Subject: RE: questions

Dear Mr. Winn,

Thank you for your e-mail below. I do have a number of additional questions please and I will be happy to put them in writing and send them to you. In the mean time, would you please give me the telephone numbers for every line in and out of the Beaufort County dispatch office. Are all 911 and non-emergency telephone calls made to Beaufort County dispatch recorded?

I appreciate your assistance very much

Subject: questions

Mr.. Trask, we have given you everything we have concerning your son's accident. We given this information to you both with and without a Freedom of Information Request. No one has instructed me not to give you anything. We have gone the extra mile in helping you and your family. We have nothing else to to give.

I do not understand your request for a meeting concerning the CAD and do not see where we could provide you any further information.

Paul, our families have known each other for years. I have done all that I can to help you and hope you understand. There is nothing more we know or have that we have not given you.

William Winn, Jr. Director
Beaufort County Emergency Management

The father of a Citadel cadet who died in a fiery accident is suing Beaufort County Coroner Curt Copeland and the county, claiming negligence investigation and incompetence by the Coroner's Office.

Web Extras

Two area men killed in separate auto accidents

Leith Paul Trask III died early Nov. 22, 2005, after he lost control of the vehicle he was driving on U.S. 21 on Hunting Island, veered off the trees, which caused the SUV to burst into flames, according to S.C. Highway Patrol records at the time.

The lawsuit, which was filed in April by L. Paul Trask Jr., who owns Beaufort's two movie theaters, claims the 20-year-old took his father's before midnight the night before at the Xpress Lane convenience store on Boundary Street where he bought two beers before driving 22 miles.

He was turned away at the Fripp Island gate because he didn't have a pass, and drove 4 miles west before crashing at about 1 a.m.

The lawsuit -- one of three -- claims authorities, including the coroner, stopped the investigation once it was determined a "Trask" had died; inform the family.

The suit claims an autopsy wasn't performed, though Copeland was required by state law to perform one for positive identification of the body beyond visual recognition and to take blood samples for toxicology exams to determine whether the driver was under the influence of alcohol.

Marshall Waldron Jr., a Bluffton-based attorney representing the county and its offices, has filed a motion for dismissal.

<http://www.islandpacket.com/front/story/6567203p-5845607c.html>

428

6/29/2007

In addition, Trask's suit states Copeland, who offered as a funeral home owner to take over the arrangements and who owns a cremation service into signing a permission form for cremation the day after their son's death and lied about the time they signed it.

Copeland's failure to take blood samples and that he illegally destroyed his son's remains has hurt Trask's wrongful death suit against the Xpress Lane store for its negligence in selling his underage son alcohol, according to the claim. The wrongful death suit, which was filed in May 2006, states Trask drank six to 12 beers at his parents' home and was probably visibly intoxicated at the store. Xpress Lane is asking for a summary judgment in Trask's favor. In the April suit against the store, Trask is asking for actual and punitive damages. Trask further claims the coroner and the people who act as "deputy" coroners aren't properly certified and lack mandated training.

In another suit filed in April, Trask claims Beaufort County agencies and the S.C. Department of Public Safety have denied him public information. Trask ultimately asks for all the records requested be released to Trask in their entirety, including investigation notes, e-mails and audio recording of the night of the crash, and the compensation of legal fees and what Trask claims are overcharges made by the agencies when partially complying with requests.

Charleston-based attorney Thomas Tisdale of Nexsen Pruet is representing Trask, and said he couldn't comment on cases under litigation.

Waldron has also filed a motion for dismissal in the FOIA case, claiming Trask hasn't made a case.

Dear Mr. Winn,

You have refused to respond to this Freedom of Information request. A response was due from you no later than June 1, 2007. As set forth by statute, my request below is deemed approved. Please call me at 525-0578 and tell me when and where I can come to pick up a copy of the public records.

Sincerely,

L. Paul Trask, Jr.

Dear Mr. Winn:

Please consider this my official Freedom of Information Request under S.C. Code 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. Complete copy of your file pertaining to the acquisition, installation and programming of the Beaufort County CVDS ComLog recorder that was being operated by your department on November 22, 2005. Please include a copy of every document relating to the specifications and capabilities of the ComLog recorder.
2. Copy of all written correspondence, contracts, plans, bulletins, notices, and memoranda (including e-mail) between CVDS, Inc and your department (and any Beaufort County employee or official) pertaining to the on-going operation of the ComLog recorder including all upgrades made since the time of original installation.
3. Copy of all maintenance and service records pertaining to the operation and use of the ComLog recorder.
4. Copy of ComLog recorder operating manual.
5. Complete copy of your department's written procedures pertaining to the operation of the ComLog recorder including access control, password protection and user audit trails.

Thank you for your assistance and cooperation with my request. Please let me know if you have any questions.

Subject: May 10, 2007 Freedom of Information Request

Dear Mr. Winn:

Please consider this my official Freedom of Information Request under S.C. Code 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. Complete copy of your file pertaining to the acquisition, installation and programming of the Beaufort County CVDS ComLog recorder that was being operated by your department on November 22, 2005. Please include a copy of every document relating to the specifications and capabilities of the ComLog recorder. Donna provided Mike with the file, which I have had copied (JC copied the file on Tuesday, 051507), and it is now in my possession. None of the information in this file is copyrighted. This is the file that was submitted when we went out to bid, so it has Donna's notes hand-written throughout it.
2. Copy of all written correspondence, contracts, plans, bulletins, notices, and memoranda (including e-mail) between CVDS, Inc and your department (and any Beaufort County employee or official) pertaining to the on-going operation of the ComLog recorder including all upgrades made since the time of original installation. Mike has supplied his email file, which includes the following:
 - Newsletters
 - Email correspondence with trouble-shooting questions
 - Advisements of upgrades
 - Budget information
 - Repair information
 - Shipping information

6/14/2007

425

3. Copy of all maintenance and service records pertaining to the operation and use of the ComLog recorder.
Copyrighted material - may not be released by EMD. Mr. Trask must contact CVDS.
4. Copy of ComLog recorder operating manual. Copyrighted material - may not be released by EMD. Mr. Trask must contact
CVDS.
5. Complete copy of your department's written procedures pertaining to the operation of the ComLog recorder including access control, password protection and user audit trails. *Communications SOP 22-16 was supplied in last FOIA request.*

Thank you for your assistance and cooperation with my request. Please let me know if you have any questions.

Subject: Followup to Paul Trask May 20, 2007 FOIA request to William for public records pertaining to the Beaufort County 800MHz Radio System

Dear Mr. Winn,

I have just received a response from Ms. Kelly Golden to the FOIA request I sent you on May 20, 2007. A copy of Ms. Golden's May 31, 2007 response letter is attached to this e-mail.

I note that Ms. Golden has copied her response letter to the "United States Department of Homeland Security". Please give me the contact information for the USDHS and the name(s) of the official(s) to whom she directed the copy.

You have delivered no public records in response to my May 20, 2007 Freedom of Information request and Ms. Golden has cited an overwhelming number of State and Federal laws as the reason you are claiming that the public records are exempt from disclosure. With respect to the exemptions permitted under S.C. 30-4-40, it is important to note that you may but are not required to exempt certain public records from disclosure.

I am not a lawyer, but I will attempt to address Ms. Golden's response as best I can because I do not understand why you are refusing to allow a law-abiding, life-long citizen and taxpayer of Beaufort County to learn about the design, workings and maintenance of the Beaufort County radio system which is paid for and operated by public funds.

It is important to note that 800MHz trunked radio systems are commonly used by state and federal government agencies throughout the United States.

This e-mail is also to address other outstanding FOIA requests previously directed to you and to summarize the public records that you have refused to make available to me.

With respect to my May 20, 2007 Freedom of Information Request and Ms. Golden's response letter:

1. Ms. Golden cites S.C. 30-4-20 which defines "public body", "person", "public record", "meeting" and "quorum". The requested documents are not in conflict with any of these defined terms and there is no basis under S.C. 30-4-20 for you to choose to exempt them from disclosure.
2. Ms. Golden cites S.C. 30-4-30 (1) and since there is no S.C. 30-4-30 (1), I believe that she meant to cite S.C. 30-4-40 (a) (1) which allows a public body to exempt trade secrets, which are defined as unpatented, secret, commercially valuable plans, appliances, formulas, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities and which are generally recognized as confidential. The requested documents are not "trade secrets" and there is no basis under S.C. 30-4-40 (a) (1) for you to choose to exempt them from disclosure.

6/4/2007

427

3. Ms. Golden cites S.C. 30-4-30 (3) and since there is no S.C. 30-4-30 (3), I believe that she meant to cite S.C. 30-4-40 (a) (3) which permits but does not require you to exempt the records of law enforcement and public safety agencies not otherwise available by state and federal law that were compiled in the process of detecting and investigating crime if the disclosure of the information would harm the agency by: (A) disclosing identity of informants not otherwise known; (B) the premature release of information to be used in a prospective law enforcement action; (C) disclosing investigatory techniques not otherwise known outside the government; (D) by endangering the life, health, or property of any person; or (E) disclosing any contents of intercepted wire, oral, or electronic communications not otherwise disclosed during a trial. My request for public records has no bearing and is not applicable to any confidential informant; any prospective law enforcement action; or any confidential or secret investigatory techniques; nor does my request constitute a danger to the life, health or property of any person; nor does my request disclose the contents of any intercepted communications. There is no basis under 30-4-40 (a) (3) for you to choose to exempt the requested records from disclosure.

4. Ms. Golden cites S.C. 30-4-30 (4) and since there is no S.C. 30-4-30 (4), I believe that she must be referring to 30-4-40 (a) (4) which provides an exemption for matters that are specifically exempted from disclosure by statute or law. I do not believe that the requested documents or any portion thereof are exempt from disclosure under 30-4-40 (a) (4). Will you please set forth those documents that you claim are specifically exempt because of other statutes or law?

*****Please Note***** S.C. 30-4-40 (b) requires you to separate any exempt and nonexempt material and make the nonexempt material available in accordance with the requirements of the Freedom of Information Act.

5. Ms. Golden cites S.C. 30-4-30 (14) and since there is no S.C. 30-4-30 (14), I believe she is referring to S.C. 30-4-40 (a) (14) which provides certain exemptions to state institutions of higher learning. The provisions of S.C. 30-4-40 (a) (14) are not applicable to my May 20, 2007 Freedom of Information request.

6. Ms. Golden also cites Title 47 of Chapter 23 and I believe that she must be referring to S.C. Title 23, Chapter 47 titled "Public Safety Communications Center". S.C. 23, Chapter 47 defines the terms relating to 911 and E911 systems, specifies system requirements, requires a 911 system plan, sets forth the means for 911 system funding and subscriber billing, sets forth addressing standards and requirements, provides for the Commercial Mobile Radio Service (CMRS) Emergency Telephone Advisory Committee, and sets forth certain liabilities, limitations of liability, exemptions from disclosure under FOIA, and for penalties pertaining to the misuse of a 911 system. S.C. 23-47-45 provides for non-disclosure of CMRS "location information" and 911 "data base" information. There is provision and no basis under S.C. Title 47 for you to exempt from disclosure the requested records pertaining to the Beaufort County 800MHz radio system.

7. Ms. Golden cites the "South Carolina Homeland Security Act", the "Presidential Decision Directive 63" and the "National Infrastructure Protection Plan" as additional reasons why you claim to exempt from production the "public records" I have requested. Please be advised that my May 20, 2007 Freedom of Information request does not rise to the level of or constitute a "threat that in a future crisis a criminal cartel, terrorist group, or hostile nation will seek to inflict economic damage, disruption and death, and degradation of our defense response by attacking our critical infrastructure" as set forth in the attached S.C. Critical Information Technology Infrastructure Protection Plan (CITIPP) attached above.

In summary, I see no basis at all for you to legitimately claim to exempt the requested public records from disclosure. Please tell me when you will make these records available.

Other Freedom of Information requests and additional public records that you refuse to disclose:

On May 10, 2007, I sent you a Freedom of Information request for public records pertaining to the Beaufort County CVDS ComLog recorder. According to my calendar, your response was due no later than last Friday, May 1. I note that you refuse to even disclose the ComLog model in use at the Beaufort County dispatch center. Please tell me when you will make these records available.

On February 2, 2007, I sent you a Freedom of Information request and asked you to "Please supply me with a copy of the written operational procedures for the Beaufort County 911 system". Why have you not made the written operational procedures available to me? Under Ms. Kelly Golden's cover letter dated February 23, 2007, I am in receipt of a table of contents that notes "Section P Dispatch Operational Procedures". The referenced

6/4/2007

428

individual procedures were not included. On February 25, 2007 I informed you that you had not supplied the operational procedures and I made a 2nd Freedom of Information request to you asking for the very same public records. You have not responded. Please tell me when you will make these records available.

In the same February 2, 2007 Freedom of Information request I asked for a copy of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system. You did not supply a copy of the intergovernmental agreements nor have you responded to my 2nd Freedom of Information request for the very same public records. I note that S.C. 23-47-20 (A) states that there must be written agreements among state, county, and local public safety agencies with concurrent jurisdiction for a clear understanding of which specific calls for assistance will be referred to individual public safety agencies. Please tell me when you will make these records available. If the intergovernmental agreements that are required by law do not exist, please tell me.

In the same February 2, 2007 Freedom of Information request, I asked for a copy of the records inventory forms and other documents used by your department to prepare the records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system. I specifically asked you to provide me with all documentation pertaining to the development of the retention schedule(s) for the 911 audio records. You did not supply the requested public records and you did not respond to my 2nd request for them dated February 25, 2007. Please tell me when you will make these records available. If your department has never prepared the records inventory forms and the documents therefore do not exist, please tell me.

On February 5, 2007, I made a Freedom of Information request asking you for a complete list of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005. On 2/23/07, Ms Golden wrote in response and informed me that the paper copy of above requested phone numbers "cannot be provided as we cannot attach them to the incident. Nor can we identify those calls by type (Fire, EMS or law enforcement). Therefore, we do (not) have a method to protect their personal information as it may be regarded to HIPPA or those that are law enforcement sensitive (information containing other criminal cases). If you can provide numbers from which calls were made to 911 we can attempt to provide the times they were made".

On February 25, 2007 I wrote to you: "I am informed by Ms. Golden that your office is in possession of a "paper copy" of the 911 calls for November 22, 2005. It is immaterial whether or not you can "attach those calls to the incident" My FOIA request is for a list of the public records containing all telephone and cell phone numbers that called the Beaufort County-dispatch system from 12:00 am to 06:00 am on November 22, 2005". The provisions of S.C. Title 30 are construed to permit a citizen access to public records. The provisions of SC 30-4-40 must not be interpreted to restrict access by the public and press to information contained in public records. Under S.C. 30-4-40 (b) you are required by law to separate any exempt and nonexempt material and make the nonexempt material available in accordance with the requirements of the Freedom of Information Act. You ignored my 2nd Freedom of Information request for access to these same public records. When you will make these public records available to me?

In the same February 5, 2007 Freedom of Information request, I asked for a complete print out report of all Beaufort County CAD entries made from 12:00 am to 06:00 am on November 22, 2005. On 02/23/07, Ms. Golden wrote in response: "we cannot provide you a copy of all CAD entries that are not related to the incident. To do so would be in violation of HIPPA rules and potential Law Enforcement sensitive information. You have already been provided with the CAD printout in regards to your son's accident". By law, I am entitled to all of the CAD entries for 11/22/05 subject only to those legitimate matters exempt from disclosure contained in SC 30-4-40. I do not believe that there is a legitimate exemption applicable to the records I requested in time period 12:00am to 06:00 and in any case, you are required by the law to separate exempt material and then deliver the requested public records. On January 10, 2007 Ms. Golden wrote to me: "If any public record contains material which is not exempt under FOIA as provided above, the County will separate the exempt and nonexempt material and make the nonexempt material available to you." You ignored my 2nd Freedom of Information request for the very same public records. When you will make these public records available to me?

I note that I have made multiple written requests to you to preserve and protect all of these public records.

Thank you for your assistance. Please let me know if you have any questions.

Yours very truly,

L. Paul Trask, Jr.

Dear Mr. Winn:

Please consider this my official Freedom of Information Request under S.C. Code 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. Complete copy of your file pertaining to the acquisition, installation and programming of the Beaufort County CVDS ComLog recorder that was being operated by your department on November 22, 2005. Please include a copy of every document relating to the specifications and capabilities of the ComLog recorder.
2. Copy of all written correspondence, contracts, plans, bulletins, notices, and memoranda (including e-mail) between CVDS, Inc and your department (and any Beaufort County employee or official) pertaining to the ongoing operation of the ComLog recorder including all upgrades made since the time of original installation.
3. Copy of all maintenance and service records pertaining to the operation and use of the ComLog recorder.
4. Copy of ComLog recorder operating manual.
5. Complete copy of your department's written procedures pertaining to the operation of the ComLog recorder including access control, password protection and user audit trails.

Thank you for your assistance and cooperation with my request. Please let me know if you have any questions.

Sincerely,

February 28, 2007

Mr. L. Paul Trask, Jr.

Beaufort, SC 29902

Trask

Dear Mr. Trask:

This letter will address your email of February 25, 2007.

One point that I would like to address prior to that is the letter from Kelly Golden, to you, dated February 23, 2007.

In part 4, wherein it states: *"Therefore, we do have a method to protect their personal information as it may be regarded to HIPAA."* (sic)

The sentence should read: *"Therefore, we do **not** have a method..."*

All items addressed below are taken from your email of February 25, 2007, unless otherwise noted.

Para. 2 – The documents delivered in the FOIA by Ms. Golden on February 23, 2007, were in fact the Beaufort County 911 System Plan. This request was made by you in your February 02, 2007 email.

Para. 3. – A Transmittal and Receipt blank form, for Beaufort County Records Center, and the Records Retention Schedule from the South Carolina Department of Archives and History: Division of Archives and Records Management has been included in this response.

Page 3 of the Communication Standard Operating Procedure (CSOP) 22-16, which is the SOP that covers the operation(s) of the recording system and the Retention schedule for the audio records has been included in this response.

Handwritten note: *Handwritten: "Handwritten: 'we did not provide to, neg'"*

Para. 4. – There are no Operations Procedures for the 911 System Plan. In that document you were provided, was a SOP list for the 911 Center.

In your 2nd request under FOIA, for 'written operational procedures.' As some of the SOP's deal with Law Enforcement sensitive, HIPAA, and or Homeland Security issues, please be specific as to which SOP's you are requesting under FOIA.

NOTE: if the entire book is to be supplied, it is estimated that it will take an estimated twenty-four to thirty-six (24-36) hours to accomplish. The estimated cost for this copying is approximately \$400.00.

Please advise as to what direction your FOIA is to take.

435

February 28, 2007

You also make a 2nd FOIA request for 'intergovernmental agreements pertaining to the use of the Beaufort County 911 System.'

There are no 911 "Intergovernmental Agreements pertaining to the use of the Beaufort County 911 System, with the exception of the Military, pertaining to the Military for the Operation of the System. These were not provided, as they are not related to your son's incident.

The only other Communications Agreements that are in existence is with the City of Beaufort, provided for their Agency in order for them to complete National Accreditation. The State of South Carolina requires only "Letters of Participation", from participating Governmental Entities, they do not require an Intergovernmental Agreement. A copy of the "Communications Services Agreement" with the City of Beaufort has been included.

All items addressed below are taken from your emails of February 05, 2007, listed as either (3:54) or (12:38), those being the times that they were received.

Para. 1 – (3:54) – The Master Disc for recordings made on November 22, 2005 has been destroyed. There is not a backup or a backup file of this recording. This comments answers questions one and two on the email.

Para. 2. – (3:54) – When approved, and received from the Coroners Office, this information will be provided to the extent possible.

Para. 3. – (3:54) – Requests a copy of all the telephone and cell phone calls placed to the Beaufort County Dispatch System between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

That information is available in paper form, for calls placed to the 911 lines only. Each callers name, address and phone number are listed in the event of a hard – wired telephone. For cell phones, information varies greatly to what is supplied – it may be a tower telephone number, or it may be the telephone number of the cell phone. *Supplied by the cell co.*

In any case, as before, we are unable to determine the incidents these calls are related to. As such, we cannot identify the call by type, such as Fire, Medical or Law Enforcement. We do **not** have a method to determine nor exempt HIPAA related information from the printout. Nor do we have any method to determine which telephone calls are related to active Law Enforcement incidents.

As such, in the case of HIPAA, we are prohibited by Federal Law to release of any information that would identify the patient. As the callers name, address and phone number are contained on the print-out, that would be a HIPAA violation for us to release the print-out. In HIPAA violations, there is a monetary fine and possible Federal Detention for each and every single violation of the HIPAA law. I cannot knowingly place the County, nor my Department, in the position where I am purposely violating Federal law. These files are not available.

436

February 28, 2007

Para. 4. – (3:54) – Requests copy of the Computer Aided Dispatch, (CAD), entries made between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

These records do not belong to the Beaufort County 911 Center, we simply are the "holder of the record" for the Agency that responded to the incident.

The other incidents during that time frame are proprietary to the Agency that responded to the Incident. In that the information belongs to the Agency that responded to the call, in order to obtain copies of any list of Incidents, you must contact that specific Agency.

In any case, again, we cannot provide the information that you requested. This Office has already provided you with every CAD record in the incident involving your son, at the authority of those Agencies involved.

Para. 5. – (3:54) – There is no longer any audio recording remaining for November 22, 2005. That media has been re-formatted and re-used in the normal course of our business. Without the recording to determine, we are unable to provide this information. The data has been long since re-formatted, re-used and is no longer available.

Sincerely,

William Winn, Jr. – Director
Beaufort County Emergency
Management Division

437

Para 4. You requested a copy of the 911 system plan and that was provided for your. You also requested a copy of the 911 standard operations procedures. There are no standard operation procedures for 911, you did not ask for any dispatch center procedures. IN the 911 system plan we are only required to give Disatpch topics and not procedures.

Note: if you want a copy of our dispatch center standard operations procedures we will supply them with the following considerations. Our SOPs contain ifomration on access numbers to equipment, acces codes to activation of equipment, reistriced telephone numbers , porpriatery information cocerns equipment, etc. These items will have to be redacted. The entire SOP is a 4 inch binder. We estimate that it will cost around \$400 to copy and sanitise the document and it will be 30 days before we can deliver as other legal work orders are ahead of you. Please advise if you are willing to pay for the ducmenet. If you will narrow your request to specific SOP it will reduce thw ork time and cost.

You also requested a copy of the intergovernmental agreements pertaining to the use of Beaufort county 911 system. As I notified you, there are no intergovernment agreemtnst pertaing to the use of the Beaufort County 911 System. We do have an angreement in which we assumed responslibie for operation of the 911 military system. I have enclosed a copy of that agreement.

The state requires letter of particiaptin, which I supplied and not intergobvernamti agreement.s

COUNTY COUNCIL OF BEAUFORT COUNTY

EMERGENCY MANAGEMENT DIVISION

Law Enforcement Center -- P.O. Drawer 1228

Beaufort, South Carolina 29901-1228

Phone: (843) 470-3100 Fax: (843) 470-3054

February 27, 2007

Mr. L. Paul Trask, Jr.

Beaufort, S.C. 29902

Dear Mr. Trask:

This letter will address your email of February 25, 2007.

One point that I would like to address prior to that is the letter from Kelly Golden, to you, dated February 23, 2007.

In part 4, wherein it states: "Therefore, we do have a method to protect their personal information as it may be regarded to Hippa." (sic)

The sentence should read: "Therefore, we do **not** have a method..."

All items addressed below are taken from your email of February 25, 2007, unless otherwise noted.

Para. 2 - The documents delivered in the FOIA by Ms. Golden on February 23, 2007, were in fact the Beaufort County 911 System Plan. This request was made by you in your February 02, 2007 email.

Para. 3. - A Transmittal and Receipt blank form, for Beaufort County Records Center, and the Records Retention Schedule from the South Carolina Department of Archives and History: Division of Archives and Records Management has been included in this response.

Page 3 of the Communication Standard Operating Procedure (CSOP) 22-16, which is the SOP that covers the operation of the recording system and the Retention schedule for the audio records, has been included in this response.

Para. 4. - A copy of the Beaufort County 911 System Plan was copied in its entirety and forwarded to Ms. Golden for release to you. If there are portions missing, you need to contact Ms. Golden about those portions. No, the individual procedures were not included, as they are not a part of the plan, other than the fact that they do exist and would be utilized in particular circumstances.

439

All items addressed below are taken from your emails of February 05, 2007, listed as either (3:54) or (12:38), those being the times that they were received.

Para. 1 - (3:54) - The Master Disc for recordings made on November 22, 2005 has been destroyed. There is not a backup or a backup file of this recording. This comment answers questions one and two on the email.

Para. 2 - (3:54) - When approved, and received from the Coroner's Office, this information will be provided to the extent possible.

Para. 3 - (3:54) - Requests a copy of all the telephone and cell phone calls placed to the Beaufort County Dispatch System between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

That information is available in paper form. Each callers name, address and phone number are listed in the event of a hard - wired telephone. For cell phones, information varies greatly to what is supplied - it may be a tower telephone number, or it may be the telephone number of the cell phone.

In any case, as before, we are unable to determine the incidents these calls are related to. As such, we cannot identify the call by type, such as Fire, Medical or Law Enforcement. We do **not** have a method to determine nor exempt HIPAA related information from the printout. Nor do we have any method to determine which telephone calls are related to active Law Enforcement incidents. As such, in the case of HIPAA, we are prohibited by Federal Law to release of any information that would identify the patient. As the callers name, address and phone number are contained on the print-out, that would be a HIPAA violation for us to release the print-out. In HIPAA violations, there is a monetary fine and possible Federal Detention for each and every single violation of the HIPAA law. I cannot knowingly place the County, or my Department, in the position where I am purposely violating Federal law. These files are not available.

Para. 4 - (3:54) - Requests copy of the Computer Aided Dispatch, (CAD), entries made between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

These records do not belong to the Beaufort County 911 Center; we simply are the "holder of the record" for the Agency that responded to the incident.

The other incidents during that time frame are proprietary to the Agency that responded to the Incident. In most cases, the information contains Law Enforcement response to incidents, or Fire Department and EMS response to incidents, which again, falls under HIPAA.

In any case, again, we cannot provide the information that you requested. This Office has already provided you with every CAD record in the incident involving your son.

Para. 5 - (3:54) - There is no longer any audio recording remaining for November 22, 2005. That media has been re-formatted and re-used in the normal course of our business. Without the recording to determine, we are unable to provide this information. The data has been long since re-formatted, re-used and is no longer available.

Sincerely,

William Winn, Jr. - Director
Beaufort County Emergency
Management Division
WWJr/cab

cc: Kelly Golden - County Attorney

*3: check callers name
only calls on printout are
those calls placed to 911.*

*Para 4- add info belongs to
agency that responded - Contact
those agencies for call
incident*

Re: Requests made under the S.C. Freedom of Information Act (FOIA)

Dear Mr. Trask:

In response to your FOIA request of February 5, 2007, I am providing the following information:

1. The audio recordings of November 22, 2005 have been destroyed.
2. Same as above.
3. The radio log for Coroner Copeland is under the authority of the Coroner's office and a FOIA will have to be filed with the Coroner.
4. A complete list is not maintained. All lines are recorded and those recordings have been destroyed. A paper copy of 911 calls are made for backup. These calls cannot be provided as we cannot attach those calls to the incident. Nor can we identify those calls by type (Fire, EMS or law enforcement). Therefore, we do have a method to protect their personal information as it may be regarded to HIPPA or those that are law enforcement sensitive (information containing other criminal cases). If you can provide numbers from which calls were made to 911 we can attempt to provide the times they were made.
5. We cannot provide you a copy of all CAD entries that are not related to the incident. To do so would be in violation of HIPPA rules and potential Law Enforcement sensitive information. You have already been provided with the CAD printout in regard to your son's accident.
6. We have no method to identify the telephone number or cell phone number that Mr. Copeland used to call dispatch. Reference answer number one.

Attached is a copy of the Beaufort County Emergency Management Division's 911 plan. The total charge for copying the 911 plan is \$34.40.

*Should you have any questions or comments please do not hesitate to contact me.

With kindest regards,

Kelly J. Golden

enc.: as stated

William Winn

From: Paul Trask [REDACTED]
Sent: Sunday, February 25, 2007 12:13 PM
To: William Winn; Kelly Golden
Subject: Partial Receipt in response to Paul Trask, Jr. request for documents dated 02/02/2007
Attachments: 02-23-07 K. Golden Response to W. Winn Request 001.tif; Enhanced 911 System Plan table of contents 001.tif

Dear Mr. Winn,

Please see the attachments above. This is to acknowledge receipt of the following documents:

1. Letter dated February 23, 2007 from Ms. Kelly Golden addressed to L. Paul Trask, Jr.
2. Table of contents noted above with sections A through P attached.

In her February 23, 2007 letter, Ms. Golden wrote that she was responding to the FOIA request I directed to your office dated February 5, 2007. In fact, there were no documents responsive to my February 5 request included under her February 23, 2007 letter. The documents delivered appear to be the system plan for the Beaufort County 911 system that I requested from you on February 2, 2007. Please confirm that this is correct.

In addition, my request to you of February 2, 2007 stated: "Please provide me with a copy of the records inventory forms and all other documents used by your department to prepare the records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system. Specifically, please provide me with all documentation pertaining to the development of the retention schedule(s) for the 911 audio records". There has been no response from your office to my request for the documents used in the preparation of the Beaufort County records retention schedules pertaining to the protection and management of the Beaufort County 911 records. This is to serve as my 2nd official FOIA request to inspect and copy those documents. Please advise me when you will make the documents available.

In addition, my request to you of February 2, 2007 stated: "Please supply me with a copy of the written operational procedures for the Beaufort County 911 system". There has been no response from your office to my request for the written operational procedures. The table of contents shown above notes "Section P Dispatch Operational Procedures". Please be advised that the referenced individual procedures were not included in the documents I received under Ms. Golden's cover letter dated February 23, 2007. This is to serve as my 2nd official FOIA request to inspect and copy those documents. Please advise me when you will make the documents available.

In addition, my request to you of February 2, 2007 stated: "Please provide me with a copy of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system". There has been no response from your office to my request for the intergovernmental agreements. The table of contents shown above notes "Section O Letters of Participation". These letters are not the intergovernmental agreements. This is to serve as my 2nd official FOIA request to inspect and copy those documents. Please advise me when you will make the documents available.

Mr. Winn, the following is a repeat of my February 5, 2007 FOIA request to your office.

1534-
 "Dear Mr. Winn,

I am re-sending my earlier FOIA request to you because I need to inspect additional documents in the custody of your department. Please allow this e-mail to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. The audio record of the 2:21am cell phone call made by Mr. Copeland.
2. The audio record of the 4:11am cell phone call made by Mr. Copeland.
3. Complete radio log for Coroner Copeland (call sign 601) for November 22, 2005. *see back*

444
 2/26/2007

4. Complete list of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005.
5. Complete print-out report of all Beaufort County CAD entries made from 12:00 am to 06:00 am on November 22, 2005.
6. Please identify the telephone number or cell phone number that Mr. Copeland used to call Beaufort County dispatch at 02:43:25 on November 22, 2005. For your convenience, the audio record of that particular call is the 12th entry on the Playlist C:\Documents and Settings\lgwend\Desktop\Trask file EMS.cpf.

Thank you again for your cooperation and assistance.

Please advise me when you will make these records available to me.

Sincerely,

Paul Trask, Jr.

From: Paul Trask [mailto:]
Sent: Monday, February 05, 2007 12:38 PM
To: 'William Winn'; 'lgwend@bcgov.net'
Subject: To WILLIAM WINN Request for records of Coroner Copeland cell phone calls

Dear Mr. Winn,

On November 22, 2005, Coroner Copeland called Beaufort County dispatch at 2:21am and spoke for 8 minutes. Coroner Copeland called dispatch again at 4:11am and spoke for 1 minute. Please explain why the recordings of Coroner Copeland's communications were omitted from the official CD's that were prepared by your office and delivered to us.

Please allow this e-mail to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and copy the audio record of the above noted calls. Please advise me when you will make these records available to me.

Thank you very much for your cooperation and assistance.

Paul Trask, Jr."

With respect to 1 and 2 above, I am informed by Ms. Golden that the requested audio records have been "destroyed" You previously informed me that the 911 master disk had been overwritten and the records were destroyed. This is to serve as my official request for you to produce these records from your department's back-up files. Please advise me when your office will make these records available to me. *No back-up file-*

With respect to 3 above, I have prepared a FOIA request to the coroner's office which I will copy to your office. This is to serve as notice to your office of the need to preserve and protect the coroner's radio log for November 22, 2005.

