Teck One Auto Respondent

Motions

I am writing to ask the Court for a Motion of Motions
as follows: to subpoena my five witnesses ① Isaac Bridges
② Joe Sealeigh ③ T.J. Honey ④ Terry Honey and ⑤
James Byers for these reasons. NONE of my
witnesses testified that significant time had passed
from when they first saw the truck to long
after the repairs by the Respondent were completed.
(None was asked) → Judge Robert B. Howell never asked, nor
did any of them say this!!! Many of
the reasons the court found for the
Respondent is untrue as proof is

Bobby Dean Sealeigh 11-12-21

what the Judge Robert B. Howell ruled on
and what is True in what the Respondent
(Scott Lawhorn) Tech one Auto said in his
own writing to the court dated March 23, 2020
I Bobby Dean Jettig (Appellant) Never was satisfied
with the repairs that were made, and Respondent
(Scott Lawhorn) Tech one Auto wasn't even there
when we picked my Truck up. Also I
the Appellant Did put many exhibits into
evidence, Judge Robert B. Howell wouldn't
look at any of them and told me to show
the Respondent (Scott Lawhorn) Tech one Auto
I Also testify about damages. For some reason
that day unknown to me the court reporter or court stenographer
Didn't create an official record of the
proceedings. If she had!! I wouldn't be going
through all this pain and suffering. I was told later that it would
had to ask her to do so. Signed Bobby Dean Jettig

The ONLY thing that was wrong with my truck is that I had put in a brand new battery for my truck, I put it in and left one of the battery post cable hanging, it would crank sometimes after that and hard too other days. One of my witnesses James Byers who I purchased my truck from told me after the (THEFTS) by Tech One Auto (Scott Lawhorn) he wished that I did mentioned this to him. He said the exact same thing occurred (Battery WIRE) whenever he owned the truck. This truck consist of 3 wires going to battery. ALL Tech One Auto (Scott Lawhorn) did to fix this situation was Put BLACK TAPE AROUND ONE OF THE WIRES WITH ONE OF THE OTHER TWO WIRES LEADING TO BATTERY POST!!!! He Had my Truck for Hours!!!! The ONLY Reason that I wasn't back up to Tech One Auto (Scott Lawhorn) Friday the NEXT morning is because the shop, Tech One Auto (Scott Lawhorn) is closed one Friday, Saturdays and Sundays. I was at Tech One Auto (Scott Lawhorn)

Bobby Dean Seelye 11-12-21

On Monday as soon as he Opened
in his own words he says the
exact same thing about Me being there
At Tech One Auto Shop (Scott
Lawson) on Monday
I didn't just pick 5 witnesses out of
the blue, All five (5) had seen my Truck outside
and inside of my Truck. James Byers
was the former Owner and Isaac Bridges
set up the deal at his Barber Shop. James
wife brought it to Isaac Bridges Barber
Shop and Me, James Byers and Isaac Bridges
went outside whenever James Byers wife
drove it to Isaac Bridges Barber Shop.

All My witnesses are Outstanding citizens
and Truthful People. Here a little information
about each of them.

1. Isaac Bridges: Barber Shop and Catering
Service Owner.
2. Joe Littlejohn: Entrepreneur
3. T.J. Haney: Detective Gaffney (Police Department

I also Motion the court to subpoena Tech One Auto (Scott Lawhorn) And my Telephone Records from the day he had my Truck and the time he called me to say my Truck was ready. The court will find that its a few minutes before 6pm. He knew what he had done and left before I got there around 6:20pm. Again Tech One Auto (Scott Lawhorn) was closed on Fridays, Saturdays and Sundays. Scott Lawhorn started closing on Fridays whenever his son Adam Lawhorn played college Football (offensive line) for Coastal Carolina. He had been closed on All Saturdays and Sundays during the times I went there. Tech One Auto (SCOTT LAWHORN) Replaced (stole) all My EXCELLENT Truck parts inside and out with some Junk!!! Seats (Front + Back) Panels, Arm Rest, Bumper, Rear view Mirror Chicago Bears Decal which I'd placed inside my Arm Rest console, Truck Tailgate. Theres damage To all 4 sides inside the Truck where Tech One Auto (Scott Lawhorn) Removed all Door Panels (Front and Back) I have pictures

FILED IN OFFICE OF
CLERK OF COURT
CHEROKEE COUNTY, S.C.

