v.

Timothy J. Newton, Esq. and
J.R. Murphy, Esq., John Doe #1 and

APPELLANT'S MOTION REGARDING ORDER DATED AUGUST 25, 2021

Appellant states the following:

Appellant submitted correspondence requesting clarification on this Court's order dated July 15, 2021, due to the fact that Respondent T. Newton, Esq. both made and corrected errors, both which originated from his office. Those changes confused Appellant's Record of Appeal.

Appellant was not aware that a motion and fifty dollars (\$50.00) had to be submitted in order to get *clarification* since Appellant laid out a clear and obvious set of questions trying to fully understand.

Appellant made numerous phone calls to the caseworker wondering why the Honorable Court had not responded back with a clarification.

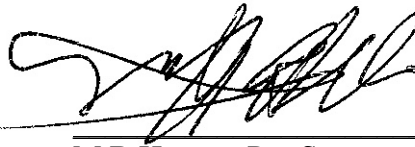

Once the response had been issued back to Appellant, indicating that a motion and Fifty dollars were required, Appellant has moved quickly under the circumstances as follows:

1. Appellant's only and sole typist had visited her grandchildren in Atlanta only to find that one of the kids had just tested positive for the Covid 19. Appellant's typist immediately went to a doctor in Atlanta and got tested while being advised to quarantine. She proactively took a Covid test four days after exposure. The results of the test which took an additional four (4) days to be received. Appellant's typist was relieved to find that her test came back negative and immediately returned back in Orangeburg on September 6, 2021.

2. Appellant has prepared a motion of which will be filed today, September 6, 2021 even though it is Labor Day, and the money will be hand delivered to the Honorable Court's drop box. In addition, Appellant will be in touch with the caseworker first thing Tuesday morning bringing this to her attention, also.

3. Appellant asks for additional time, once he understands the Honorable Courts' order regarding clarification. Appellant has diligently tried to comply with every event that this honorable court has offered and rendered. Appellant again asks that this Appeal continue, for Appellant has presented his case with extensive evidence and looks forward to this case being ruled in favor of Appellant by way of remand to a jury trial.
