SC Court of Appeals

To whom it may concern
 Janysa Murphy received letters from South Carolina Court of Appeals dated 7/28/2021 to correct each deficiency within (10) days. The Chester County Courts dismissed this case before the plaintiff corrected the compliance. This should be overturned ASAP because I am presenting evidence that I complied before the (10) days expired. The defendants attorneys knew of this stipulation of dismissal with prejudice since July 20, 2021 based on the date at the bottom of the dismissal (606). They realized time was not on their side once I allegedly spoke with Elizabeth Carter (Court of Appeals) whom must have given heads up that I was coming the next day 6/3/2021 so the idiots panicked and added the dismissal.

I questioned why the transcript did not reflect this case number 2021-000751 and she actually said she did not know, so I assumed she was also part of the corruption, I was transferred to Terence Troy who is handling this case could not answer this question. Elizabeth then transferred me to her supervisor or higher authority where I left a voice mail and has not received a call back. The excuse will probably be they did not have the transcript but I did present the invoice that clearly read case: 2017-CP-12-00074. The transcript will be in their possession when they return to work on 6/4/2021. I'm alleging CORRUPTION is also present in the Appeals Court, but before I jump to conclusions let's see what their next step will be!!!

To make a Long Story Short
 the courts must comply and give
 G.E.D. Pro Se litigant Tanya Murphy
 the time needed to meet this deadline
 before they panic and do more
 foolishness !!! The appeals court
 needs to comply and let Ms. Murphy
 know why is she filing an appeal
 for the case 2021-000751 that has
 no merit, evidence of transcript, or
 how was the first appeal dismissed
 if none of this evidence exist.

For the record, on the transcript
 from March 2021 which was dismissed
 for no fact findings the judge
 ASKED what did he want him to
 do say he won and pay the !!!
 its clearly a confession to something.

He also said I'd get my chance to prove corruption, so on those grounds alone shows this case is Corrupt & Fraudulent PERIOD!!! Ms. Murphy was a party to this case so by me not wanting to be part of corruption this case has ended without my consent or corporation, Now this is what you call an Wanton Disregard and will be requesting Special and Punitive Damages for All the sleepless nights, No medical help (remember you stopped my medication anxiety, depression Boy Can I Go On. But Had allowed me to still UnCover All the Corruption for 5 years, can you really imagine you keeping up this any longer, What Over you decide you best believe you'll get tired of Lying.