With respect to 4 above, I am again informed by Ms. Golden that the recordings have been "destroyed", but that your office is in possession of a "paper copy" of the 911 calls for November 22, 2005. It is immaterial whether or not you can "attach those calls to the incident" My FOIA request is for a list of the public records containing all telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005. The provisions of S.C. Title 30 are construed to permit a citizen access to public records. The provisions of SC 30-4-40 must not be interpreted to restrict access by the public and press to information contained in public records. This is to serve as notice to your office of the need to preserve and protect the records containing the requested telephone and cell phone numbers. This is to serve as my 2nd FOIA request for access to these documents. Please advise me when your office will make these documents available to me. *same answer as 1st time*

With respect to 5 above, Ms. Golden informs me that your office is denying my access to these public records. The provisions of S.C. Title 30 are construed to permit a citizen access to public records. The provisions of SC.

445

2/26/2007

30-4-40 must not be interpreted to restrict access by the public and press to information contained in public records. This is to serve as notice to your office of the need to preserve and protect the records containing the requested telephone and cell phone numbers. This is to serve as my 2nd FOIA request for access to these documents. Please advise me when your office will make these documents available to me. *same answer as 1st time*

With respect to 6 above, I have given you the precise time that Mr. Copeland called Beaufort County dispatch according to the file that you prepared and delivered to me. This is to serve as my 2nd FOIA request for access to the document(s) that will indicate the telephone or cell phone number that Mr. Copeland used to make this particular call. Please advise me when your office will make these documents available to me. *data is gone -*

Thank you for your assistance and cooperation.

Sincerely,

L. Paul Trask, Jr.

446

2/26/2007

February 28, 2007

Mr. L. Paul Trask, Jr.

Beaufort, SC 29902

Dear Mr. Trask:

This letter will address your email of February 25, 2007.

One point that I would like to address prior to that is the letter from Kelly Golden, to you, dated February 23, 2007.

In part 4, wherein it states: *"Therefore, we do have a method to protect their personal information as it may be regarded to Hippa."* (sic)

The sentence should read: *"Therefore, we do **not** have a method..."*

All items addressed below are taken from your email of February 25, 2007, unless otherwise noted.

Para. 2 – The documents delivered in the FOIA by Ms. Golden on February 23, 2007, were in fact the Beaufort County 911 System Plan. This request was made by you in your February 02, 2007 email.

Para. 3. – A Transmittal and Receipt blank form, for Beaufort County Records Center, and the Records Retention Schedule from the South Carolina Department of Archives and History: Division of Archives and Records Management has been included in this response.

Page 3 of the Communication Standard Operating Procedure (CSOP) 22-16, which is the SOP that covers the operation(s) of the recording system and the Retention schedule for the audio records has been included in this response.

Para. 4. – A copy of the Beaufort County 911 System Plan was copied in its entirety and forwarded to Ms. Golden for release to you. If there are portions missing, you need to contact Ms. Golden about those portions. No, the individual procedures were not included, as they are not a part of the plan, other than the fact that they do exist and would be utilized in particular circumstances.

447

February 28, 2007

All items addressed below are taken from your emails of February 05, 2007, listed as either (3:54) or (12:38), those being the times that they were received.

Para. 1 – (3:54) – The Master Disc for recordings made on November 22, 2005 has been destroyed. There is not a backup or a backup file of this recording. This comments answers questions one and two on the email.

Para. 2. – (3:54) – When approved, and received from the Coroners Office, this information will be provided to the extent possible.

Para. 3. – (3:54) – Requests a copy of all the telephone and cell phone calls placed to the Beaufort County Dispatch System between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

That information is available in paper form. Each callers name, address and phone number are listed in the event of a hard – wired telephone. For cell phones, information varies greatly to what is supplied – it may be a tower telephone number, or it may be the telephone number of the cell phone.

In any case, as before, we are unable to determine the incidents these calls are related to. As such, we cannot identify the call by type, such as Fire, Medical or Law Enforcement. We do **not** have a method to determine nor exempt HIPAA related information from the printout. Nor do we have any method to determine which telephone calls are related to active Law Enforcement incidents.

As such, in the case of HIPAA, we are prohibited by Federal Law to release of any information that would identify the patient. As the callers name, address and phone number are contained on the print-out, that would be a HIPAA violation for us to release the print-out. In HIPAA violations, there is a monetary fine and possible Federal Detention for each and every single violation of the HIPAA law. I cannot knowingly place the County, nor my Department, in the position where I am purposely violating Federal law. These files are not available.

Para. 4. – (3:54) – Requests copy of the Computer Aided Dispatch, (CAD), entries made between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

These records do not belong to the Beaufort County 911 Center, we simply are the "holder of the record" for the Agency that responded to the incident.

The other incidents during that time frame are proprietary to the Agency that responded to the Incident. In most cases, the information contains Law Enforcement response to incidents, or Fire Department and EMS response to incidents, which again, falls under HIPAA.

In any case, again, we cannot provide the information that you requested. This Office has already provided you with every CAD record in the incident involving your son.

448

Para. 5. – (3:54) – There is no longer any audio recording remaining for November 22, 2005. That media has been re-formatted and re-used in the normal course of our business. Without the recording to determine, we are unable to provide this information. The data has been long since re-formatted, re-used and is no longer available.

Sincerely,

[Click here and type your name]

[Click here and type job title]

449

draft 3

February 28, 2007

Mr. L. Paul Trask, Jr.

Beaufort, SC 29902

Dear Mr. Trask:

This letter will address your email of February 25, 2007.

One point that I would like to address prior to that is the letter from Kelly Golden, to you, dated February 23, 2007.

In part 4, wherein it states: *"Therefore, we do have a method to protect their personal information as it may be regarded to HIPAA."* (sic)

The sentence should read: *"Therefore, we do **not** have a method..."*

All items addressed below are taken from your email of February 25, 2007, unless otherwise noted.

Para. 2 – The documents delivered in the FOIA by Ms. Golden on February 23, 2007, were in fact the Beaufort County 911 System Plan. This request was made by you in your February 02, 2007 email.

Para. 3. – A Transmittal and Receipt blank form, for Beaufort County Records Center, and the Records Retention Schedule from the South Carolina Department of Archives and History: Division of Archives and Records Management has been included in this response.

Page 3 of the Communication Standard Operating Procedure (CSOP) 22-16, which is the SOP that covers the operation(s) of the recording system and the Retention schedule for the audio records has been included in this response.

Para. 4. – You requested a copy of the 911 System Plan, and that was provided to you. You also requested a copy of the 911 Standard Operating Procedures, (SOP's). There are no SOP's for 911, you did not ask for any Dispatch Center SOP's.

NOTE: If you want a copy of our Dispatch Center SOP's, we will supply them, with the following considerations:

Our SOP's contain information on access numbers to equipment, access codes to activation of equipment, restricted telephone numbers, proprietary information concerning equipment, etc.

450

February 28, 2007

These items will have to be redacted from the SOP's prior to release. The entire SOP is contained in a 4 inch binder. We estimate that it will cost around \$400.00 to copy and sanitize the documents. It will be 30 days before we can deliver same, as legal work orders are ahead of you. Please advise if you are willing to pay for the documents. If you will, please narrow your request to specific SOP(s), as it will reduce the work time and cost.

You also make a 2nd FOIA request for 'intergovernmental agreements pertaining to the use of the Beaufort County 911 System.'

As I notified you, there are no Intergovernmental Agreements pertaining to the use of the Beaufort County 911 System. We do have an agreement in which we assumed responsibility for operation of the Military 911 System. I have enclosed a copy of that Agreement.

The only other Communications Agreements that are in existence is with the City of Beaufort, provided for their Agency in order for them to complete National Accreditation. A copy of the "Communications Services Agreement" with the City of Beaufort has been included.

The State requires a Letter of Participation, which I supplied, and not Intergovernmental Agreements.

All items addressed below are taken from your emails of February 05, 2007, listed as either (3:54) or (12:38), those being the times that they were received.

Para. 1 – (3:54) – The Master Disc for recordings made on November 22, 2005 has been destroyed. There is not a backup or a backup file of this recording. This comments answers questions one and two on the email.

Para. 2. – (3:54) – When approved, and received from the Coroners Office, this information will be provided to the extent possible.

Para. 3. – (3:54) – Requests a copy of all the telephone and cell phone calls placed to the Beaufort County Dispatch System between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

That information is available in paper form, for calls placed to the 911 lines only. This system does not print any other phone calls to the Center. Each callers name, address and phone number are listed in the event of a hard – wired telephone. For cell phones, information varies greatly to what is supplied – it may be a tower telephone number, or it may be the telephone number of the cell phone.

In any case, as before, we are unable to determine the incidents these calls are related to. As such, we cannot identify the call by type, such as Fire, Medical or Law Enforcement. We do **not** have a method to determine nor exempt HIPAA related information from the printout. Nor do we have any method to determine which telephone calls are related to active Law Enforcement incidents.

451

February 28, 2007

As such, in the case of HIPAA, we are prohibited by Federal Law to release of any information that would identify the patient. As the callers name, address and phone number are contained on the print-out, that would be a HIPAA violation for us to release the print-out. In HIPAA violations, there is a monetary fine and possible Federal Detention for each and every single violation of the HIPAA law. I cannot knowingly place the County, nor my Department, in the position where I am purposely violating Federal law. These files are not available.

Para. 4. – (3:54) – Requests copy of the Computer Aided Dispatch, (CAD), entries made between the hours of 12:00 a.m. and 06:00 a.m. on November 22, 2005.

These records do not belong to the Beaufort County 911 Center, we simply are the "holder of the record" for the Agency that responded to the incident.

The other incidents during that time frame are proprietary to the Agency that responded to the Incident. In that the information belongs to the Agency that responded to the call, in order to obtain copies of any list of Incidents, you must contact that specific Agency.

In any case, again, we cannot provide the information that you requested. This Office has already provided you with every CAD record in the incident involving your son, at the authority of those Agencies involved.

Para. 5. – (3:54) – There is no longer any audio recording remaining for November 22, 2005. That media has been re-formatted and re-used in the normal course of our business. Without the recording to determine, we are unable to provide this information. The data has been long since re-formatted, re-used and is no longer available.

Sincerely,

William Winn, Jr. – Director
Beaufort County Emergency
Management Division

Beaufort, South Carolina 29902

Re: Requests made under the S.C. Freedom of Information Act (FOIA)

Dear Mr. Trask:

In response to your FOIA request of February 5, 2007, I am providing the following information:

1. The audio recordings of November 22, 2005 have been destroyed.
2. Same as above.
3. The radio log for Coroner Copeland is under the authority of the Coroner's office and a FOIA will have to be filed with the Coroner.
4. A complete list is not maintained. All lines are recorded and those recordings have been destroyed. A paper copy of 911 calls are made for backup. These calls cannot be provided as we cannot attach those calls to the incident. Nor can we identify those calls by type (Fire, EMS or law enforcement). Therefore, we do have a method to protect their personal information as it may be regarded to HIPPA or those that are law enforcement sensitive (information containing other criminal cases). If you can provide numbers from which calls were made to 911 we can attempt to provide the times they were made.
5. We cannot provide you a copy of all CAD entries that are not related to the incident. To do so would be in violation of HIPPA rules and potential Law Enforcement sensitive information. You have already been provided with the CAD printout in regard to your son's accident.
6. We have no method to identify the telephone number or cell phone number that Mr. Copeland used to call dispatch. Reference answer number one.

Attached is a copy of the Beaufort County Emergency Management Division's 911 plan. The total charge for copying the 911 plan is \$34.40.

*Should you have any questions or comments please do not hesitate to contact me.

With kindest regards,

Kelly J. Golden

Subject: FW: To WILLIAM WINN Request for records of Coroner Copeland cell phone calls

Dear Mr. Winn,

I am re-sending my earlier FOIA request to you because I need to inspect additional documents in the custody of your department. Please allow this e-mail to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. The audio record of the 2:21am cell phone call made by Mr. Copeland.
2. The audio record of the 4:11am cell phone call made by Mr. Copeland.
3. Complete radio log for Coroner Copeland (call sign 601) for November 22, 2005.
4. Complete list of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005.
5. Complete print-out report of all Beaufort County CAD entries made from 12:00 am to 06:00 am on November 22, 2005.
6. Please identify the telephone number or cell phone number that Mr. Copeland used to call Beaufort County dispatch at 02:43:25 on November 22, 2005. For your convenience, the audio record of that particular call is the 12th entry on the Playlist C:\Documents and Settings\gwend\Desktop\Trask file EMS.cpf.

Thank you again for your cooperation and assistance.

Please advise me when you will make these records available to me.

Sincerely,

Paul Trask, Jr.

Subject: Request for 911 System Plan, Operational Procedures & Intergovernmental Operating Agreements

Dear Mr. Winn,

I am going to have a good number of questions for you and your department and I need to ask you for some background information first. Did Beaufort County develop a system plan as set forth in Section 23-47-30? If so, please supply me with a copy of the system plan. Is the Beaufort County system a Basic 911 system or an Enhanced 911 System? Please explain how incoming telephone & cell phone numbers are recorded by the Beaufort County 911 system. Please supply me with a copy of the written operational procedures for the Beaufort County 911 system. Please provide me with a copy of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system.

Please provide me with a copy of the records inventory forms and all other documents used by your department to prepare the records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system. Specifically, please provide me with all documentation pertaining to the development of the retention schedule(s) for the 911 audio records.

Thank you very much for your assistance.

COUNTY COUNCIL OF BEAUFORT COUNTY

EMERGENCY MANAGEMENT DIVISION

Law Enforcement Center – P.O. Drawer 1228

Beaufort, South Carolina 29901-1228

Phone: (843) 470-3100 Fax: (843) 470-3054

December 15, 2006

Mr. L. Paul Trask, Jr.

Beaufort, S.C. 29902

Dear Mr. Trask:

We are in receipt of your letter dated December 12, 2006 requesting copies of specific records and other information. We have attempted to assist you and answer as much as we can with the records that are available to us, as listed below.

1. Please identify the employees who were on duty at the Beaufort County Communications Center on November 21, 2005, and November 22, 2005, and provide a copy of the schedule of hours each employee worked.

NIGHTS:

Alexa Paugh
Regina Bapties
Tanya Thomas
Davel Smalls
Adriane Seabrook
Jennifer Calandra
Tanisha Morris

DAYS:

Terry Coleman
Lacey Wilburn
Rosa Middleton
Julianne Thomas
J.C. Grimillion
Adrienne Ellis
Barbara Metcalf
Marisa Roth

(Adrienne Ellis off on 11/21/05, replaced by LaToyia Palmer)

All schedules for Communications shift personnel are 12 hour shifts.

2. Please provide me with a current and complete list of users for the Beaufort County email system - @bcgov.net.

The County's MIS Department is responsible for all email accounts for County employees. You will need to contact them for this information. The Director's name is Mr. Frank Guth, and he can be reached at 470-3677. The mailing address is P.O. Drawer 1228, Beaufort, S.C. 29901.

3. Please identify the department in charge of the County email system and location where all the @bcgov.net email records are maintained.

Same as #2 above. You will need to contact the Beaufort County MIS Department for this information.

PROFESSIONALLY WE SERVE; PERSONALLY WE CARE!

466

- 4. Please identify the contact person and custodian for all Beaufort County email records.**

Same as #2 above. You will need to contact the Beaufort County MIS Department for this information.

- 5. Please identify the contact person and custodian for all Beaufort County cell phone and telephone records and the location where these records are maintained.**

Same as #2 above. You will need to contact the Beaufort County MIS Department for this information.

- 6. Mr. Winn, I want to be certain of the date that you say I was informed that the Beaufort County "taped" voice records are maintained for a period of 60 days. Please provide me with documentation of the date that you say I was so notified by your department.**

You were notified by email on 012706, by MSgt. Gwen Duhon, and again in writing by William Winn, Director of Communications, on February 27, 2006, that the original DVD had been recycled. This is our normal procedure for DVD recording media where no request for a hold has been placed on such. The DVD was re-formatted on January 22, 2006, and recorded over on that date.

- 7. In your letter to me dated February 27, 2006, you informed me that the county 'tape' recordings from November 22, 2005 had been "overwritten or otherwise destroyed". Please inform me the exact date that the taped records were destroyed.**

The DVD was re-formatted on January 22, 2006.

- 8. Please identify any attempt that was made by your department to determine if it was possible to retrieve the overwritten voice records.**

It is not possible to retrieve overwritten records once they have been overwritten. They are erased from the DVD and other recordings are written in place of them.

- 9. Please identify the manufacturer and the model of the Beaufort County dispatch and recording system. If there are serial numbers, please provide them to me.**

The recording system is made by a company called CVDS, Inc., and the model is COMLOG RECORDER. The serial number is 00-N07-019.

- 10. Please provide me with contact information for the manufacturer, the installation company and for any company that maintains or services the communications equipment.**

Contact information for this recorder can be found on their website at www.cvdsinc.com. The manufacturer is the one that maintains this product and can be available for troubleshooting problems over the phone, fix problems remotely via the network, or they can perform on site maintenance if needed. Mr. Alex Moos is the CVDS service person that initially installed the recorder in our center.

11. Please identify the SC Statute pertaining to records maintenance that you reference in your February 27, 2006 letter.

The Statute number is 23-47-20 (System Requirements). It is to be noted that this Statute states that "electronic recording of all 911 calls are retained for a minimum of sixty days."

12. With respect to Mr. Copeland, the coroner: Please identify any county cell phone or telephone assigned to the coroner.

Any County assigned telephone to the Coroner's office would be handled by the County's MIS Department. The MIS Department handles all County telephone assets whether it be cell phones or hard wired phones. See #2 above.

13. Please provide a record of all calls to or from a county cell phone or telephone assigned to the coroner or used by the coroner on November 22, 23 or 24, 2005.

We do not maintain that information. Please contact the County's MIS Department for this information.

14. Please identify the county cell phone(s) assigned to the coroner's van(s) and provide me with a record of all calls to or from the coroner van(s) on November 22, 2005.

We do not have this information. Please contact the County's MIS Department for this information.

Further information and documentation has been attached for your review. As always, we will be glad to provide any and all assistance if possible. Please feel free to contact me at 470-3100 if I can be of further assistance.

Sincerely,

William Winn, Jr. – Director
Beaufort County Emergency
Management Division

February 27, 2006

Mr. L. Paul Trask, Jr.

Beaufort, SC 29902

RE: Request for Preservation of Records
Your # 2006-ES-07-00056

Dear Mr. Trask:

On December 14, 2005, you began requesting information relating to a fatal vehicle accident which occurred on November 22, 2005 in the vicinity of the Hunting Island Campground entrance. The information requested involved telephone calls and radio transmissions relating to responses by the Lady's Island/Saint Helena Fire District (LISHFD), Beaufort County Emergency Medical Service (BCEMS) and the Beaufort County Sheriff's Office (BCSO).

Your first contact with this Division was with Gwen Duhon, our Emergency Communications Coordinator. This contact was the result of a referral to this Division by Chief Deputy Mike Hatfield of the BCSO who advised us to provide you with any information relating to the BCSO response to this incident. Ms. Duhon, in an effort to assist you in your quest for information, advised you that she would forward your request for release of information to LISHFD and BCEMS. She advised you that we would provide any information you requested once approved by the involved entity and that such information would necessarily have to be released through the involved entity. Both LISHFD and BCEMS advised us to retrieve such information as you might require and provide same to you.

With the approval of the three referenced entities we began providing you with all information in our possession that you requested. We provided you all information (in our possession) that you requested in your e-mail to Chief Hatfield dated December 14, 2006. In late January you requested that we expand on the taped information previously provided. On January 27, 2006 we advised you via e-mail (E-mail had become the medium through which you and Ms. Duhon were communicating) that we were unable to go back to the master "tape" voice recordings and provide you with any expanded information as the data had been overwritten or otherwise destroyed and no longer existed. By way of explanation you were advised that we only maintain "taped" voice recordings for 60 days from date of recording, as required by South Carolina Statute, unless

PROFESSIONALLY WE SERVE; PERSONALLY WE CARE!

465

Mr. L. Paul Trask, Jr.

requested to secure that information by one of the involved entities or by Court Order and that the 60 days had expired prior to the request being made to "hold" such recordings.

On February 20, 2006, Chief Deputy Mike Hatfield advised us to secure any information relating to this incident which was still in our possession until further notice. As a result we have secured the following information, all of which has previously been provided to you:

- 1) CAD CFS for BCSO 200511220046
- 2) CAD Call Log BCSO 200511220046
- 3) CVDS Play list for BCSO for 200511220046 & 200511220037
- 4) CAD CFS FOR BCSO 200511220037
- 5) CAD Call Log BCSO 200511220037
- 6) CAD CFS for EMS 200500014724
- 7) CAD Log for EMS 200500014724
- 8) CVDS Play list for EMS for 200500014720
- 9) CAD CFS for LISHFD 200500014720
- 10) CAD Call Log for LISHFD 200500014720
- 11) CVDS Play list for LISHFD for 200500014720

To date we have had no request from LISHFD or BCEMS to secure any related information.

Except for information as listed above, we have retained and are in possession of no other information relating to the referenced incident.

In closing, please allow me to reemphasize that to the best of our knowledge and belief we have provided you with all information relating to this incident that was ever in our possession!

I trust that this will clarify any questions or concerns you might have relating to our policies, procedures and the information previously provided to you. Should you have further questions regarding this matter please do not hesitate to contact me!

Sincerely,

William Winn, Jr. - Director
Beaufort County Emergency
Management Division
WWJr/SDF/cab

Mr. Trask,

Yes, I did receive permission from both Chief Hatfield and Rusty Hollingsworth.

But due to the length of time elapsed, the original disc has been recycled as is our normal routine, so I am not able to supply an audio record as you requested.

I am able to supply a written record of the times, as supplied by the CVDS recording playlist that was saved for each agency. This will enable you to place a time to each audio recording by written record, similar to a written radio log.

I will send a copy of that to each agency today, for release to you.

Subject: Subject: Audio Recordings RE: Paul Trask III accident 11/21-22, 2005 Fire, EMS, BCSO C-D

Dear Ms. Duhon:

I am writing to ask for clarification on a number of issues pertaining to the audio CD's that you prepared for me.

On January 27, 2006 you informed me that you were unable to add the computer voice time stamp to the SO and EMS audio CD's in the same manner that the time stamp had been added to the LISH CD. It is my understanding that Chief Kline returned the LISH disk to you and asked you to add the time voice stamp. Is that correct? Yes, at the time Chief Kline made the request, the time stamp was added to the recording.

You informed me that you were unable to add the time stamp because the original disk had been recycled. I need to have a clear understanding of what that means. Will you please tell me what happened? By the time you requested the time stamp copy, the original recording had been recycled.

Also, do the operators make a text record of what is said? In other words, is there a written transcript of the voice messages?

The only transcript of the incident is the Incident is the CAD Log, which you were provided. There is no verbatim log available.

Thank you very much.

Re: Freedom of Information Act ("FOIA") Request Regarding Beaufort
County Emergency Management Dept. Records.

Dear Mr. Winn,

Please allow this letter to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and/or copy the following materials:

1. Please identify the employees who were on duty at the Beaufort County communications center on November 21, 2005 and November 22, 2005 and provide a copy of the schedule of hours each employee worked.
2. Please provide me with a current and complete list of users for the Beaufort County email system - @bcgov.net.
3. Please identify the department in charge of the county email system and the location where all @bcgov.net email records are maintained.
4. Please identify the contact person and custodian for the Beaufort County email records.
5. Please identify the contact person and custodian for all Beaufort County cell phone and telephone records and the location where these records are maintained.

Mr. Winn, I want to be certain of the date that you say I was informed that the Beaufort County "taped" voice records are maintained for a period of 60 days.

6. Please provide me with documentation of the date that you say I was so notified by your department.
7. In your letter to me dated February 27, 2006, you informed me that the county "tape" recordings from November 22, 2005 had been

Mr. William Winn, Jr.
December 12, 2006
Page (2)

"overwritten or otherwise destroyed". Please inform me the exact date that the taped records were destroyed.

8. Please identify any attempt that was made by your department to determine if it was possible to retrieve the overwritten voice records.
9. Please identify the manufacturer and the model of the Beaufort County dispatch and recording system. If there are serial numbers, please provide them to me.
10. Please provide me with contact information for the manufacturer, the installation company and for any company that maintains or services the communications equipment.
11. Please identify the SC Statute pertaining to records maintenance that you reference in your February 27, 2006 letter.

With respect to Mr. Copeland, the coroner:

12. Please identify any county cell phone or telephone assigned to the coroner.
13. Please provide a record of all calls to or from a county cell phone or telephone assigned to the coroner or used by the coroner on November 22, 23 and 24, 2005.
14. Please identify the county cell phone(s) assigned to the coroner's van(s) and provide me with a record of all calls to or from the coroner van(s) on November 22, 2005.

Thank you for your assistance and cooperation, and please do not hesitate to contact me directly at 843- [REDACTED] if you have any questions or need additional information.

Sincerely,

L. Paul Trask, Jr.

C/A # 2006-ES-07-00056

Dear Mr. Winn

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your department is responsible for holding and maintaining the communications records for the Beaufort County Sheriff's Dept., Beaufort County EMS, the Beaufort County Coroner, and the Lady's Island – St. Helena Island Fire Department. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your department maintains records of communications for the above noted agencies, all of which responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions, e-mail and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Gwen,

With respect to the Sheriff's Office CD you provided to us:

Please refer to the call beginning at 8:26 on the soundtrack. This call begins with Dispatcher Seabrook calling SCHP dispatch. The voices cut out at 9:04. This is followed by silence, and then various sounds and noise. Then, music appears at 11:02. The call ends at approximately 12:53 on the soundtrack. We are confused by the interruption in this transmission, the unusual noises and the musical interlude. Would you please provide an explanation for this call.

Also, Please refer to the Call at 13:54 where Dispatcher Regina calls SCHP. At precisely 13:58 on the soundtrack, you hear "601" being called in the background. This call is possibly made by Dispatcher Adrian?. It is apparent that there were call(s) to the Coroner which are not included on the recordings that we have received.

Please see the attached letter request for the preservation of records. I will hand-deliver the original of this letter to your office this morning.

Thank you very much for your continued assistance.

Paul Trask

Beaufort, SC 29902

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Ms. Duhon:

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your department is responsible for holding and maintaining the communications records for the Beaufort County Sheriff's Dept., Beaufort County EMS, the Beaufort County Coroner, and the Lady's Island - St. Helena Island Fire Department. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your department maintains records of communications for the above noted agencies, all of which responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

CERTIFICATE OF APPOINTMENT

Leith Paul Trask, Jr.

is/are the duly qualified

- ☐ PERSONAL REPRESENTATIVE
☐ GUARDIAN
☐ CONSERVATOR
☐ TRUSTEE
☒ Special Administrator

in the above matter and that this appointment, having been executed on the 20th day of January, 2006, is now in full force and effect. ~~Indoing/authorization to receive all/~~
~~properties, income/principal interest & dividends of and belonging to said/~~
~~estate.~~

RESTRICTIONS:

This appointment is made for the sole purpose of, and is limited to, enabling the Special Administrator to assert a claim or prosecute an action for wrongful death under Code Section 15-51-10 and/or a survival action under Code Section 15-5-90. No funds or other property recovered pursuant to a survival action or claim (o.e., for pain and suffering of the decedent), nor any other probate assets, shall be disbursed or distributed without prior written order of this Court; provided, however, that no order or other approval of this Court is required for disbursement or distribution of funds or other property recovered strictly for the wrongful death of the decedent (as opposed to pain and suffering of the decedent), whether recovered pursuant to a judgment or settlement approved by the appropriate Court under code Sections 15-51-41 and 15-51-42, provided that such recovery must be disbursed or distributed in accordance with Code Sections 15-51-20, 15-51-30 and 15-51-40 and the terms of any court order awarding the recovery or approving the settlement.

Executed this 20th day of January 2006

Do not accept a copy of this certificate without the raised seal of the Probate Court.

Francis M. Simon

Francis M. Simon, Probate Court Judge

Subject: Fire OPS 7 communications 11/21/05 - 11/22/05

Gwen,

I sincerely appreciate everything you are doing to assist me. Important question. Are you certain that all Fire OPS 7 communications were included on the audio CD which was given to me? It seems that they are not. There does not appear to be one single recorded communication between engines, or between command and engines, or between Chief Kline and engines, etc. etc.

The only communications on the CD are between (engines, command, Chief Kline) and Dispatch and vice-versa. It is clear on the recorded communications that Fire OPS 7 was being used during this incident and it is not possible that there were no communications directly between the responding units. Thank you. Paul.

Mr. Trask,

I would have to see how and where those numbers are listed on the CAD report to answer your question, as I really don't recall where they were listed in the report, or which Agency they were listed for.

Is it possible for you to fax me the page that you are referencing?
My fax number at my desk is 470-3041. After review, if I can provide you an answer, I most certainly will!

Thanks, Gwen

Gwen,

In reviewing the CAD report which came with the audio CD's I notice that there are references to the telephone numbers for The Harbor Island Drawbridge and The Hunting Island State Park Administration Office.

Are

the calls to or from these numbers? Thanks, Paul

Subject: FW: LPT question for Gwen D. explanation of Bridge & Ranger Station phone numbers. RE: Possible Additional Recordings From 911 calls

William,
This thing w/Trask asking Gwen all these Q's, I believe, is going too far and has gone on long enough. I am concerned that he is essentially using her as his inside investigator. We do not have a "formal" FOIA request although all jurisdictions involved (LISH Fire, BCSO and EMS) have via e-mail approved Gwen providing info requested by Trask. She has now spent several hours in research and response directly to Trask. I would like to see if we can find some acceptable way to end this involvement by Gwen. We have BY FAR exceeded FOIA and common decency requirements in this matter. Unless you advise otherwise I am going to end this never-ending circle of Q and A. Gwen has all of her contacts documented should you wish to see same.

Mr. Trask,

To my knowledge, no, there were no calls either to or from the Bridge or the Ranger Station. Those addresses and phone numbers were used by the Dispatchers simply as 'Common Place' addresses to get the incident in the CAD, so that Emergency Services would be able to be sent to the incident location.

To my knowledge, the only callers about the car fire came from Fripp Island Security. Both of those phone calls were included in your cd.

I found no call from the Bridge tender to the Dispatch Center for your sons accident.

453

The call about the brush fire was a different incident, which was not, to my knowledge called in by the Bridge tender. If you wish information about that incident, you shall have to request permission for the paperwork from Chief Kline, of Lady's Island - Saint Helena Island Fire Department. You may reach him at 525-7692, Monday - Friday, 8:00 a.m. - 5:00 p.m.

Gwen

RE: Possible Additional Recordings From 911 calls

Thank you. Were there any calls to or from the bridge or ranger station?
It appears the bridge tender (or someone else) called 911 to report seeing a fire that was thought to be a brush fire Dispatch noted a call for a brush fire at 01:25:48. If the bridge tender called 911, is there a recording of his call? Paul

Subject: RE: Additional Recordings From 911 calls

Mr. Trask,

Now that I can see what you are referring to, I can answer your question.

The phone number that you are asking about was entered as part of the original incident location when the call on your sons accident was received.

We have what are called "common places" in our Computer Aided Dispatch, (CAD) system. These are either businesses or areas of the county. In this case, it was the bridge, which has an address assigned to it, with the phone number to the bridge tender. We have, on occasion had to call the bridge tender for emergencies, so we keep numbers like that handy.

On the night of your sons accident, that was the closest "address" for the dispatcher to put in the CAD system in order to get emergency services going. Once it was determined that there was a closer address, (that of the Hunting Island State Park), the incident location was changed to that address. Additionally, our data base is programmed with the phone numbers when possible, which is why the phone numbers showed up on the CAD printout.

I apologize if this caused any confusion.

Gwen

No sir, I included every single relevant transmission on the Fire channels, without omitting any, either on the main channel or the Fire Ops channel.

I do not have a printout of the transmissions for the fire CD. The fire CD was delivered to us already overwritten with the date and time voice stamp and there was no printout of transmissions. I do have a cover letter and report (NFIRS -1, 2, 4, 9 & 10, with Responding Units/Personnel sheet) from Chief Kline, but there is no indication of individual transmissions included in his report. It appears obvious from the CD that there were communications on Fire OPS 7 that night which are not included on the CD that was delivered to me. Thank you. Paul

Yes, that was included on the original cd that you received for Lady's Island/St. Helena Fire Department. Do you receive a printout of the transmissions on the cd?

