and if I don't have facts I find them before I speak.

I look forward to our depositions and who your new lawyer will be that you need to pay for, not tax payers. In fact I might refuse to even cooperate in any form or fashion with Gregg Alford who has already received 15k of tax payers Money and in fact trying to get more by suing and abusing me and other tax payers who say what you don't want to hear and the truth! This is criminal perhaps Gregg Alford needs to be sued for this and his participation in the corrupted chamber contract with his buddies Bill miles and David figges ?????

I refuse to accept or recognize him as valid legal council as a Florida citizen and part time resident of SC.

I also repeat John meaan, Bill Harkins, Tom Lennox are liars as well. Gregg why don't you file a lawsuit against me on this ???? Mayor Bennet violated the 1st amendment free speech rights and Marc and Lee let us down for not fighting harder to clean up the chamber contract and at minimum demand an independent audit for this chamber before handing it one more penny! Even a highly repeated SC judge agrees with me. When is everyone going to accept the reality Bill miles is a crook and thief of public monies along with others! Proven with much more with a forensic audit, not an audit hired by a crook.

Further the town did not seek local bids, allowed Steve Riley and lawyers to corrupt the town code with absurd codes to make the Hhj chamber DMO forever and then try and say only incorporated Hhj town residents can make public speeches. Now a resolution to file suit against tax payers

funded by tax payers to fund town lawyers and everyone pocket the money except the tax payers, just another evil act to violate 1st amendment rights to free speech. It's all Massive insanity!!!

All this for what because no one is willing to step up and ask or force Bill miles to do a forensic audit and prove who is wrong or right Skip Hoagland or Bill miles? This is the entire root problem refusal of transparency and accountability? Bill miles must be the greatest salesman in SC!

Can't wait for depositions, more discovery and demanding town attorney Alford to recuse him self or be terminated by a judge off this case and all cases suing citizens with tax payers money. Or sued himself for attempting this. Gregg Alford needs to be fired as does Steve Riley, Brian Hulbert and Greg Deloach. Yes and Bill miles and all lying council members.

Has this council, town employees lost its minds and rather fight for corruption and wrong doing than do what's right regardless of any laws. Doing what's right is more importance than trying to hide behind a crazy corrupted law or protecting Bill miles.

I look forward to a response on what action Boys and Girls club will be take and certainly willing to meet with all of you for more info on this case and lawsuits that will be filed .Depos , discovery etc . Kim Likins will be deposed and she will become part of full Page ads and I am sure covered by the press for her proven lie , deception and conflict.

I have Cced David Bennet as he is fully aware not just Kim likins , but others lied and deceived us and lied to us in many ways all documented , along with info provided by whistle blowers we have no reason to doubt . We have several council members and town employees that need to be terminated and sure will once this litigation and info is fully revealed . Our chamber is so corrupt I stake my 40 yr career once a 5 yr forensic audit is conducted , prison for some will be the result . This chamber will be totally rebuke from ground floor up like in palm beach fl where the Cvb / chamber controller went to prison for 10yrs for embezzlement. Not one time has a true independent

audit been done on a chamber DMO where wrongdoing was not found . Are we all to believe Bill miles is honest , basically telling our Mayor and others to go to Hell he will not agree to a audit ???? Do we really have this much incompetence and corruption in our local government ?

Our recent contract negotiations with the chamber was hugely corrupted and should not be signed . If signed it will be proven why it must be terminated due to corruption This litigation I hope will send a loud clear message to those who we trust that violate us . I am proud and happy that I can not only afford to stand up ,but willing to stand up for a cause that's important for all of us after 40 yrs of abuse to 60 million in tax payers monies .

As I explained to all of you I have huge respect and see great needs for the Boys and Girls club and only reason I did not join or donate lately was because of Kim Likins and honestly never approached in the past . She was so corrupted by others . she was the only town council member that refused to call me to discuss this chamber issue . I reached out to Stan Smith to ask her to call me and she refused . As I explained to you and reason I contacted you was

I did not want the good name and importance of Boys and Girls club tainted by an employees bad actions . We have an ethics commission and state laws on code of conduct . We have many in violation of this in Beaufort county like Kim Likins , Lisa sulka and few others . Jeff moss included and to date has escaped . My case will be different with Bill

Miles and this chamber , as I just want talk and send emails , but actually file a lawsuit . This is why so many Escape justice , as others are to scared to fight , have no financial means , or not willing to take the time and spend the money . It takes money and action to fight corruption not just words , press and emails , that eventually result in slowly just going away as people wear out and give up .
Thx

Kim likins lied and because of her connection to the chamber should have recused herself from voting . This would have made a 3-3 vote. However we also have proof both Lennox and Meann lied as well. Steve to begin Brian Hulbert your lawyer claims you know nothing about the 4 m proposed welcome center on town property and now know nothing about secret meetings with Susan Thomas and Bill miles discussing signs on town property and the 340k app attempt , cost of signs etc . How could Susan thomas Cced on this email propose this without talking to you ? For me you are not telling the truth and will do anything to escape and avoid answering directly . Susan who did you talk to ? Susan moving to California does not mean you can't be brought back to SC or answer questions . As this moves forward David tiggles can only do so much to protect and keep others silent . Steve same for you , the lawyers can only help you so much . God only knows what else you have done over the last 20yrs we don't know about . When you and others realized I was going to attack on these two issues everything stopped and disappeared interesting ????? No records no

emails !

Steve, my foia info received was incomplete , where is the supreme court case saying chambers or Dmos or chamber/ DMO comingled hybrid can receive tax monies but not comply with SC foia laws that David Tigges quoted? Was this a lie or is it true? To add !

Did Jay Weindl lie about 1600 members? I say yes or he was deceived by Bill miles we need proof of this !

Did Kim Perkins lie when she said took notes and listened to everyone then proceeded to read a speech that could have been written by her good friend Charlie Clark chamber spokesperson? I say yes! Is she fit to run and girls and boys club?

Did John McCann when he said he made up his mind last night and 3 other council members as well , did not respect the public hearing and draft contract process? I say yes !

Who drafted this contract the chamber / council or Steve Riley we now know from a whistle blower and Carolyn Vanagel confirmed statement , quote the Chamber worked hard to draft this contract and we now know it was David tigges in control ! Steve Riley do you wish to deny this ?

We have also been told all board members were instructed by David Tigges / Bill Miles to remain silent to press or anyone else and to not talk about contract or my fight and only state how good the chamber is and nothing else. Do you wish to deny this ?

Jay Weindl, new "appointed" chairman, nor duly elected lied when he said 1600 members all have rights and can run for elections and make change with 10% of membership , 10% of what real number? We have proof chamber membership numbers have been falsified ? Do you wish to deny this or want to challenge this ?

Seems all members have rights to the database list of all members and contacts ? Jay will you send that list and contact for each member phone numbers including to a chamber member ? Jay will you force Bill miles as his new boss to open the books to all members ? Jay what rights do members have ? Jay did you know bylaws were changed from original form when members had rights ? Jay will you tell Bill they must be changed back to allow members rights ? Jay where were annual meetings held last 5 yrs ? Do you have all

Minutes for this . I assume in any lawsuit by a member or members all this will be made available in discovery ? You and

David Tigges both said there was annual meetings for members to speak ? Again Where are these meetings held, minutes Etc ?????

The entire board I am sure are good people, bottom line they have all been deceived and used / abused including you Jay , by the 3 people who totally control this chamber David Tigges, Bill Miles and Ray Deal. Jay as chairman and Bill miles employees let's be honest who is in charge you , Bill or David tigges ?

Jay you seem to be a nice guy and have nothing against you . The only actions I don't like from you is kicking out people from your hotel that run a local media company I started many years ago . He did nothing to you . This has also happen by several hotels who told me when I called don't ever call this hotel again . These attacks have no reason or basis . We have been told, by ex chamber whistle blower that you and other board member are silenced by giving help and business over others in their industry. They receive no access to inner circle no access to all accounting, all appointed

strategically to surround Bill Miles to make it all look legitimate to allow its abuse, corruption and violations undetected by anyone including board members that just assume all is ok. All local media leaders have been eliminated from appointed board by Bill miles to prevent any challenge to his unfair competitive practices and growing local media empire with 1.7 million and growing ad sales revenue . We now know anyone can buy ads not just chamber members like a for profit media . We were told any board members that question the dictatorship are silenced or removed. There are no real term limits or rotation of power on board to allow all members to run for fair elections. The real power has remained in control for over 20 yrs . Paul Bethea , David tiggles McNair and past old Bethea law firm.

You have a power structure out of control, including letting the employees run all not the members / stake holders who are in essence the owners, not Bill Miles. The old Bethea law firm now McNair law firm have been running this chamber for years and always someone on board from this firm . Insurance, banking, lawyers, hotels etc. etc. all get favoritism over others and we now have proof from whistle blowers who have stepped forward. We now have big insurance companies say they dropped membership as it was a waste of time trying to bid against John vann your past buddy board member with BB&T insurance .

