Christina,

You and I had previously spoken regarding the fact that all the necessary transcripts for this appeal had not been received. I apologize to the Court if I was supposed to follow up on that call with a written entry. The transcript of the second hearing on the post-trial motions was requested and the Court was copied on that request.. I will of course notify the Court immediately as soon as that transcript is received. So far, I have not received an estimate as to the cost of this record so that I can send advance payment. After receiving this correspondence from the Court, I called again and made sure the Court was aware of the second transcript from post-trial matters having been requested. Please advise me if there is anything further I need to do to insure the scheduling on this appeal is straight now.

Thank you very much.
