APPELLANT

VS.

STATE OF SOUTH CAROLINA,

RESPONDENT

APPELLATE CASE NO. 2020-001607

MOTION TO AMEND AND OR REPLACE APPELLANT'S MAY 19, 2021 ANDERS BRIEF

Larry Anthony White, Petitioner, hereby moves to amend and or replace Appellant's May 19, 2021 Anders Brief with the brief filed on August 21, 2021 based on the following reasons:

1. On May 19, 2021, former counsel for Appellant filed an Anders Brief on behalf of Appellant pursuant to *White v. State*, alleging no meritorious issues existed, and seeking to be relieved as counsel of record.
2. By letter dated July 7, 2021, Appellant was notified of the Anders Brief filed by former counsel, and was given forty-five days to file a *pro se* brief raising all issues to be considered on appeal.
3. On August 21, 2021, an amended brief was filed on Appellant's behalf by current counsel of record, arguing new issues on appeal.

4. On or about October 1, 2021, the Court issues an order granting a consent motion to substitute former counsel with current counsel of record.

5. Appellant believes that the issues on appeal in this case are better reflected in the August 21, 2021 amended brief, and that the interest of justice would be better served if the issues identified in the August 21, 2021 amended brief are considered by the Court.

WHEREFORE, Appellant prays that the Court grant this motion to amend and or replace the May 19, 2021 Anders Brief with the August 21, 2021 amended brief filed on behalf of appellant.