They said just look at the chamber website and app to see who gets promoted over others . Those who pay the most get front seat . Jay this is not the way or purpose of a properly run chamber and DMO operating as a non profit and using tax monies . What do you not understand about this ? How long do you think this board and you can keep defending this ?

We lost a small battle to corruption but the war to clean up this chamber abuse will be won soon as we have all we need to prove our case and will turn over all to press , law enforcement , mayor and others next week.

Happy Thanksgiving to everyone. Be assured as we give thanks for all our bounty, this Chamber will go back to being a simple chamber under US Chamber and ACCE national associations guidelines and our DMO will operate under DMAI national association guidelines and accounting protocol soon. All the waste, abuse, corruption, deception, tax violations, foia non compliance, dictatorship and harm to tax payers, board members and members will end. I will be thanked for all this, and not painted as the enemy to this chamber board representing facts and truth. This chamber board is run by good people and leaders on the island, but many others leaders in good standing for 40 yrs do not like where we are. You heard many speak up at our corrupted contract public opinion meeting . Current board members need to pay attention and accept the facts and speak up to clean it up and join those who are and will. This current Chamber structure will never survive what's coming and the good people of this board need to act soon as to not be humiliated for being deceived, tricked and fooled.

We have much more on Bill miles to deal with like 4 million past welcome center , local app with Steve riley . trips to China with his family also turned over my whistle blower who said he robbed us . trips to England , monies to Canada , comingled bank accounts , travel / hotels / meals etc . free golf memberships , corporate entrainment on and off golf course , bills sons golf whistleblower

claims is part of corporate entertainment and much more

Oh and Steve Riley one last thing all town codes, RFPs, fair bidding and who added the Hilton head chamber to down code to eliminate fair bids and competition. Lee Edwards remember you once were for this? Lee if chamber was in landscape business selling plants and you were a member what would you do? Accept it and say nothing ?????? Thx

TV and Hollywood has had some bad actors.

The Hilton Head Island Town Council has four.

**Council members Likins, McCann, Lennox and Harkins
have betrayed the Town and taxpayers by selling out
to Bill Miles and the Hilton Head Island-Bluffton Chamber.**

The recent actions by four of the seven members of the Hilton Head Island Town Council in defending and protecting the Hilton Head Island-Bluffton Chamber of Commerce from proper scrutiny and accountability should be offensive to everyone in Beaufort County who supports transparency.

Over the past 18 months, Council members Kim Likins, John McCann, Tom Lennox and Bill Harkins have shown, over and over again, that they put the best interests of Bill Miles and the Hilton Head Island-Bluffton Chamber of Commerce above the best interests of the Town.

They continue to give almost \$2 million per year in accommodations taxes to the Chamber to function as the Town's designated marketing organization (DMO) to promote local tourism, even though Bill Miles refuses to disclose, in detail, exactly how all that money is spent.

In short, THE FOUR that dominate our current Town Council in voting are anything but public servants who stand up for the public interest. They are cohorts of Bill Miles and the Chamber, who have repeatedly proven themselves unfit for office, in my opinion. And they must be removed from their positions come election time.

They approved a corrupted Chamber contract that is not worth the paper it is written on. In fact, it appears that the contract development process was controlled by Bill Miles and his attorney David Tigges. Town Manager Steve Riley then cooperated with the Chamber and Likins, McCann, Lennox and Harkins to get the contract approved, despite the public outcry against it last November. In fact we have a chamber board member on record and on video who said the chamber worked hard on this contract.

They misrepresented the facts when they said they inspected the Chamber's books. Three of THE FOUR said the Chamber's books had been inspected by one or more members of the council. But they have refused to reveal who inspected what records. They simply pronounced the Chamber above suspicion, without any formal justification for that finding. (See recorded video of Town meeting Nov. 17, 2015 on Town website.)

They approved the use of taxpayer money to pay lawyers to file a private lawsuit against me. After I challenged Kim Likins, whom I think is unfit to work her day job with boys and girls, on her actions and called her employer to inform them of her actions as a public official, she schemed with other council members and town lawyers to pass an outrageous resolution to file lawsuits against citizens that make public speeches they don't like. They then proceeded to file a frivolous defamation lawsuit against me in an effort to silence me. Then the Town Council voted to have taxpayers pay her legal bills. So far, the Town has paid over \$40,000 in legal fees, while my defense has cost only \$5,000. That shows just how incompetent and abusive Ms. Likins and the rest of THE FOUR are. Taxpayers should be outraged by such waste, not to mention their intimidating attempt to silence citizens.

They refused to support an audit of the Chamber. In February, I won a landmark Freedom of Information Act (FOIA) lawsuit against Bill Miles and the Chamber. The judge declared them a "public body" since they are funded with public money, and said I have the right to inspect their books. But Bill Miles still refuses to allow me or anyone else to see all his books. And he does so with the full support of THE FOUR. The so-called "independent audits" the Chamber submits to the Town each year that are posted on the Chamber website are nothing more than a recapitulation of financial statements, in my opinion. They are not even remotely related to a genuine forensic audit of the type that invariably gets DMOs into trouble.

Now, the abusive incompetence of THE FOUR will force the Town to pay unnecessary legal fees to defend against my new lawsuit. In signing the first-ever contract with the Chamber to serve as its DMO and promote local tourism last November, the Town violated its procurement code by not putting the function out for competitive bid. THE FOUR, despite the commendable efforts of Mayor David Bennett to correct the mistake, stood by Bill Miles and the Chamber -- again. Now I will sue the Town. And the Town will waste even more taxpayer money fighting me, because I will win.

As a citizen and voter, you should be ashamed of THE FOUR. And you should help me hold them accountable.

If the issues involved with the Chamber were not so important, the actions -- or lack of action -- of Council members Likins, McCann, Lennox and Harkins would be laughable.

But there's nothing funny about giving away \$2 million in public funds with no questions asked and no real oversight in place.

So THE FOUR are not a laughing matter. They are a disgrace.

Hang in there.

Kim,

You have a world of support behind you. Have faith.

This guy is toxic and creates new meaning to the word obnoxious. He lays waste to civility and while he has his rights, needs to be dealt with a firm hand, no ifs and buts.

The only good news in all this is that our community is totally rallying around you and more than ever appreciates who you are and the good work you do. The same goes to the others he is attacking.

God bless.

MAYOR BENNETT AND MEMBERS OF THE TOWN COUNCIL:

I REGRET ONCE AGAIN THAT OTHER COMMITMENTS PREVENTED ME FROM BEING AT THE MEETING TODAY.

BUT IN LIGHT OF RECENT DEVELOPMENTS, IT IS IMPORTANT THAT I GET CERTAIN FACTS ON THE RECORD.

NUMBER ONE, IT IS WELL-ESTABLISHED AT THIS POINT THAT FOUR OF YOU -- MS. LIKINS AND MR. MCCANN, HARKINS AND LENNOX -- PASSED A TOTALLY CORRUPTED CHAMBER DMO CONTRACT THAT WAS NOT EVEN DRAFTED BY THE TOWN, BUT WAS WRITTEN BY THE CHAMBER CEO AND CROOK BILL MILES. AND I AM HERE TO TELL YOU, AGAIN, THAT YOU WILL NOT GET AWAY WITH THAT.

Ex. A

WHEN THE TIME COMES, I WILL SEE TO IT YOU ARE BOOTED FROM OFFICE, BECAUSE ALL FOUR OF YOU ARE LIARS AND YOU ARE UNFIT TO SERVE.

FOR EXAMPLE, YOU LIED ABOUT INSPECTING THE CHAMBER'S BOOKS. YOU DID NO SUCH THING. AND YOU SHOULD BE ASHAMED OF YOURSELVES FOR LYING TO THE PUBLIC. BUT THAT'S EXACTLY WHAT YOU DID. AND YOU WILL NOT GET AWAY WITH IT.

YOU'VE ALSO REFUSED TO DO A PROPER INDEPENDENT AUDIT OF THE CHAMBER, EVEN THOUGH BILL MILES CONTINUES TO REFUSE TO DISCLOSE HOW HE SPENDS THE ALMOST \$2 MILLION A YEAR YOU GIVE HIM IN ACCOMMODATIONS TAXES.

AND I KNOW WHY YOU REFUSE TO DO THE AUDIT -- BECAUSE YOU'RE AFRAID OF WHAT YOU WILL FIND.

IF BILL MILES HAD NOTHING TO HIDE, HE WOULD OPEN HIS BOOKS. BUT HE ABSOLUTELY REFUSES TO DO THAT. AND BASED ON THAT, EVERYBODY IN THIS ROOM KNOWS HE HAS SOMETHING TO HIDE.