Subject: RE: Paul Trask III accident 11/21-22, 2005 Fire, EMS, BCSO C-D recordings

We do not record the SO Shift channels. I do not know were the Coroner was transmitting. I looked all over for transmissions from him. The only thing that I can think of is that he was calling the units that were on the scene on cell phones. I could find no additional radio transmissions, nor additional phone calls except those included in the cd's that you were provided.

I don't think that there are actually any times missing from the SO play list. Oftentimes, the RADIO transmissions are doubled up on one line.

For example: if there are less than four (4) seconds between the transmissions, then all of the transmissions are included in the same line. Our recorder does not recognize them as separate transmissions and put them each on a new line by themselves unless there is a 4 second gap between each transmission. We don't often have gaps that long. Instead of each transmission having its own line, as you would normally think would happen, we normally have "groups" of transmissions together if there is a gap of less than four seconds between each transmission. ONLY if there is a four second gap will the recorder start a new line.

With phone calls, if the caller is on hold, and is not actively talking, the recorder will consider it a silent phone line, and show it non-active, then when talking begins again, will show the phone line as a new call, on a new line for the play list.

Please let me know if this does not make sense, and I'll try to make it understandable. I've dealt with this subject or recorders for so long that I sometimes forget that others have no idea what I'm talking about.

It appears that the Fire Dept. was on Fire OPS 7. The Sheriff's Dept is not as clear to me. At 01:41:53, A64 asks A30 what his channel is. A30 responds "go to shift" In addition, there do not appear to be any transmissions to or from 601 (except telephone and 1 transmission on EMS) Is this correct? Also, there are a number of call times missing (approximately 14) at the end for the Sheriff Dept. playlist

Mr. Trask,

Yes, I did receive permission from both Chief Hatfield and Rusty Hollingsworth.

But due to the length of time elapsed, the original disc has been recycled as is our normal routine, so I am not able to supply an audio record as you requested.

518

I am able to supply a written record of the times, as supplied by the CVDS recording playlist that was saved for each agency. This will enable you to place a time to each audio recording by written record, similar to a written radio log.

I will send a copy of that to each agency today, for release to you.

Mr. Trask,

I shall advise Chief Hatfield and Ed Allen of your request and go from there. As soon as I hear from them, I'll let you know what action I'm to take.

Thanks for your patience.

Gwen

Thank you. I am requesting that the computer put an audio of the time of each transmission for the Sheriff and EMS recording. The Fire Dept. recording was delivered to us with that feature already applied. I appreciate your help. Please call me at 525-0578 if you have any questions.

Mr. Trask,

Please accept my apology for the delay, but again, I must wait for permission from the Agencies involved. I have forwarded your request to the Chief Deputy, Mike Hatfield, and Deputy Director of EMS, Rusty Hollingsworth. I would expect to hear from them no later than first thing in the morning.

If I haven't heard from them by then, I'll call them myself.

In reference to your request, are you requesting the audio portion of the tape, where the computer puts an audio of the time on the recording, or the printed version of the times of the transmissions themselves.

Whichever request is fine with me, I just need to forward your preference to the respective Agency.

Thanks again,

Gwen

Good Morning Ms. Duhon,

Thank you very much for all of your help. The LISH Fire C-D includes an overlay of the official time of each call. This has been very helpful in establishing a timeline. Is it possible to have the Sheriff's office

523

and

EMS recording overlaid with the time of each call? There is some very important information, particularly on the Sheriff's recording where I need

to be absolutely certain of the time of the call. If this is not possible,

I would like to make an appointment to see you as soon as possible to confirm the exact times of (2) particular calls.

Please call me at [REDACTED] (o); [REDACTED] (m); or [REDACTED] (h)

Thank you. Paul Trask

10-4 I could well use Gwen's efforts somewhere else, however, we're kind of stuck as this is a FOIA type request. We are charging for actual costs to produce the requested info.

Thanks!

Chief and Steve,

What LIFD requested was a cd with the time transmitted audibly before each radio transmission or phone call contained on the cd. To me this would have been excessive, but apparently to him it was not.

It is possible to go back and do this, but will take time. I did save the play list, so it won't take the same time to compile the list as it did originally.

Please let me know what each of you want me to do.

Gwen

Rusty,

What LIFD did was an option called time talk. What this does is insert the time/date audibly before each transmission on the cd.

I did save the playlist for EMS, so it would not take as much time to search this out as it did to find the original, so it can be done, but not without your permission.

Just let me know what you want me to do.

Thanks! Gwen

As you can see from below, Mr. Trask has asked for a release of the records from various Agencies, one of which is yours.

Chief Hatfield has authorized the release of the records from the SO, which I am working on now.

However, I need your permission before I can proceed with the EMS portion of same.

I do have Mr. Trask's email if you need it, he sent me an email this morning acknowledging this one.

If I need to do anything further, until I get your release, please let me know.

Thanks! Gwen

Mr. Trask:

I am forwarding our email correspondence to the Communications Supervisor, Ms. Gwen Duhon with my approval for her to copy to CD; whatever audio transmissions are available concerning the tragedy of 11/22/05 which this Office has authority over. When available, we will contact you and/or your cousin George for pick up.

I have also asked Ms. Duhon to contact those agencies listed below and advise them of your request for information. She can also give you names and telephone numbers of the other agency heads who will have to approve the

release of information. Please feel free to contact her directly at 470-3087

or by email at gwend@bcgov.net

It is my understanding that Sergeant Brian Baird has been in contact with your cousin and will also be assisting in the information gathering process.

If I can be of any further assistance, please contact me at anytime.
Chief Hatfield

Good Morning Mr. Trask,

I'll be working on your request reference the Sheriff's Office records today.

I'm afraid it will be an individual record, as I had to send your request to each individual agency for permission to release it. The Departments are generally pretty good about replies. The Communications Section does not actually own the record, we just hold it for each agency. As a result, when the request is received to release it, it must come from each Agency, versus us being able to do so on our own.

As I complete each one, I'll advise the Department that the record is ready, so that you may pick it up.

Thank you,

Gwen Duhon

DEFENDANTS' MEMORANDUM
IN SUPPORT OF ITS MOTION
FOR SUMMARY JUDGMENT

This matter comes before the Court on the motion of the Defendants (collectively referred to hereinafter as Beaufort County or "The County") for an Order of the Honorable Court dismissing the Complaint of the Plaintiff pursuant to Rule 56 of the South Carolina Rules of Civil Procedure, applicable statutory law, and the common law of South Carolina.

OVERVIEW

Plaintiff filed his complaint in the Court of Common Pleas on April 17, 2007, alleging that the various Defendants, at various times, violated S.C. Code Ann. §30-4-10, also known as the "Freedom of Information Act" (hereinafter referred to as "FOIA"). The complaint essentially alleges two "types" of FOIA

589

violations¹ – (1) the failure to produce requested records in accordance with the FOIA, and (2) the failure to establish and develop standards, procedures, techniques and schedules designed to protect and preserve the public records. The latter alleged violation, however, is not addressed in the FOIA statute.

There are no longer any provisions of the FOIA for this Honorable Court to enforce. All “public records” that were in the possession of the Defendants that the Trasks requested in the Complaint have been produced for inspection and/or copying. Because this issue is now moot, there are no genuine issues of material fact and the County is entitled to summary judgment as to any claims related to the failure to produce public records for inspection or copying in accordance with the FOIA.

The County is also entitled to judgment as a matter of law as to any claims that may relate to alleged violations of S.C. Code Ann. §30-1-10, et seq. Plaintiff did not allege in his Complaint that the Defendants violated this statute. There is no private cause of action recognized in §30-1-10, et seq, for “the failure to establish and develop standards, procedures, techniques and schedules designed to protect and preserve the public records.” Not only was this issue not raised in the Complaint, but the Plaintiff lacks standing to enforce this criminal statute, and this Court lacks jurisdiction to consider violations of this statute in a civil case. Therefore, the County is entitled to judgment as to all claims in this matter.

¹ The FOIA does not provide for a remedy as to the second “type” of alleged FOIA violation.

590

FACTS

On November 21, 2005, L. Paul Trask, III, then 20 years old, was at his parents' home in Beaufort, South Carolina, on Thanksgiving recess from the Citadel, where he was a second year student. At approximately 11:20 p.m., he drove a vehicle owned by his father to the Xpress Lane convenience store on Boundary Street in Beaufort and then to Fripp Island where he requested an entry pass. Denied a pass, young Mr. Trask reversed direction and drove north on Sea Island Parkway until he lost control of the vehicle, left the highway and collided with large trees. The automobile ignited, burst into flames, and L. Paul Trask, III, died from the injuries he sustained. These facts are undisputed.

The facts that gave rise to the Plaintiff's FOIA Complaint are as follows. In the months subsequent to the fatal accident, L. Paul Trask, Jr., made at least 20 requests for information to each of the Defendants herein. [See Supplement to Memorandum of Law in Support of Summary Judgment, Exhibit A] On April 17, 2007, L. Paul Trask, Jr., filed the instant lawsuit seeking attorney's fees for alleged violations of the FOIA. Nearly twenty (20) depositions have been taken in this matter. Defendants have filed this motion for summary judgment on the grounds that the issues Mr. Trask has raised are moot and that the South Carolina Freedom of Information Act does not afford any further relief to the Plaintiff.

PROCEDURE

Both the Plaintiffs and Defendants in this case have filed cross motions for summary judgment. This is an action for an injunctive and/or declaratory relief under the provisions of the FOIA, and this Court has been asked to make a declaration as to whether or not there is a continuing violation of the act and whether or not injunctive relief is appropriate.

All public records that could be produced have been produced; Consequently, there is no actual controversy for this court to consider. Generally, the Supreme Court only considers cases presenting a justiciable controversy. *Sloan v. Friends of Hunley, Inc.*, 369 S.C. 20, 630 S.E.2d 474 (2006) (Internal Citations Omitted) A "justiciable" controversy exists when there is a real and substantial controversy which is appropriate for judicial determination, as distinguished from a dispute that is contingent, hypothetical, or abstract. *Id.* A "moot" case exists where a judgment rendered by the court will have no practical legal effect upon an existing controversy because an intervening event renders any grant of effectual relief impossible for the reviewing court. *Id.* If there is no actual controversy, the Court will not decide moot or academic questions. *Id.*

ARGUMENT

- I. The One-Year Statue of Limitations in §30-4-100 bars many of the Plaintiff's claims for FOIA violations.

S.C. Code Ann. §30-4-100, entitled "Injunctive relief; costs and attorney's fees", provides the following:

(a) Any citizen of the State may apply to the circuit court for either or both a declaratory judgment and injunctive relief to enforce the provisions of this chapter in appropriate cases **as long as such application is made no later than one year following the date on which the alleged violation occurs** or one year after a public vote in public session, whichever comes later. The court may order equitable relief as it considers appropriate, and **a violation of this chapter must be considered to be an irreparable injury for which no adequate remedy at law exists.**

(b) If a person or entity seeking such relief prevails, he or it may be awarded reasonable attorney fees and other costs of litigation. If such person or entity prevails in part, the court may in its discretion award him or it reasonable attorney fees or an appropriate portion thereof.

As illustrated in the attached Supplement to the Memorandum of Law in support of Summary Judgment, with regard to several of the complained of FOIA requests, the Plaintiff failed to make application to the Court within the one-year statute of limitations. As such, these claims are time barred, and any alleged violations arising out of the failure to produce for inspection or copying.

Statutes of limitations are not simply technicalities. On the contrary, they have long been respected as fundamental to a well-ordered judicial system. 54 C.J.S. *Limitations of Actions* § 2, at 16-17 (1989). Statutes of limitations embody important public policy considerations in that they stimulate activity, punish negligence, and promote repose by giving security and stability to human affairs. 51 Am.Jur.2d, *Limitation of Actions* § 18, at 603 (1970). One purpose of a statute of limitations is "to relieve the courts 'of the burden of trying stale claims when a plaintiff has slept on his rights.' " *McKinney v. CSX Transp., Inc.*, 298 S.C. 47, 49-50, 378 S.E.2d 69, 70 (Ct.App.1989) (quoting *Burnett v. New York Cent. R.R.*, 380 U.S. 424, 428, 85 S.Ct. 1050, 1054, 13 L.Ed.2d 941, 945 (1965)). Another

purpose of a statute of limitations is to protect potential defendants from protracted fear of litigation. 51 Am.Jur.2d *Limitation of Actions* § 17, at 602-03 (1970). The cornerstone policy consideration underlying statutes of limitations is the laudable goal of law to promote and achieve finality in litigation. Significantly, [s]tatutes of limitations provide potential defendants with certainty that after a set period of time, they will not be hailed into court to defend time-barred claims. Moreover, limitations periods discourage plaintiffs from sitting on their rights. Statutes of limitations are, indeed, fundamental to our judicial system. *Carolina Marine Handling, Inc. v. Lasch*, 363 S.C. 169, 175-76, 609 S.E.2d 548, 552 (Ct.App.2005) (alterations in original) (internal citations and quotations omitted).

There is no genuine issue of material fact as to the date of the claims for alleged FOIA violations that were not brought within one year. As such, they are barred as a matter of law under §30-4-100. Finally, there are also FOIA requests which occurred after the Complaint was filed on April 17, 2007; these are not contained in the complaint, and these requests would also be barred by the one year statute of limitations in §30-4-100. Thus, the Defendants are entitled to judgment as a matter of law on all claims that were no brought within the statute of limitations of §30-4-100.

II. All "public records" as defined by the FOIA have been produced to the Trasks, and thus all claims in the Complaint related to the failure to produce are moot.

The plain language of §30-4-20(c) requires a public body to produce to an FOIA requester a "public record" that is "prepared, owned, used, in the possession of, or retained" by that particular public body. It is axiomatic (though necessary to point out in light of Plaintiffs demands) that the opposite must also be true – a public body cannot produce documents that it does not "prepare, own, use, possess, or retain." Where the public records that were requested have been produced [to the requesting party], any claims for alleged prior violations under the FOIA are considered to be moot. *Sloan*, 369 S.C. 20 (2006)

The *Sloan* Court stated the following:

"[b]ecause the information Sloan sought ha[d] been disclosed, there is no continuing violation of FOIA upon which the trial court could have issued a declaratory judgment. Therefore, we find that the question is moot, and any judgment by this Court would constitute an advisory opinion. Accordingly, the trial court did not err in granting Friends' motion for summary judgment as to Sloan's request for a declaratory judgment.

As illustrated in Supplement, all documents that could be produced have been produced. [EXHIBIT A] In addition, Paul Trask acknowledges that Beaufort County cannot produce for inspection or copying that which it does not possess. [Depo of Trask, P. Ln] As a result, there is no longer any genuine issue of material fact for this Court to decide with regards to the production of public records, and thus the Defendants are entitled to judgment as a matter of law.

III. S.C.Code Ann. §30-1-10 et seq does not create a private cause of action for which Plaintiffs may recover, and this Court lacks jurisdiction to enforce this statute.

The gravamen of the remainder of the allegations in the Trasks' complaint is that Beaufort County violated the FOIA because it is required to, "restore damaged or destroyed public records"(Complaint P. 44, 55), including "deleted emails", (Complaint, P. 45). In addition, the Plaintiffs allege that the defendants "failed to establish and develop standards, procedures, techniques and schedules designed to protect and preserve the public records." (Complaint, P. 56). These requirements are nowhere to be found in the FOIA.

The Plaintiff seems to be bootstrapping the provisions of S.C. Code § 30-1-10 etc, the Public Records Act, onto the provisions of the FOIA. The Complaint of the Plaintiff does not allege a violation of §30-1-10, et seq; even if it did, §30-1-10 creates no private right of action, expressly or implicitly.

The Supreme Court of the United States decided this issue in *Kissinger v. Reporters Committee for the Freedom of The Press*, 445 U.S. 136, 100 S.Ct. 960, (1980). In *Kissinger*, the Court held that the Federal Records Act of 1950 (a similar document preservation statute) did not create a private cause of action for the wrongful removal of documents. In summary, the court held that the Federal Records Act cannot be "bootstrapped" to the requirements of the FOIA in order to create a cause of action.

The *Kissinger* Court was, "unable to read the FOIA as supplying that congressional intent [to imply a private right of action in the Records Act]]." The *Kissinger* Court also rejected an argument that the FOIA supplied the missing

596

congressional intent to imply a private cause of action "to recover records wrongfully removed from Government custody." The Court considered this argument and stated the following:

"No provision of either the Federal Records Act of 1950, which establishes a records management program for federal agencies, or the complementary Records Disposal Act, which provides the exclusive means for record disposal, expressly confers a right of action on private parties nor can such a right of action be implied. The language of these Acts merely "proscribe certain conduct" and does not "create or alter civil liabilities and the Records Act also expressly provides administrative remedies for violations of the Act. Moreover, the legislative history of the Acts confirms that congressional silence as to a private right of action was purposeful, indicating that their purpose was not to benefit private parties but solely to benefit the agencies themselves and the Federal Government as a whole. Thus, regardless of whether Kissinger had violated these Acts, Congress has not vested federal courts with jurisdiction to adjudicate that question upon suit by a private party, such responsibility being vested in the administrative authorities." [Internal Citations omitted]

The logic of this opinion applies here with equal force and vigor. The *Kissinger* Court assumed, "a wrongful removal *arguendo* for the purposes of th[e] opinion," and nonetheless noted that "the Federal Records Act establish[ed] only one remedy for the improper removal of a record from [an] agency." In sum, the remedy is that the head of the agency needs to notify the Attorney General if he has reason to believe records have been improperly removed, and the "Attorney General may bring suit to recover the records." *Id.*

Most important was the Court's finding that the Act did not imply a private cause of action. The Court noted that, "most courts which have considered the question [of whether an agency has an obligation to compile or procure a record in response to an FOIA request] have concluded that the FOIA is only directed at

requiring agencies to disclose those "agency records" for which they have chosen to retain possession or control."

Our Supreme Court has also addressed when the Court may imply a private cause of action from a statute. In *Overcash v. South Carolina Elec. and Gas Co.*, 364 S.C. 569, 614 S.E.2d 619 (S.C.,2005), our Supreme Court reiterated the longstanding rule that, "[t]he main factor in determining whether a statute creates a private cause of action is legislative intent." In *Overcash* (quoting *Dorman*), the Court stated,

The legislative intent to grant or withhold a private right of action for violation of a statute or the failure to perform a statutory duty, is **determined primarily from the language of the statute....** In this respect, the general rule is that a statute which does not purport to establish a civil liability, but merely makes provision to secure the safety or welfare of the public as an entity is not subject to a construction establishing a civil liability. *Id.* at 67, 398 S.E.2d at 689 (quoting *Whitworth v. Fast Fare Markets of S.C., Inc.*, 289 S.C. 418, 420, 338 S.E.2d 155, 156 (1985)). [emphasis added]

S.C. Code Ann. §30-1-10, et seq. reveals no legislative intent to create a private cause of action. Rather, our Legislature chose to provide criminal penalties in the clear and plain language of the statute. The Legislature provided that it would be a misdemeanor under §30-1-30 for, "a person who unlawfully remove a public record from the office where it is usually kept or alters, defaces, mutilates, secretes, or destroys it," and under §30-1-50 for, "a person in possession of a public record who refuses or fails to deliver [the requested document to the legal custodian or Director of Archives]." Clearly, our Legislature could have included a private cause of action in lieu of a criminal one, but it did not.

S.C. Code Ann. §30-1-80, in sum, directs public record custodians to apply an "efficient and economical records management program" which relates to the "creation, utilization, maintenance, retention, preservation, and disposal of public records." Nowhere in this statute, however, does it provide that a private party may maintain a cause of action for the failure to abide by the provisions of the statute. Looking at the clear and unambiguous language of the statute, §30-1-10 et seq is primarily for the benefit and protection of the public generally, thus no private right of action exists for its violation. (See, e.g. *Overcash*, 614 S.E.2d 619)

Assuming *arguendo* that the Court were to imply a private cause of action under §30-1-10 et seq, and allow the Plaintiff to assert a tort against the County, a host of new issues would arise. For example, the County would amend its answer and assert the Tort Claims Act as defense. The South Carolina Tort Claims Act, S.C. Code Ann. §15-78-60 (4) and (5) provides Beaufort County with a cloak of immunity for any alleged failures to adhere to statutes (i.e. §30-1-10 et seq) or written policies (i.e. internal document retention schedules or email policies) and for the discretion actually exercised by County employees regarding an FOIA request.

Specifically, S.C. Code An §15-78-60 provides and states that,

(4) "the County [as a governmental entity as defined by the Act] is not liable for a loss resulting from the adoption, enforcement, or compliance with any law or failure to adopt or enforce any law, whether valid or invalid, including, but not limited to, any charter, provision, ordinance, resolution, rule, regulation, or written policies; and,

(5) the exercise of discretion or judgment by the governmental entity or employee or the performance or failure to perform any act or service

599

which is in the discretion or judgment of the governmental entity or employee;

When read together, the legislative interaction among the Tort Claims Act, the Public Records Act, and the FOIA becomes clear. The Public Records Act §30-1-10, et seq cannot provide a private cause of action because even if there are violations of this Act by the County, the Tort Claims Act would provide immunity for the alleged violations.

In sum, because there is no express or implicit private cause of action recognized by our Legislature in the Public Records Act, the Defendants are entitled to judgment as a matter of law.

IV. The Public Duty Rule bars Mr. Trask from maintaining a lawsuit under S.C. Code Ann §30-1-10 et seq.

As a preliminary matter, the Plaintiff only alleged violations of one statute in his Complaint; namely, S.C. Code Ann. §30-4-10, et seq, the FOIA. There are neither claims for negligence in the Complaint against the Defendants nor claims related to S.C. Code Ann. §30-1-10, et seq. Nevertheless, assuming *arguendo* that the Plaintiff may argue that the Defendants were negligent with regards to their duties owed to the Public at large in the Public Records Act, the Defendants would show this Honorable Court that the public duty rule bars any action against the Defendants for violations of the Public Records Act. Because there is no duty owed specially to the Plaintiff arising from this statute, summary judgment is proper in this case.

The public duty rule was originally adopted by the South Carolina Supreme Court in *Parker v. Brown*, 195 S.C. 35, 52, 10 S.E.2d 625, 632 (1940):

(12)

The law necessarily grants certain discretion to its officers in handling the public business. In one instance it may be wise for a public officer to pursue one course, in another instance, another course. Those charged with protecting the public interest should view that interest as supreme, should consider what is best for the public, and should be free at all times to prosecute the course that appears to be in the public interest.... It is well settled that an individual has no right of action against a public officer for breach of a duty owing to the public only, even though such individual be specially injured thereby. Where a duty is owing to the public only, an officer is not liable to an individual who may have been incidentally injured by his failure to perform it.

Under South Carolina's public duty doctrine, public officials are not liable to individuals for their negligence in discharging public duties as the duty is owed to the public at large rather than to anyone individually. *Tanner v. Florence Co. Treasurer*, 336 S.C. 552, 561, 521 S.E.2d 153, 158 (1999); *Jensen v. Anderson County Dep't of Soc. Servs.*, 304 S.C. 195, 199, 403 S.E.2d 615, 617 (1991); *Arthurs v. Aiken County*, 338 S.C. 253, 262, 525 S.E.2d 542, 546 (Ct.App.1999) (*Arthurs I*) *aff'd as modified*, 346 S.C. 97, 551 S.E.2d 579 (2001) (*Arthurs II*).

The public duty rule is not a separate legal doctrine. *Arthurs I*, 338 S.C. at 262, 525 S.E.2d at 546; *Rayfield v. S.C. Dep't of Corr.*, 297 S.C. 95, 105, 374 S.E.2d 910, 915 (Ct.App.1988). The public duty rule is a special application of the broader principle that an action for negligence based upon an alleged violation of a statute cannot be maintained if the statute was enacted for a purpose other than preventing the complained of injury. *Arthurs I*, 338 S.C. at 262, 525 S.E.2d at 546; *Rayfield*, 297 S.C. at 105, 374 S.E.2d at 915. The rule applies to the special case of statutes which create or define the duties of a public office. *Rayfield*, 297 S.C. at 105, 374 S.E.2d at 915.

An essential element in a negligence cause of action is the existence of a legal duty of care owed by the defendant to the plaintiff. *Wyatt v. Fowler*, 326 S.C. 97, 101, 484 S.E.2d 590, 592 (1997); *Rogers v. S.C. Dep't of Parole and Cmty. Corr.*, 320 S.C. 253, 255, 464 S.E.2d 330, 332 (1995). Without such a duty, there can be no actionable negligence. *Rogers*, 320 S.C. at 255, 464 S.E.2d at 332. To prevail in a negligence action, a plaintiff must demonstrate: (1) a duty of care owed by the defendant to the plaintiff; (2) a breach of that duty by a negligent act or omission; and (3) damage proximately resulting from the breach. *Tanner*, 336 S.C. at 561, 521 S.E.2d at 158. The court must determine, as a matter of law, whether the law recognizes a particular duty. *Steinke v. S.C. Dep't of Labor, Licensing & Regulation*, 336 S.C. 373, 387, 520 S.E.2d 142, 149 (1999); see also *Rogers v. Atl. Coast Line R.R.*, 222 S.C. 66, 71 S.E.2d 585 (1952) (whether defendant is under legal duty to plaintiff is question of law for court); *Araujo v. S. Bell Tel. and Tel. Co.*, 291 S.C. 54, 351 S.E.2d 908 (Ct.App.1986) (question of whether defendant owes duty, the breach of which may constitute negligence, is a question of law, not of fact).

Ordinarily, there is no common law duty to act. *Arthurs I*, 338 S.C. at 264, 525 S.E.2d at 547. However, an affirmative legal duty may be created by statute, contract relationship, status, property interest, or some other special circumstance. *Jensen*, 304 S.C. at 199, 403 S.E.2d at 617. Many statutes impose an affirmative duty on public officials to perform certain acts. *Arthurs I*, 338 S.C. at 264, 525 S.E.2d at 547; *Wells v. City of Lynchburg*, 331 S.C. 296, 306, 501 S.E.2d 746, 752 (Ct.App.1998). Normally, such officials enjoy immunity from a private cause of action under the public duty rule. *Wells*, 331 S.C. at 307,

501 S.E.2d at 752. This rule limits public officials' liability to individuals for their negligence in discharging public duties as the duty is owed to the public at large rather than an individual. *Id.* Thus, when the duty is owed to the public in general, the official is not liable to an individual who may have been incidentally injured by the failure to perform the duty. *Id.* An exception to the general rule against liability exists when a duty is owed to specific individuals rather than the public at large. *Id.*

The public duty rule "presumes statutes which create or define the duties of a public office have the essential purpose of providing for the structure and operation of government or for securing the general welfare and safety of the public." *Arthurs I*, 338 S.C. at 265, 525 S.E.2d at 548; *Tanner*, 336 S.C. at 562, 521 S.E.2d at 158; *Wells*, 331 S.C. at 308, 501 S.E.2d at 752. Generally, such statutes create no duty of care towards individual members of the public. *Arthurs I*, 338 S.C. at 265, 525 S.E.2d at 548. An exception is recognized where the plaintiff can establish the defendant owed a special duty of care to the plaintiff. *Bellamy v. Brown*, 305 S.C. 291, 294, 408 S.E.2d 219, 221 (1991); *Arthurs I*, 338 S.C. at 265, 525 S.E.2d at 548; *Wells*, 331 S.C. at 308, 501 S.E.2d at 752.

To determine if a special duty is owed to the plaintiff, the court looks to the statute and the facts of the particular case. *Arthurs I*, 338 S.C. at 265, 525 S.E.2d at 548. In *Rayfield*, 297 S.C. at 106, 374 S.E.2d at 916, this court articulated a six-part test for determining whether a statute creates a special duty to an individual member of the public: (1) an essential purpose of the statute is to protect against a particular kind of harm; (2) the statute, either directly or indirectly, imposes on a specific public officer a duty to guard against or not

cause that harm; (3) the class of persons the statute intends to protect is identifiable before the fact; (4) the plaintiff is a person within the protected class; (5) the public officer knows or has reason to know of the likelihood of harm to members of the class if he fails to do his duty; and (6) the officer is given sufficient authority to act in the circumstances or he undertakes to act in the exercise of his office.

In the case at bar, the Trasks have failed to provide any evidence in order to meet their burden to show a special duty applies. In addition, the Plaintiff has not, at any time, maintained that a special duty runs to him for violations of the Public Records Act; the Complaint in this matter only addresses the Freedom of Information Act, and no other statute. In sum, there are no facts that would enable this court to determine whether or not a special duty is owed to the Plaintiff.

Moreover, South Carolina courts have been "reluctant to find special duties statutorily imposed." *Tanner*, 336 S.C. at 562, 521 S.E.2d at 158. See, e.g., *Brady Dev. Co. v. Town of Hilton Head Island*, 312 S.C. 73, 439 S.E.2d 266 (1993) (holding city owed lot purchaser no special duty of care in issuing development permit under municipal development standards ordinance, and thus, could not be held liable to purchaser for alleged negligence in issuing permit to developer); *Bellamy*, 305 S.C. at 291, 408 S.E.2d at 219 (finding statutorily prescribed exceptions to the disclosure requirements of the State's Freedom of Information Act did not establish a duty to maintain confidentiality).

The Plaintiff has not, at any time, maintained either that there is a class to be protected in the Public Records Act or that he is a member of a protected

604

class. Our Courts will not find a protected class where the class is not found in the statute but rather is created as a *post hoc* class. *Platt v. CSX Transportation, Inc.* 379 S.C. 249, 665 S.E.2d 631 (S.C.App.,2008).

Because there is no special duty specially to the Plaintiff arising from this statute, the Public Duty Rule would bar any claims of negligence arising out of the Public Records Act. The Defendants therefore respectfully request that this Court grant their motion for summary judgment in this case.

CONCLUSION

For all of the foregoing reasons, and for all of the reasons as set forth in the Supplement to this Memorandum of Law, the Defendants respectfully ask this Court to grant their motion for summary judgment, deny Plaintiffs motion for Summary Judgment, and dismiss this case with prejudice.

**Matter: L. Paul Trask, Jr. vs. SC Department of Public Safety; Beaufort County;
Beaufort County Management Information Systems; Beaufort County
Coroner Curtis Copeland; Beaufort County Sheriff P.J. Tanner
File No: 10421|RWA
Prepared by: Jason F. Ward**

REQUEST (FROM COMPLAINT)		RESPONSE		DEFENSE
SC Dept of Public Safety	2/23/06	Plaintiff requested a copy of all records related to the accident and the subsequent investigation	PRODUCED; See Affidavit of Leigh Watkins; See also "SCDPS Produced Documents" File	MOOT; Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007)
SC Dept of Public Safety 609	2/27/06	Plaintiff requested all records, excluding photographs pertaining to the accident.	PRODUCED; See Affidavit of Leigh Watkins; See also "SCDPS Produced Documents" File	MOOT; Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007)
SC Dept of Public Safety	5/18/06	Plaintiff requested copies of field notes and the Coroner's toxicology report related to the accident.	FIELD NOTES PRODUCED; See Affidavit of Leigh Watkins; See also "SCDPS Produced Documents" File	MOOT; Not in possession of Coroner Documents; Complaint confirms he received a response on June 20, 2006; then reviewed originals on July 10, 2006;
SC Dept of Public Safety	12/12/06	Plaintiff requested copies of email communications between several of the investigating SCHP troopers, BCSO Captain Robert Bromage and Coroner Copeland.	PRODUCED; See Affidavit of Leigh Watkins; See also "SCDPS Produced Documents" File	MOOT; Plaintiffs Complaint confirms many emails requested were deleted and no longer exist, and confirms that a response was provided to Plaintiff on December 15, 2006.

