SC Court of Appeals

To whom it may concern, My name is Lanya Murphy and I wish to have Judge Griffith recused and have this case sent to the highest courts in the land. Judge Griffith took offense when I stated he was incompetent in the last motion, I may have been inaccurate he is Senseless and Wreckless, maybe even Racist.

He gave a 19yr old suffering with depression, mood disorder and anxiety the authority to handle his own claim. I asked did he look over the paper work before granting this ridiculous motion. He has not posted this in the website I'm alleging because he knows it was foolish. This Judge will do anything since their backs are against the wall even if that means aggravating Antarcus the VICTIM!!!

After Judge Griffith granted this, I asked about the filing of Delayed Due Process, Civil Rights, and Civil Liberties violation and he actually asked did I wish for him to throw the case out. This was thoughtless and simpleminded to say this in front of the victim whom you just granted to handle the most corrupt case in U.S. History. I have been through 2 incompetent attorneys now a senseless one while the defendants change attorneys freely. If these people has done what they please how can I have a fair trial.

Before my attorney dropped my case he asked can a popular news network ~~follow~~ follow my case, now, I have know knowledge of what has happen. This case needs to go to a Higher Court ASAP before anyone attached to this case are appointed jobs that can bring harm to me or my family.

Please take this serious because this has become overwhelming, especially while I'm working on a case of a stolen kidney in which I contacted the Rock Hill Police Department, Sled, the Attorney General of South Carolina, and the Solicitor's office and has no response (with overwhelming evidence). Correction Sled directed me to the others before they could open an investigation.

Thanks in Advance

Tanya Murphy