I AM ALSO OFFENDED BY THE FACT

YOU'VE APPROVED THE USE OF TAXPAYER

MONEY TO FILE A FRIVOLOUS LAWSUIT AGAINST ME ON BEHALF OF MS. LIKINS. AND I REPEAT, SHE IS A LIAR AND UNFIT FOR HER ROLE ON THE COUNCIL OR HER PRIVATE SECTOR JOB. AND SHE WILL NOT GET AWAY WITH HER LIES. I WILL BEAT HER IN COURT AND EXPOSE HER AS THE FRAUD SHE IS.

ALL OF THAT SAID, I AM ANNOUNCING TODAY THAT I AM PROCEEDING WITH MY PROCUREMENT CODE LAWSUIT AGAINST THE TOWN AND MY FIRST AMENDMENT LAWSUIT AGAINST YOU, MAYOR BENNETT.

YOU SHOULD BE ASHAMED OF YOURSELF, MAYOR BENNETT, FOR TRYING TO SILENCE ME, WHEN I AM THE ONE WHO HAS DISCOVERED AND MADE PUBLIC ALL OF THE IMPORTANT FACTS IN THE CHAMBER MATTER.

AND RATHER THAN ACT IN THE PUBLIC INTEREST AND SUPPORT MY EFFORTS, YOU HAVE CALLED ME A "BULLY" AND DONE EVERYTHING YOU CAN TO SILENCE ME.

BUT I CANNOT BE SILENCED.

AND I THINK IT'S UNFORTUNATE THAT YOU WILL NOW WASTE TAXPAYER MONEY DEFENDING TWO LAWSUITS THAT DID NOT HAVE TO BE BROUGHT.

ALL YOU WOULD HAVE NEEDED TODO TO PREVENT THEM IS SHOW SOME COURAGE AND CHARACTER AND FIGHT FOR WHAT'S RIGHT.

BUT THAT'S NOT WHAT YOU DID, MAYOR BENNETT.

YOU LET MS. LIKINS AND MR. MCCANN, HARKINS AND LENNOX -- PLUS THE INCOMPETENT STEVE RILEY AND BRIAN HULBERT -- PUT YOU IN THE POSITION YOU'RE IN.

AND YOU WILL ALL PAY FOR THAT.

I GUARANTEE IT.

THANK YOU.

While this is not me he does continue to harass and publicly accuse me. He has now started an online campaign w Bluffton today so I would keep an eye out on your case for any online messaging. I have copied terry finger on this and feel that we would be happy to help you where needed. Bluffton today is doing an article Wednesday on his accusations again myself and Bluffton. I will be happy to forward. Lisa Sulka

The Lisa who we were discussing is an entirely different person who is also associated with our board of directors. When can we try and get this stopped. The Chairman of my Board of Directors, Mike Briggs is also receiving emails from other board members who Skip is harassing. Mike is once again having to move to Crisis Communication mode for the organization and is sending a Board email out to everyone stressing that no one engage in any email exchange with Skip and that they forward all emails from Skip to him. Mike wants to work directly with one of you on how this issues is to be handled and have all of the emails the board is receiving come to him rather than me. Please advise at your earliest convenience.

Hi Kim,

I just received the following email. I've never met Skip Hoagland and have never expressed support for him. I have no idea why he thinks I would. What I do know is that Madeline Albright was absolutely right when she said, "I'm sure there's a place in hell for women who don't support other women." Please know you have my support, despite what Skip Hoagland might want to think.

I'm available at the office, 681-5864 or by cell 384-0724 should you want to talk about his email.

Stay strong!

Pat are you aware Kim lied on video and I have done nothing but tried to force what's right, transparency and accountability. At 68 yrs old I highly suggest you guide your mighty girls to follow strong honest men and woman who fight to stop corruption. If you want a better world for your daughters I suggest you join me not deny reality. Kim Likins lawsuit is frivolous and based on nothing but trying to silence facts and truth. Facts are facts and always true. Thanks

Hi Kim,

I'm away for a couple of days of R&R and logged on to read the Island Packet....and then saw the news about the lawsuit you've had to file.

Please know that I believe you were absolutely right to take such action and support you completely. Such bullying is simply not OK. To go to your Board chair absolutely crossed the line and I'm so glad you responded to stop him.

I talk to my granddaughters all the time about being Mighty Girls. I'll think about you next time the girls and I have that conversation!

Subject: Bill miles and his friend texted me this picture !!! Is this really who we want to run our chamber . I added 3 more pictures of interest.

Lee / Marc / David thanks for at least listening . John Mcann for his comment he made up his mind last night and Kim likins for her prepared speech when she lied and said she was taking notes the entire time should both be removed from office for there total disrespect to a public hearing and draft contract . No doubt they both were corrupted or just plan incompetent ..It was also obvious Bil Harkins and Tom Lennox had there mind made up as well . It's a shame to have these type people serve our island . The brightest minds on this island told you all to all wait and fix the agreement . Not one chamber speaker said how to fix anything it was all just how great the chamber was . Not one board member has a clue or knows what's going on . They were all just asked to say how Great it all was to protect Bill miles and prevent an audit and foia ..

Bill and friend texted me this photo ! I added more of interest . The one in gold jackets is there so called annual meeting . You can't make this stuff up !
 We will now start to clean up the dictatorship chamber and restore members rights ; Irs Ubit , unfair competitive practices , corruption, what is a true chamber under US chamber definition and a DMO under definition by DMAI . What I don't get is no one on council seems concerned about any of these other issues ? Why

You both lied and are not fit to serve . I will look forward to speaking directly to both of you soon at public comment . Also you will be in my full page ads to publicly disgrace you both to this island . Kim you are not fit to serve boys and girls a well . You fully know what you did !!!

Do not dare say I am disrespectful when I speak the truth at town council . The truth is not disrespectful . What's disrespectful is what you both did . Prepare to be exposed and treated like you treated others .

Tom I feel you also deceived me and had your mind made up also . I have you on record saying you worked hard on the clause to inspect books and had me in mind . I hope so and remains to be seen if you are going to be my new hero and outsmarted David tiggess or forced me to keep spending thousands to fight fir sc foia laws for all of us .

Bill Harkins for me not worth even discussing . If he plans on running for reelection as well as others I can promise you that you will be booted and featured in full page ads and fully explained why . There simply is no place for dishonest and deceiving people who wish to serve our community .

David , Lee , Marc each at least showed respect and listened to some very smart people who had great ideas and respected them and their time coming . John Mcann to say reason he decided to award the contract to the chamber was because of all the good people on the board . This had nothing to do with it as the board has be tricked and deceived also and has no power . John knock knock anyone home , you have been told this chamber is run by a dictator crook . The board members are good people just have no power or clue what's going on . They all were appointed , used and abused and shown favoritism to remain silent . They were all instructed to say how great the chamber was and not discuss the contract . We were not there for that we were there to discuss a good contract for the community not just the chamber . We also learned much more from the whistle blower and that is David tiggess drafted the contract . You all should be a shamed of what you did . I really thought you old guys like me would have acted differently : I guess that saying is correct "no fool like an old fool " .

You all did not show true guts to fight for an audit when you new damn well we needed to do this and were provided all info why . You all allowed escape but just temporarily . We lost this one battle but not the war to come . When you see what's coming you will perhaps then realize you should have followed the great Ronald Reagan "trust must be verified" and i am afraid will be humiliated and publicly disgraced to this entire community . For the life of me I just don't understand why you would not force an audit , sc foia laws, DMAI accounting and 1 yrs not 5 yrs . The big concern I have for all of you is you have trusted Steve riley , Gregg Alford and brian Hulbert all buddies of Bill miles and david tiggess . You all have deceived here as well . The sad thing is you all are part time as is mayor bennett and the town employees run the show and you all are powerless and just do as you are told and instructed by them .

I also think you all will be held liable when this all ends up in the courts and the audit is forced .

Ex. A
We now have a x board chamber member who has turned whistle blower . You will all be shocked what's going to happen next . Kim send this to your friend Charlie Clark spokesperson at chamber . Did she write your prepared speech for you ? John so you came to your brilliant decision night before ? Why do you think so many people came to speak ? Do you feel you dishonored all of us and made a fool of of yourself ? Do you and Kim likins feel you are fit to keep serving ? What made you think all is ok and controlled by the board ?

Happy thanksgiving and perhaps you all will reflect on all this as you spend time with your families and think what kind of world you wish for them , and did you act in good faith in a way you and your family would be proud of . You each have to look in mirror and live with yourselves not me . Thx

Subject: Sc foia

Steve to begin Brian Hulbert your lawyer claims you know nothing about the 4 m proposed welcome center on town property and now know nothing about secret meetings with Susan Thomas and Bill miles discussing signs on town property and the 340k app attempt , cost of signs etc . How could Susan thomas Cced on this email propose this without talking to you ? For me you are not telling the truth and will do anything to escape and avoid answering directly . Susan who did you talk to ? Susan moving to California does not mean you can't be brought back to SC or answer questions . As this moves forward David tigges can only do so much to protect and keep others silent . Steve same for you , the lawyers can only help you so much . God only knows what else you have done over the last 20yrs we don't know about . When you and others realized I was going to attack on these two issues everything stopped and disappeared interesting ????? No records no emails !