Beaufort County Coroner Curt Copeland	12/15/05	Plaintiff requested an inquest into the death of Plaintiff's son. Plaintiff also requested the SCHP Multidisciplinary Accident Investigation Team (MAIT) to conduct official investigation into the facts and circumstances of the accident.		Not a FOIA Request	Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007)
Beaufort County Coroner Curt Copeland	2/21/06	Plaintiff requested that the Coroner's office preserve all records, including audio recordings and email correspondence related to the accident.		Not a FOIA Request	Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007)
Beaufort County Coroner Curt Copeland	3/20/06	Plaintiff requested copies of the Coroner's report, Bromage's inquest investigation field notes and reports as well as reports from MAIT investigation.		TO THE EXTENT RESPONSIVE DOCUMENTS EXISTED, PRODUCED; No MAIT Investigation occurred	MOOT; Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007)
Beaufort County Coroner Curt Copeland	4/14/06	Plaintiff requested Copeland's handwritten notes taken at the scene of the accident and his interview report with Fripp Island Security Guard, James Irby.		TO THE EXTENT RESPONSIVE DOCUMENTS EXISTED, PRODUCED.	Barred by 1 year SOL of Section 30-4-100 (Not filed within one year of April 17, 2006; Complaint filed April 17, 2007); Bromage/Purdy testified handwritten notes not retained.
Beaufort County Coroner Curt Copeland	6/22/06	Plaintiff requested cell phone records for 11/05 through 5/06 and email communications from 11/22/05 through 6/22/06.		PRODUCED	MOOT
Beaufort County Coroner Curt Copeland	7/20/06	Plaintiff requested a list of all Deputy Coroners.		Not a FOIA Request	Not a FOIA Request
Beaufort County Coroner Curt Copeland	12/11/06	Plaintiff requested email correspondence on BCC hard drives pertaining to the accident.		UNABLE TO PRODUCE	Not in Possession of Hard Drive; emails no longer exist; Deposition of Coroner Copeland.
Beaufort County Coroner Curt Copeland	2/25/07	Plaintiff requested copies of reports of all toxicology examinations taken by the Coroner's office from 6/1/05 through 12/31/06.		To be provided.	

Copeland Beaufort County Coroner Curt Copeland	2/25/07	Plaintiff requested radio call log from the night of the accident.	EMD produced	Coroner not in possession of Radio Call Logs; See William Winn Affidavit; no transmissions on 11/22/05; redacted copy of call log provided to show no calls on 11/22/05; he only asked for 11/22/05, which is why redacted.

611

Beaufort County Management Information Systems	12/12/06	Plaintiff requested a copy of the Beaufort County records retention schedule for all email correspondence.	PRODUCED	MOOT; Response received January 11, 2007 (Guth Depo, Plaintiff Docs 0202-0204); No formal policy existed (Walter Depo)

612

Beaufort County Sheriff P.J. Tanner	12/13/06	Plaintiff requested email records of Bromage pertaining to the investigation of the accident.		UNABLE TO PRODUCE	Emails no longer exist; Plaintiff knew emails were deleted in FOIA Request; Bromage Hard Drive "Fried"
Beaufort County Sheriff P.J. Tanner	1/11/07	Requested a response in writing which records could not be produced.		Not a FOIA Request	
Beaufort County Sheriff P.J. Tanner	2/3/07	Plaintiff requested copy of Sheriff's authorization which allowed Capt. Bromage to use his personal email account for the conduct of official county business.		No such document exists; however, the Computer Use Policy was PRODUCED	See Exhibit to Hatfield Depo; MOOT

613

Beaufort County	12/14/05	Plaintiff requested information related to Beaufort County E911 audio and computer records, reports, photos and investigation records pertaining to the accident. Plaintiff also requested the records for all personnel who responded to the Sheriff's Office, EMS, Fire Department, Coroner's Office and Highway Patrol.	TO THE EXTENT THE DOCUMENTS EXIST, PRODUCED.	See William Winn Affidavit; See Also Gwen Duhon Deposition (P. 75-76, 97-98); Many documents destroyed pursuant to retention schedule, thus not in possession
Beaufort County	1/23/06	Plaintiff requested the computer voice stamp be added to the Sheriff's Office and EMS discs.	NOT a FOIA Request	
Beaufort County	2/2/07	Plaintiff requested copies of the written operational procedures for Beaufort County 911 system, the records inventory forms and all other documents used to prepare records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system.	NOT a FOIA Request	See William Winn Affidavit and Deposition (p. 76-79); All responsive documents have been provided -- MOOT.

**Supplement to Memorandum of
Law in Support of Summary
Judgment and FOIA Summary
Chart**

The following is an overview of every purported FOIA request contained in the Complaint. Defendants' Memorandum of Law in Support of Summary Judgment is incorporated fully herein by reference.

With reference to the purported Freedom of Information Act request made by the Plaintiff, it may be best to reference each Freedom of Information Act request complained of and the response to each purported Freedom of Information Act request. The following is an itemization of the purported Freedom of Information Act request, the date of the request, and the disposition and response to the request.

The first purported Freedom of Information Act request complained of is found in Paragraph 15 of the Plaintiff's Complaint and as of February 23, 2006 request. The

615

Plaintiff filed this action on April 17, 2007. Therefore, the Plaintiff failed to timely file his Complaint seeking enforcement of this purported Freedom of Information Act Request. S.C. Code Section 30-4-100 provides for a one year statute of limitations. In addition, the request complained of attached herewith as Exhibit 3 and dated February 23, 2006 is not a Freedom of Information Act request at all, as the request does not seek "Public Records" as defined in the act.

The second purported Freedom of Information Act request complained of is set forth in Paragraph 16 of the Plaintiff's Complaint as a purported Freedom of Information Act request dated February 27, 2006. This purported Freedom of Information Act request was made more than a year prior to the initiation of this action, and therefore, this action was not timely filed as to a Freedom of Information Act request. A copy of the request is attached herewith as Exhibit 4. In addition, the complained of request of February 27, 2006 is not a Freedom of Information Act request.

It should be noted that the Plaintiff contends in his affidavit that he received no response to this request. This in fact is not the case, as evidenced by an e-mail from Paul Trask to Leigh Watkins dated April 25, 2006 referencing the package he received pursuant to the request of February 27, 2006. Said e-mail is attached herewith as Exhibit 4 and is identified as document number 0322 produced by the Plaintiff.

Also, the Complaint of the Plaintiff alleges that a response was received. Leigh Watkins testified during her deposition that the radio transmission recordings were kept for only 180 days, and were likely destroyed pursuant to the document retention policy. See the deposition of Leigh Watkins dated August 8, 2008 at page 58. Therefore, the

6/6

transmission recordings are no longer available and can not be produced. (See also Affidavit of Leigh Watkins).

As to the handwritten notes of investigating officers, the Plaintiff testified he has received the notes. See deposition of Paul Trask at page 18.

Paragraph 18 of the Plaintiff's Complaint, the Plaintiff indicates he made a Freedom of Information Act request on May 18, 2006, and received a response on June 20, 2006, which was ineligible. Nevertheless, he was able to review the original documents on July 10, 2006. Therefore, the Complaint itself makes clear that particular Freedom of Information Act request has been complied with. Said copy of purported Freedom of Information Act request is attached herewith as Exhibit 5.

The next purported Freedom of Information Act request complained of is set forth in Paragraph 19 of the Plaintiff's Complaint, dated December 12, 2006 requesting copies of e-mail communications. The Complaint itself confirms that many of the e-mails requested were deleted and no longer exists. The Complaint itself further sets forth that a response was provided to the Plaintiff as of December 15, 2006.

In documents the Plaintiff himself produced, document 0659, a letter of January 19, 2007 from Leigh Watkins to Paul Trask contained as Exhibit 5 to Leigh Watkins' deposition clearly sets forth that e-mails responsive to the request were produced to Mr. Trask.

The Plaintiff is now in receipt of the SCDPS e-mails of communications policies for the South Carolina Department of Public Safety which is a portion of Exhibit 4 to the Plaintiff's deposition. Said policy is referenced as being provided in Leigh Watkins' letter to Paul Trask of January 19, 2007.

617

With regard to Beaufort County's Coroner, Paragraph 28 of the Plaintiff's Complaint complains of a purported Freedom of Information Act request made to the Coroner on February 21, 2006. A copy of said purported request is attached herewith and made a part hereof as Exhibit 8. Said request does not reference a Freedom of Information Act request and can not be consummated as a Freedom of Information Act request. The request does not request that documents be produced. In addition, the complained of request is dated February 21, 2006 and the Plaintiff has failed to initiate this action within the one year time period specified in the Freedom of Information Act.

Paragraph 39 of the Plaintiff's Complaint references a purported Freedom of Information Act request of March 20, 2006. Again, said request is not a Freedom of Information Act request and is moot. Even if this could be considered a Freedom of Information Act request, the Plaintiff has failed to initiate an action to enforce the request within the one year time period specified in the Freedom of Information Act.

Nevertheless, the Plaintiff alleges that a response was received on April 7, 2006 but that the response was not complete. Testimony has revealed that any information not provided did not exist or no longer existed. See Affidavit of Leigh Watkins, a MAIT investigation was not performed. Capt. Robert Bromage and Jeff Purdy further testified that any handwritten field notes were destroyed.

Paragraph 33 of the Plaintiff's Complaint references a purported Freedom of Information Act request dated June 22, 2006 requesting copies of cellular phone records. Coroner Copeland testified that any e-mails he may have had that were responsive to the Complaint were "double deleted" and he is no longer in possession of

the personal computer used to generate the e-mails. See deposition transcript of Curt Copeland at page 88. A copy of the deposition transcript is attached herewith.

The Plaintiff's Affidavit of November 4, 2008, sets forth that the Plaintiff received a copy of the cellular phone records requested with the exception of a copy of the cellular phone records for 843-812-6330. The Plaintiff has now been provided with a copy of the cellular phone records by way of correspondence dated November 10, 2008, which is attached herewith.

Paragraph 35 of the Plaintiff's Complaint indicates that a purported Freedom of Information Act request was made on December 11, 2006, requesting copies of e-mail correspondence and hard drives. Testimony has revealed that the e-mails requested no longer exist and the computer containing the hard drive has been sold. See deposition of Curt Copeland, pages 89 through 91. Said transcript is attached herewith and a part hereof.

Paragraph 36 of the Plaintiff's Complaint references a purported Freedom of Information Act request on February 25, 2007 requesting toxicology reports. These reports are forthcoming.

Paragraph 37 of the Plaintiff's Complaint references a purported Freedom of Information Act request dated February 25, 2007. A copy of the request is attached herewith as Exhibit 15 and made a part hereof.

Curt Copeland testified that he is not in possession of the call log requested. Rather, William Winn's office was in possession of and has provided to Plaintiff in Supplement Responses to Request for Production dated 12/8/08.

Paragraph 42 of the Plaintiff's Complaint makes reference to a purported Freedom of Information Act request dated December 12, 2006, requesting records retention's schedule for all e-mail and correspondence. The Plaintiff's Complaint alleges that a written response was provided on January 11, 2007. A response was provided on January 11, 2007 that included the informal e-mail policy. See Exhibit 3 of Frank Guth's deposition transcript, also identified as Plaintiff's documents number 0202, 0203 and 0204. Testimony has revealed that at the time of the request there was no formal e-mail policy. See deposition of Wayne Walter at page 48, the informal e-mail retention policy.

The following purported Freedom of Information Act request is set forth in Paragraph 49 of the Plaintiff's Complaint, which is dated December 13, 2006,

requesting copies of e-mails of Bob Bromage. Said request is attached herewith as Exhibit 17. The request itself, notes that the e-mails were deleted by Bob Bromage and references Mr. Bromage's deposition of October 24, 2006. Therefore, the Plaintiff knew the e-mails had been deleted before he requested a copy of the e-mails. With regard to the hard drive, Capt. Bromage testified during his deposition that the hard drive was "fried". The Plaintiff's Complaint admits a response was received to the request on January 10, 2007.

The Plaintiff complains of a purported Freedom of Information Act request made on February 3, 2007 at Paragraph 52 of the Plaintiff's Complaint. A copy of the computer use policy has been provided to the Plaintiff, and is attached as Exhibit 19 to the deposition transcript of Tom Hatfield. Sub-policy authorizes the personal use of the

Beaufort County Sheriff's Office computers. There is no specific letter to Robert Bromage authorizing his use of the computer.

Paragraph 53 of the Plaintiff's Complaint states charges were excessive for the copies received, however, the charges charged to the Plaintiff for the request of February 3, 2007 were in accordance with the previously established Beaufort County fee schedule for compliance with a Freedom of Information Act request. Copy of said policy is attached herewith and made a part hereof as Exhibit 24.

Paragraph 59 of the Plaintiff's Complaint sets forth the next alleged purported Freedom of Information Act request of December 14, 2005. Although, the Complaint references a request of December 14, 2005 to Ms. Duhon, it appears as though the request was addressed to Chief Deputy Hatfield and was received by Gwen Duhon on

December 15, 2005. A copy of the request of December 14, 2005 and e-mail transmission to Gwen Duhon on December 15, 2005 is attached herewith and made a part here of as Exhibit 20. The recordings responsive to the request were provided to the Plaintiff sometime prior to February 23, 2006. See the deposition transcript of Gwen Duhon, pages 75 through 76. On February 23, 2006, the Plaintiff requested that a time stamp be overlaid on the recordings. This is not a request pursuant to the Freedom of Information Act, as the County is only required to produce documents in its possession. In addition, at the time of that request, the original recordings had been destroyed pursuant to Beaufort County's retention policy. See attached Plaintiff's document number 0032, and e-mail transmission from Paul Trask to Gwen Duhon dated January 24, 2006, wherein Mr. Trask acknowledges receipt of the response to his purported

Freedom of Information Act request. Said document is attached herewith and made a part hereof as Exhibit 21.

All requested recordings, with the exception of the requested overlay of official time of the records were provided to the Paul Trask prior to his second request of February 23, 2006. See deposition of Gwen Duhon at page 76.

The Plaintiff failed to timely file a request to enforce the Freedom of Information Act request of December 14, 2005. Attached is Plaintiff's document number 0035, which references the "updated records", dated January 25, 2006. Therefore, the purported Freedom of Information Act request has been responded to prior to January 25, 2006. The Plaintiff was advised that the original disc and recordings had been "recycled" on January 27, 2006. See a copy of the e-mail attached herewith as an exhibit to the

deposition transcript of Gwen Duhon at page 80. All documents responsive to the request in Beaufort County's possession were provided to Paul Trask. See William Winn Affidavit.

The original recordings were destroyed prior to having a time stamp placed on them, which was not a duty or responsibility of Beaufort County pursuant to the Freedom of Information Act.

The next purported Freedom of Information Act request is of January 23, 2006, requesting Beaufort County add a computer voice stamp to the Sheriff's Office and EMS discs. The Plaintiff complained that prior to this being performed the discs had been "recycled". Beaufort County has no duty or responsibility to add voice stamps to any documents. The Freedom of Information Act request only requires public records that be provided. §30-4-30.

622

The next purported Freedom of Information Act request is found at Paragraph 64 of the Plaintiff's Complaint dated February 2, 2007 of the Plaintiff's Complaint. Said purported Freedom of Information Act request is attached herewith and made a part hereof as Exhibit 22. It is clear from the language of the purported request, that the request is not a Freedom of Information Act request and makes no reference whatsoever to the Freedom of Information Act. Testimony of William Winn has revealed that Beaufort County is not in possession of documents which are responsive to the request for the operation procedures for Beaufort County's 911 system, and it is not Beaufort County's 911, but the telephone carrier's 911 system. Beaufort County is not in possession of operational procedures responsive to the request. See a copy of William Winn's deposition transcript on (date) at pages 76 through 79. Beaufort County

provided a copy of the 911 plan. See a copy of William Winn's deposition transcript at pages 78 and 79. The Plaintiff was also provided with copies of retention schedules which are included in the deposition exhibits of William Winn and Gwen Duhon. See also Affidavit of William Winn.

AFFIDAVIT OF WILLIAM WINN, JR.

PERSONALLY APPEARED BEFORE ME, William Winn, Jr., who, being
first duly sworn, deposes and says as follows:

1. That my name is William Winn, Jr. and I am over the age of eighteen (18) years.
2. I am a resident of Beaufort, South Carolina.
3. That I am the Director of the Beaufort County Emergency Management Department.
4. At various times, my office received FOIA requests from Mr. Trask, requesting various public records.

674

5. My staff and I performed the appropriate research in order to find and produce for inspection and copying any and all responsive documents to those requests that our office received.
6. To the best of my knowledge, all responsive public records were or have now been produced for inspection and copying in accordance with South Carolina Code §30-4-10 et. seq.
7. That all radio call logs as referenced in the February 25, 2007 FOIA have been produced to Mr. Trask. (These call logs are also called CAD, Computer Dispatched Logs).
8. I also received Mr. Trask's February 2, 2007 FOIA request regarding the operational procedures for the 911 system and I affirm that there are none

to give him because there is no consolidated or written procedure for 911 because the 911 system is owned by a multitude of companies.
9. That I am of sound mind and competent to testify to the matters set out hereinabove.

FURTHER AFFIANT SAYETH NAUGHT.

16 Q. And were you able to get those
17 transmissions, CDs?

18 A. At this time, I do not know.

19 Q. All right. Would those transmissions
20 have been available on February 27, '06?

21 A. 180 days. So, yes, sir, they should
22 have been.

23 Q. And would you have anything in your
24 records to indicate what the response was to you to
25 your request for those transmissions? **628**

1 they were there for varying lengths of time. Mr.
2 Garst was there for well over an hour. Mr. Eckard
3 was there for something less than an hour, and Mr.
4 Arbello there a little bit less than that. We
5 asked them what evidence they had collected at the
6 scene. They said that they collected none. We
7 asked them if there was any evidence of beer cans
8 or anything like that that they had collected at
9 the scene and they said no. We asked them what
10 they thought had caused the accident, and one of
11 the deputies said that they thought he had just
12 gone to sleep and that they -- then another deputy
13 said -- and I don't remember which ones were saying
14 this -- that they speculated that maybe a deer had
15 run out. And we said, well, there was no skidding,
16 there was no swerving, there was no indication of
17 any animal that had jumped out to cause Paul to go
18 off the road. They agreed with that. And so then
19 the most remarkable thing I think was we asked,
20 well, did you ever consider that alcohol was a
21 factor in this accident. And in unison, together,
22 instantly, they all said, no. Which I don't
23 believe because any trained police officer knows
24 that alcohol is probably the most likely factor in
25 a car crash of that nature at that hour of the day

629

56

1 Q Did you --

2 A They were already gone by that point. I
3 believe at my last deposition I testified that they
4 were already deleted, the e-mails. My harddrive
5 fried about several months after this. It would
6 have been '07.

7 Q You still had the harddrive, though?

8 A At that point, I did. Yes, sir, but it
9 was in my computer. I was using it, in other words.

10 Q You didn't do anything to back up your
11 harddrive?

12 A No, I didn't.

13 Q Had no backup?

14 A I wouldn't know how to back up like that.

15 Q You had already shredded your
16 investigative handwritten notes?

17 A Yes. They were long gone.

18 Q And you had deleted all of your e-mails
19 concerning this matter?

20 A Yes, sir.

21 Q Just one other thing I wanted to ask you
22 about. That is the sequence of the events of the
23 accident. I think it was established by you and
24 Mr. Purdy or in your investigation that the Trask
25 automobile, thought to be Trask, appeared at the

1 provided to your counsel?

2 A Yes, sir.

3 Q Let's go then to look at Exhibit 9 again,
4 your letter to Mr. Trask of July 13. In the third
5 paragraph of that letter you address the issue of
6 e-mail correspondence, right?

7 A Yes, sir.

8 Q What do you tell Mr. Trask?

9 A He wanted e-mails, and I cleared my
10 e-mail. I don't let them accumulate. It's a
11 personal e-mail address, and I cleared it. It's not
12 complicated.

13 Q Well, does this personal e-mail address,
14 is it used for coroner's business?

15 A There may be occasions where something is
16 transmitted over e-mail that's coroner related.

17 Q So you don't have any personal computer --
18 I mean, you don't have any coroner's computer aside
19 from your personal computer?

20 A No, sir.

21 Q To the extent that there is e-mail
22 correspondence on your personal computer, your
23 testimony is that you delete it periodically?

24 A It gets cumbersome. Yes, I delete all of
25 the e-mails that come and go. 631

1 Q How often do you delete coroner's e-mails?

2 A I don't specifically delete coroner,
3 personal, whatever. I delete by date everything.

4 Q How often do you delete the, quote, date,
5 end quote?

6 A Depends on how many I get. When it gets
7 to be several, 15 or 20, I delete them.

8 Q Do you still have that same computer and
9 e-mail address?

10 A I still have that same e-mail address.

11 Q How about computer?

12 A I don't think I still have that same
13 computer.

14 Q Now, some people who have testified in
15 this case I am told have said or will say that they
16 double delete e-mails. Do you ever do that?

17 A Sure.

18 Q Why do you double delete them?

19 A They go into a deleted file, and then you
20 delete that deleted file. I guess they go into that
21 deleted file so in case you realize you have deleted
22 something -- are you familiar with computers?

23 Q I'm not supposed to answer questions in
24 this deposition. But I can move around on one
25 pretty well.

632

1 A Well, you delete them the first time and
2 they go into a deleted file.

3 Q That's why I'm asking you.

4 A You delete out of that deleted file just
5 to clear it up.

6 Q Clear it up?

7 A Yes.

8 Q Is it your position that e-mail
9 correspondence is not covered under Section
10 12-518-3, case files that we talked about in Exhibit

11 2?

12 A It probably was. And you know, I probably
13 should not have, but I did -- I didn't -- I mean, if
14 I did it, I did it. In honesty, it was not
15 intentionally or with some kind of ulterior motive
16 in mind.

17 Q It's hard to delete something
18 unintentionally, isn't it?

19 MR. WALDRON: Object to the form of the
20 question.

21 THE WITNESS: I'm sorry?

22 BY MR. TISDALE:

23 Q Why do you delete this coroner's office
24 correspondence?

25 A Because it becomes cumbersome. It was not

1 deleted because of who it was or what it was or
2 anything else. It was deleted with everything else.

3 Q You just delete it as a practice of the
4 operation of your office?

5 A Absolutely. I wish I hadn't.

6 Q Right. We wish you hadn't, too. Are the
7 harddrives of those computers still available, the
8 ones you used in 2005?

9 A I don't know. I mean, I've sold the
10 funeral home. I would have to really think through
11 ~~and track down whether those are still available or~~
12 not.

13 Q Does the present operation of the funeral
14 home have anything to do with the coroner's office?

15 A No, sir.

16 Q Are you saying that whatever coroner's
17 records there were on your computer you left with
18 the funeral home?

19 A No, sir. I'm not -- not coroner records,
20 but anything pertaining to e-mail. I mean, the
21 e-mail, I cleaned it up. I erased it. Whether it's
22 cleared off the harddrive or not, I don't know.

23 Q Where is the harddrive?

24 A The harddrive is on the computer that
25 was -- the computer was sold to the new owner of the

COUNTY COUNCIL OF BEAUFORT COUNTY
Management Information Systems
Post Office Drawer 1228
Beaufort, South Carolina 29901-1228

January 11, 2007

Mr. L. Paul Trask, Jr.
[REDACTED]

Beaufort, SC 29902

Ref: Your FOIA letter to me dated December 12, 2006
Your email to me dated December 31, 2006

Dear Mr. Trask:

EXHIBIT

60TH 13
7-31-08 / CLM

Listed below is our response to your December 12, 2006 letter requesting information under the Freedom of Information Act. We have attempted to assist you and answer as much as we can with the records that are available to us.

1. Please provide me with a current and complete list of users for the Beaufort County email system - @bcgov.net.

Response: Attachment A to this letter contains a listing of the current users of the County email system. Please treat this information carefully, and either shred it or burn it when you are finished using it.

2. Please provide me with a complete copy of the Beaufort County records retention schedule as approved by the S.C. Dept. of Archives & History. Please include the retention schedule for all email, voicemail, telephone and cell phone records; the specific records retention schedule and policy for the coroner's office, the sheriff's office, and the emergency management department; and the specific retention schedule and policy pertaining to the voice and written records from the county communication and dispatch systems for EMS, fire, police, sheriff and coroner.

Response: Attachments B1 and B2 contain the complete records retention schedules for those Beaufort County Departments that have a formal program.

635

Retention of emails is as follows: For those employees that use only Microsoft Outlook, the emails are stored on their local PC hard drive and are deleted when the employee does a double delete. For those employees that use Outlook in conjunction with Microsoft Exchange, emails are stored on the Exchange Server and stay there until the employee does a double delete. The Exchange Server is backed up every night, and the backups are retained for thirty days and then deleted.

Retention of Voice Mail, Telephone, and Cell phone records is as follows: Unless deleted by the employee, the content of the telephone voice mail is retained for ten days, and then deleted by the system. There is no backup of the telephone voice mail content. The cell phone voice mail content is retained by the cell phone vendor and deleted after fourteen days. Telephone Call Detail is kept for one year if the call passed through the County's telephone switch. Centrex Call Detail is maintained by Embarq for ninety days. Cell Phone Call Detail records are retained as part of the Finance Department's Accounts Payable schedule and are destroyed after three years.

I believe Mr. Winn has previously addressed your question relating to the county communication and dispatch systems for EMS, fire, police, sheriff, and coroner.

3. Please identify the contact person and custodian for all Beaufort County public records and the location where these records are maintained.

Response: Mr. Wayne Walters, Director of Records Management, is the contact person and custodian for these records. He and the records are located at the Beaufort County Records Management Facility at 2727 Depot Road, Beaufort SC 29902. His phone number is 843-525-7651. He is available to answer any questions you may have regarding the two Attachment B books.

4. Please identify the manufacturer and the model of the Beaufort County dispatch and recording system. If there are serial numbers, please provide them to me.

Response: I believe that Mr. William Winn has previously responded to this request.

5. Please provide me with contact information for the manufacturer, the installation company and for any company that maintains or services the communications equipment.

636

Response: I believe that Mr. William Winn has previously responded to this request.

With respect to Mr. Copeland, the coroner,

6. Please identify any county cell phone or telephone assigned to the coroner.

Response: Two cell phones are assigned to the Coroner. Their numbers are 843-812-6330 and 843-816-8013.

7. Please provide a record of all calls to or from county cell phone or telephone assigned to the coroner or used by the coroner on November 22, 23, and 24, 2005.

Response; Records for the dates above are included in Attachment C. 843-812-6330, the Coroner's Van phone, shows no activity. 843-816-8013, the Coroner Cell phone, shows activity.

8. Please identify the county cell phone(s) assigned to the coroner's van(s) and provide me with a record of all calls to or from the coroner van(s) on November 22, 2005.

Response: No calls were made from the Coroner's Van cell phone, 843-812-6330, on the above date.

As always, we will be glad to provide any and all assistance, if possible. Please feel free to contact me on 470-3677 or via email at fguth@bcgov.net.

Sincerely,

Frank E. Guth
Chief Information Officer
Beaufort County

637

Page 48

1 delete, or what do you do with it because it's so
2 voluminous and there's so much junk mail.

3 And the biggest thing is the junk mail.
4 How do you weed out what's junk mail or not? And
5 so it's all personal opinion. We're trying to come
6 up with a way you can look at an e-mail -- well,
7 this is a record. And my solution was just print
8 everything out, then if you would keep it as a
9 letter, you'd keep it, but they didn't like that
10 idea because it burns too many trees, so.

11 Q. Right. Is it your understanding that
12 currently Beaufort County does not have an e-mail
13 retention program?

14 A. Yes and no. There's not a definite one
15 that I know of, although the MIS director told me
16 he was going to adopt the system that Charleston
17 County uses, and I was -- requested a copy of that,
18 and I haven't received it yet, so I don't know.

19 Q. Who's the MIS director?

20 A. That's Ted Anderson. He does both jobs
21 -- CIO, MIS.

22 Q. And just so I understand, what does CIO
23 stand for?

24 A. Chief information officer.

25 Q. Okay. And MIS?

638

1 TIBBALS - DUHON (DIRECT EXAMINATION)

2 received a response from Chief Hatfield or Ed
3 Allen?

4 A No.

5 Q And then on PLTF 0036, this is an
6 E-mail from you dated Friday, January 27, 2006,
7 and this is the first time that you have
8 received permission from both Chief Hatfield and
9 Rusty Hollingsworth, right?

10 A Right.

11 Q And So there was a period of time there
12 ~~from December 14, 2005 to January 27, 2006 where~~
13 you were waiting for the approval of Chief
14 Hatfield and Rusty Hollingsworth?

15 A No, no.

16 Q Then tell me how that happened?

17 A Mr. Trask requested a different type of
18 recording than had been originally provided to
19 him.

20 Q Okay.

21 A And this was in addition to the
22 original recording that had already been
23 provided.

24 Q So in response to his December 14
25 request there was information provided to him

COASTAL COURT REPORTING & VIDEO SERVICES
POST OFFICE BOX 7349 HILTON HEAD, SC 29938
BEAUFORT - HILTON HEAD - SAVANNAH
843-785-7739 - 843-785-5837 - '800-791-1100

639

1 TIBBALS - DUHON (DIRECT EXAMINATION)

2 previously than -- previous to this January --

3 A Yes.

4 Q To your knowledge were all recordings
5 that he requested on December 14, 2005 provided
6 to him before he made an additional request?

7 A Yes.

8 Q What was the additional request that he
9 made?

10 A He wanted to go back and have the
11 sheriff's office recordings and the EMS
12 recordings remade with the time and date stamped
13 for each transmission as the fire recording had
14 been made.

15 Q And that required a separate approval?

16 A Yes.

17 Q Well, then let's go back and talk about
18 the December 14 request, and I understand that
19 you went to the various appropriate agencies to
20 request their permission for the release of the
21 recordings requested, right?

22 A Yes.

23 Q And then you received approvals from
24 everybody you asked, right?

25 A Yes.

1 TIBBALS - DUHON (DIRECT EXAMINATION)

2 A Yes.

3 Q So as of January 27 when you have the
4 approval, the audio recordings have been
5 recycled and so therefore even though you had
6 provided audio recordings to Mr. Trask
7 previously his request that you sort of time
8 stamp the audio recordings, that could not be
9 done at that time, right?

10 A Right.

11 Q The next page here is PLTF 0790.

12 ~~Are you with me there on that?~~

13 A Yes.

14 Q That is an E-mail from you dated
15 February 17, 2006, right?

16 A Right.

17 Q And there was a question about a call
18 regarding a brush fire.

19 Do you recall that at all?

20 A Yes.

21 Q I think Mr. Trask believed that the
22 brush fire related to the accident.

23 But you thought that the brush fire was
24 a separate incident, is that right?

25 A Yes.

1 A. They belong to the telephone company.
2 When that system hits the routing system, that
3 belongs to the telephone company. We have no
4 control, it's provided to us, I have no idea how
5 that system works, I don't know what their
6 procedures are, there's nothing I can give anybody.
7 When that system under the 911 plan hits our
8 system, it takes the phone number and it matches
9 the telephone number to the address and sends it to
10 the dispatcher. That's the 911 system. There are
11 no policies, no procedures on how that's done.

12 That's provided by guidance, by the company that
13 you choose to make your provider and it's a
14 standard interface. So when you ask for 911
15 operational procedures for Beaufort County, there
16 is no real 911 procedures because it's all
17 controlled by contracts or by equipment provided to
18 you.

19 Q. So in other words, those operational
20 procedures are not Beaufort County's operational
21 procedures, but they are the operational procedures
22 of the telephone company?

23 A. Of the different -- each telephone
24 company is separate and different. The telephone
25 company who provides the router is different. The

1 requested operational procedures. Now, tell me
2 because maybe this will go a long way towards our
3 mutual understanding, is there more than one set of
4 operational procedures in place for the 911 system?

5 A. No, sir. There is two separate systems
6 that's totally separate and different.

7 Q. Okay. Explain it to me.

8 A. When you say the 911 system, okay, all
9 that pertains to is the telephone call that comes
10 to the telephone --

11 Q. Hold on just a minute so that I can
12 listen without being distracted because I do want
13 to try to understand.

14 MS. Golden: I apologize.

15 BY MR. TIBBALS:

16 Q. Okay.

17 A. The 911 system is the telephone call
18 that comes into the phone company and those
19 procedures are provided by the telephone companies.
20 How they route them to Beaufort County is separate
21 and independent of each telephone company we deal
22 with. So when you ask me for those procedures, I
23 don't know them, but that's part of the 911 system.

24 Q. Because they belong to the telephone
25 company?

643

1 Q. Which would have included those
2 contracts?

3 A. Which includes everything. That
4 included all the companies that we had at the time
5 of that agreement.

6 Q. Now we're back to 13. Fourth paragraph
7 here --

8 A. Which one?

9 Q. 13.

10 A. Okay.

11 Q. Actually, it's the fifth paragraph

12 beginning: In addition, my request to you of
13 February 2, 2007 stated please provide me with a
14 copy of all intergovernmental agreements pertaining
15 to the use of the Beaufort County 911 system.

16 Do you see that?

17 A. Yes, sir.

18 Q. Do you have any knowledge as to whether
19 or not any intergovernmental agreements were
20 provided to Mr. Trask?

21 A. The copy of the Beaufort County 911
22 plan was provided, which is the document of
23 approval for 911 as submitted to the state.