DATE OF HEARING: August 6, 2020
TRIAL JUDGE: Robert B. Howell
ATTORNEY FOR APPELLANT: Pro Se
ATTORNEY FOR RESPONDENT: Pro Se

This matter came before the Court on August 6, 2020 pursuant to a Summons and Complaint filed by the Appellant. The Respondent filed a timely answer denying all allegations.

The Appellant testified: that he took his truck to the Respondent, who had done work for the Appellant in the past many times, to have some cosmetic repairs done to his truck. The Appellant further testified that the Respondent had damaged his truck by taking items off his truck and not replacing them (Chicago Bear Decals), completely changing out the trucks' interior and had put holes in the roof of the truck.

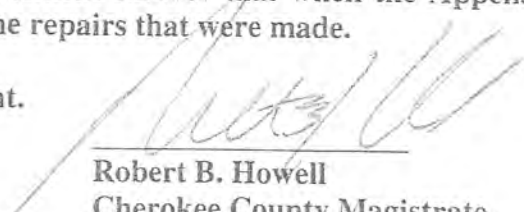

The Appellant further called five (5) witnesses that he had subpoenaed 1. Isaac Bridges, 2. Joe Littlejohn, 3. T. J. Haney, 4. Terry Haney, and 5. James Byers all of which testified that the interior of the Appellant's truck was different from when he first purchased the truck however none of them could testify to the fact that the changes to the interior or the damages were done by the Respondent. None of the witnesses were present when the Appellant picked up his truck from the Respondent and all witnesses testified that significant time had passed from when they first saw the truck to long after the repairs by the Respondent were completed.

The Appellant did not testify to any damages or put any exhibits into evidence.

The Respondent (Scott Lawhorn) testified that he nor his business did any damage to the Appellant's truck. The Respondent further that when the Appellant picked up his truck he was satisfied with the repairs that were made.

The Court found for the Respondent.

Re: Civil Case Number 2020CV1110100688

From: Tech One Auto Repair/Scott Lawhorn

I, Brian Scott Lawhorn, was served with a Complaint on March 5, 2020. My Answer is as follows: I deny that I am responsible at all because, in no way, did I damage the vehicle in question or remove any items from the vehicle that Bobby Littlejohn claims are missing. Here is my summary of events specific to this complaint:

10/31/2019:

- Bobby Littlejohn brought a 2006 Dodge Ram 1500 to my shop that morning around 9:30 – 10:00 as previously scheduled for repairs, specifically because it had a starting issue.
 - This was my first time ever working on this truck for Bobby.
 - Bobby stated that he had recently purchased this vehicle and that someone else had been trying to fix it. He feared that if the truck was cut off, it might not start back. Therefore, once at the shop, it was placed directly in a shop bay.
- The truck was checked and parts were ordered later that afternoon. During this time, the truck remained in a work bay. The parts were installed.
- Bobby Littlejohn was contacted near the end of the working day to pick up the repaired vehicle. He provided instructions to leave the vehicle outside and that he would pick it up after hours. I did this
- We finished working on this day between 6:15-6:30 and left for the day.

Week of 11/04/19:

- Bobby returned to shop:
 - He asked me if we had lights outside the shop. I answered "yes". Both of my employees, Parker Lecroy and Dale Harris, later clarified that he meant "cameras" not lights and that Bobby had complained to them that something was missing out of his truck.
 - He later explained to me that someone had stolen his console. Together, we went to his truck.
 - The console was not missing. His console was in his truck.
 - He said that someone had stolen his console and replaced it, that the one in his truck now was cracked, was 2 different colors and was missing a cup holder and Chicago Bears decals that were stuck to the bottom of the console.
 - I discussed this with Bobby and explained that no one had removed/replaced his console.
 - Bobby told me that it was like "the one in a truck in your parking lot that didn't have a tag on it"
 - Later that day, both of my employees explained to me that Bobby was referring to another Dodge Ram 1500 in my parking lot that belonged to another customer.
 - I actually had this truck at my shop for an extended period of time for major repairs on the engine. So, each time Bobby came back with a complaint, I used this truck as a reference because it was the same year, had the same interior and the same wear patterns consistent with a truck that is 13-14 years old.
 - After hearing this from my employees and knowing that I still had this truck at my shop, I was able to go look at this truck and realized that the interior in this truck was identical to the interior in Bobby's truck. I also realized that the cup holder was located in the dash, not in the console.
 - After seeing this, I felt confident that Bobby was just confused about the location of the cup holder because the truck was new to him. I honestly thought that once I showed and explained this to him that this matter would be resolved.