Steve, my foia info received was incomplete , where is the supreme court case saying chambers or Dmos or chamber/ DMO comingled hybrid can receive tax monies but not comply with SC foia laws that David Tigges quoted? Was this a lie or is it true? To add !

Did Jay Weindl lie about 1600 members? I say yes or he was deceived by Bill miles we need proof of this !

Did Kim Likins lie when she said took notes and listened to everyone then proceeded to read a speech that could have been written by her good friend Charlie Clark chamber spokesperson? I say yes! Is she fit to run and girls and boys club ?

Did John McCann when he said he made up his mind last night and 3 other council members as well , did not respect the public hearing and draft contract process? I say yes !

Who drafted this contract the chamber / council or Steve Riley we now know from a whistle blower and Carolyn Vanagel confirmed statement , quote the Chamber worked hard to draft this contract and we now know it was David tigges in control ! Steve Riley do you wish to deny this ?

We have also been told all board members were instructed by David Tigges / Bill Miles to remain silent to press or anyone else and to not talk about contract or my fight and only state how good the chamber is and nothing else. Do you wish to deny this ?

Jay Weindl, new "appointed" chairman, not duly elected lied when he said 1600 members all have rights and can run for elections and make change with 10% of membership ,10% of what real number? We have proof chamber membership numbers have been falsified ? Do you wish to deny this or want to challenge this ?

Seems all members have rights to the database list of all members and contacts ? Jay will you send that list and contact for each member phone numbers including to a chamber member ? Jay will you force Bill miles as his new boss to open the books to all members ? Jay what rights do members have ? Jay did you know bylaws were changed from original form when members had rights ? Jay will you tell Bill they must be changed back to allow members rights ? Jay where were annual meetings held last 5 yrs ? Do you have all

Minutes for this . I assume in any lawsuit by a member or members all this will be made available in discovery ? You and

David Tigges both said there was annual meetings for members to speak ? Again Where are these meetings held, minutes Etc ?????

The entire board I am sure are good people, bottom line they have all been deceived and used / abused including you Jay , by the 3 people who totally control this chamber David Tigges, Bill Miles and Ray Deal. Jay as chairman and Bill miles employees let's be honest who is in charge you , Bill or David tigges ?

Jay you seem to be a nice guy and have nothing against you . The only actions I don't like from you is kicking out people from your hotel that run a local media company I started many years ago . He did nothing to you . This has also happen by several hotels who told me when I called don't ever call this hotel again . These attacks have no reason or basis . We have been told, by ex chamber whistle blower that you and other board member are silenced by giving help and business over others in their industry. They receive no access to inner circle no access to all accounting, all appointed strategically to surround Bill Miles to make it all look legitimate to allow its abuse, corruption and violations undetected by anyone including board members that just assume all is ok. All local media leaders have been eliminated from appointed board by Bill miles to prevent any challenge to his unfair competitive practices and growing local media empire with 1.7 million and growing ad sales revenue . We now know anyone can buy ads not just chamber members like a for profit media . We were told any board members that question the dictatorship are silenced or removed. There are no real term limits or rotation of power on board to allow all members to run for fair elections. The real power has remained in control for over 20 yrs . Paul Bethea , David tigges McNair and past old Bethea law firm.

You have a power structure out of control, including letting the employees run all not the members / stake holders who are in essence the owners, not Bill Miles. The old Bethea law firm now McNair law firm have been running this chamber for years and always someone on board from this firm . Insurance, banking, lawyers,hotels etc. etc. all get favoritism over others and we now have proof from whistle blowers who have stepped forward. We now have big insurance companies say they dropped membership as it was a waste of time trying to bid against John vann your past buddy board member with BB&T insurance .

They said just look at the chamber website and app to see who gets promoted over others . Those who pay the most get front seat . Jay this is not the way or purpose of a properly run chamber and DMO operating as a non profit and using tax monies . What do you not understand about this ? How long do you think this board and you can keep defending this ?

We lost a small battle to corruption but the war to clean up this chamber abuse will be won soon ,as we have all we need to prove our case and will turn over all to press , law enforcement , mayor and others next week.

Happy Thanksgiving to everyone. Be assured as we give thanks for all our bounty, this Chamber will go back to being a simple chamber under US Chamber and ACCE national associations guidelines and our DMO will operate under DMAI national association guidelines and accounting protocol soon. All the waste, abuse, corruption, deception, tax violations, foia non compliance, dictatorship and harm to tax payers, board members and members will end. I will be thanked for all this, and not painted as the enemy to this chamber board representing facts and truth. This chamber board is run by good people and leaders on the island, but many others leaders in good standing for 40 yrs do not like where we are. You heard many speak up at our corrupted contract public opinion meeting . Current board members need to pay attention and accept the facts and speak up to clean it up and join those who are and will. This current Chamber structure will never survive what's coming and the good people of this board need to act soon as to not be humiliated for being deceived, tricked and fooled.

We have much more on Bill miles to deal with like 4 million past welcome center , local app with Steve riley , trips to China with his family also turned over my whistle blower who said he robbed us , trips to England , monies to Canada , comingled bank accounts , travel / hotels /meals etc , free golf memberships , corporate

Ex. A

entertainment on and off golf course , bills sons golf whistleblower claims is part of corporate entertainment and much more .

Oh and Steve riley one last thing all town codes , RFPs , fair bidding and who added the Hilton head chamber to down code to eliminate fair bids and competition . Lee Edwards remember you once were for this ? Lee if chamber was in landscape business selling plants and you were a member what would you do ? Accept it and say nothing ?????? Thx

Subject: Re: Kim likins loses 100 k in scam to another town clown / Kim likins files defamatory lawsuit against skip hoagland

I again stand by all I say about Kim likins. Interesting her lawyer is Gregg Alford town lawyer ????? Who's paying for this ??? This analogy of Kim likins and her husband scammed was compared to Bill miles. Kim got upset with her own 100k money lost, but not tax payers money. She again lied, had conflict and should never been allowed to vote on contract and should have recused herself. She violated public trust and fiduciary responsibility to tax payers. Like Lisa sulka, Bill miles and even Jeff moss school superintendent, who many said he should not be in charge of our schools and is a bad example to our boys, girls, and school system, by changing rules and nepotism. I feel Kim and everyone else who violates us should be fully disgraced and held accountable to our entire community and all its businesses. If you lie on council you probably lie and deceive in your other life and perhaps even your own family. There is no question Kim likins was either corrupted, influenced or incompetent. The contract signed or not was corrupted in many ways This has all been revealed and more after Jan 1

My claim is this recent defamatory law suit filed by Kim likins and Gregg Alford town council lawyer has no credibility, is frivolous and without merit. It was done with the intention of trying to make me look bad, harm me more, just like what Lisa sulka did with defaming me with actions and words pulling me out of a public building by police officers, taking orders from Sulka which they have already admitted and will show in their report I am supposed to receive tomorrow. I am the good guy, exposing corruption yet the bad people versus apologizing and stopping corruption want to attack me to try and beat me down do they can keep corrupting and lying. This ain't going to happen !!!!! Thx

Thanks, I will look forward to my three minute comment on the Finance Agenda item on the Dmo Chamber tomorrow at 2:00 pm Town Hall regarding the DMO. Still in small side room, not large room correct ? Mr Lennox hope you are ready and prepared to comply?

I will need the following information provided from Finance Chair /Retired Banker Mr. Lennox and the Hilton Head Island Town Council. Also sign me up for next council meeting March 16th. I assume many others will show up to stop this councils ongoing corruption and severe dysfunction. Toss up on what's worse or more illegal this Council or the Chamber. Both need to be rebuilt from the ground floor up and both investigated deeply.

1. Compliance to my ATAX FOIA on all ATAX accounting for the last five years, with all receipts and matching invoices issued to the Hilton Head Island -Bluffton Chamber, and all non profits, including the Boys and Girls Club, Low Country Golf Owners Association, etc., as well as a copy of the ATAX code and law that articulates the legal foundation by which ATAX funds are allocated to non profits.
2. All Hilton Head Island - Bluffton Chamber records under the SC non profit corporation act law, given Lennox and fellow Town Council officials are taxpayer subsidized Chamber Members and therefore the taxpayer's proxy. Also, a list of all Council members and Town employees who attended the Chamber Ball party (other than retired entitled executive McCann and Steve Riley) to wine and dine for free on taxpayer funds. Chris McCookendale/ Bill Miles have Fraudulently refused to provide access to all records under this law to all 1500 members and all Council and officials who are chamber members. Seems lawsuits will be filed by the county, Town if Miles and McCookendale refuse access. A lawsuit has already been filed by a chamber member, Bill Miles fraudulently claimed he was not a member and denied by the board no reason like lawyer Russ Keep was denied.
3. Copy of the signed DMO contract stating the reason the old and corrupted contract was used, that was drafted by Chamber Board members David Tigges, Gregg Alford, Brian Hulbert, Steve Riley and Bill Miles, versus a new contract with proper terms and conditions for how tax funds can be legally, properly used under DMO national gold standards, and

detailing how all ATAX funds and accounting must be reported. Why did Banker Lennox allow Lawyer David Tigges to remove these provisions?