24 Q. And you understand that
25 intergovernmental agreements are required for your

1 telephone interface to -- the telephone number to
2 the addressing system is a different company, okay?
3 And how you match and maintain the database is a
4 different group of -- different company and what
5 you do in a 911 plan which we provided, it tells
6 you these are the companies that are providing this
7 and the municipalities have agreed to do this and
8 it's operational. You submit that to the state,
9 they approve it and you put the system in. So this
10 afternoon if a telephone company changes a policy

11 and procedure, we have no knowledge. All we know
12 is the phone rings, it matches and it comes to us.

13 Q. So Beaufort County itself has no
14 operational procedures with respect to 911?

15 A. As respect to how those procedures come
16 in and are processed by those companies, no, other
17 than we have a contract with those companies.

18 Q. Okay. So in order to get the
19 information that Mr. Trask was seeking, you would
20 have needed for him to ask for your contracts with
21 these telephone companies that detail operational
22 procedures of the various telephone companies?

23 A. We provided to the best of my knowledge
24 Mr. Trask a copy of our 911 plan for Beaufort
25 County to the best of my knowledge.

L. Paul Trask, Jr.

Beaufort, SC 29902

Cpl. Paul J. Brouthers
S.C. Highway Patrol Troop 6
8740 N. Park Boulevard
North Charleston, SC 29418

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Cpl Brouthers:

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your office is responsible for holding and maintaining records for the S.C. Highway Patrol for the Troop 6 area which includes Beaufort County. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your office maintains records for the SC Highway Patrol Troopers who responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions, e-mail and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

b46

Date? Receipt of Lcpl Paul Brouthers note identifying himself as contact man.
02/23/06 Paul mails Brouthers letter requesting preservation of documents
02/24/06 Brouthers calls Paul and discusses situation. Tells me to email his superior, Lt. Strickland. Brouthers tells me that photos will be kept in file.
02/27/06 Paul emails Lt. Strickland requesting all records, reports, drawings, & evidence (excluding photos) & radio transmissions.
02/28/06 Leigh Watkins sends Paul letter stating that request for information has been received.
02/28/06 Watkins calls Paul and leaves message asking Paul to fax her the TR310
02/28/06 Paul calls Leigh and she gives her fax number so Paul can fax her the TR310
03/01/06 Paul faxes Watkins the TR310 and a copy of the email request sent on 02/27/06 to Strickland.
03/02/06 Watkins office requests SCHP Captain Woods send all requested information directly to Watkins.
03/08/06 Fatality Packet arrives in mail. Paul faxes Watkins asking for a more legible copy of fatality packet including the missing pages and Trooper's notes.
03/10/06 Radio Log Packet comes in.
03/13/06 2nd Fatality Packet comes in. Handwritten note from Watkins attached.
03/17/06 Paul emails Brouthers asking questions pertaining to the Fatality Packet. PDFs of Packet & Radio Log are attached to the email.
03/17/06 Brouthers emails Strickland asking him to "please address this man's issues".
03/20/06 Lt. Strickland emails Paul and says requests should go to Leigh Watkins. Paul does not receive this email for some reason.
03/20/06 Paul emails Brouthers asking for a statement of Perry & Harrison's conversation with Copeland at the scene and for any subsequent conversation with Copeland. **Note: There has never been a response to this.**
03/20/06 Brouthers emails Paul saying that I should go directly to Lt. Strickland with my questions and requests.
03/20/06 Paul emails Brouthers and says Ok, will Strickland be in touch on the 03/17/06 questions as well.
03/20/06 Brouthers emails and says he has forwarded all correspondence to Lt. Strickland. Gives Paul Strickland's email address.
03/20/06 Paul emails thanks to Brouthers.
03/26/06 Paul emails Lt. Strickland RE: emails to Brouthers 03/17 & 03/20. Paul asks Strickland when will I get the info? No response from Strickland.
04/02/06 Paul re-sends the 03/26/06 email to Lt. Strickland. Marks it 2nd Request. No response from Strickland.
04/18/06 Paul re-sends the 03/17/06 email with questions to both Strickland and to Brouthers stating that there has been no response and asking them to advise.
04/18/06 Strickland emails me and advises that requests come to him from Leigh Watkin's office and that Watkins has emailed the Troopers to request the information.
04/19/06 ? Paul receives voicemail from Leigh Watkins saying she wants to explain a few things.
04/20/06 Paul returns Watkins call and leaves her a voicemail 01:45 pm
04/21/06 Paul calls Watkins again and leaves her a voicemail 09:35 am.

647

①

04/24/06 Paul reaches Watkins by phone. Watkins says she has mailed more information and that she knows that I will have more questions. She gave me her email address and said to email her.
04/25/06 Package from Watkins received.
04/25/06 Paul emails Watkins with additional questions with PDF of prior days package attached.
05/02/06 Paul emails Watkins asking for status of information I requested on 04/25/06
05/03/06 Watkins emails Paul advising that she has had surgery & is waiting for the information from the Troopers. Watkins says she will have it for me next week.
05/03/06 Paul emails Watkins telling her he hopes she will feel better and saying he will be awaiting the information.
05/09/06 Paul emails Watkins asking when he will receive answers to questions dated 4/25/06?
05/09/06 Watkins emails Paul & says she is back in her office and is sending emails to find out the status.
05/15/06 Paul emails Watkins asking when he will receive a response. Paul also asks for a copy of the Standard Operating Procedure that Troopers follow when investigating a fatal accident and when interviewing witnesses.
05/15/06 Watkins emails Paul saying that she had one Troopers response and is awaiting the other response.
05/18/06 Watkins emails response to questions of 04/25/06. Says she will forward the field notes and Coroner's (toxicology) report as soon as she receives word from Trooper Perry.

Are Perry, Harrison, Brouters, Strickland, Collins, Bromage and Copeland in touch individually or at large during this time?

05/18/06 Paul emails Watkins and asks her to forward the correct field note and the toxicology test as soon as she receives it. Paul again asks for SOP for Troopers investigating fatal accidents and interviewing witnesses.
05/18/06 Paul emails Watkins reminding her that I want a copy of the blank "incident report"
05/22/06 Watkins emails Paul and sends SOP and Q & A with troopers. Says she hopes to have the Coroner report and field notes soon.
05/22/06 Paul emails another reminder to send the blank "incident report"
05/23/06 Paul emails Watkins and advises her that he cannot open the links to the CALEA standards which are a part of the SOP. Paul asks Watkins to print them and send them to me.
05/25/06 Paul emails & continues to ask for the correct field notes and also for the CALEA standards and blank incident report.
05/25/06 Watkins emails and advises that she has mailed the CALEA and blank forms and that she hoped to have the field notes tomorrow on 05/26.
05/25/06 Paul receives CALEA and blank incident report in the mail.
As of 05/29/06. We still do not have the correct field notes.
06/05/06 Paul emails Watkins and asks again for the field notes. No response.
06/14/06 Paul sends FOIA letter to Watkins via fax and standard mail. Paul asks for email communications between officers & between officers and coroners office, field notes. Paul does not receive a response to this letter.

648

(2)

06/20/06 Paul emails Watkins with 6/14 FOIA letter attached. Asks Watkins when field notes and email will be delivered.

Date? Paul finally receives the correct field notes but bottom is illegible.

06/23/06 Paul emails Watkins and asks permission to visit the Ridgeland patrol office to see the original field notes

06/23/06 Watkins emails Paul and says sorry its taken so long to get the field notes.

Says she will make appointment for me to visit Ridgeland SCHP office.

06/23/06 Paul emails and asks Watkins to make appointment asap.

06/28/06 Paul emails Watkins and asks if she has made the appointment.

06/28/06 Watkins emails Paul & says she is waiting until someone comes back from vacation.

06/29/06 Paul emails response and says he will meet with anyone. Wants to go asap.

06/29/06 Watkins emails and says there is no filing room per se. Watkins needs to get in touch with "him" to have the paperwork dropped off.

06/29/06 Paul emails Watkins and asks for the identity of the officer and where the file is maintained. There is no response from Watkins.

07/10/06 Paul emails Watkins and asks if there is a file and where is it?

07/10/06 Watkins emails Paul and give the day and time of the appointment

07/10/06 Paul confirms the appointment.

07/12/06 Paul meets with Sgt Priester at the patrol office in Ridgeland. Please see Paul's notes of the meeting which were emailed to George Trask right after the meeting.

07/13/06 Priester emails a response to Paul's questions.

07/14/06 Paul follows up with clarification questions to Priester. No response from Priester.

07/26/06 Paul emails Priester and again asks for clarification. No response from Priester.

No further contact with Watkins or SCHP other than Paul's numerous unanswered requests to Jack Geren, PI to have Lt. Collins answer the questions I posed to Priester or to meet with me in person to answer them. Geren says that he is unable to get Collins to respond. Geren says that the "climate has changed" in their (SCHP) willingness to assist me. Geren himself will no longer respond to my emails.

12/12/06 Paul faxes and mails FOIA request asking for email communications.

12/12/06 Watkins acknowledges FOIA request.

12/15/06 Watkins calls Paul and tells him that the troopers have deleted and double deleted their email files.

12/15/06 Paul prepares and faxes/mails FOIA request for SCDPS written email policy. This letter also requests the preservation of the officer's data drives.

12/15/06 Watkins receives the 12/15 FOIA letter via fax and calls Paul and questions the basis for the request.

12/15/06 Paul emails Watkins and supplies her with the link to SCDAH email guidelines brochure. There is no response from Watkins.

12/16/06 Paul follows up with email to Watkins notifying SCDPS of the need to restore the deleted records. There is no response from Watkins.

01/07/07 Paul emails Watkins and sets forth the recent events/requests and asks when the deleted records will be made available. There is no response to this request.

649

(3)

01/18/07 Paul emails Watkins and advises that he has had no response. Paul again asks when the deleted records will be made available.

This is the end of my communications with Watkins/SCDPS/SCHP. I have had no response to my requests for access to the deleted email records or to my request to inspect the SCDPS email policy.

Subject: L. Paul Trask, III Fatal Automobile Accident 11/22/05, US21 Hunting Island

Lt. Strickland,

My name is L. Paul Trask, Jr and I am the father of Paul Trask, III who died in an accident on Hunting Island on November 22, 2005. I faxed and mailed the attached on 02/23/06 to your Troop 6 office and Cpl. Paul Brouthers called me to discuss it Friday.

I would like to request a copy of all of the records in your possession related to my son's accident including all reports, drawings and any evidence that was collected by investigating troopers at the scene. I would ask you to please keep all photographs of the accident in your file and NOT to send them to me unless I request them in the future.

It is my understanding that recordings of the radio transmissions received or made by troopers is maintained in Columbia. Would you please contact the appropriate SC State Police and forward a copy of my letter requesting that they preserve the recordings related to my son's accident along with any other pertinent records.

I would like to get a CD copy of the radio transmissions as soon as possible. Would you please advise me how to secure that data.

Thank you very much for your assistance. If you have any questions, I can be reached at 843-██████ (O) or 5███ (H).

My mailing address is: L. Paul Trask, Jr.

Re: FOI Request 0602107

Dear Leigh:

Per our telephone conversation this morning, I am faxing to you the SCHP report dated 12/03/05 which I received from the SCDPS office in the mail this morning. The report I received includes the following pages:

Page 4	Major Incident Checklist
Page 5	Collision Summary
Page 6	Collision Summary Continued
Page 7	Diagram of Collision Scene
Page 8	Operator/Pedestrian Information For Unit #1
Page 11	Post Collision Vehicle Inspection For Unit #1
Page 13	Post Collision Vehicle Inspection For Unit #1
Page 15	Post Collision Vehicle Inspection For Unit #1
Page 17	Surface Marks Left By Vehicles Unit #1
Page 18	Roadway Information
Unnumbered	Page with handwritten notes pertaining to a different accident (Alford)
Unnumbered	Page with handwritten notes pertaining to a different accident (12.7 miles east of Ridgeland)
TR310	#R744109 Front & Back

Would you please advise me what information is contained on pages 1-3, 9-10, 12, 14, & 16.

I will need a copy of the handwritten notes pertaining to my Son's accident.

Also, as you can see, a number of the pages are poor photocopies.

Please send another complete (excluding photos) in legible condition.

Please call me at 843- [REDACTED] if you have any questions.

Thank you. Paul Trask

(15) pages total including cover.

March 17, 2006
He has Fatality Packet
minus photos

Paul,

Thank you for all of your help. I have a copy of the fatality packet and a couple of questions.

I have attached a copy of everything I received from the SCHP Blythewood Office.

Jamie

Clarence

- ① Did Trooper Perry or Cpl. Harrison interview James Irby, the Fripp Island security guard on duty at the gate? Did either officer interview Andrew or Andrea Lowe, (173 Davis Love, Fripp Island) the couple who apparently first reported the accident to Irby?
- ② Is there no Incident Report? The cover sheet indicates on N/A. NO
- ③ What is the TAVA report? The cover sheet indicates that no TAVA report is included.
- ④ There is no toxicology report. Does either officer know why there is no toxicology report?
- ⑤ Why is there no Coroner's report?

653

Please note that the field notes appear to be those for the Alford accident which occurred on Snake Road that same night. I brought this to the

attention of Leigh Watkins, FOI Coordinator and requested a 2nd packet. The 2nd packet arrived with the same field notes pertaining to the Alford accident. There are no field notes for my son's accident included in the packet. Please check your file, I need the correct field notes.

There is no MAIT report included. (10) Under what circumstances is a MAIT investigation performed? Was a MAIT investigation ever requested for my son's accident?

I sincerely appreciate your assistance. Please call me at [REDACTED] if you have any questions.

Paul Frask

C. The appropriate state, county or municipal department will be promptly notified of any hazardous material leaks or spills which necessitate prompt action by these entities.

XII. RELEASE OF INFORMATION TO NEWS MEDIA

A. The Public Affairs section of the Office of Community Services shall be responsible for informing the community and news media of all pertinent information related to investigations conducted by DPS and may release appropriate information about victims, witnesses, and suspects.

B. Public information officers shall assist the news media at the accident scene and serve as spokespersons for their respective areas when continued media coverage is expected. Investigating officers will consult with the public information officer in their respective area before releasing any information to the media.

C. Officers shall release to the news media information regarding fatalities and serious personal injury incidents investigated by the department only after the next of kin has been notified. Officers shall, however, comply with any reasonable requests of such next of kin regarding the release of information to the news media.

XIII. RELEASE OF CRIMINAL INFORMATION

A. During the course of an accident investigation where criminal charges may be imposed, the investigating officer may release general criminal information, may impose restrictions on the release of information, or may restrict access to the crime scene when the officer believes it necessary for the success of the investigation.

B. Information concerning investigations shall be withheld when such information could jeopardize the investigation in any way or when it involves a juvenile or the victim of a sex crime.

PLTF 0259

coroner's report I will forward promptly.

Have a great weekend,
Leigh

Q: Please ask Trooper Perry and Cpl Harrison if they spoke directly to Fripp Island Security Guard James Irby on the night of the accident.

Harrison: I did not speak with James Irby of the Fripp Island Security on the night of the accident.

Perry: No, I did not a Beaufort County Deputy did, but I do not have his name.

Q: Please ask Trooper Perry and Cpl Harrison if they spoke directly to Beaufort County Coroner Curt Copeland on the night of the accident.

Harrison: Yes, I did speak directly to Coroner Copeland on the night of the accident.

Perry: Yes, I did when he arrived at the scene.

Q: The "Incident Report" box was marked N/A on the Advanced Collision Investigation and Major Incident Checklist which you previously sent to me on March 7, 2006 and again on March 10. Is there an Incident Report for my son's accident? Is there a particular form used for the "Incident Report"?

Harrison: Trooper Perry handled all written reports.

Perry: No, I did not do an incident report / only a traffic collision report.

Q: Please ask Trooper Perry and Cpl Harrison why there is no toxicology report.

Harrison: If so, it would have been done by the coroner office.

Perry: I believe Mr. Copeland might have done a toxicology report and I will see if he has that information.

Q: Please determine and advise me if Coroner Curt Copeland ever

456

requested a MAIT investigation.

Harrison: To the best of my knowledge he did not

Perry: A MAIT investigation was not requested. A MAIT investigation is usually required when there is a multiple fatal or if it is unclear as to what happened in the collision they will assist us.

Q: Please refer to the copy of the field notes which you previously sent to me. These notes pertain to the Alford accident which occurred the same night. I do not see any information on the (2) pages of notes pertaining to my son's accident. Please ask Trooper Perry and Cpl Harrison to confirm that the notes you sent to me are the field notes for my son's accident.

Harrison: Trooper Perry has all field notes and notes pertaining to this accident.

Perry: I am not sure what field notes you received, but I can look for my field notes and send you a copy of them.

*Final Version w/Coroner's Report
Delivered*

George G. Trask
[REDACTED]

Beaufort, South Carolina 29902

December 15, 2005

Hand Delivered to Mr. Copeland

Mr. Curt Copeland
Beaufort County Coroner
Beaufort, South Carolina

Re: Leith Paul Trask III, deceased

Dear Mr. Copeland:

On behalf of Mr. and Mrs. L. Paul Trask, Jr., I hereby request your office to conduct an inquest into the circumstances of the death in Beaufort County of their son, Leith Paul Trask III, a student at The Citadel, age 20, on the night of November 21-22, 2005. In connection with the inquest I request that your office ask the South Carolina Highway Patrol to provide a Multidisciplinary Accident Investigation Team (MAIT) to make inquiry into this matter.

The reasons for these requests arise out of the numerous unanswered questions about the circumstances of the decedent's death. The remains of his body were found in the early morning hours of November 22 inside a furiously burning 1999 Isuzu Trooper, which belonged to his parents, on a deserted stretch of U.S. Highway 21, Hunting Island, heading northeast away from Fripp Island. The impact of the vehicle's collision with large pine trees mangled the vehicle beyond recognition. The ensuing inferno, and perhaps explosion, indicate impact and incendiary ignition at tremendous speed.

The decedent, who was on Thanksgiving break from The Citadel, was last seen by one of his brothers, Stuart, at approximately 11:05 p.m., November 21, at the family's home, 113 Fort Lyttleton Road, Beaufort, SC. It appears that the decedent departed the home between 11:05 p.m. and 11:20 p.m. in the Isuzu. The gatekeeper at Fripp Island has stated that he believes the decedent presented himself to him at the gate sometime between 12:00 midnight, November 21, and 01:30 a.m., November 22, seeking a pass for entry onto Fripp Island that the decedent thought was waiting for him. The burning vehicle was found 3.8 miles from the gate at approximately 01:30 a.m., which is as much as 1.5 hours after the gatekeeper says he may have turned the decedent away at the gate.

The parents of the decedent, a private investigator hired by the parents, and I have conducted an inquiry into these circumstances. We have found many more questions than answers including:

1. At exactly what time on November 21, 2005, did the decedent use his father's bank debit card to withdraw \$80.00 in cash

668

①

PLTF 0680

from the ATM machine at the Boundary Street Sea Store (Exxon convenience store), 2265 Boundary Street?

2. Did the decedent use the \$80.00 to purchase beer or other supplies in anticipation of attending a party at Fripp Island or elsewhere that night?
3. Who was the decedent going to see at Fripp Island that night?
4. At what time did the decedent actually arrive at the Fripp Island gate?
5. What was the decedent's actual condition when he arrived at the gate?
6. Did the gatekeeper, a former City of Beaufort policeman, recognize the decedent when the decedent arrived at the gate? The decedent's family name was well known to the gatekeeper. The gatekeeper was formerly an employee of Fordham Hardware in downtown Beaufort, owned by the decedent's great uncle.
7. Was the gatekeeper aware that the Fripp Island security department had had the decedent's brother, Stuart, arrested for unauthorized entry onto Fripp Island in the Isuzu less than six months ago?
8. Why did the gatekeeper refuse the decedent entry onto the island?
9. Did the decedent attempt to telephone anyone on his cell phone after he was refused entry?
10. Did the decedent go somewhere else before and/or after he presented himself at the Fripp Island gate?
11. What is the explanation for the possible long time lapse between the time the decedent is reported by the gatekeeper to have arrived at the gate and the apparent time of his death 3.6 miles away?
12. Why was the decedent driving at such a high rate of speed on a night when the wind was blowing almost 30 miles per hour in a possible rain shower and mist?
13. Why does the Fripp Island gatekeeper apparently not recall that Lindsey Jones and Haley Davis, who happen to be friends of the decedent, drove past the guard gate at exactly 01:09 a.m. (according to Lindsey's statement to the decedent's parents) on their way back to Beaufort from visiting Matt Paddock at 83 Tarpon Drive on Fripp Island?
14. Why was the gatekeeper apparently given time off and was unreachable by and unavailable to Jack Geren, the private investigator hired by the decedent's parents, for at least two weeks following the incident?
15. Where was the gatekeeper during the two weeks following the incident?
16. Why has the Fripp Island security force refused to make available to the decedent's family the computerized log records at the gate?
17. Why has the Fripp Island security chief claimed to me that his office has no concern about the matter since the decedent "was never on Fripp Island"?

669

(2)

PLTF 0681

In addition to these questions, our investigation has uncovered numerous rumors and suppositions, the truth of which need to be determined by the inquest including that:

1. The decedent allegedly went to a party before arriving at Fripp Island.
2. The decedent allegedly was admitted through the Fripp Island gate by the gatekeeper and went to a party at a residence on the island before departing back through the gate.
3. The decedent allegedly was inebriated when he presented himself at the gate and/or when he allegedly departed back through the gate from the party.
4. The decedent may have gotten into an argument with the gatekeeper.
5. The decedent may have been pursued in a vehicle by the gatekeeper or by another person or persons in a high-speed chase from the gate to the crash site.

I have personally inspected the remains of the vehicle and am puzzled that the gasoline tank, the contents of which allegedly caused the fire, is one of the few remaining apparently intact and unscarred pieces of metal. Additionally, the fire appears to me to have been concentrated not at the rear of the vehicle, near the gasoline tank, but in the front seat area and in the engine compartment. The heat was so intense that the aluminum engine block melted.

For all of these reasons, the parents of the decedent request that your office convene the inquest and obtain the MAIT immediately. They further ask your office immediately to issue orders for the seizure and protection by the appropriate authorities of the following items:

1. All computers, all data drives, and all other security records currently located at, or in the possession of, the Fripp Island gate house and security office.
2. All security video data, ATM data, data drives, and cash register data at the Boundary Street Sea Store covering the period from 00:01 a.m. on November 21, 2005, through 02:00 a.m. on November 22, 2005.

Yours sincerely,

George G. Trask

P.S. Attached is a copy of the written statement of Jack Geren, Jr., the private investigator hired by the decedent's parents, to me regarding his interview on Saturday, December 12, 2005, with the Fripp Island gatekeeper, James D. Irby, regarding these matters.

Cc: Mr. and Mrs. L. Paul Trask Jr.

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Curt:

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your office is responsible for holding and maintaining records for the Beaufort County Coroner's office. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your office maintains records for the Coroner's office which responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions, e-mail and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Dear Curt:

Please send me a copy of the Coroner's Report pertaining to Paul III's accident. Please send me a copy of every record pertaining to the inquest investigation, including a copy of Bob Bromage's reports and field notes. Also, please provide me with a copy of the SC Highway Patrol MAIT report that we requested that you have performed. In addition, please respond to the following questions:

Who removed Paul III's body from the vehicle?

Where was Paul's body taken after it was removed from the vehicle at the accident scene?

Who transported Paul's body?

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Trask Investigation Notes
Submitted by Captain Bob Bromage

The following notes were in response to the Trask Family's request for a Coroner's Inquest regarding the death of L. Paul Trask III on 11-22-2005:

12-19-2005 – Met with George/Paul/Merry Trask at 1211 Bay Street in Beaufort. Obtained copy of their timeline and concerns regarding Fripp Island Security.

12-20-2005 – Met with Collins SCHP and requested photographs of the accident scene/photos were received by e-mail and were of poor quality, weather would appear to be contributory.

12-20-2005 – Met with Binkowski/Fripp Island – Obtained copies of passes for past few months in the name of Trask: 11-09-05, last one before incident – Obtained gate and incident log for 11-21-05 and 11-22-05.

12-21-2005 – Obtained pass information for Haley Davis who was visiting Patek at 506 Tarpon Blvd on 11-21-05 at 1936-overnight pass-speculation that Trask may have been attempting to go to Patek's residence, as parties have been reported there in the past.

12-28-2005 – 1430 – Met with Fripp Island Security Officer James Irby at Second Goodwill Baptist Church, 220 Morris Street in Beaufort, where he is Pastor. Irby states that Trask appeared at the Fripp Island Gate, at which time he was watching The Weather Channel. Irby states that Trask asked if there was a pass for "Trask" and Irby states that he checked. Irby states that he was on the curb several feet away from Trask and further advised that he did not smell alcohol or observe any signs that Trask was intoxicated. Irby states that he asked Trask if he could make a call for him and Trask advised that he would make the call. Irby states that Trask did not identify the source that would have called him in a pass at the gate. Irby states that Trask drove around the gate to turn around and saw him slowly drive off with the dome light on. Irby states that he turned down the television, as he anticipated that he would be getting a phone call from a residence to issue Trask a pass. He advised that he never received a call and Trask did not return. Irby states that he cannot be certain of the time of the contact and advised that some time later, a fire was reported to him at the gate and called emergency dispatch services. He recalled that he made a second call to emergency dispatch, as well. Irby was cooperative during the interview.

12-29-2005 – Met with Paul and Merry Trask at the Beaufort County Law Enforcement Center, where they were advised of the records from Fripp Island and the interview with Irby.

12-29-2005 – Spoke with Sandy Lee and Shirley Jones regarding conversation reported to Paul Trask that occurred at the Sand Dollar Tavern. Both deny any specific conversation about Fripp Island Security turning Trask away because of his intoxication and stated there was only speculation on their part about the accident.

675

CERTIFIED TO BE A TRUE COPY
CURT COPELAND, CORONER

PLTF 0695

12-29-2005 – Advised Paul Trask about the conversation and he advised that no further interviews would be necessary, as Haley Davis and Lindsey Jones were apparently deceptive about other events that occurred on the night.

01-06-2006 – Met with George Trask at Beaufort County Law Enforcement Center, where he was provided with EMS dispatch information and Polaroid photos taken by Arbello on the night of the incident. Demanded and was refused copies of Fripp Island paperwork.

*Met with George and Paul Trask two more times in order for their review of the Fripp Island records. Additional request by Paul Trask to interview Haley Davis and Lindsey Jones.

01-31-2006 – SSgt. Purdy interviewed Haley Davis at 1145 and Lindsey Jones at 1240. Haley and Lindsey both indicated that it was approximately 0110 when they left Fripp Island on 11-22-2005. Haley advised that she did not see Paul Trask at the gate or any vehicle to the best of her recollection. Lindsey advised that she did see a vehicle at the gate when she was leaving (driving), but was not sure if it was Paul Trask's vehicle or not. She did state that she knows what his vehicle looks like, but apparently did not get a good look at the one at the gate when they were driving through. Neither have any idea why Paul Trask was at Fripp Island that night.

02-17-2006 – Within the past two months, numerous requests for information were received from George and Paul Trask, specifically regarding Fripp Island Security's Gate Logs. Copies of handwritten and computerized logs were received from Fripp Island Security and were reviewed by George and Paul Trask in the presence of this Officer at the Beaufort County Law Enforcement Center and Beaufort Cinema, where Paul Trask is owner. Questions by the Trasks challenging the validity of the records arose and were addressed by this Officer with Fripp Island. There appears to be nothing to substantiate suspicions that the records had been altered or changed. It was disclosed by Fripp Island that the computerized records could not be altered or changed once an entry into the system is made. There was a request by Fripp Island that the records received by this Officer not be copied or provided to any third parties and the Trasks were advised of this. They were in receipt of a letter from Fripp Island welcoming them to make an appointment to view the records first hand. This Officer encouraged Paul Trask to meet with Fripp Island and review the records, as their explanation of record keeping would be much more informative than this Officer's. Paul Trask advised that he would pursue the meeting if he had further questions about the Visitor's Log. Paul Trask was advised of the interviews with Davis and Jones. The biggest unanswered question was what was L. Paul Trask III doing out at Fripp Island on 11-22-2005, as no persons have come forward indicating that he was going to see them and no pass was called in for Trask to gain access to Fripp Island. In a meeting with George and Paul Trask, proximate cause of death was suggested by George as a reason for an inquest. Based on the information gathered, it would appear that proximate cause started at the Trask residence, where according to his brother Stuart, L. Paul Trask III consumed anywhere from 6 to 12 beers, prior to leaving the residence on 11-21-2005 and continued when he purchased beer at a convenience store (underage), near midnight. This Officer has received no information to

676

CERTIFIED TO BE A TRUE COPY
CURT COPELAND, CORONER

PLTF 0696

confirm that L. Paul Trask III entered Fripp Island other than to turn around when he was advised no pass in his name had been called in. It should be noted that this Officer did suggest to George Trask that he turn in the videotape from the convenience store if charges were to be pursued, but he has yet to do so. It would appear that the actual cause of death of L. Paul Trask III is massive trauma due to motor vehicle accident and alcohol is believed to be contributory, as documented by testimonial and alleged videotape evidence that he was drinking beer prior to the accident. This Officer has not heard from George or Paul Trask in a few weeks and no additional requests have been received regarding this investigation.

Answers to Questions Addressed in Certified Letters

1. Coroner's Report – Enclosed
 2. Copy of every record pertaining to the inquest investigation, including a copy of Captain Bob Bromage's reports and field notes. – Captain Bromage's notes are above.
 3. Copy of the SC Highway Patrol MAIT report – Must be obtained from the SC Highway Patrol
-
4. Who removed Paul III's body from the vehicle? – Lady's Island Fire Department
 5. Where was Paul's body taken after it was removed from the vehicle at the accident scene? – Coroner's Morgue
 6. Who transported Paul's body? – Coroner Van
 7. Copy of every report pertaining to Paul III's cremation. – Enclosed
 8. Names of all persons who attended to Paul's body. – Curt Copeland
 9. Who performed the cremation? – Curt Copeland

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Curt:

I am in receipt of a package of information which was hand-delivered to my office yesterday afternoon on April 13, 2006. The package of information contained the following documents:

1. Cover letter dated April 7, 2006 signed by Deputy Coroner Connie Herman.
2. Single page Beaufort County Coroner's Report signed by Deputy Coroner Connie Herman.
3. 2-page stapled S.C. Highway Patrol report TR-310.
4. 3-page stapled LISH Fire Dept. report.
5. 3-page stapled "Trask Investigation Notes Submitted by Captain Bob Bromage" including questions and answers 1-9 on the last page.
6. Single page Beaufort County Cremation Permit Request and Coroner's Permit to Cremate dated 11/22/05 and signed by Funeral Director Curt Copeland and Deputy Coroner Herman
7. Single page DHEC Burial Permit and Death Notification No. 385317 signed by Deputy Coroner Connie Herman.
8. Single page Copeland Funeral Home "Natural Death Report and Request for Burial-Removal-Transit Permit" dated 11/22/05 and signature stamped by Curt Copeland.
9. 3-page stapled Copeland Funeral Home "Authorization For Cremation, Processing, And Disposition Of The Remains Of:" Leith Paul Trask, III signed by Curt Copeland and Meredith C. Trask and L. Paul Trask, Jr.
10. Certificate of Cremation (Tag No. 895-05) dated 11/23/05 and signed by Connie Herman.
11. Undated and unsigned Coastal Cremation Services "Receipt of Cremated Remains" of Leith Paul Trask, III (Tag 895-05).
12. Photocopy of timeclock report for L. Paul Trask signed by Curt Copeland.