4. Copy of any "Tax Recipient Agreements" the Town has drafted or will draft requiring signature by all non profits who receive tax funds. If no agreements will be required why ? Will all accounting be required, all receipts and matching invoices? Will the Town continue to fund private non profits that don't comply to the laws and codes?

5. Copy of proven performance metrics that show how 3 m of Atax funds, (5m plus in total funding when scprt and illegal advertising profits added in) in this age of technology, local search and social media, local independent businesses marketing, that this hired DMO job is providing the return on investment that taxpayers expect and deserve.

6. Copies of the full breakdown of the over 1m in ATAX funds taken outside of our country, to Canada, to develop the DMO app and website, to include copies of this Chamber's good faith effort to expend those monies locally first through an RFP and/or procurement process. Seems by evidence we have bid rigging was involved.

7. Copies of all RFP's or procurement process followed for the last five years for the DMO job by the Town of Hilton Head? Brad Marra Atax Chairman keeps recommending more funding for Bill Miles with zero transparency, to a council that knows very little about Dmo marketing, reason is simple he was appointed by Steve Riley, Brad sits on a Chamber Committee and worse is an illegal business partner with Bill Miles and Cary Corbitt Sea Pines employee. A procurement lawsuit has been filed against the Town of Hilton Head.

8. Copy of documentation of the ownership of the ATAX funded DMO app and website, to ascertain if the Town of Hilton Head is the owner, or the private Hilton Head Bluffton Chamber is the owner. It seems this app and website with documented evidence has been hijacked and illegally used for private profit, lavish spending, Chamber Ball, 400k salary for Bill Miles, world travel, 25 employees at 87,500 each average, perks, bonuses, entertainment, benefits etc.

9. Copies of all advertising sold on the ATAX funded app and website, and how the corresponding profits were distributed. Explanation of 100k Dmo app that should have cost 30k max? And no discovered a flop and fraud.

10. Copy of the Town's ordinance as to the requirements to become the Town's DMO. A lawsuit has been filed against the Town on this violation.

11. Copy of the Town's ordinance that articulates the responsibility of the DMO to provide access to ATAX accounting upon request of the governmental granting authority, and the consequence(s) for violation.

12. Provide all accounting and receipts on the 750k in Hurricane marketing funding to the Hilton Head Bluffton Chamber, with all performance metrics, and including all receipts with matching invoices for the Chamber's trip(s) to New York City to promote the Town of Hilton Head Island via the additional Hurricane funds, according to the Marketing Plan(s) submitted to the Town by Bill Miles.

13. Copy of the report compiled by Banker Lennox, Italy McCann, and Harvard Harkins, post their alleged review of the Chamber's finances with Miles and Chamber Accountant Ray Deal, including but not limited to, specifics of the Chamber accounting that relates to travel expenses and the sale of advertising from the DMO website / app platform, all SCPRT matching grants, etc.

14. Copy of the contract the Town of Hilton Head entered into with Carleton Dallas to review financials as it related to either/or the DMO and/or any destination marketing programs and/or materials. Copy of Dallas's report to the Town as it relates to the aforementioned, and also a copy of the paid invoice for his services. Note Carleton Dallas is President of the secret underground Greater Island Council as is Bill Miles, Steve Riley, Glenn Stanford, David Ames, Bill Harkins, Banker Lennox and many more officials in Beaufort county. This ongoing secret conflict must end.

15. Let us see how the press, our elected officials, and law enforcement deal with the above, and hold the appropriate individuals accountable (preferably hold them accountable in handcuffs!)

16. I want Banker Tom Lennox and Executive entitled John McCann to provide all the minutes, docs, laws on the schemed 250k of Tax funds issued to Town Council Lawyer Gregg Alford, Charleston lawyers, Kim Likins. I want copies of all these secret tax checks written by Town manager Steve Riley, issued for Ms Likins private use and profit to file a private defamation lawsuit, that Attorney John Crangle called an illegal criminal act. Also the criminal act by Lawyer Gregg Alford and Kim Likins, and others, calling this a Town tax payer bank loan, that has never in the history of the USA even been attempted or done. This town bank loan violated state and federal banking laws, and issued this 250k in tax funds with no loan agreement, no collateral, no interest, no income taxes paid by Ms Likins on this 250k of free illegal tax money? Note lawyer Russ Keep has filed a lawsuit against Ms Likins and this town council to pay back this stolen 250k to tax payers. Please note Lawyer Russ Keep was denied a membership in the Hilton Head Bluffton Chamber for no reason, as were others by Crooks Bill Miles, Chris "McCrookendale" and Jay "Swindle". Skip Hoagland was kicked out of the Beaufort Chamber as well.

Likins versus Hoagland Trial March 9th. I will not be attending this non valid illegally criminally tax payers funded trial and schemed frivolous lawsuit to profit the lawyers and Ms Likins. If Ms Likins wants to pay back this 250k to tax payers and refile a new lawsuit, using her own money versus stolen tax money, I will attend a trial and defend against any lawsuit. This is just another Wile E Coyote versus the Road Runner attack. I refuse to allow this type abuse to me or anyone, and hope this sends a message to never happen again in a state that is infested with way too many Coyotes. Just read today's paper and the comments to understand more. <https://www.islandpacket.com/opinion/opn-columns-blogs/liz-farrell/article239071948.html>

No one could or would blame me for refusing to not participate in an illegally tax funded lawsuit and trial. This must be covered by the press to send a loud clear message to other elected officials that might attempt this tax funded attack on a citizen. Lawyer John Crangle said this use of tax funds for Kim Likins private defamation lawsuit, was all illegal and a criminal act by all those part of this planned scheme to sue me, including fired Hilton Head Town Lawyer Gregg Alford. Town Lawyer Alford since fires also tried to hide this secret tax money use and after he was caught, said it was a Town bank loan, even more criminal and in violation of state and federal banking laws. The 250k was loaned to Councilwoman Kim Likins with no loan document, no interest, no collateral, no income tax, and worse she said she was not paying this 250k tax money back. Tom Lennox and the entire Hilton Head Town Council participated in this attack on me, and just more of Wile E Coyote trying to stop the Road Runner.

Lawyer Alford also schemed this illegal tax use to sue me, to try and silence my voice, worse to profit his pocket and his client, and profit other lawyers he hired, stayed involved as Town council lawyer to claim attorney client privilege to hide discovery of internal town docs. He was even successful having John Crangle removed by the judge as an expert to further weaken my case to the jury. Also this frivolous illegal tax funded case,,should have been tossed out of court long ago by local Judge Dukes, Gregg Alford's friend when Lawyer Jim Brown was representing this case. Jim Brown suggested that Cathys home owner policy might pay for this lawsuit was correct it was covered under Pures policy.. Barrett was hired by Pure Insurance to represent me, as co insured under my wife's homeowner policy.

No Kim Likins and Gregg Alford file another dirty frivolous lawsuit supported by no SC law, claiming Cathy could not settle with Pure Insurance and release them from my coverage. As far as I am concerned let Pure fight this one. Cathy did nothing wrong, broke no SC laws and neither did

Mail - Likins Private, Frivolous, illegal, criminal, not valid tax payer funded defamation lawsuit against Skip Hoagland.

Pure by settling! Pure willing settled and Cathy is not a lawyer, not a giant insurance company and assumed if they settled it was perfectly legal.

I in fact asked Cathy to settle with Pure, as I did not want Pure settling with these crooks using my wife's insurance company money, that would have harmed lawyer Russ Keeps' lawsuit against Kim Likins that is claiming this illegal use of 250 K needs to be paid back. to tax payers, including by all the Town council members to pay back this illegal criminal use of tax funds, they all new was for private use and profit and must of known this is illegal under SC laws. I will be damned if I will allow these crooks to be able to pay back this theft from my pocket , my wife's insurance company pockets. The only right thing to do is the thieves pay this Tax money theft back..

I feel it's me, my wife and Pure Insurance who have all been damaged by this illegal criminal act.

Again all they have to do is pay back the 250k to tax payers and refile a lawsuit using their own money..I still feel AG, Sled, Fbi and Irs needs to get involved.

Again If Ms likins, Gregg Alford or anyone else wants to sue me, they must use their own money, not illegally used unlimited tax payers money, that also puts citizens at a huge financial disadvantage to defend themselves. How many citizens could afford to do this, and not be wiped out ! Kim Likins defamed herself by her lies and actions, and using her council position to get her private non profit illegally funded. Tax payers might want their money going to a different non profit, Ymca, Cancer, Heart etc. This is the reason public tax money should not be used for non profits for private purposes and these non profits should only be funded by members and private donors. Tax money should only be used for the public good, reason, benefit and reason..Thanks

I highly suggest you all get on a conference call!

I am not a lawyer, and do not have to abide by your rules. I only abide by what's right and legal as a citizen. I will not sit back and be part of a very corrupt and abusive process. Below is my story and you can all read it aloud to the Judge and Jury. I am happy that I can be a Roadrunner to try and stop, and eliminate as many invasive secretive illegal coyotes on Hilton Head, Bluffton, Beaufort County and in entire SC as I can.

What's really interesting about all this is no one has or will challenge my facts in over 5 yrs....nor have the Coyotes found one law I have broken?
What does this tell you ?

Thanks

Barratry refers to an attorney's **illegal** instigation of lawsuits with no legitimate claim. For **barratry** to be a criminal **act**, the accused must perform repeated and persistent acts of litigation. It is **against the law** for an attorney to look for accident victims in hospitals or at home in an attempt to solicit business. Jun 13, 2018

Barratry (/ˈbærətri/ *BARR-a-tree*) is a legal term with several meanings. In common law, barratry is the offense committed by people who are "overly officious in instigating or encouraging prosecution of groundless litigation" or who bring "repeated or persistent acts of litigation" for the purposes of profit or harassment.^[1]

Although it remains a crime in some jurisdictions, barratry has frequently been abolished as being anachronistic and obsolete.

If barratrous litigation is deemed to be for the purpose of silencing critics, it is known as a strategic lawsuit against public participation (SLAPP). Jurisdictions that otherwise have no barratry laws may have SLAPP laws.

Tom Lennox and the entire Hilton Head Town Council participated in this attack on me, and just more of Wile E Coyotes trying to stop the decent hard working honest Road Runners in SC.

Lawyer Alford also masterminded schemed this illegal tax use to sue me with Town Manager Steve Riley, fired Town Lawyer Brian Hulbert and all council members to try and silence my voice, violate my 1st Amendment rights, worse to profit his pocket and his client , and profit other lawyers he hired with use of tax money, worse again crook Lawyer Alford stayed involved as Town council lawyer, to privately represent Kim likins private lawsuit to claim attorney client privilege to hide discovery of internal town docs on all the secret meetings and emails on using tax money to sue me. He was even successful having Lawyer John Crangle removed by the judge as an expert constitutional lawyer witness to further weaken my frivolous case to the jury. Also this frivolous illegal tax funded case,,should have been tossed out of court long ago by local Judge Dukes, might add Gregg Alford's friend, when Lawyer Jim Brown was representing this case. Jim Brown suggested that Cathys home owner policy might pay for this lawsuit and he was correct it was covered under Pures policy.. Barrett was hired by Pure Insurance to represent me, as co insured under my wife's homeowner policy.

Now just when you think it can't get anymore filthy illegal and criminal by the coyotes councilman Kim Likins and her illegal criminal Lawyer Gregg Alford that should be handcuffed and disbarred files another dirty frivolous lawsuit supported by no SC law, claiming Cathy could not settle with her Pure Insurance company and release them from coverage of my lawsuit. As far as I am concerned let Pure fight this one. Cathy did nothing wrong, broke no SC laws and neither did Pure by settling! Pure was willing to settle and Cathy is not a lawyer, not a giant insurance company and assumed if they settled, wanted to settle to get out of coverage of the frivolous illegal criminal lawsuit and was perfectly legal for and proper for Pure to get out since they had the chance to do so.....I in fact asked demanded Cathy to settle with Pure, as I did not want Pure settling with these crooks using my wife's insurance company money, that would have harmed lawyer Russ Keeps' lawsuit against Kim Likins that is claiming this illegal criminal use of 250 K tax payers money needs to be paid back to tax payers, by Kim Likins, Town Lawyer, Town Manager who wrote the Town checks, and all the Town council members part of this illegal scheme to pay back these tax funds, They all new this was for private use and profit and must of known this is illegal under ant SC laws or federal laws .I will be damned if I will allow these crooks to be able to pay back this theft from my pocket ,my wife's insurance company pockets. The only and right thing to do is by the current Judge is toss this case out of court, judge ask the Fbi, AG, Sled,

Irs to investigate and get involved, and force Kim likins and Lawyer Alford to pay back this 250k plus illegal tax misuse to tax payers and settle Lawyer Russ Keeps lawsuit .

The Hoaglands and pure both need to file lawsuits for damages caused by this illegal tax misuse. Pure for the money it cost them to defend this case, and Cathy for the harm to her perfect Insurance record of 40 yrs since Pure was forced to cancel her as high risk, and fact she could not get insured by anyone else if I was not removed from her policy. This left me uninsured with zero liability coverage and way to expensive to even try after the damage this illegal tax funded illegal criminal frivolous filthy coyote lawsuit caused me, my innocent wife battling beast cancer at that time, luckily in remission) and our innocent Pure Insurance company.

I feel it's me, my wife and Pure Insurance who have all been damaged by this illegal criminal act, to file more lawsuits to recover damages to all of us, not just to just pay back the 250k to tax payers.

Again all they have to do is pay back the 250k to tax payers and refile a lawsuit using their own money, happy to defend this and show up in a legal court proceeding, not a kangaroo court.. AG, Sled, Fbi and Irs must get involved, why would they not if illegal criminal state and federal laws have been broken.

Again If Ms likins, Gregg Alford or anyone else wants to sue me, they must use their own money, not illegally used unlimited tax payers money, that also puts citizens at a huge financial disadvantage to defend themselves. How many citizens could afford to do this, and not be wiped out including their innocent families !

I repeat this is a illegal criminally funded lawsuit and the trial is not valid. You and your client all need to pay back this 250k plus of tax money you stole from tax payers. I can assure you it will not be paid back by me and assume my innocent wife and her innocent abused insurance company. You are all as far as I am concerned are a bunch of crooks. I can assure you I will not attend this kangaroo trial, it's not valid. You and your client want to file a lawsuit with her Money, or contingency be my guest. The judge did not allow discovery of all town records and refused to let Lawyer John Crangle testify on this illegal criminal lawsuit. Why ????? Crook Alford purposely acted like he was Likins lawyer to claim attorney client privilege, then hired 2 other lawyers in Charleston paid with illegal dirty stolen tax money, Crook Hhi Town Manager wrote the illegal secret tax theft checks for.

As far as the crook fired Hilton Head town council lawyer Gregg Alford is concerned , my wife had every right to settle with her Insurance company and just another crooked attempt by you to try and use her Insurance company to pay back your illegal criminal tax theft, versus from your own crooked pockets. Pure lawyers need to file a lawsuit against all of you for costing them thousands to pay for the defense of this crooked illegal criminal lawsuit. You all need to pay Pure, me and my wife damages. Never in the history of the USA has this sort of corruption happen.

Big question is why did Judge Dukes allow this case to continue for his friend Crook Lawyer Alford, who I forced to be recused off this case.

The AG Fbi Sled and Irs must get involved. Also lawyer Alford tried to make this look like a Town tax payer bank loan also illegal and criminal and should be arrested, convicted and disbarred. Kim Likins also committed Irs tax evasion, paying no taxes on this tax theft income. She also got illegal funding for her private sector job. Like I said the sewer in SC is large and deep, and I refuse to be part of it .

What I want is arrest for this theft, and extreme violations to the 1 st amendment. Judge Dukes needs to explain all this, as do others to the press and FBI / Irs !!!

No thanks

Add 3 of the 4 Supreme Court Justices and Obama Federal Judge Gergel who all ruled against the rule of law. There can only be one reason these men would rule against my solid cases based on the rule of law, and good lawyers who tried to defend the law, they either were incompetent, corrupted or crooked. I don't believe they are incompetent to be in this position. President Trump is also partially wrong, SC is not a swamp it's a cesspool of corruption. Never in the history of SC has a true independent investigative audit been done on an Chamber, Cvb, Dmo, School District, Town Manager, Mayor, Senator or congressman, judges where wrong doing was not found and prison resulted in some cases.

This is why SC must start to do mandatory independent audits of everyone who controls our tax funds and stop accepting their own independent hired cookie cutter audits that just show what they want us to see. These good ole boy back slapping hired cookie cutter audits are worthless and designed to hide crimes, not discover them. I feel sorry for all tax payers and the younger generation who will continue to be robbed blind until we adopt a true Ronald Reagan and Jerry McGuire Principal, Trust but Verified and Show me the money.