PLTF 0707

Friday, April 14, 2006
Curt Copeland, Coroner
Page (2)

I have a number of questions pertaining to the package of information:

1. Deputy Coroner Connie Herman informs me that I will have to obtain the MAIT report directly from the S.C. Highway Patrol. Please confirm that you requested that the SC Highway Patrol perform a MAIT investigation into the circumstances of Paul III's fatal automobile accident.
2. With respect to the inquest investigation, the package did not include a copy of the handwritten notes of Capt. Bromage or SSgt. Purdy pertaining to their interviews. Please confirm that you have delivered to me a copy of all records including the notes taken during the interviews by Capt. Bromage and SSgt. Purdy.
3. With respect to the inquest investigation, the package did not include a copy of any report submitted by Capt. Bromage or SSgt. Purdy to you, the Coroner. Please confirm that no such reports exist.
4. Please provide me with a copy of the report of your interview of James Irby at the Fripp Island gate house on the morning of the accident including a copy of your handwritten notes.
5. Please provide me with a copy of the reports of your interviews with any other persons including handwritten notes pertaining to Paul III's accident.
6. Please identify the person(s) who drove the Coroner's van from the accident scene to the morgue.
7. Please identify the LIFD personnel who removed Paul's body from the car

If you have any questions, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Dear Mr. Trask:

In response to your FOIA request of February 5, 2007, I am providing the following information:

1. The audio recordings of November 22, 2005 have been destroyed.
2. Same as above.
3. The radio log for Coroner Copeland is under the authority of the Coroner's office and a FOIA will have to be filed with the Coroner.
4. A complete list is not maintained. All lines are recorded and those recordings have been destroyed. A paper copy of 911 calls are made for backup. These calls cannot be provided as we cannot attach those calls to the incident. Nor can we identify those calls by type (Fire, EMS or law enforcement). Therefore, we do have a method to protect their personal information as it may be regarded to HIPPA or those that are law enforcement sensitive (information containing other criminal cases). If you can provide numbers from which calls were made to 911 we can attempt to provide the times they were made.
5. We cannot provide you a copy of all CAD entries that are not related to the incident. To do so would be in violation of HIPPA rules and potential Law Enforcement sensitive information. You have already been provided with the CAD printout in regard to your son's accident.
6. We have no method to identify the telephone number or cell phone number that Mr. Copeland used to call dispatch. Reference answer number one.

Attached is a copy of the Beaufort County Emergency Management Division's 911 plan. The total charge for copying the 911 plan is \$34.40.

Should you have any questions or comments please do not hesitate to contact me.

With kindest regards,

Kelly J. Golden

enc.: as stated

PLTF 0193

COUNTY COUNCIL OF BEAUFORT COUNTY

Management Information Systems
Post Office Drawer 1228
Beaufort, South Carolina 29901-1228

January 11, 2007

Mr. L. Paul Trask, Jr.

Beaufort, SC 29902

Ref: Your FOIA letter to me dated December 12, 2006
Your email to me dated December 31, 2006

Dear Mr. Trask:

Listed below is our response to your December 12, 2006 letter requesting information under the Freedom of Information Act. We have attempted to assist you and answer as much as we can with the records that are available to us.

1. Please provide me with a current and complete list of users for the Beaufort County email system - @bcgov.net.

Response: Attachment A to this letter contains a listing of the current users of the County email system. Please treat this information carefully, and either shred it or burn it when you are finished using it.

2. Please provide me with a complete copy of the Beaufort County records retention schedule as approved by the S.C. Dept. of Archives & History. Please include the retention schedule for all email, voicemail, telephone and cell phone records; the specific records retention schedule and policy for the coroner's office, the sheriff's office, and the emergency management department; and the specific retention schedule and policy pertaining to the voice and written records from the county communication and dispatch systems for EMS, fire, police, sheriff and coroner.

Response: Attachments B1 and B2 contain the complete records retention schedules for those Beaufort County Departments that have a formal program.

688

PLTF 0202

Retention of emails is as follows: For those employees that use only Microsoft Outlook, the emails are stored on their local PC hard drive and are deleted when the employee does a double delete. For those employees that use Outlook in conjunction with Microsoft Exchange, emails are stored on the Exchange Server and stay there until the employee does a double delete. The Exchange Server is backed up every night, and the backups are retained for thirty days and then deleted.

Retention of Voice Mail, Telephone, and Cell phone records is as follows: Unless deleted by the employee, the content of the telephone voice mail is retained for ten days, and then deleted by the system. There is no backup of the telephone voice mail content. The cell phone voice mail content is retained by the cell phone vendor and deleted after fourteen days. Telephone Call Detail is kept for one year if the call passed through the County's telephone switch. Centrex Call Detail is maintained by Embarq for ninety days. Cell Phone Call Detail records are retained as part of the Finance Department's Accounts Payable schedule and are destroyed after three years.

I believe Mr. Winn has previously addressed your question relating to the county communication and dispatch systems for EMS, fire, police, sheriff, and coroner.

3. Please identify the contact person and custodian for all Beaufort County public records and the location where these records are maintained.

Response: Mr. Wayne Walters, Director of Records Management, is the contact person and custodian for these records. He and the records are located at the Beaufort County Records Management Facility at 2727 Depot Road, Beaufort SC 29902. His phone number is 843-525-7651. He is available to answer any questions you may have regarding the two Attachment B books.

4. Please identify the manufacturer and the model of the Beaufort County dispatch and recording system. If there are serial numbers, please provide them to me.

Response: I believe that Mr. William Winn has previously responded to this request.

5. Please provide me with contact information for the manufacturer, the installation company and for any company that maintains or services the communications equipment.

689

Response: I believe that Mr. William Winn has previously responded to this request.

With respect to Mr. Copeland, the coroner,

6. Please identify any county cell phone or telephone assigned to the coroner.

Response: Two cell phones are assigned to the Coroner. Their numbers are 843-812-6330 and 843-816-8013.

7. Please provide a record of all calls to or from county cell phone or telephone assigned to the coroner or used by the coroner on November 22, 23, and 24, 2005.

Response: Records for the dates above are included in Attachment C. 843-812-6330, the Coroner's Van phone, shows no activity. 843-816-8013, the Coroner Cell phone, shows activity.

8. Please identify the county cell phone(s) assigned to the coroner's van(s) and provide me with a record of all calls to or from the coroner van(s) on November 22, 2005.

Response: No calls were made from the Coroner's Van cell phone, 8430812-6330, on the above date.

As always, we will be glad to provide any and all assistance, if possible. Please feel free to contact me on 470-3677 or via email at fguth@bcgov.net.

Sincerely,

Frank E. Guth
Chief Information Officer
Beaufort County

Certified Mail Return Receipt Requested

Chief Michael M. Hatfield
Beaufort County Sheriff's Office
2001 Duke Street
Beaufort, SC 29902

Re: Freedom of Information Act ("FOIA") request regarding evidence of the communications of Capt. Bromage pertaining to the 11/22/05 fatal MVA involving Leith Paul Trask, III and notice to preserve.

Dear Chief Hatfield:

This is a request under the S.C. Freedom of Information Act. E-mail records generated during the course of Capt. Bromage's investigation on behalf of the coroner's office are "public records" as defined under the S.C. Freedom of Information Act, S.C. Code Ann. 30-4-10. et seq. (Supp. 2001). Capt. Bromage and the Sheriff's office are required by law to protect and preserve official records, including e-mail correspondence. On October 24, 2006, Capt. Bromage testified that he had deleted official e-mail records. A copy of Capt. Bromage's deposition is enclosed. This is to notify you of the need to preserve the hard drive(s) on Capt. Bromage's computer(s) along with the e-mail data file(s) and any backup file(s).

As provided for in the Freedom of Information Act, this is to serve as my official request to inspect and copy Captain Bromage's e-mail communications that pertain to Paul III's accident; specifically those to or from but not limited to the following individuals:

1. SCHP Lt. Tommy Collins
2. Coroner Copeland
3. Deputy Coroner Herman
4. Michael Binkowski - Fripp Island POA
5. Kate Hines - Fripp Island POA

Capt. Bromage testified that he deleted e-mail generated in the course of his investigation from his personal account bbromage@hargray.com. Therefore, it is necessary for your office to secure and supply the records transmitted through Hargray along with those transmitted through robertb@bcgov.net

Hand Delivered

Saturday, February 03, 2007

Chief Michael M. Hatfield
Beaufort County Sheriff's Office
2001 Duke Street
Beaufort, SC 29902

Dear Chief Hatfield:

This is a request under the S.C. Freedom of Information Act. This is to serve as my official request to inspect and copy the following documents:

1. Officer Daily Report for deputies Garst (A64), Eckard (A30) & Arbello (A12) for the shift(s) covering November 22, 2005.
2. Sheriff's Office Monthly Report for November and December 2005.
3. Sheriff Daily Report for November 22, 2005 through November 30, 2005.
4. Radio Log for the above noted deputies for the shift(s) covering November 22, 2005.
5. Records of all cell phone calls made or received by the above noted deputies during the shift(s) covering November 22, 2005.
6. Copy of the Sheriff's Office written employee policy pertaining to communications and public records transmitted by e-mail.
7. Copy of Sheriff Office directive or authorization to permit Robert Bromage to use his personal e-mail account for the purposes of conducting official county business.
8. Copy of Sheriff Office directive or notice to Robert Bromage to discontinue the use of his personal e-mail account for the purposes of conducting official county business.
9. Copy of letter from Sheriff Tanner to Paul Trask, Jr.

On January 7, 2007 and again on February 2, 2007 you informed me that the Sheriff's Office intends to comply with all statutory provisions of the S.C. Freedom of Information Act. To the extent that the Sheriff's Office believes any part of my FOIA request is exempt from disclosure, please specify the issue and set forth the basis for the claim of exemption.

Thank you very much for your assistance and cooperation.

Sincerely,

L. Paul Trask, Jr.

Subject: Re: L. Paul Trask, III fatal traffic accident 11/22/05

Mr. Trask:

I am forwarding our email correspondence to the Communications Supervisor, Ms. Gwen Duhon with my approval for her to copy to CD; whatever audio transmissions are available concerning the tragedy of 11/22/05 which this Office has authority over. When available, we will contact you and/or your cousin George for pick up.

I have also asked Ms. Duhon to contact those agencies listed below and advise them of your request for information. She can also give you names and telephone numbers of the other agency heads who will have to approve the release of information. Please feel free to contact her directly at 470-3087 or by email at gwend@bcgov.net

It is my understanding that Sergeant Brian Baird has been in contact with your cousin and will also be assisting in the information gathering process.
If I can be of any further assistance, please contact me at anytime.
Chief Hatfield

Subject: Paul Trask III accident 11/21-22, 2005 Fire, EMS, BCSO C-D recordings

Good Morning Ms. Duhon,

Thank you very much for all of your help. The LISH Fire C-D includes an overlay of the official time of each call. This has been very helpful in establishing a timeline. Is it possible to have the Sheriff's office and EMS recording overlaid with the time of each call? There is some very important information, particularly on the Sheriff's recording where I need to be absolutely certain of the time of the call. If this is not possible, I would like to make an appointment to see you as soon as possible to confirm the exact times of (2) particular calls.

Please call me at [REDACTED] (o); [REDACTED] (m); or [REDACTED] (h)

Thank you. Paul Trask

Subject: 12-08-06 Paul's Questions About Recording CDs & 911 Procedure

Dear Ms. Duhon:

I am writing to ask for clarification on a number of issues pertaining to the audio CD's that you prepared for me.

On January 27, 2006 you informed me that you were unable to add the computer voice time stamp to the SO and EMS audio CD's in the same manner that the time stamp had been added to the LISH CD. It is my understanding that Chief Kline returned the LISH disk to you and asked you to add the time voice stamp. Is that correct?

You informed me that you were unable to add the time stamp because the original disk had been recycled. I need to have a clear understanding of what that means. Will you please tell me what happened?

Also, do the operators make a text record of what is said? In other words, is there a written transcript of the voice messages?

Thank you very much.

Subject: Request for 911 System Plan, Operational Procedures & Intergovernmental Operating Agreements

Dear Mr. Winn,

I am going to have a good number of questions for you and your department and I need to ask you for some background information first. Did Beaufort County develop a system plan as set forth in Section 23-47-30? If so, please supply me with a copy of the system plan. Is the Beaufort County system a Basic 911 system or an Enhanced 911 System? Please explain how incoming telephone & cell phone numbers are recorded by the Beaufort County 911 system. Please supply me with a copy of the written operational procedures for the Beaufort County 911 system. Please provide me with a copy of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system.

Please provide me with a copy of the records inventory forms and all other documents used by your department to prepare the records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system. Specifically, please provide me with all documentation pertaining to the development of the retention schedule(s) for the 911 audio records.

Thank you very much for your assistance.

Sincerely,

Subject: FW: To WILLIAM WINN Request for records of Coroner Copeland cell phone calls

Dear Mr. Winn,

I am re-sending my earlier FOIA request to you because I need to inspect additional documents in the custody of your department. Please allow this e-mail to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. The audio record of the 2:21am cell phone call made by Mr. Copeland.
2. The audio record of the 4:11am cell phone call made by Mr. Copeland.
3. Complete radio log for Coroner Copeland (call sign 601) for November 22, 2005.
4. Complete list of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005.
5. Complete print-out report of all Beaufort County CAD entries made from 12:00 am to 06:00 am on November 22, 2005.
6. Please identify the telephone number or cell phone number that Mr. Copeland used to call Beaufort County dispatch at 02:43:25 on November 22, 2005. For your convenience, the audio record of that particular call is the 12th entry on the Playlist C:\Documents and Settings\gwend\Desktop\Trask file EMS.cpf.

Thank you again for your cooperation and assistance.

Please advise me when you will make these records available to me.

Sincerely,

Paul Trask, Jr.

2/27/2007

STATE OF SOUTH CAROLINA
COUNTY OF BEAUFORT

IN THE CIRCUIT COURT

L. Paul Trask, Jr., individually, as A CITIZEN,
RESIDENT, TAXPAYER AND
REGISTERED ELECTOR OF THE State of
South Carolina,

Case No. 2007-CP-07-995

Plaintiff,

AFFIDAVIT OF L. PAUL TRASK, JR.

vs.

South Carolina Department of Public Safety;
Beaufort County; Beaufort County
Management Information Systems; Beaufort
County Coroner Curtis Copeland in his official
capacity; Beaufort County Sheriff P. J. Tanner
in his official capacity,

Defendants.

I, L. Paul Trask, Jr., who upon being duly sworn, states as follows:

1. I am over the age of 18 and competent to make this affidavit.
2. I give this affidavit based upon personal knowledge and, as necessary, a review of records as so indicated.

SC Department of Public Safety

3. On February 23, 2006, I sent a letter to Cpl. Paul J. Brouthers at the S.C. Highway Patrol Troop 6 requesting that they preserve the records of his department pertaining to my son's fatal motor vehicle accident which occurred on November 22, 2005. (Exhibit #1). *

4. I made a FOIA request to Leigh Watkins at the SC Department of Public Safety for Audio Recordings of Trooper Perry & Harrison's radio transmissions on 2/27/06. (Exhibit #2) No response to this request was ever provided to me. Leigh Watkins from the Department of Public Safety stated in her deposition of 8/8/08 that she would follow up on this issue, but to date no response has been given. (Leigh Watkins deposition, attached as Exhibit #3, pages 57-62).

Beaufort County Coroner's Office

1. I e-mailed Coroner Curtis Copeland on 1/23/06 requesting a statement of his conversation with Mr. Irby. (Exhibit # 4). I never received a response to this request.

2. On 3/20/06, I made a FOIA request to Coroner Curtis Copeland at the Beaufort County Coroner's office for a copy of every record pertaining to the inquest investigation including Bromage reports, field notes and MAIT documents. (Exhibit #5). In follow-up to my earlier request and receipt of an incomplete package of information received from the Coroner's office on 4/13/06, I prepared a letter to Coroner Copeland on 4/14/06 requesting field notes from his interview with James Irby and other notes taken at the scene of the accident. (Exhibit #6). This information was never provided to me. Curtis Copeland admitted in his deposition of 6/30/08 that he did not respond to my request. He also testified that he destroyed all his notes relating to the accident. (Curtis Copeland deposition, attached as Exhibit #7, pages 59-60, 80-81).

3. I made a request to Coroner Curtis Copeland to preserve the records of his department on 2/21/06. (Exhibit 8). I made a FOIA request on 6/22/06 to Coroner Copeland for his cellular telephone bills for the months of 11/05 through 5/06 and a copy of his e-mail communications from 11/22/05- 6/22/06. (Exhibit #9) Coroner Copeland responded to my request on 7/13/06 and stated his phone is a personal phone and not a "county" telephone and is, therefore, not covered under the FOIA, although I ultimately received a copy of cell phone records for one mobile number used by Coroner Copeland, I never received records for the number (843) 812-6330. He further stated that the same "personal exemption" applied to his e-mail and his personal computer which are not provided by Beaufort County. (Exhibit #10). However, Coroner Copeland stated that he used his personal computer for e-mail communications relating to Coroner's office business. Mr. Copeland stated in his deposition of 6/30/08 that he deleted his e-mails despite the request to preserve the records (Copeland deposition, Exhibit #7, pages 89-91).

4. On 12/11/06, I made a request pursuant to FOIA to Deputy Coroner Connie Herman at the Beaufort County Coroner's office to preserve all the official records, including e-mails records and the hard drive on her Beaufort County, personal and business computer(s) along with backup file(s). (Exhibit #11) I made a follow-up request to my inquiry on 1/7/07, since I heard nothing further to my earlier request. (Exhibit #12) No response was ever provided to me. Coroner Curtis Copeland testified in his deposition that the computer was sold to the new owner of the funeral home in early 2008, after my request to preserve the information. (Copeland deposition, Exhibit #7, page 91-92, 94).

5. I made another FOIA request on 7/20/06 to Coroner Curtis Copeland for a list of all Beaufort County Deputy Coroners serving from year 2000 forward including certificate of appointments and the names of individuals who administered oaths of office. (Exhibit #13) No response was provided to me. Coroner Copeland testified in his deposition that he didn't respond to this request. (Curtis Copeland deposition, Exhibit #7, page 93) Only recently through discovery has Defendant's counsel provided my counsel with a response to this request.

703

6. On 2/5/07, I made a FOIA request to William Winn and Gwen Duhon at the Beaufort County Emergency Management Division for documents, including the complete radio log for Coroner Copeland (call sign 601) for November 22, 2005. (Exhibit #14) Kelly Golden, County Council of Beaufort County, responded to my request on behalf of William Winn on 2/23/07 and informed me that my request should be directed to the Coroner's office. (Exhibit #15) Subsequently, I made a FOIA request to Coroner Copeland on 2/25/07 for the Coroner radio log. (Exhibit #16). I have not received the radio log to date. Coroner Copeland testified in his deposition that he never responded to my request. (Curtis Copeland deposition, Exhibit #7, Page 95).

7. I made a FOIA request on 2/5/07 to Coroner Curtis Copeland and Connie Herman for toxicology reports and related documentation of Beaufort County Coroner's office from 6/1/05 – 12/31/06. (Exhibit #17) To date, I have not received this information. Curtis Copeland testified in his deposition that he did not respond to this request. (Copeland deposition, Exhibit #7, pages 97-98).

Beaufort County Sheriff's Office

1. On 3/20/06, I made a FOIA request to the Coroner Copeland's office for Captain Robert Bromage's inquest investigation field notes and handwritten reports. (Exhibit #5) Deputy Coroner Herman sent me a response to my request on 4/7/06 stating she enclosed all the information requested except the SC Highway Patrol MAIT report. (Exhibit #18) The hand-written investigative notes were not attached. On 4/14/06 I made a follow-up FOIA request to Coroner Curtis Copeland for Captain Robert Bromage and Sergeant Jeff Purdy's reports including handwritten notes pertaining to my son's accident. (Exhibit #6). I received a response on 4/19/06 to this response from Deputy Coroner Connie Herman. (Exhibit #19) Ms. Herman informed me that the typed investigative notes I requested were included in the package I received as a part of the "Trask Investigation Notes" that were submitted to the Coroner. She further stated, "Any and all handwritten notes and reports are destroyed after they are transcribed." The handwritten investigative notes should have been produced, but were never produced to me. Captain Bromage testified in his deposition on 6/30/08 that he shredded the documents. (Robert Bromage deposition, Exhibit #20, pages 54-55).

2. I made a follow-up FOIA request on 4/14/06 to Coroner Curtis Copeland for Sergeant Jeff Purdy's inquest investigation field notes and handwritten reports. (Exhibit #6). I received a response on 4/19/06 to this response from Deputy Coroner Connie Herman. (Exhibit 19) Ms. Herman informed me that the typed investigative notes I requested were included in the package I received as a part of the "Trask Investigation Notes" that were submitted to the Coroner. She further stated, "Any and all handwritten notes and reports are destroyed after they are transcribed." The handwritten investigative notes should have been produced, but were never produced to me.

3. On 12/13/06, I made a FOIA request to Chief Michael Hatfield at the Beaufort County Sheriff's office for Captain Bromage's e-mail records generated during the course of Captain Bromage's investigation on behalf of the Coroner's office. I also placed Chief Hatfield on notice to preserve Captain Bromage's hard drive on his computer

along with the e-mail data file and any backup file(s). (Exhibit #21) Captain Bromage testified in his deposition on 6/30/08 that he deleted all e-mails pertaining to this matter and that his hard drive "fried" and he made no backup and a new drive was installed in his computer. (Robert Bromage deposition, Exhibit #20, deposition pages 26-33) No e-mails or the "fried" drive have been produced to me. A subsequent request to Chief Hatfield following up on my request of 12/13/06 was made on 1/7/07 (Exhibit #22). Chief Hatfield advised me that Kelly Golden would send me a reply ASAP. (Exhibit #22). Kelly Golden responded to my request on 1/10/07 and advised me that she was conferring with the Beaufort County's computer expert, Frank Guth, to determine if the deleted e-mail could be provided. (Exhibit #23) Additionally, Ms. Golden advised me on 1/11/07 that Mr. Frank Guth was going to advise her on the issue. (Exhibit #24). Mr. Guth testified in his deposition of 7/31/08 that that his response was intended to mean that deleted e-mail records could not be restored and that he wasn't aware that Captain Bromage's hard drive was "fried". (Frank Guth deposition dated 7/31/08, Exhibit #25, pages 39-43 and page 54).

4. I made a FOIA request on 2/3/07 to Chief Mike Hatfield of the Beaufort County Sheriff's Office for a copy of written e-mail policy for Beaufort County Sheriff's office. (Exhibit #26). The response provided to me was deficient as it did not address the e-mail policy. (Exhibit #27) Additionally, Michael Hatfield testified in his deposition of 6/27/08 that he "double-deletes" his e-mails after taking care of what has to be taken care of. (Michael Hatfield deposition, Exhibit #28, attached as pages 34-35).

5. On 3/24/07, I made a FOIA request to Chief Hatfield for a copy of Deputies Eckard, Garst or Arbello's audio and video recordings generated by the equipment from the accident scene on November 22, 2005 and policies concerning the retention and management of this equipment. (Exhibit #29) I followed up on this requested information by e-mail to Michael Hatfield on April 6, 2007, April 16, 2007 and May 5, 2007. (Exhibit #29) No video recordings were ever produced to me. Chief Hatfield testified in his deposition that no policy was in place for preservation of video recordings at the time of my son's accident. (Hatfield deposition, Exhibit 24, pages 62-69).

Beaufort County Emergency Management Department & Beaufort County Legal
Department

1. I made a FOIA request on 2/2/07 to William Winn of Beaufort County Emergency Management Department for the written operational procedures for the Beaufort County 911 system required under SC 23-47-20(C)(9) and copies of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system. (Exhibit #30) Ms. Kelly Golden, County Council of Beaufort County, responded to my request on 2/23/07 and did not include the written operational procedures requested. (Exhibit #15). I e-mailed Ms. Golden and Mr. Winn on February 25, 2007 following up to my earlier request. (Exhibit #31). I have received no response to my 2/25/07 request to date. Mr. Winn testified in his deposition of 6/27/08 that the operational procedures were not produced to me. He also testified that that Mr. Gary Kubic, the Beaufort County

Administrator, instructed him not to respond to my FOIA request. (William Winn deposition, Exhibit #32, pages 82-84, 125-127).

2. On 2/2/07, I made a FOIA request to William Winn at Beaufort County Emergency Management Department for a copy of the intergovernmental agreements required under SC 23-47-20(A) pertaining to the use of the Beaufort County 911 system. (Exhibit #30) I e-mailed Ms. Golden and Mr. Winn on February 25, 2007 following up to my earlier request. (Exhibit #31). I never received a response to my request. William Winn testified in his deposition that the Beaufort County 911 plan that was provided to me by Kelly Golden and the signed 911 plan constitute the intergovernmental agreement. (William Winn deposition, Exhibit #32, pages 79-80).

3. I made a FOIA request to William Winn and Gwen Duhon of Beaufort County Emergency Management on 2/5/07 for the radio log of Coroner Copeland (call sign 601) for November 22, 2005. (Exhibit #14) Kelly Golden, County Council of Beaufort County, responded to my request on behalf of William Winn on 2/23/07 and informed me that my request should be directed to the Coroner's office. (Exhibit #15) Subsequently, I made a FOIA request to Coroner Copeland on 2/25/07 for the Coroner radio log. (Exhibit #16). I have not received the radio log to date. Coroner Copeland testified in his deposition that he never responded to my request. (Curtis Copeland deposition, Exhibit #7, Page 95).

4. On 2/5/07, I made a FOIA request to William Winn and Gwen Duhon at Beaufort County Emergency Management for the 911 computer printout of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 6:00 am on November 22, 2005 (Exhibit #14). Kelly Golden responded to my request on 2/23/07 stating these records could not be provided, citing privacy concerns. (Exhibit #15) These records were never produced to me. (Kelly Golden deposition of 6/4/08, Exhibit #33, pages 88-90).

5. I made a FOIA request on 2/5/07 to William Winn and Gwen Duhon of Beaufort County Emergency Management for the complete print-out report of all Beaufort County computer aided dispatch (CAD) entries made from 12:00 am to 6:00 am on November 22, 2005. (Exhibit #14). Kelly Golden responded to my request on 2/23/07 stating these records could not be provided, citing privacy concerns (Exhibit #15). These records were never produced. (Kelly Golden deposition, Exhibit #33, page 91).

6. On 5/20/07, I made a FOIA request to William Winn at Beaufort County Emergency Management for a copy of records including the operation manual and written operating procedures pertaining to the ComLog digital recording device in service at the Beaufort County 911 center. (Exhibit #34). On June 14, 2007 I sent a follow-up e-mail to William Winn regarding my previous request of 5/20/07. (Exhibit #35). Kelly Golden responded to this request on 5/31/07 stating the requested records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden testified in her deposition, that these records were exempt because of critical infrastructure relating to emergency services. Golden further testified that such information must be guarded from dissemination to the public and once it is released, you cannot control the

702
5

further distribution which is a concern by Homeland Security. (Kelly Golden deposition, Exhibit #33, pages 101-103).

9. On 5/20/07, I requested from William Winn at Beaufort County Emergency Management, pursuant to FOIA, a copy of records including the operation manual and written operating procedures pertaining to the Beaufort County 800mhz radio system. (Exhibit #34). Kelly Golden responded to this request on 5/31/07 stating the records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden responded to this request on 5/31/07 stating the requested records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden testified in her deposition, that these records were exempt because of critical infrastructure relating to emergency services. Golden further testified that such information must be guarded from dissemination to the public and once it is released, you cannot control the further distribution which is a concern by Homeland Security. (Kelly Golden deposition, Exhibit #33, pages 101-103).

10. On 5/16/07, I made a FOIA request to Kelly Golden for a copy of the handbook entitled "Freedom of Information Act Handbook for County Government" authored by Kelly Golden in 1999 while she was a registered lobbyist for the S.C. Association of Counties. (Exhibit #37) I only obtained a copy of this handbook after the filing of this lawsuit from another source.

Beaufort County Management Information Systems

1. On 12/13/06, I made a FOIA request to Chief Michael Hatfield at the Beaufort County Sheriff's office for Captain Bromage's e-mail records generated during the course of Captain Bromage's investigation on behalf of the Coroner's office. I also placed Chief Hatfield on notice to preserve Captain Bromage's hard drive on his computer along with the e-mail data file and any backup file(s). (Exhibit #21). I made a subsequent request on 1/7/07 to Chief Hatfield following up on my request of 12/13/06 and Chief Hatfield advised me that Kelly Golden would send me a reply ASAP. (Exhibit #22). Kelly Golden responded to my request on 1/10/07 and advised me that she was conferring with the Beaufort County's computer expert, Frank Guth, to determine if the deleted e-mail could be provided. (Exhibit #23) Additionally, Ms. Golden advised me on 1/11/07 that Mr. Frank Guth was going to advise her on the issue. (Exhibit #24). Although Mr. Guth advised me on 2/4/07 that that he did not have any knowledge of any "informal" programs or local policies for retention of e-mail, he did not address my request for retrieving Captain Bromage's deleted e-mails. (Exhibit #38). Mr. Guth testified in his deposition of 7/31/08 that that his response was intended to mean that deleted e-mail records could not be restored and that he wasn't aware that Captain Bromage's hard drive was "fried". (Frank Guth deposition dated 7/31/08, Exhibit #25, pages 39-43 and page 54).

FURTHER AFFIANT SAITH NOT.

Defendants.)

SOUTH CAROLINA DEPARTMENT OF PUBLIC SAFETY'S

RESPONSE TO NUMBER THREE

This request is not subject to the FOIA as pursuant to Sections 30-4-20 and 30, the public body only has a duty to produce for inspection or copying any public record; public record includes all books, papers, maps, photographs, cards, tapes, recordings or other documentary materials regardless of physical form or characteristics **prepared, owned, used, in the possession of or retained by a public body.** Because paragraph three (3) is not a request to produce for inspection or copying it does not fall under the FOIA statute.

RESPONSE TO NUMBER FOUR

Please see Affidavit of Leigh Watkins.

709

BEAUFORT COUNTY CORONER'S OFFICE

RESPONSE TO NUMBER ONE

No response was given because no statement of Coroner Copeland's conversation was taken with Mr. Irby. In addition, Coroner Copeland typically destroys his illegible handwritten notes after he goes to scene. See Copeland deposition page 82, lines 1 through 8.

RESPONSE TO NUMBER TWO

Response to Copeland's 3/20/06 FOIA request was given on April 13, 2006. Again any handwritten notes were destroyed after the accident. See Copeland deposition page 82, lines 1 through 8.

RESPONSE TO NUMBER THREE

There is no duty to preserve records under the FOIA for the request to Copeland dated 2/21/06. All cell phone bills including personal cell phone bills have been provided as per a recent Supplemental Return to Request for Production.

RESPONSE TO NUMBER FOUR

No duty to preserve documents arises from the FOIA statute. In addition, the Coroner's Office, as public body, cannot produce for inspection or copying that which is no longer prepared, owned, used in the possession of or retained by Coroner Copeland. As such, the hard drive that has been sold to the new owner of the funeral home cannot be produced for inspection or copying as it is no longer in the possession of a public body. See eg Kissinger case.

RESPONSE TO NUMBER FIVE

No duty to response arises from this purported FOIA request of 7/20/06 for a list of all Beaufort County Duty Coroners. The creation of a list of Coroners is not a public record that is prepared, owned, used, in the possession of or retained by the public body, thus no duty for production to produce for inspection or copying arises from the failure to respond to this request.

RESPONSE TO NUMBER SIX

See Supplemental Return to Request for Production dated December 8, 2008. See also William Winn Affidavit dated December 9, 2008.

RESPONSE TO NUMBER SEVEN

Copeland did not testify in his deposition that he did not respond to this request on page 97 and 98. Nevertheless, the Coroner's Office is currently in the process of going through over 200 files in storage during the time frame of 6/1/05 to 12/31/06 in order to determine whether or not there are responsive records (i.e. toxicology reports) in possession of the Coroners office. When and if responsive records are found, such documents will promptly be provided to the Plaintiff.

BEAUFORT COUNTY SHERIFF'S OFFICE

RESPONSE TO NUMBER ONE

As to FOIA request dated March 20, 2006, response provided on 4/7/06 along with all enclosed information except for an MAIT report and handwritten investigative notes. No MAIT report was done. See Affidavit of Leigh Watkins. In addition, Ms. Herman testified that the handwritten notes are no longer owned, used, in the possession of or retained by the public body as they had been destroyed.

RESPONSE TO NUMBER TWO

Response was provided on 4/19/06. Handwritten investigative notes were destroyed, thus they're no longer owned, used, in the possession of, or retained by the public body and cannot be produced for inspection or copying in accordance with Section 34-20 and 34-30.

RESPONSE TO NUMBER THREE

Response was given to 12/13/06 FOIA request by Captain Bromage during his deposition on deposition on 6/30/08 that he deleted all e-mails pertaining to this matter and that his hard drive had fried. He had made no backup and the new drive was installed in his computer. See Bromage deposition pages 26 through 33.

RESPONSE TO NUMBER FOUR

The response to number four FOIA request on 2/5/07 response was provided by Kelly Golden on 2/23/07. In addition see Section 34-30 (c), as the only duty is to notify the person making an FOIA request the public body's determination and the reasons therefore thus public body complied with the FOIA. In addition, see Supplemental Return to Request for Production dated December 8, 2008.

RESPONSE TO NUMBER FIVE

711

See Affidavit of William Winn. See also Supplemental Return to Request for Production dated December 8, 2008

RESPONSE TO NUMBER SIX

A response was provided to 5/20/07 FOIA request on 5/31/07 by Kelly Golden claiming exemptions pursuant to State and Federal law.