Yes I am mad and glad that I can fight this current cesspool system where trust for elected and public officials, law enforcement, judges is at an all time low. I am happy that unlike many, I am unable to speak up and hope my efforts will have some impact on the way things are done in the future, and change some state laws, which we have accomplished all ready. We need much more Foia compliance, transparency, accountability, performance metrics in SC. We need to challenge and expose judges, who rule against the rule of law, state officials and not fear retaliation and stand up for our rights to speak our mind under the 1st Amendment. They might rule against me, but I be damned if they will violate my free speech to expose what I believe to be massive SC corruption. Thanks

Pure has been served why not my wife and I ? What kind of crooked game is this ? It's all lawless and criminal. The 200 k criminal illegal tax theft by ringleader lawyer Alford has caused many forms of damage to many.

It's a shame we have all been forced into this position from this schemed criminal act by Lawyer Gregg Alford. What's even more sad he has not been arrested as the ring leader of this crime of tax theft and state and federal banking laws violations, and has been allowed to justify and escape to date. This must be cleaned up and no one should be above the law.

Another email written yesterday very mad. If anyone wants to debate me or deny all I say as true I look forward to this.

Are my responses outrageous? Yes. Are they fair for outrageous actions by others? yes. Fire with Fire.

This all began with corrupt crook Judge Dukes Master of Corruption, not Master of Equity. Dukes should have never allowed a private defamation lawsuit filed against me to be filed with illegal criminal use of \$200k tax funds and should have been tossed out of court. Instead, he helped his Town friends, Gregg Alford and others, to proceed and even issued a gag order against me and my free speech rights. Judge Dukes and Judge Mullen, to my knowledge, has never ruled against Town official buddies. How is it possible they are even allowed to rule and not be forced to be recused and circuit court judges hear these cases? This is exactly what I did when I caught Judge Dukes' crooked corrupt puppet brother, Ed Dukes, kicking me out of the Beaufort Chamber and to this day

still hasn't apologized or reinstated me. Never in the history of the USA has anyone been kicked out or rejected a membership in a chamber of commerce.

Just more of the incestuous local and SC cesspool. Both Dukes and Mullen need FBI investigations on all the cases they have heard against local official friends and the outcomes. Any judge that rules against the rule of law needs to be held accountable for abuse of power. If investigated and wrong doing discovered, then booted, arrested and disbarred. Again, Is all the following I say outrageous? Yes. Is it fair for me to attack outrageous legal rulings by judges not based on laws? Yes. Fight fire with fire, tooth for tooth, eye for eye and do unto others as they do unto you. Treat others as I expect to be treated, if I committed wrong doing.

Paul, I paid you to file a motion to this judge to reconsider his ruling, please do this. If he refuses, get the FBI involved ASAP.

Paul, I paid you \$30k to win based on SC law, you said this Obama Democratic Judge was fair and good judge, then this judge does the outrageous and stabs you and I in the back, based on no reasonable rule of law. Even the 3 out of 4 Supreme Court Justices apparently also got corrupted by these chambers to rule against me like Judge Gergel. Imagine the Supreme Court said it wasn't that I wasn't right, or the law was the law. They stated they felt it wasn't the intent of the law. Really? They all should be booted and investigated by the FBI.

Judge Gergel, do you really expect me to allow you and your abuse of power to rule this way and coward like the good lawyers must do to keep earning a living? You make outrageous legal decisions, you will get outrageous responses back from me, as I fear nothing at 70 yrs old, have zero to lose by being honest and standing up to what's right and am not a character living in a spotlight community. Your ruling is as bad as it gets and you know it. Someone got to you and influenced you, no honest judge could or would rule this way or could possibly be this incompetent. Same for the 3 out of 4 Supreme Court Justices. I will expose you to everyone in this state for what you did to me and your harm and abuse to a good honest young lawyer Paul Porter, who expected the rule of law to prevail from you, not the rule of corruption. This ruling is as filthy as it gets and just

another example of the SC incestuos deep corrupt state, and not the SC swamp a beautiful place, but the SC cesspool.

Paul, your coward and say you can't do or say anything because you might have to go before him again. Sadly I understand this and another example of the movie Spotlight. We are all silenced in many ways in fear of losing our jobs, promotions, friends, children in school, neighbors etc. This is not me and I fear nothing to expose corruption. I answer to one person only and that's God, not corrupt government. I will speak for all those who fear and say what you are thinking to anyone and everyone. I am a Florida resident in retirement and part time resident in SC and those crooks in SC who wish to try and harm me in SC I look forward to.

So Skip gets shafted, loses the case based on some form of corruption or incompetence, causes my other cases to be weakened and lose them, and now I have to tell Lawyer Barrett Brewer, another good lawyer like you, that I will not continue with his cases, as I see one big attack on me after another to harm me and let the crooks escape free. I see no way to win any cases against Chambers or public officials without the FBI Irs involved. There is just too much incestuous corruption in this small state. Imagine I lose both the Foia Supreme Court case and now this federal case and I have now become the attacked and bad guy for exposing corruption and theft to millions of our tax dollars by SC Chambers of Commerce, CVBS and City Dmos. I expose crook lawyers Gregg Alford, David Tigges, Paula Bethea and others behind all these crimes and they continue to walk free. I expose and caught this \$200k unconstitutional misuse and illegal criminal theft of tax money by Kim Likins and her crook illegal criminal lawyer Gregg Alford to sue me and now allowed to escape by federal judge Gergel. Tell me how in the hell this is all possible????

Do you all expect me to just take this beating and just accept and coward like Paul because he is forced to do so as a young working lawyer that has no choice but to obey and coward? Do you think I am going to now allow these crooks to win another lawsuit based on the same corruption. Even more outrageous to now attempt to rob my family like they robbed the tax payers? Filing a new lawsuit against Pure Insurance, myself and my innocent wife, claiming we are all frauds and did something illegal so they

can attempt to win money from all of us to use to pay back their \$200k theft, profit their crooked pockets to win a reward from the use of \$200k in tax money and Kim Likins paid no income taxes from this \$200k tax use that came to her as income.

This crooked corrupt council schemed to silence my exposure of their corruption and severely violated my 1st Amendment rights, they stole and misused \$200k in public funds for private secretive use to sue me for a private defamation lawsuit not related to the Town. Again tried to call it a bank loan in violation of state and federal banking laws. Paul you and Barrett both have allowed illegal Town Lawyer Alford to refuse access to town records under subpoena to prove they schemed this all in private meetings, use of private emails, allowing crook lawyer Alford to claim attorney client privilege when he should not have even represented an individual council member under his Town lawyer contract. Plus, the fact this crook, slob, no socks lawyer has not been forced to comply to procurement to give other lawyers a chance to bid to be Town lawyer and offer legal services for 25 yrs??

FYI - Paul, was the ordinance cited in the order by Judge Gergel passed after the lawsuit had been started and the lawyers hired?

The corruption is deep and wide and many forms of criminal activity, Irs Ubit Violations and many severe unconstitutional misuse of public funds for private purposes, being allowed by the Town of Hilton at the hands of the full power crooked lawyer Gregg Alford and Town manager Steve Riley who are controlling the part time weak Town Mayor and council like mindless puppets. It's a failed local political system where the Town manager and town lawyers have all the power. How is it possible part time council with other jobs can control full time crooks. Tell me how any business can be run and successful when the owner or ceo is part time and the employees run the show. Worse refuse to show how they issued tax monies in secret to others.

Houston / SC we have a problem.

Per our phone calls today and yesterday, I have attached the final order by Judge Gergel.

Judge Gergel made only one real dispositive determination and that was that a reasonable jury would not conclude that the Defendants actions were motivated by your speech but rather would find that their actions were motivated by their desire to protect the legislative process from your attempt to influence it.

I disagree with this ruling, but it is not the first, or the last time, a good judge has or will rule against me. I put a lot of work into your case, truly believed the defendants actions violated the First Amendment, and am disappointed that we came up empty.

We have 28 days to file a motion to reconsider (Nov. 22). Filing the motion to reconsider would be at no costs to you as I consider it part of the motions practice phase of the retainer which you already paid for. After the motion to reconsider is denied, assuming it is denied which is the norm, you would have 30 days to appeal to the fourth circuit.

I need your answer on the following questions:

1. Do you want me to file the motion to reconsider (it will focus on the judge making a jury decision of intent and motive and on the public policy implications of the ruling itself)?
2. Can I send this to the local ACLU to see their thoughts on Appeal – it's a long shot, but your case has serious speech related precedential value which is their bread and butter?
3. I also need to know if you are interested in a 4th circuit appeal, absent third party involvement, I am not sure I can take it on with my current obligations but need to be able brief you on your options if you are?

In your public communications, please do not attack the integrity or character of the Judge. If you do so, I cannot continue with the matter in any sense. As we discussed, this makes sense from a strategic perspective anyway if you intend to have other cases.

Last, I have attached the only outstanding cost you owe in this matter which is the mediators bill for \$660.00. Please remit that to my office with "escrow" in the for line and I will have our office handle the bill.