RESPONSE TO NUMBER NINE

See Affidavit of William Winn.

RESPONSE TO NUMBER TEN

Trask already in possession of this handbook. See Golden Deposition, Exhibit 4.

BEAUFORT COUNTY MANAGEMENT INFORMATION SYSTEMS

RESPONSE TO NUMBER ONE

Response provided on 2/4/07. Guth testified in deposition of 7/31 that the deleted e-mail could not be restored.

Beaufort County Ordinances

c. 2 - 435. Copies of Official Records

(a) *Service Charges* The following uniform service charges are established for the provision of supplying copies of official records requested by private organizations and individual citizens; county departments, other public and governmental agencies are excluded from paying these fees:

(1) Simple copy of a record:

- a. First page...\$1.00
- b. Each additional page ...0.25

(2) Certified copy of a record:

- a. First page ...3.00
- b. Each additional page...0.75

(3) Copies of aerial photographs and tax maps:

- a. First five, each...\$4.00
- b. Each thereafter...\$3.00

(4) Entire sets of current tax maps...\$500.00

(b) *Collection and accounting.* The fees in subsection (a) of this section shall be collected by the furnishing agency and shall be turned over with a complete accounting to the county treasurer at intervals prescribed by the treasurer, but these intervals shall not be greater than once a month.

Case No. 2007-CP-07-995

**NOTICE OF MOTION AND MOTION
FOR SUMMARY JUDGMENT**

ELIZABETH M. SMITH
BEAUFORT COUNTY, S.C.
CLERK OF COURT

2009 JAN 27 PM 2:07

TO: DEFENDANTS SOUTH CAROLINA DEPARTMENT OF PUBLIC SAFETY;
BEAUFORT COUNTY; BEAUFORT COUNTY MANAGEMENT INFORMATION
SYSTEMS; BEAUFORT COUNTY CORONER CURTIS COPELAND IN HIS
OFFICIAL CAPACITY; BEAUFORT COUNTY SHERIFF P. J. TANNER IN HIS
OFFICIAL CAPACITY AND THEIR COUNSEL ROBERT W. ACHURCH, III,
ESQUIRE:

YOU WILL PLEASE TAKE NOTICE that Plaintiff L. Paul Trask, Jr, individually, as a
Citizen, Resident, Taxpayer and Registered Elector of the State of South Carolina (hereinafter
referred to as "Plaintiff"), by and through its undersigned attorneys, will move pursuant to Rule
56 of the South Carolina Rules of Civil Procedure for an Order granting Plaintiff summary
judgment against Defendants South Carolina Department of Public Safety; Beaufort County;
Beaufort County Management Information Systems; Beaufort County Coroner Curtis Copeland
in his official capacity; Beaufort County Sheriff P. J. Tanner in his official capacity(collectively,
"Defendants"). The grounds for this Motion are as follows:

774

1. There exists no genuine dispute of material fact that each defendant has violated the South Carolina Freedom of Information Act, S. C. Code Ann. § 30-4-10 et seq. ("FOIA"), by, *inter alia*,

- a. failing to timely furnish or make available for inspection and copying certain public records in response to approved requests;
- b. failing in total to furnish or make available for inspection and copying certain public records in response to approved requests;
- c. refusing to furnish or make available for inspection and copying certain public records despite the lack of a legitimate exemption under FOIA; and
- d. failing to furnish or make available for inspection and copying certain public records as a result of the illegal destruction of such public records.

2. Defendants' FOIA violations are described in detail in the Affidavit of L. Paul Trask, Jr. dated November 4, 2008 and filed November 10, 2008, and the Supplemental Affidavit of L. Paul Trask, Jr., dated January 27, 2009 and filed herewith.

3. Plaintiff is entitled to an Order granting summary judgment, and granting Plaintiff the following relief:

- a. directing that all public records requested but not yet produced be furnished to Plaintiff or made available for inspection and copying, in accordance with FOIA;
- b. enjoining the defendant from unlawfully destroying public records, and requiring full compliance with FOIA and the South Carolina Public Records Act, S. C. Code Ann. § 30-1-10 et seq.
- c. awarding Plaintiff reasonable attorneys' fees and costs incurred in this matter.

This Motion is based upon the pleadings, the applicable law and such other materials as may be served upon you before or at the hearing of the Motion.

715

The undersigned hereby certifies and affirms that consultation with Defendants for the purpose of resolving the subject matter of the within motion is not required by Rule 11 of the South Carolina Rules of Civil Procedure.

PLEASE BE PRESENT TO DEFEND IF SO MINDED.

716

STATE OF SOUTH CAROLINA
COUNTY OF BEAUFORT

IN THE CIRCUIT COURT

L. Paul Trask, Jr., individually, as A CITIZEN,
RESIDENT, TAXPAYER AND
REGISTERED ELECTOR OF THE State of
South Carolina,

Case No. 2007-CP-07-995

Plaintiff,

**SUPPLEMENTAL AFFIDAVIT OF L.
PAUL TRASK, JR.**

vs.

South Carolina Department of Public Safety;
Beaufort County; Beaufort County
Management Information Systems; Beaufort
County Coroner Curtis Copeland in his official
capacity; Beaufort County Sheriff P. J. Tanner
in his official capacity,

Defendants.

I, L. Paul Trask, Jr., who upon being duly sworn, states as follows:

1. I am over the age of 18 and competent to make this affidavit.
2. I give this affidavit based upon personal knowledge and, as necessary, a review of records as so indicated.
3. My son, Leith Paul Trask, III ("Paul"), died in the early morning hours of November 22, 2005, in a tragic and catastrophic automobile accident.
4. Paul was a second year student at The Citadel, at home for the Thanksgiving holiday on the weekend that he died. Paul was twenty years old.
5. On the night of November 21, Paul left our home in Beaufort and drove to a Hess gas station located on Boundary Street in Beaufort, South Carolina, where he withdrew \$80.00 from the ATM machine, and purchased two (2) twenty-four (24) ounce cans of Bud Light beer and one pack of Camel cigarettes.
6. Soon thereafter, Paul drove to Fripp Island. At the Fripp Island security gate, Paul spoke with James Irby ("Irby"). Irby denied Paul an entry pass, and Paul left the security gate area and drove north on U.S. Highway 21 in the direction from which he had come.

717

7. While on Sea Island Parkway, Hunting Island, South Carolina, at a point approximately 3.8 miles from the Fripp Island security gate, Paul approached a curve in the road. Paul lost control of the vehicle he was driving, ran off the left side of the highway and collided with large pine trees on the side of the highway.

8. Upon impact or soon thereafter, Paul's automobile ignited and burst into flames, and he died from the injuries he sustained.

9. I have searched for information concerning the facts and circumstances of Paul's visit to Fripp Island, and subsequent accident, since November 21, 2005. To this day, I still do not know the reason that Paul drove to Fripp Island.

10. In connection with my search for information, I have made numerous requests for public records to various public bodies of Beaufort County and the State of South Carolina, pursuant to the South Carolina Freedom of Information Act, S. C. Code Ann. § 30-4-10 *et seq.* ("FOIA"). These requests are set forth in detail in that certain Affidavit of L. Paul Trask, Jr. (the "Affidavit"), with copies of my written FOIA requests attached as exhibits to the Affidavit.

11. The defendants in this lawsuit have violated FOIA by (a) failing to timely furnish or make available for inspection and copying certain public records in response to approved requests; (b) failing in total to furnish or make available for inspection and copying certain public records in response to approved requests; (c) refusing to furnish or make available for inspection and copying certain public records despite the lack of a legitimate exemption under FOIA; and (d) failing to furnish or make available for inspection and copying certain public records as a result of the illegal destruction of such public records.

12. Certain defendants in this lawsuit violated FOIA by failing to timely furnish or make available for inspection and copying certain public records in response to approved requests in the following particulars.

(a) As described in paragraph 4 under the heading SC Department of Public Safety in the Affidavit, the public records requested in my 2/27/06 FOIA request were not timely furnished nor made available for inspection and copying. Furthermore, these public records were destroyed despite the fact that my FOIA request was made within the Department of Public Safety's 180 day retention period for the requested public records, *see* 8/8/08 Leigh Watkins Deposition Transcript Excerpt, Exhibit 3 to the Affidavit. The Affidavit of Leigh Watkins dated 12/4/08 stating that I had been provided with all of the requested documents is false, because the Department of Public Safety was in possession of the requested public records at the time of my FOIA request but failed to furnish or make them available for inspection and copying. These public records were destroyed despite my pending request.

(b) As described in paragraph 3 under the heading Beaufort County Coroner's Office in the Affidavit, the public records requested in my 6/22/06 FOIA request were not timely furnished nor made available for inspection and copying. Certain

cell phone records responsive to my FOIA request were subsequently produced on January 29, 2007, but only after a subpoena and a Court order enforcing the subpoena were issued. Other cell phone records were not produced until November 11, 2008, and I was required to file suit and expend substantial attorney's fees in order to obtain these public records. Some of the cell phone records were never furnished nor made available for inspection and copying in response to my FOIA request.

(c) As described in paragraph 6 under the heading Beaufort County Coroner's Office in the Affidavit, the public records requested in my 2/5/07 and 2/25/07 FOIA requests were not timely furnished nor made available for inspection and copying. The Beaufort County Emergency Management Division (the "EMD") refused to provide the requested public records and directed me to make the request to the Coroner's Office. The Coroner's Office failed to respond to my 2/25/07 FOIA request within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). The requested public records, radio logs, were not produced until December 18, 2008, and I was required to file suit and expend substantial attorney's fees in order to obtain these public records. Furthermore, these public records were produced on December 18, 2008, despite the sworn testimony of Marshall Waldron, attorney for the defendants, and William Winn, the Director of the EMD, that all requested public records had been produced. See 10/30/08 Affidavit of Marshall Waldron, attached as Exhibit A hereto, and 12/9/08 Affidavit of William Winn, attached as Exhibit B hereto. The production of these public records on December 18, 2008 demonstrates the falsity of this testimony.

(d) As described in paragraph 7 under the heading Beaufort County Coroner's Office in the Affidavit, the public records requested in my 2/5/07 FOIA request were not timely furnished nor made available for inspection and copying. The Coroner's Office failed to respond to my 2/5/07 FOIA request within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). The requested public records, toxicology reports, were not produced until December 18, 2008, and I was required to file suit and expend substantial attorney's fees in order to obtain these public records. Furthermore, these public records were produced on December 18, 2008, despite the sworn testimony of Marshall Waldron, attorney for the defendants, that all requested public records had been produced. See 10/30/08 Affidavit of Marshall Waldron, attached as Exhibit A hereto. The production of these public records on December 18, 2008 demonstrates the falsity of this testimony.

13. Certain defendants in this lawsuit violated FOIA by failing in total to furnish or make available for inspection and copying certain public records in response to approved requests in the following particulars.

(a) As described in paragraph 1 under the heading Beaufort County Coroner's Office in the Affidavit, the Coroner's Office failed to respond to my FOIA request to Coroner Curtis Copeland dated 1/23/06 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public record was not furnished nor made available to me for inspection or copying.

(b) As described in paragraph 4 under the heading Beaufort County Coroner's Office in the Affidavit, the Coroner's Office failed to respond to my FOIA request to Coroner Curtis Copeland dated 12/11/06 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public records were never furnished nor made available to me for inspection or copying. In fact, Coroner Curtis Copeland testified that the computer which contained the requested public records was sold to a third party in early 2008, after my request to preserve the information. (Copeland deposition, Exhibit #7, page 91-92, 94).

(c) As described in paragraph 5 under the heading Beaufort County Coroner's Office in the Affidavit, the Coroner's Office failed to respond to my FOIA request to Coroner Curtis Copeland dated 7/20/06 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public records, including but not limited to Certificates of Appointment, were not furnished nor made available to me for inspection or copying.

(d) As described in paragraph 1 under the heading Beaufort County Emergency Management Division in the Affidavit, the EMD failed to respond to my FOIA request dated 2/2/07 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public records, written operating procedures for the Beaufort County 911 system, were not furnished nor made available for copying, despite the fact that these public records are specifically referenced in files produced by the defendants on December 18, 2008. EMD has still not produced these requested public records.

(e) As described in paragraph 2 under the heading Beaufort County Emergency Management Division in the Affidavit, the EMD failed to respond to my FOIA request dated 2/2/07 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public records, certain intergovernmental agreements, were not furnished nor made available for copying. EMD has still not produced these requested public records.

(f) On May 10, 2007, I made a FOIA request to William Winn of EMD for a copy of records including the operation manual and written operating procedures pertaining to the ComLog digital recording device in service at the Beaufort County 911 center, among other public records. See Exhibit 35 of the Affidavit. The EMD failed to respond to my FOIA request dated 5/10/07 within fifteen (15) business days. Therefore, the request was deemed approved pursuant to S. C. Code Ann. § 30-4-30(c). However, the requested public records were not furnished nor made available for copying. EMD has still not produced these requested public records.

14. Certain defendants in this lawsuit violated FOIA by refusing to furnish or make available for inspection and copying certain public records despite the lack of a legitimate exemption under FOIA in the following particulars.

(a) As described in paragraphs 4 and 5 under the heading Beaufort County Emergency Management Division in the Affidavit, the EMD, through Beaufort

County attorney Kelly Golden, refused to furnish or make available for inspection and copying the public records requested in my FOIA request dated 2/5/07, despite the lack of a legitimate exemption. EMD has still not produced all of these requested public records, printouts of 911 calls and CAD entries. Ms. Golden represented in correspondence dated February 23, 2007, a copy of which is attached as Exhibit 15 to the Affidavit, that "you have already been provided with the CAD printout in regard to your son's accident" and also cited privacy concerns for CAD entries unrelated to Paul's accident. However, public records produced by the defendants on December 18, 2008 demonstrate that two CAD "events" were relevant to Paul's accident, yet all requested CAD entries were not in fact produced.

(b) As described in paragraphs 6 and 9 under the heading Beaufort County Emergency Management Division in the Affidavit, the EMD, through Beaufort County attorney Kelly Golden, refused to furnish or make available for inspection and copying the public records requested in my FOIA requests dated 5/10/07 and 5/20/07, despite the lack of a legitimate exemption. EMD has still not produced these requested public records, the which include the operation manual and written operating procedures pertaining to the Beaufort County 800mhz radio system, among other public records.

(c) As described in paragraph 10 under the heading Beaufort County Emergency Management Division in the Affidavit, on 5/16/07, I made a FOIA request to Kelly Golden for a copy of the handbook entitled "Freedom of Information Act Handbook for County Government" authored by Kelly Golden in 1999 while she was a registered lobbyist for the S.C. Association of Counties. County attorney Golden refused to furnish or make available for inspection and copying the public records requested in my FOIA request dated 5/16/07, despite the lack of a legitimate exemption. I only obtained a copy of this handbook after the filing of this lawsuit from another source.

15. Certain defendants in this lawsuit violated FOIA failing to furnish or make available for inspection and copying certain public records as a result of the illegal destruction of such public records in the following particulars.

(a) As described in paragraph 2 under the heading Beaufort County Coroner's Office in the Affidavit, the public records requested in my 3/20/06 FOIA request were illegally destroyed. The destruction of these public records was a violation of S. C. Code Ann. § 30-1-30, which prohibits such destruction of public records, a violation of S. C. Code Ann. § 17-7-20, which requires the coroner to examine the witnesses most likely to be able to explain the cause of death, and take their testimony in writing, a violation of S. C. Code Ann. § 17-7-230, which requires that the testimony of all witnesses examined upon an inquest shall be taken down in writing by the coroner and signed by the witnesses, and a violation of S. C. Code Ann. § 17-7-330, which requires the Coroner to keep a Book of Inquisitions for all inquests. The destruction of the requested public records rendered the Coroner incapable of complying with FOIA.

(b) As described in paragraph 2 under the heading Beaufort County Sheriff's Office in the Affidavit, the public records requested in my 4/14/06 FOIA request were illegally destroyed. The destruction of these public records was a violation of S. C.

Code Ann. § 30-1-30, which prohibits such destruction of public records, a violation of S. C. Code Ann. § 17-7-20, which requires the coroner to examine the witnesses most likely to be able to explain the cause of death, and take their testimony in writing, a violation of S. C. Code Ann. § 17-7-230, which requires that the testimony of all witnesses examined upon an inquest shall be taken down in writing by the coroner and signed by the witnesses, and a violation of S. C. Code Ann. § 17-7-330, which requires the Coroner to keep a Book of Inquisitions for all inquests. The destruction of the requested public records rendered the Sheriff's Office incapable of complying with FOIA.

(c) As described in paragraph 3 under the heading Beaufort County Sheriff's Office in the Affidavit, the public records requested in my 12/13/06 FOIA request were illegally destroyed. The destruction of these public records was a violation of S. C. Code Ann. § 30-1-30, which prohibits such destruction of public records, a violation of S. C. Code Ann. § 17-7-20, which requires the coroner to examine the witnesses most likely to be able to explain the cause of death, and take their testimony in writing, a violation of S. C. Code Ann. § 17-7-230, which requires that the testimony of all witnesses examined upon an inquest shall be taken down in writing by the coroner and signed by the witnesses, and a violation of S. C. Code Ann. § 17-7-330, which requires the Coroner to keep a Book of Inquisitions for all inquests. The destruction of the requested public records rendered the Sheriff's Office incapable of complying with FOIA.

(d) As described in paragraph 5 under the heading Beaufort County Sheriff's Office in the Affidavit, the public records requested in my 3/24/07 FOIA request were illegally destroyed. The destruction of these public records was a violation of S. C. Code Ann. § 30-1-30. The destruction of the requested public records rendered the Sheriff's Office incapable of complying with FOIA.

**PLAINTIFF'S MOTION
FOR RECONSIDERATION
TO AMEND COURT'S
FINDINGS, AND TO
ALTER OR AMEND
COURT'S JUDGMENT**

COMES NOW the Plaintiff, L. Paul Trask, Jr., Individually, as a
Citizen, Resident, Taxpayer, and Registered Elector of the State of South
Carolina, and on behalf of others similarly situated ("Mr. Trask"), pursuant

to Rules 52(b) and 59(e) of the South Carolina Rules of Civil Procedure, and respectfully requests this Circuit Court to reconsider its Order Granting Defendants' Motion for Summary Judgment (the "Order") dated March 13, 2008, and filed with the Office of the Beaufort County Clerk of Court on March 18, 2009.¹ Mr. Trask states the Order, which must be reversed, is based upon improper legal grounds and is not factually supported by the record before this Circuit Court. Moreover, this Circuit Court should grant Mr. Trask summary judgment against all of the Defendants.

ND
1/2

This motion seeking to have this Trial Court reverse the summary judgment granted herein to the Defendants, South Carolina Department of Public Safety ("SCDPS"); Beaufort County; Beaufort County Management Information Systems ("BC-MIS"); Beaufort County Coroner Curtis Copeland in his official capacity ("Coroner Copeland"); Beaufort County Sheriff P. J. Tanner in his official capacity ("Sheriff Tanner"), and, in turn, grant Mr. Trask summary judgment against the Defendants is made upon the following grounds:

¹ A copy of this Circuit Court's Order dated March 13, 2009, is attached hereto as Exhibit "A" and incorporated herein by reference. Mr. Trask's counsel received the filed and executed order on March 24, 2009.

1. **Production of Public Documents in Compliance with FOIA**

This Trial Court incorrectly concluded the Defendants had complied with all requests for information/documentation made by Mr. Trask pursuant to the South Carolina Freedom of Information Act, as codified in S.C. Code Ann. §§ 30-4-10, et seq., (the "FOIA") which are at issue in this case.² A review of the record demonstrates Mr. Trask, and not the Defendants, was entitled to summary judgment on several of the FOIA violations for which the Defendants can raise no genuine disputes of fact.³ For example, and without limitation:

ND
3

² The Defendants provided Mr. Trask's counsel with Gwen Duhon's file and a Privilege Log via U.S. Mail on December 18, 2008. See Letter from Jason F. Ward, Esquire to Thomas S. Tisdale, Jr., Esquire dated December 17, 2008 (the "12/17/2008 Ward Letter"). A copy of the 12/17/2008 Ward Letter is attached hereto as Exhibit "B" and incorporated herein by reference. This was apparently in response to Mr. Trask's **November 16, 2007**, Request for Production of Documents. The documents were finally produced some 12 months later. Additionally, Mr. Trask made a FOIA request for the toxicology reports on **February 5, 2007**. On December 19, 2008, the Defendants provided Mr. Trask's counsel with requested toxicology reports via hand delivery. See Letter from Jason F. Ward, Esquire to Thomas S. Tisdale, Jr., Esquire dated December 19, 2008 (the "12/19/2008 Ward Letter"). A copy of the 12/19/2008 Ward Letter is attached hereto as Exhibit "C" and incorporated herein by reference. Mr. Trask made a FOIA request for the toxicology reports on **February 5, 2007**. The documents were finally produced some 22 months later.

This Circuit Court held its hearing to consider the Defendants' Motion for Summary Judgment on December 19, 2008. Mr. Trask's counsel had very little, if any meaningful opportunity to review the December 18, 2008, documents, much less the documents hand delivered on December 19, 2008, prior to that hearing. For that reason alone this Circuit Court should vacate its order and hold another hearing to address the summary judgment.

³ See Affidavit of L. Paul Trask, Jr., dated November 4, 2008 (the "Trask Affidavit"). A copy of the Trask Affidavit was previously filed in this case. Additionally, a

ND
E

Mr. Trask made a FOIA request on February 2, 2007 (the "2/2/2007 FOIA Request")⁴ to William Winn of the Beaufort County Emergency Management Department (the "BC-EMD") requesting, among other public documents, "a copy of the written operational procedures for the Beaufort County 911 system". The BC-EMD unquestionably failed to respond to the 2/2/2007 FOIA Request within the statutory allotted 15 business days.⁵ Therefore, the 2/2/2007 FOIA Request was deemed approved.⁶ However, the requested public records - written operating procedures for the Beaufort County 911 system - were neither furnished nor made available for copying, despite the fact these public records were specifically referenced in files which the Defendants ultimately produced on December 18, 2008.⁷ BC-EMD failed to produce any of the requested records pursuant to the 2/2/2007 FOIA Request.⁸

copy of the Trask Affidavit is attached hereto as Exhibit "D" and incorporated herein by reference. See also Supplemental Affidavit of L. Paul Trask, Jr. dated January 27, 2009 (the "Supplemental Trask Affidavit"). A copy of the Supplemental Trask Affidavit was previously filed in this case. Additionally, a copy of the Supplemental Trask Affidavit is attached hereto as Exhibit "E" and incorporated herein by reference.

⁴ See Trask Affidavit, para. 1 under the heading Beaufort County Emergency Management Division; Supplemental Trask Affidavit, para. 13(d).

⁵ Trask Supplemental Affidavit, para. 13(d).

⁶ See S. C. Code Ann. § 30-4-30(c).

⁷ See Letter from Thomas S. Tisdale, Jr., Esquire to the Honorable Carmen T. Mullen, Circuit Court Judge, dated February 6, 2009 (the "Tisdale 2/6/2009 Letter"). A copy of the 2/6/2009 Tisdale Letter is attached hereto as Exhibit "F" and incorporated herein by reference.

⁸ Trask Supplemental Affidavit, para. 13(d).

210
5

There can be no dispute (i) Mr. Trask made the 2/2/2007 FOIA Request on February 2, 2007, (ii) the Defendants failed to respond to the 2/2/2007 FOIA Request, (iii) the Defendants failed to provide the responsive public records even after the statutory 15-day deadline had expired, (iv) this FOIA violation was specifically alleged in Mr. Trask's Complaint, and (v) Mr. Trask's Complaint was filed within one year of the violation. Contrary to the clear evidence, this Circuit Court's Order erroneously concluded the Defendants had produced the documents responsive to the 2/2/2007 FOIA Request, and therefore, the issue was moot.⁹ However, there is no evidence in the record to suggest either BC-EMD or any other of the Defendants ever produced the written operational procedures for the Beaufort County 911 system. In fact, the evidence in the record shows BC-EMD actually prepared draft responses to 2/2/2007 FOIA Request but never sent them to Mr. Trask's counsel.

The evidence also shows Mr. William Winn provided false testimony regarding the 2/2/2007 FOIA Request. Mr. Winn testified, by affidavit under oath, that "[He] also received Mr. Trask's February 2, 2007 FOIA request regarding the operational procedures for the 911 system and [Mr. Winn] affirm[ed] there are none to give [Mr. Trask] because there [wa]s no consolidated or written procedure for 911 because the

911 system [wa]s owned by a multitude of companies."¹⁰ Notwithstanding these allegedly truthful assertions, Mr. Trask's counsel recently received a copy of a *Table of Contents for Beaufort County Communications Standard Operating Procedures*, which included a listing for the **operating procedures for the 911 system.**¹¹ This Table of Contents flatly contradicts Mr. Winn's sworn testimony.

NP
6

As noted, on or about **February 16, 2009**, over two years after the original 2/2/2007 FOIA Request, Beaufort County (via Ladson F. Howell, Esquire) ***finally*** produced the Table of Contents from the *Beaufort County Communications Policy & Procedures Manual*, as well as, one operating procedure. This production was, however, in response to a new FOIA request dated February 2, 2009 (the "2/2/2009 FOIA Request") and apparently somehow not in response to the original 2/2/2007 FOIA Request.¹²

¹⁰ See Affidavit of William Winn, Jr., dated December 9, 2008, and previously filed with this Circuit Court.

¹¹ See Letter from Ladson F. Howell, Esquire to L. Paul Trask, Jr., dated February 16, 2009 (the "2/16/2009 Howell Letter"). A copy of the 2/16/2009 Howell Letter is attached hereto as ***Exhibit "G"*** and incorporated herein by reference.

¹² This production, first requested over 24 months ago, plainly demonstrated the existence of the documents and flatly contradicted Mr. Winn's sworn testimony that such ***written procedures did not exist.***

Moreover, on or about **March 9, 2009**,¹³ Attorney Howell recently produced an additional FIFTEEN separate 911 operating procedures.¹⁴ This is, of course, 15 additional operating procedures bearing issue dates and/or revision dates from August 1, 1992, through April 14, 2008, which the Defendants have long asserted **did not exist** in the first instance. Furthermore, this production was in response to two new FOIA requests dated February 25, 2009 (the "2/25/2009 FOIA Requests") and, again, apparently somehow not in response to the original 2/2/2007 FOIA Request.

NP
1

Both the **February 16, 2009**, and the **March 9, 2009**, BC-EMD document productions, again both first requested over 24 months previously, plainly demonstrated the long-time existence of the documents at issue. Moreover, these document production flatly contradict Mr. Winn's sworn testimony (presented to this Circuit Court) stating such **written procedures did not exist**.

¹³ Additionally, Attorney Howell also produced, inter alia, the CVDS Log for the time of the accident which should have been provided response to the original 2/2/2007 FOIA Request.

¹⁴ See Memorandum from Ladson F. Howell, Esquire to L. Paul Trask, Jr., dated March 9, 2009 (the "3/9/2009 Howell Memo."). A copy of the 3/9/2009 Howell Memo. is attached hereto as **Exhibit "H"** and incorporated herein by reference.

Most importantly, production of these 911 standard operating procedures more than 2 years after the 2/2/2007 FOIA Request was made and some 20 months after this litigation was filed cannot, in any way, shape, or form, be reasonably construed by any of the Defendants or by this Circuit Court under any circumstances as a lawful response pursuant to FOIA.

NP
8

The Defendants have had possession and control of the requested documents all along and simply rejected, failed, declined, and/or refused to provide them even though they were subject to disclosure under FOIA. The Defendants have not provided any explanation for their disregard of their legal obligation under the plain and unambiguous FOIA provisions. The Defendants should not and, indeed, cannot be granted summary judgment under FOIA. The Defendants have clearly violated several FOIA provisions and this Circuit Court must not permit this blatant statutory disrespect.

At the very minimum, the Defendants' other FOIA violations described in the Trask Supplemental Affidavit demonstrate, at the very least, factual disputes clearly exist as to whether the Defendants complied with the FOIA regarding Mr. Trask's numerous FOIA requests as described therein.

2. **Destruction of Public Documents** This Trial Court incorrectly concluded the Defendants' admitted destruction of public documents does not constitute a FOIA violation. This Trial Court's reliance on Kissinger v. Reporters Committee for Freedom of the Press,¹⁵) is inapposite, because in Kissinger, the requested documents had already been transferred from one public body to another public body at the time that the FOIA requests at issue were delivered.

ND/a
In this case, the Order makes no findings concerning whether the SCDPS, Beaufort County, BC-MIS, Coroner Copeland, and/or Sheriff Tanner had actual possession and/or control of the requested documents at the time Mr. Trask made his FOIA requests. As in Office of Governor v. Washington Post Co.,¹⁶ which distinguished Kissinger v. Reporters Committee for Freedom of the Press on the basis that Supreme Court's interpretation of the federal FOIA statute therein referred to "agency records", while the FOIA statute at issue Office of Governor v. Washington Post Co. deals with "public records." Consequently, the Maryland Court's rationale in Office of Governor v. Washington Post Co. applies in this case:

¹⁵ Kissinger v. Reporters Committee for Freedom of the Press, 445 U.S. 136 (1980)

¹⁶ Office of Governor v. Washington Post Co., 360 Md. 520, 759 A.2d 249 (Md. 2000).

ND
10

Unlike the Federal [FOIA] Act, there is no statutory language or legislative history suggesting that any unit of the Maryland Government is exempt from the Public Information Act's coverage. The grounds for the Supreme Court's interpretation of the Federal Act in Kissinger v. Reporters Committee for Freedom of the Press . . . do not exist with regard to the Maryland [FOIA] Act. On the contrary, the cases interpreting the Maryland Act have broadly construed the terms "public record" and "instrumentality of the State government." The offices of the Governor and his staff in the State House and Shaw House in Annapolis, as well as their offices in Baltimore and Washington, are clearly encompassed by the statutory language "unit or instrumentality of the State government." **17**

3. **Duty to Maintain Public Records** This Trial Court incorrectly ignored precedent from other jurisdictions holding that public bodies have a duty to maintain public records under FOIA. In Walloon Lake Water Systems, Inc. v. Melrose Township,¹⁸ the Michigan Supreme Court found the Michigan FOIA implied a duty to "preserve and maintain [records requested through the act] until access has been provided or a

17 Office of Governor v. Washington Post Co., 360 Md. 520, 536, 759 A.2d 249, 258.

18 Walloon Lake Water Systems, Inc. v. Melrose Township, 163 Mich. App.

court executes an order finding the record to be exempt from disclosure.”¹⁹ This ruling imposes a duty under Michigan’s FOIA to preserve and not to destroy records once a FOIA request has been made.²⁰ Likewise, this Circuit Court should impose the same implied duty under South Carolina’s FOIA to ensure all of the underlying legislative purposes of the FOIA are carried out.

ND
H

4. Actual Production of Documents This Trial Court incorrectly applied Sloan v. Friends of the Hunley, Inc.,²¹ to the instant case, because in Sloan v. Friends of the Hunley, Inc., the plaintiff conceded the requested documents had been produced. Mr. Trask has not made any such concessions here, but has raised genuine disputes of material fact as to whether the Defendants have actually produced the requested documents. Consequently, this Circuit Court’s decision that the disputes arising because of Mr. Trask’s FOIA requests were moot is inaccurate and inappropriate in this case.

726, 415 N.W.2d 292 (1987).

¹⁹ Walloon Lake Water Systems, Inc. v. Melrose Township, 163 Mich. App. 726, 731, 415 N.W.2d 292, 294.

²¹ Sloan v. Friends of the Hunley, Inc., 369 S.C. 20, 630 S.E.2d 474 (2006).

5. **Lack of Mootness** This Trial Court incorrectly failed to apply the two primary exceptions to the mootness doctrine, 1) when the issue raised is capable of repetition, yet evading review, and 2) when the question considers matters of important public interest.²² Both exceptions apply in this case. This is particularly true in light of the admissions as follows:

- NP
12
- a. By Robert Bromage ("Captain Bromage") and Michael W. Hatfield ("Chief Hatfield") that they routinely double deleted all of their e-mails, even when the e-mails concerned Beaufort County official business activities. (*Bromage Depo.*, p.27, line 2 – p.31, line 21; *Hatfield Depo.*, p.34, line 16 – p.35, line 17).²³
 - b. The SCDPS admitted (1) it had no policy whatsoever regarding the retention of e-mail traffic generated in the course of official governmental actions, (2) double deletion of e-mail was not addressed or prohibited, and, in essence, (3) the

B
- c. In March 2009, the Defendants filed with this Circuit Court a *Motion for Release of Information* seeking judicial permission/approval “to release and disclose that certain 911 printout, in unredacted form, which occurred on November 21-22, 2005, as such printout relates to that certain automobile accident which resulted in the death of . . . L. Paul Trask, III.”²⁵

6. **Statutory Exemptions** The Trial Court incorrectly ruled some of Mr. Trask’s FOIA requests were subject to statutory exemptions, however, this Circuit Court failed to specify the applicable exemptions in the Order. Moreover, none of the Defendants made any showing whatsoever of any attempt to separate allegedly exempt material from non-

²⁴ See Deposition of Barry Langley sworn to on January 7, 2009 (the “Langley Depo.”). Copies of the relevant pages of the Langley Depo. are attached hereto as **Exhibit “K”** and incorporated herein by reference.