Thank you, I am sorry, and I have enjoyed working for you.

Paul submit a motion to reconsider to Judge Gergel with fact Gregg Alford refused discovery today. We must force this discovery, Paul you should have forced this sooner from crook lawyer Gregg Alford before this ruling. Lawyer Alford has withheld evidence from both you and Barrett Brewer. This case needs to be retried with this evidence. Barrett needs to get this and provide it to you. Something has to be done and done today? You and Barrett can not keep allowing crook Gregg Alford to control you, and lose and harm my cases from allowing this lack of discovery and allowing these crooks and criminals to escape justice.

Both lawyer Gregg Alford and Town manager Steve Riley representing this case for council, are both the ringleaders of this secret illegal criminal tax theft, as well as other illegal secret tax thefts and unconstitutional misuse of public funds for private purposes. They are as crooked and corrupt as it gets and both need to be forensically audited and fully investigated by the FBI.

Paul I don't like losing, especially like this with a lawless ruling. You know I am right, as does everyone else, who just fear to speak up and fight like I do. I don't care who you are judge, Lawyer or my own family, if they are not doing what's right I will tell them harshly and bluntly to make my point.

I paid you 30 k, which includes your time to do this motion to reconsider. I want that motion to include all the info crook Alford refused to give us and hide. I will not pay the 660 to the mediator until this motion is filed to Judge Gergel. If he does not fix this lawless decision with new evidence, I will consider this damage to me and my other lawsuits. I will keep asking the FBI to get involved. I will keep attacking this illegal criminal corruption that damages me and my family, using 200k tax payer money to sue me by crooks Kim Likins, Lawyer Alford, Steve Riley, and all Council members who schemed this theft and attack on me to silence me. This will not end until all cleaned up and I demand the fbi get involved.

This might end with Judge Gergel, and you Paul, but not end with me !!!!!!! You did not do your job as a lawyer and failed to prove this case with discovery. I hold you partially liable for loss.

This filthy corruption and theft of 200k in tax payers money to fund a private lawsuit against a citizen to sends a bad signal to other citizens to put them in fear to speak up, in fear of also being sued. This must end.

According to recent Supreme Court ruling you can't use public funds for private purposes not for the public good, reason, use and purposes. Tell me how Judge Gergel, any judge or FBI AG and lrs can ignore this.

Further my harsh criticism has always been civil, non disruptive, free of profanity and done to comply fully under the 1st Amendment. My words are not near as damaging as the actions by those I expose and harshly criticize.

This judge Gergel ruling is outrageous, wrong and must be based on political corruption, not rule of law. I can't see any other reason why any highly intelligent educated judge would rule this way.

Same for the Supreme Court Justices I have cced on this email, only one reason these 3 out of 4 of these intelligent people could make such a bad decision totally against the rule of law. Outrageous they would say "not the fact it was the law, they said it was not the intent of the law". They all need to be exposed with extreme harsh criticism, punishment for this corruption and abuse. I will keep exposing this filth, since working SC Lawyers can't or won't in fear of future judge retaliation and losing cases and clients. At 70 yrs old I fear nothing and will say what others think. It's a fact of life we all live in a Spotlight movie type community, where we fear to speak up for many reasons, losing our jobs, friends,

promotions, clients, kids in school, neighbors, church, etc. I do not fear any of this and speak up bluntly against any wrong doing that crosses my path. I can tell you to have SC judges that rule like this, and against the rule of law and bend laws to protect their political buddies is as nasty and bad as it gets. Like Trump or not like Trump, Republican or Democrat, theft of all our tax money is something we all should be concerned about.

Like Trump and many others who are trying to clean up corruption in our country, I will fight this type corruption and attacks against me, others in a way I can win. Fight fire with fire as they say.

Judge Dukes Master of Corruption, not Master of equity caused all this allowing this illegal criminal 200k tax funded case to continue for his local official buddies and friend town lawyer crook, lying, thief Gregg Alford. The filth and corruption in Beaufort county with all the local chambers, Town managers, Town Lawyers, elected officials, school superintendent and school district is beyond imagination. The only way to clean up this swamp, I call a cesspool is with forensic audits and FBI, Irs investigations. If this does not happen the corruption, unconstitutional misuse and theft to millions of our tax dollars by these thieves will continue.

Gregg Alford has even been caught overcharging legal fees, Steve Riley stealing and misusing tax funds, and has allowed this crook lawyer Gregg Alford even violate procurement laws to bid out Town lawyer legal services to give other lawyers opportunities. Are we to assume this thief lawyer is Town Lawyer for life/ in perpetuity? I demand he is investigated and forensically audited, then arrested, disbarred and sent to prison, along with many other crooks who control, receive, spend and guard our tax monies.

Further this crook illegal Town lawyer Alford, with crook Town manager Steve Riley and other town lawyer Brian Hulbert has managed to hide town documents and refused to provide this discovery to Paul Porter and Barrett Brewer under attorney client privilege to win my cases, how do I win lawsuits and defend lawsuits if no discovery is allowed on their side, yet they get all discovery from me ? Why has my lawyers allowed this ? Why have the judges allowed this ? What are the damages that have been caused to me by this lack of discovery? I demand total access to all town documents on their secret meetings and plans to scheme and harm me ASAP. Paul you and Barrett both must act, do your job, not coward on this and demand Judges force crook Alford to open the Town doors. I have told you both this for months and you both keep telling me not needed, we have enough to prove our case and win. This has turned out to be a bunch of happy horse manure.

Act, do something or I want all my money back as well as the insurance company. Tell me how you win against this no socks slob lawyer if he is allowed to hold back all evidence ?????? Who is liable for this ? You both ? The judges who will not force it ? This is why I keep say I need FBI involved. How is all this possible ? Fix it and fix it soon.

Thanks

If it were an "Emergency Basis" would not the Town's involvement have required including an emergency hearing of all Council Members prior to even contemplating filing a private lawsuit on her behalf and other remedial measures. Was there not emails to Alford from Likins complaining well in advance to allow an emergency meeting? And, when the restraining order was granted was not the Town's emergent involvement alleviated? Thus, what was the emergency when they approved to fund lawsuits for themselves? The Resolution was not for her personally - it did not address her at all. In fact, she did not notify the public she had filed this lawsuit until months later. Was the December 15, 2015 Resolution overreaching in that it paid for an entire lawsuit, not just the time to prepare to obtain a restraining order? Should not the Resolution only have been for the Restraining Order portion and nothing else? And, was this not the only thing this government should have ever involved itself in so as to not violate the equal protection clause?

The initial oral Resolution addressed hiring counsel for all council members to "defend" them from harassment. It passed as to all Councilmembers. It did not set out a person's name, amount, or any other particulars. It was never in written form. It is not part of the Town of Hilton Head's Resolution Book, which is a requirement. It is part of their recordation. You need to check with the Clerks To Council's requirements.

So how was it a legislative process? It was never reduced to writing as it pertains to the actual vote or her

case? A contract changing it from hourly to contingency does not change there was no correct legislative process in the beginning. There is no Resolution for this Contract. What legislative process are they talking about?

And, was the SC constitutionality use of tax payer funding for private use addressed in this Order? Or was the Court silent?

Per our phone calls today and yesterday, I have attached the final order by Judge Gergel.

Judge Gergel made only one real dispositive determination and that was that a reasonable jury would not conclude that the Defendants actions were motivated by your speech but rather would find that their actions were motivated by their desire to protect the legislative process from your attempt to influence it.

I disagree with this ruling, but it is not the first, or the last time, a good judge has or will rule against me. I put a lot of work into your case, truly believed the defendants actions violated the First Amendment, and am disappointed that we came up empty.

We have 28 days to file a motion to reconsider (Nov. 22). Filing the motion to reconsider would be at no costs to you as I consider it part of the motions practice phase of the retainer which you already paid for. After the motion to reconsider is denied, assuming it is denied which is the norm, you would have 30 days to appeal to the fourth circuit.

I need your answer on the following questions:

1. Do you want me to file the motion to reconsider (it will focus on the Judge making a jury decision of intent and motive and on

- the public policy implications of the ruling itself)?
2. Can I send this to the local ACLU to see their thoughts on Appeal – it's a long shot, but your case has serious speech related precedential value which is their bread and butter?
 3. I also need to know if you are interested in a 4th circuit appeal, absent third party involvement, I am not sure I can take it on with my current obligations but need to be able brief you on your options if you are?

In your public communications, please do not attack the integrity or character of the Judge. If you do so, I cannot continue with the matter in any sense. As we discussed, this makes sense from a strategic perspective anyway if you intend to have other cases.

Last, I have attached the only outstanding cost you owe in this matter which is the mediators bill for \$660.00. Please remit that to my office with "escrow" in the for line and I will have our office handle the bill.

Thank you, I am sorry, and I have enjoyed working for you.

Sincerely, Paul