²⁵ See Motion for Release of Information dated March , 2009 and filed with the Beaufort County Court of Common Pleas (the “Information Release Motion”). A copy of the Information Release Motion is attached hereto as **Exhibit “L”** and incorporated herein by reference. The motion is scheduled to be heard on April 7, 2009.

exempt material as required by the FOIA. At a minimum, genuine disputes of material fact exist between Mr. Trask and the Defendants as to whether any of the Defendants appropriately raised any exemptions to the FOIA.

7. Failure to Timely Initiate Litigation This Trial Court incorrectly granted summary judgment to the Defendants on the ground Mr. Trask failed to timely bring his claims for the Defendants' numerous FOIA violations. The only evidence in the record shows Mr. Trask brought his claims within one year of the FOIA violations at issue. To the extent Mr. Trask made certain FOIA requests were made initially more than one year prior to the filing of the Complaint, Mr. Trask's claims are equitably tolled since one or more of the Defendants induced Mr. Trask into believing the requested public records would be produced without the necessity of a lawsuit.²⁶

Moreover, it is not unreasonable to postulate the Defendants made these assurances and representations to Mr. Trask concerning their forthcoming document production solely with the intent to "lull" Mr. Trask

²⁶ See, e.g., Hopkins v. Floyd's Wholesale, 299 S.C. 127, 129, 382 S.E.2d 907, 908 (1989) (determining the statute of limitations is tolled for a workers' compensation claim during a reliance period).

740

into a false sense of security so that the one-year time period would run prior to him asserting his claims in court.

NP
15

8. **Statute of Limitations** This Trial Court incorrectly granted summary judgment to the Defendants on the ground Mr. Trask failed to timely bring his claims for FOIA violations. The evidence clearly shows the Defendants are estopped from claiming application of the statute of limitations as a defense since Mr. Trask's delay in bringing the action was clearly induced by Defendants' conduct.²⁷ This Trial Court completely ignored the undisputed evidence one or more of the Defendants repeatedly assured Mr. Trask they would produce all available documents responsive to his FOIA requests, even though the Defendant's individual and collective actions demonstrated they never intended to do so.

Moreover, it is not unreasonable to postulate the Defendants made these assurances and representations to Mr. Trask concerning their forthcoming document production solely with the intent to "lull" Mr. Trask into a false sense of security so that the one-year time period would run prior to him asserting his claims in court.

²⁷ Wiggins v. Edwards, 314 S.C. 126, 130, 442 S.E.2d 169, 171 (1994).

9. **Beyond the Definition of "Public Records"** This Trial Court erroneously ruled certain of Mr. Trask's FOIA requests did not constitute requests for the production of "public records" as defined by the FOIA.

10. **Discovery Not Completed** This Trial Court incorrectly and prematurely granted summary judgment to the Defendants where:

- ND
16
- (a) Mr. Trask's discovery directed to the other parties had not yet been completed,
 - (b) Mr. Trask's December 9, 2008, Motion to Compel certain discovery responses (filed on December 15, 2008) was still outstanding and had not yet been considered/ruled upon by this Circuit Court;
 - (c) Mr. Trask's December 15, 2008 Petition for Rule to Show Cause (filed on December 17, 2008) was still outstanding and had not yet been considered/ruled upon by this Circuit Court; and
 - (d) Mr. Trask's October 23, 2008, Motion for Summary Judgment (filed October 24, 2008) was still outstanding and had not yet been considered and/or ruled upon by this Circuit Court.

ND
17

11. **Reasonable Copying Fees** This Trial Court incorrectly ruled the Beaufort County Sheriff's Office charged Mr. Trask reasonable copying fees when there was a genuine dispute of material fact as to the reasonableness of the fees. Beaufort County had an established fee schedule (*Operating Procedure 22-3*) setting forth a cost of \$0.05 per page for printing costs and \$14.00 per hour for research and/or documents gathering time. The Defendants overwhelmingly failed to not comply with this established and set fee schedule by charging Mr. Trask (for the limited documents actually produced) costs substantially in excess of those which would have been charged under the set schedule. In fact, the Defendants generally asserted the "customary" copying fee for documents produced under the FOIA was \$0.25 per page - five times the scheduled set amount.

12. **Allegedly Non-Specific FOIA Violations** This Trial Court incorrectly granted summary judgment to the Defendants on certain of Mr. Trask's FOIA violations which had not specifically been alleged in the Complaint, without affording Mr. Trask the opportunity to amend his Complaint to include such violations.

13. **Award of Attorneys' Fees Under FOIA** This Trial Court incorrectly failed to provide a ruling on Mr. Trask's request for attorneys' fees incurred due to the Defendants' repeated, consistent, and admitted FOIA violations. (*Trask Affidavit*, pp.1-7 with attachments; *Trask Supplemental Affidavit*, pp.1-6 with attachments; *Bromage Depo.*, p.27, line 2 – p.31, line 21; *Hatfield Depo.*, p.34, line 16 – p.35, line 17; *Langley Depo.*, p.24, line 18 – p.42, line 11).

ND
18

14. **Mr. Trask's Outstanding Motions** This Trial Court incorrectly failed to provide a ruling on the following motions previously filed by Mr. Trask and which were outstanding and as yet unconsidered as of the date of the Order:

- (a) Mr. Trask's October 23, 2008, Motion for Summary Judgment (filed October 24, 2008).
- (b) Mr. Trask's December 9, 2008, Motion to Compel certain discovery responses (filed on December 15, 2008); and
- (c) Mr. Trask's December 15, 2008 Petition for Rule to Show Cause (filed on December 17, 2008).

Unfortunately, since this Circuit Court has dismissed this matter with prejudice, it has effectively divested itself of jurisdiction to hear any matter concerned with this litigation except for reconsidering its prior order.

Without saying so, this Circuit Court has denied Mr. Trask the opportunity to argue his own Motion for Summary Judgment, to present evidence demonstrating the fact the Defendants failed to cooperate in discovery, and to present evidence demonstrating the fact the Defendants failed to abide by and comply with this Circuit Court's order directing their discovery compliance.

15. **The Defendants' Continuing Violation of the South Carolina Public Records Act** This Trial Court has completely ignored the Defendants' past and continuing violation of the South Carolina Public Records Act (the "SCPRA").²⁸ As a practical matter, if this Circuit Court does not enforce the terms of the SCPRA against the Defendants then the Defendants will continue to flaunt their, at best, piecemeal and reluctant compliance with the FOIA. In fact, without adherence with the SCPRA, then a governmental body cannot effectively comply with the FOIA.

The SCPRA requires and mandates all governmental entities, whether state, regional, local, municipal, quasi-governmental, or otherwise, to establish a "records management program directed to the application of efficient and economical management methods and relating to the creation,

²⁸ See S.C. Code Ann. §§ 30-1-10, *et seq.* (Thomson/West 2006).

utilization, maintenance, retention, preservation, and disposal of public records”²⁹ The “chief administrative officer of any agency or subdivision or any public body in charge of public records or creating, filing, or keeping public records is the legal custodian of [those] records and is responsible for carrying out the duties and responsibilities of [the SCPRA] assigned to public agencies, bodies, offices, or subdivisions.”³⁰

ND
20

Furthermore, the SCPRA requires the “head of each [governmental] agency, the governing body of each subdivision, and every public records custodian [to] cooperate with the [South Carolina Department of] Archives [and History] in complying with the provisions of [the SCPRA] and to establish and maintain an active, continuing program for the economical and efficient management of the records of the agency or subdivision.”³¹ In complying with the SCPRA, the Defendants were all

²⁹ See S.C. Code Ann. § 30-1-80 (Thomson/West 2006). The SCPRA applies to “any department of the State, any state board, commission, agency, and authority, any public or governmental body or political subdivision of the State, including counties, municipalities, townships, school districts, and special purpose districts, or any organization, corporation, or agency supported in whole or in part by public funds or expending public funds, including committees, subcommittees, advisory committees, and the like of any such body by whatever name known, and includes any quasi-governmental body of the State and its political subdivisions” See S.C. Code Ann. § 30-1-80(B) (Thomson/West 2006).

³⁰ See S.C. Code Ann. § 30-1-20 (Thomson/West 2006). The chief administrative officer is authorized to “appoint a records officer to act on his [or her] behalf.” S.C. Code Ann. § 30-1-20).

³¹ See S.C. Code Ann. § 30-1-80 (Thomson/West 2006) (Emphasis added).

required to establish[] records schedules mandating a time period for the retention of each series of records.”³² Failure to comply with the SCPRA constitutes a criminal violation.³³

NO
21

The record contains substantial evidence demonstrating the Defendants, especially when concerning office business e-mail traffic, either do not have a records retention policy of any type whatsoever or the existing policy does not prevent the deletion and/or double deletion of business related e-mails generated in the normal course of governmental business (whether on governmentally purchased or privately-owned computers). (*Bromage Depo.*, p.27, line 2 – p.31, line 21; *Hatfield Depo.*, p.34, line 16 – p.35, line 17; *Langley Depo.*, p.24, line 18 – p.42, line 11). Overall, most of the Defendants do not have any meaningful public records retention policies and, if one does exist, it does not address or take into consideration present day electronic communication methods.

This Circuit Court must require the Defendants to comply with the SCPRA in order for the Defendant to be able to meaningfully comply with the FOIA.

³² See S.C. Code Ann. § 30-1-90(A) (Thomson/West 2006).

³³ See S.C. Code Ann. § 30-1-140 (Thomson/West 2006).

In conclusion, Mr. Trask respectfully requests, at a minimum, this Circuit Court to reverse its prior order granting the Defendants summary judgment and permit this action to proceed to trial. In the alternative, Mr. Trask respectfully requests this Circuit Court to grant him summary judgment on all claims asserted against the Defendants.

Respectfully submitted:

ORDER GRANTING
DEFENDANTS' MOTION FOR
SUMMARY JUDGMENT

This matter came before me on December 19, 2008 on motion by the Defendants for Summary Judgment. Present at the hearing for the Plaintiff was Thomas S. Tisdale, Jr. of Nexsen Pruet, and for the Defendants Robert W. Achurch, III and Jason F. Ward, of Howell, Gibson and Hughes, P.A. Having fully considered the arguments of counsel, and having reviewed the parties' respective memoranda of law and supplements thereto, I hereby GRANT Defendants' Motion for Summary Judgment.

The Plaintiff filed his Complaint in the Court of Common Pleas on April 17, 2007, alleging that the various Defendants, at various times, violated S.C. Code

752
1

Ann. §30-4-10, also known as the "Freedom of Information Act" (hereinafter referred to as "FOIA"). The following are the dates and content of the requests as alleged in the Complaint:

SC Dept of Public Safety	2/23/06	Plaintiff requested a copy of all records related to the accident and the subsequent investigation. COMPLAINT P. 15
SC Dept of Public Safety	2/27/06	Plaintiff requested all records, excluding photographs pertaining to the accident. COMPLAINT P. 16
SC Dept of Public Safety	5/18/06	Plaintiff requested copies of field notes and the Coroner's toxicology report related to the accident. COMPLAINT P. 18
SC Dept of Public Safety	12/12/06	Plaintiff requested copies of email communications between several of the investigating SCHP troopers, BCSO Captain Robert Bromage and Coroner Copeland. COMPLAINT P.19
Beaufort County Coroner Curt Copeland	12/15/05	Plaintiff requested an inquest into the death of Plaintiff's son. Plaintiff also requested the SCHP Multidisciplinary Accident Investigation Team (MAIT) to conduct official investigation into the facts and circumstances of the accident. COMPLAINT P.27
Beaufort County Coroner Curt Copeland	2/21/06	Plaintiff requested that the Coroner's office preserve all records, including audio recordings and email correspondence related to the accident. COMPLAINT P.28
Beaufort County Coroner Curt Copeland	3/20/06	Plaintiff requested copies of the Coroner's report, Bromage's inquest investigation field notes and reports as well as reports from MAIT investigation. COMPLAINT P.29
Beaufort County Coroner Curt Copeland	4/14/06	Plaintiff requested Copeland's handwritten notes taken at the scene of the accident and his interview report with Fripp Island Security Guard, James Irby. COMPLAINT P.31
Beaufort County Coroner Curt Copeland	6/22/06	Plaintiff requested cell phone records for 11/05 through 5/06 and email communications from 11/22/05 through 6/22/06. COMPLAINT P.33
Beaufort County Coroner Curt Copeland	7/20/06	Plaintiff requested a list of all Deputy Coroners. COMPLAINT P.34
Beaufort County Coroner Curt Copeland	12/11/06	Plaintiff requested email correspondence on BCC hard drives pertaining to the accident. COMPLAINT P.35

Beaufort County Coroner Curt Copeland	2/25/07	Plaintiff requested copies of reports of all toxicology examinations taken by the Coroner's office from 6/1/05 through 12/31/06. COMPLAINT P.36
Beaufort County Coroner Curt Copeland	2/25/07	Plaintiff requested radio call log from the night of the accident. COMPLAINT P.37
Beaufort County Management Information Systems	12/12/06	Plaintiff requested a copy of the Beaufort County records retention schedule for all email correspondence. COMPLAINT P.42
Beaufort County Sheriff P.J. Tanner	12/13/06	Plaintiff requested email records of Bromage pertaining to the investigation of the accident. COMPLAINT P.49
Beaufort County Sheriff P.J. Tanner	1/11/07	Requested a response in writing which records could not be produced. COMPLAINT P.51
Beaufort County Sheriff P.J. Tanner	2/3/07	Plaintiff requested copy of Sheriff's authorization which allowed Capt. Bromage to use his personal email account for the conduct of official county business. COMPLAINT P.52
Beaufort County	12/14/05	Plaintiff requested information related to Beaufort County E911 audio and computer records, reports, photos and investigation records pertaining to the accident. Plaintiff also requested the records for all personnel who responded to the Sheriff's Office, EMS, Fire Department, Coroner's Office and Highway Patrol. COMPLAINT P.59
Beaufort County	1/23/06	Plaintiff requested the computer voice stamp be added to the Sheriff's Office and EMS discs. COMPLAINT P.62
Beaufort County	2/2/07	Plaintiff requested copies of the written operational procedures for Beaufort County 911 system, the records inventory forms and all other documents used to prepare records retention schedules for every type of public record created by the operation and use of the Beaufort County 911 system. COMPLAINT P.64

I. ALLEGED FOIA VIOLATIONS THAT ARE TIME BARRED BY STATUTE OF LIMITATIONS OF S.C. CODE ANN. §30-4-100

The Plaintiff has alleged numerous allegations relating to FOIA requests to these Defendants ranging in time from December 2005 to February 2007. S.C.

754

Code Ann. § 30-4-100 S.C. Code Ann. §30-4-100, entitled "Injunctive relief; costs and attorney's fees", provides the following:

(a) Any citizen of the State may apply to the circuit court for either or both a declaratory judgment and injunctive relief to enforce the provisions of this chapter in appropriate cases **as long as such application is made no later than one year following the date on which the alleged violation occurs** or one year after a public vote in public session, whichever comes later. The court may order equitable relief as it considers appropriate, and **a violation of this chapter must be considered to be an irreparable injury for which no adequate remedy at law exists.**

(b) If a person or entity seeking such relief prevails, he or it may be awarded reasonable attorney fees and other costs of litigation. If such person or entity prevails in part, the court may in its discretion award him or it reasonable attorney fees or an appropriate portion thereof.

The Plaintiff's Complaint in this matter was filed on or about April 17, 2007. The alleged FOIA violations contained in paragraphs 15, 16, 17, 27, 28, 29, 59, and 62 of the Plaintiff's Complaint all predate the Complaint by more than one year. Thus, I find that the alleged FOIA violations contained in the above mentioned are time barred by the provisions of S.C.Code Ann. §30-4-100 and are hereby dismissed with prejudice.

II. ALLEGED FOIA VIOLATIONS THAT ARE MOOT PER SLOAN.

The Plaintiff has asserted violations of the FOIA relating to the production of documents contained at Paragraphs 18, 19, 31, 32, 33, 35, 36, 37, 42, 49, 52, 59, and 64 of the Complaint. Based on my review of the Defendants' memorandum and supplement to their memorandum of law along with representations made by counsel, I find that the Defendants have produced the subject documents requested in the above paragraphs to the extent they are in

the Defendant's possession. In addition, I also find that while some of the FOIA requests were time barred, the Defendants nevertheless produced the documents. Our Supreme Court held in *Sloan v. Friends of Hunley, Inc.*, 369 S.C. 20, 630 S.E.2d 474 (2006) that "[w]here the public records that were requested have been produced [to the requesting party], any claims for alleged prior violations under the FOIA are considered to be moot." Therefore, because I find that the documents requested in paragraphs, 18, 19, 31, 32, 33, 35, 36, 37, 42, 49, 52, 59, and 64 have been produced to the extent they are in the Defendant's possession, I find that the allegations contained in the above referenced Paragraphs are moot.

To the extent the Plaintiff has raised the issue, I find that the Defendants properly redacted public records in accordance with the applicable exemptions in the FOIA statute as well as other statutory exemptions. Some requested records (such as, but not limited to, the 911 CAD printouts and records of paragraph 59) are not considered public information under the Freedom of Information Act (See, e.g. S.C. Code Ann. §23-47-10 et seq), and are thus not subject to disclosure. In addition, many of these requested documents fall under the clear exemptions contained in the FOIA. Nevertheless, the Defendants redacted sensitive information and have produced such documents. Consequently, I find the Defendants have complied with the FOIA.

III. ALLEGED FOIA VIOLATIONS THAT ARE NOT REQUESTS FOR "PUBLIC RECORDS" AS DEFINED BY THE ACT.

With reference to the allegations contained at Paragraphs 34, 51, and 62 of the Complaint, the Defendants' maintain that production of these items are not

required under the FOIA as these are not requests for "public records" as defined by the FOIA. S.C.Code Ann. §30-4-20(c) requires a public body to produce to an FOIA requester a "public record" that is "prepared, owned, used, in the possession of, or retained" by that particular public body. The Plaintiff requested that the Defendants generate a list of deputy coroners (paragraph 34), requested for specification of public records which cannot be produced (paragraph 51), and requested the addition of computer voice time stamp be added to an audio recording which had previously been provided to the Plaintiffs (paragraph 62). I find that these requests are not "public records" in accordance with the FOIA. Consequently, no liability for these requests can arise, and these allegations are dismissed with prejudice.

IV. Implied Violations and Duties under the FOIA Asserted by the Plaintiff

The Plaintiff argues that in addition to the causes of action specifically set forth under the FOIA, there are other violations of the FOIA implied within the act. First, the Plaintiff has asserted there is a duty to restore or recover public records, including emails which have been "double deleted." Contrary to the Plaintiff's allegations, I find that there is no duty to "restore" public records as defined by the plain language of the FOIA. The plaintiff failed to point to any applicable case law or statute providing for such a duty under the FOIA, and the plain language of the FOIA statute does not mention a duty to restore public records. The Freedom of Information Act expressly sets forth what constitutes a

violation of the Act, and this court will not expand upon those specific mandates as drafted by the Legislature.

Similarly, the Plaintiff also argues that the Defendants are liable for the failure to produce public records over which the Defendants no longer exercise control or custody or possess. Again, the Plaintiff has provided and this Court can find no authority to support this proposition. Moreover, in *Kissinger v. Reporters Committee for the Freedom of The Press*, 445 U.S. 136, 100 S.Ct. 960, (1980) the United States Supreme Court found no violation of the FOIA where an agency that had been requested to produce the Nixon tapes did not produce them because it no longer exercised custody or possession of these tapes (as they had been transferred to the Department of Archives). I find that the Defendants in this case do not have a duty to produce those records which they no longer possess or exercise control or custody over.

The Plaintiff also argues that the Defendants owe a duty under the FOIA to "establish and develop standards, procedures, techniques and schedules designed to protect and preserve the public records." [See, e.g., Complaint P. 65]. While public policy would support this contention, the plain language of the FOIA does not require it as such. Again, this court will not read into the FOIA violations not specifically set forth therein. Consequently, I find that any alleged "violations" of the FOIA arising out of these alleged failures by the Defendants in the Complaint are hereby dismissed with prejudice.

V. Reasonableness of Beaufort County Sheriff's Office Fees for Copying

758

The Plaintiff has asserted that the Beaufort County Sheriff's office charged the Plaintiff an amount for copies in excess of that amount provided pursuant to the FOIA." [Complaint, P. 53] S.C.Code Ann. §30-4-30 provides in relevant part that a public body,

"may establish and collect fees not to exceed the actual cost of searching for or making copies of records. Fees charged by a public body must be uniform for copies of the same record or document.... The records must be furnished at the lowest possible cost to the person requesting the records.... Nothing in this chapter prevents the custodian of the public records from charging a reasonable hourly rate for making records available to the public nor requiring a reasonable deposit of these costs before searching for or making copies of the records.

The Sheriff's office utilized the Beaufort County Code of Ordinances, Section 2-435 (Code 1982) to determine what fees to charge the Plaintiff. This Ordinance provided for uniform service charges for supplying copies of official records requested by individual citizens. Because the charges for fees by the Sheriff's office were made in accordance with a Beaufort county ordinance, I find they are reasonable and thus proper under the FOIA.

VI. Alleged FOIA violations argued by the Plaintiff but not raised in the Complaint.

Lastly, to the extent that the Plaintiff asserted (through affidavit, argument of counsel, or otherwise) additional violations of the FOIA which have not been specifically pled or alleged in his Complaint, I find that these issues are not properly before the Court. Consequently, this Court refuses to address those issues as the Plaintiff has not properly pled them nor sought amendment to his complaint.

759

CONCLUSION

For all of the foregoing reasons, I hereby GRANT Defendants Motion for Summary Judgment, and dismiss this case with prejudice.

IT IS SO ORDERED.

DEFENDANTS'
SUPPLEMENTAL RETURN TO
PLAINTIFF'S REQUESTS FOR
PRODUCTION

TO: THOMAS S. TISDALE, JR., ESQUIRE, ATTORNEY FOR THE PLAINTIFF:

The Defendants above named, supplementing their responses to the Requests for Production propounded by the Plaintiff, hereby produce, by way of supplement, the following documents.

Interrogatory:

2. Set forth a list of photographs, plats, sketches, and all prepared documents in possession of the party that relate to the claims or defenses in this case:

Request for Production:

765

9. All information and documents which could, or will, be used at trial or during discovery for impeachment purposes.

RESPONSE: In response to prior FOIA request, the County produces the documents which may be responsive. Any redacted information is subject to either exemptions and/or privileges as provided by applicable law.

- 1) Redacted copy of February 1, 2007 email from Gwen Duhon to William Winn.
- 2) Copy of file of Gwen Duhon.

"D"

STATE OF SOUTH CAROLINA
COUNTY OF BEAUFORT

IN THE CIRCUIT COURT

L. Paul Trask, Jr., individually, as A CITIZEN,
RESIDENT, TAXPAYER AND
REGISTERED ELECTOR OF THE State of
South Carolina,

Case No. 2007-CP-07-995

Plaintiff,

AFFIDAVIT OF L. PAUL TRASK, JR.

vs.

South Carolina Department of Public Safety;
Beaufort County; Beaufort County
Management Information Systems; Beaufort
County Coroner Curtis Copeland in his official
capacity; Beaufort County Sheriff P. J. Tanner
in his official capacity,

Defendants.

I, L. Paul Trask, Jr., who upon being duly sworn, states as follows:

1. I am over the age of 18 and competent to make this affidavit.
2. I give this affidavit based upon personal knowledge and, as necessary, a review of records as so indicated.

SC Department of Public Safety

3. On February 23, 2006, I sent a letter to Cpl. Paul J. Brouthers at the S.C. Highway Patrol Troop 6 requesting that they preserve the records of his department pertaining to my son's fatal motor vehicle accident which occurred on November 22, 2005. (Exhibit #1).

4. I made a FOIA request to Leigh Watkins at the SC Department of Public Safety for Audio Recordings of Trooper Perry & Harrison's radio transmissions on 2/27/06. (Exhibit #2) No response to this request was ever provided to me. Leigh Watkins from the Department of Public Safety stated in her deposition of 8/8/08 that she would follow up on this issue, but to date no response has been given. (Leigh Watkins deposition, attached as Exhibit #3, pages 57-62).

768

Beaufort County Coroner's Office

1. I e-mailed Coroner Curtis Copeland on 1/23/06 requesting a statement of his conversation with Mr. Irby. (Exhibit # 4). I never received a response to this request.

2. On 3/20/06, I made a FOIA request to Coroner Curtis Copeland at the Beaufort County Coroner's office for a copy of every record pertaining to the inquest investigation including Bromage reports, field notes and MAIT documents. (Exhibit #5). In follow-up to my earlier request and receipt of an incomplete package of information received from the Coroner's office on 4/13/06, I prepared a letter to Coroner Copeland on 4/14/06 requesting field notes from his interview with James Irby and other notes taken at the scene of the accident. (Exhibit #6). This information was never provided to me. Curtis Copeland admitted in his deposition of 6/30/08 that he did not respond to my request. He also testified that he destroyed all his notes relating to the accident. (Curtis Copeland deposition, attached as Exhibit #7, pages 59-60, 80-81).

3. I made a request to Coroner Curtis Copeland to preserve the records of his department on 2/21/06. (Exhibit 8). I made a FOIA request on 6/22/06 to Coroner Copeland for his cellular telephone bills for the months of 11/05 through 5/06 and a copy of his e-mail communications from 11/22/05- 6/22/06. (Exhibit #9) Coroner Copeland responded to my request on 7/13/06 and stated his phone is a personal phone and not a "county" telephone and is, therefore, not covered under the FOIA, although I ultimately received a copy of cell phone records for one mobile number used by Coroner Copeland, I never received records for the number (843) 812-6330. He further stated that the same "personal exemption" applied to his e-mail and his personal computer which are not provided by Beaufort County. (Exhibit #10). However, Coroner Copeland stated that he used his personal computer for e-mail communications relating to Coroner's office business. Mr. Copeland stated in his deposition of 6/30/08 that he deleted his e-mails despite the request to preserve the records (Copeland deposition, Exhibit #7, pages 89-91).

4. On 12/11/06, I made a request pursuant to FOIA to Deputy Coroner Connie Herman at the Beaufort County Coroner's office to preserve all the official records, including e-mails records and the hard drive on her Beaufort County, personal and business computer(s) along with backup file(s). (Exhibit #11) I made a follow-up request to my inquiry on 1/7/07, since I heard nothing further to my earlier request. (Exhibit #12) No response was ever provided to me. Coroner Curtis Copeland testified in his deposition that the computer was sold to the new owner of the funeral home in early 2008, after my request to preserve the information. (Copeland deposition, Exhibit #7, page 91-92, 94).

5. I made another FOIA request on 7/20/06 to Coroner Curtis Copeland for a list of all Beaufort County Deputy Coroners serving from year 2000 forward including certificate of appointments and the names of individuals who administered oaths of office. (Exhibit #13) No response was provided to me. Coroner Copeland testified in his deposition that he didn't respond to this request. (Curtis Copeland deposition, Exhibit #7, page 93) Only recently through discovery has Defendant's counsel provided my counsel with a response to this request.

769

6. On 2/5/07, I made a FOIA request to William Winn and Gwen Duhon at the Beaufort County Emergency Management Division for documents, including the complete radio log for Coroner Copeland (call sign 601) for November 22, 2005. (Exhibit #14) Kelly Golden, County Council of Beaufort County, responded to my request on behalf of William Winn on 2/23/07 and informed me that my request should be directed to the Coroner's office. (Exhibit #15) Subsequently, I made a FOIA request to Coroner Copeland on 2/25/07 for the Coroner radio log. (Exhibit #16). I have not received the radio log to date. Coroner Copeland testified in his deposition that he never responded to my request. (Curtis Copeland deposition, Exhibit #7, Page 95).

7. I made a FOIA request on 2/5/07 to Coroner Curtis Copeland and Connie Herman for toxicology reports and related documentation of Beaufort County Coroner's office from 6/1/05 - 12/31/06. (Exhibit #17) To date, I have not received this information. Curtis Copeland testified in his deposition that he did not respond to this request. (Copeland deposition, Exhibit #7, pages 97-98).

Beaufort County Sheriff's Office

1. On 3/20/06, I made a FOIA request to the Coroner Copeland's office for Captain Robert Bromage's inquest investigation field notes and handwritten reports. (Exhibit #5) Deputy Coroner Herman sent me a response to my request on 4/7/06 stating she enclosed all the information requested except the SC Highway Patrol MAIT report. (Exhibit #18) The hand-written investigative notes were not attached. On 4/14/06 I made a follow-up FOIA request to Coroner Curtis Copeland for Captain Robert Bromage and Sergeant Jeff Purdy's reports including handwritten notes pertaining to my son's accident. (Exhibit #6). I received a response on 4/19/06 to this response from Deputy Coroner Connie Herman. (Exhibit #19) Ms. Herman informed me that the typed investigative notes I requested were included in the package I received as a part of the "Trask Investigation Notes" that were submitted to the Coroner. She further stated, "Any and all handwritten notes and reports are destroyed after they are transcribed." The handwritten investigative notes should have been produced, but were never produced to me. Captain Bromage testified in his deposition on 6/30/08 that he shredded the documents. (Robert Bromage deposition, Exhibit #20, pages 54-55).

2. I made a follow-up FOIA request on 4/14/06 to Coroner Curtis Copeland for Sergeant Jeff Purdy's inquest investigation field notes and handwritten reports. (Exhibit #6). I received a response on 4/19/06 to this response from Deputy Coroner Connie Herman. (Exhibit 19) Ms. Herman informed me that the typed investigative notes I requested were included in the package I received as a part of the "Trask Investigation Notes" that were submitted to the Coroner. She further stated, "Any and all handwritten notes and reports are destroyed after they are transcribed." The handwritten investigative notes should have been produced, but were never produced to me.

3. On 12/13/06, I made a FOIA request to Chief Michael Hatfield at the Beaufort County Sheriff's office for Captain Bromage's e-mail records generated during the course of Captain Bromage's investigation on behalf of the Coroner's office. I also placed Chief Hatfield on notice to preserve Captain Bromage's hard drive on his computer

along with the e-mail data file and any backup file(s). (Exhibit #21) Captain Bromage testified in his deposition on 6/30/08 that he deleted all e-mails pertaining to this matter and that his hard drive "fried" and he made no backup and a new drive was installed in his computer. (Robert Bromage deposition, Exhibit #20, deposition pages 26-33) No e-mails or the "fried" drive have been produced to me. A subsequent request to Chief Hatfield following up on my request of 12/13/06 was made on 1/7/07 (Exhibit #22). Chief Hatfield advised me that Kelly Golden would send me a reply ASAP. (Exhibit #22). Kelly Golden responded to my request on 1/10/07 and advised me that she was conferring with the Beaufort County's computer expert, Frank Guth, to determine if the deleted e-mail could be provided. (Exhibit #23) Additionally, Ms. Golden advised me on 1/11/07 that Mr. Frank Guth was going to advise her on the issue. (Exhibit #24). Mr. Guth testified in his deposition of 7/31/08 that that his response was intended to mean that deleted e-mail records could not be restored and that he wasn't aware that Captain Bromage's hard drive was "fried". (Frank Guth deposition dated 7/31/08, Exhibit #25, pages 39-43 and page 54).

4. I made a FOIA request on 2/3/07 to Chief Mike Hatfield of the Beaufort County Sheriff's Office for a copy of written e-mail policy for Beaufort County Sheriff's office. (Exhibit #26). The response provided to me was deficient as it did not address the e-mail policy. (Exhibit #27) Additionally, Michael Hatfield testified in his deposition of 6/27/08 that he "double deletes" his e-mails after taking care of what has to be taken care of. (Michael Hatfield deposition, Exhibit #28, attached as pages 34-35).

5. On 3/24/07, I made a FOIA request to Chief Hatfield for a copy of Deputies Eckard, Garst or Arbello's audio and video recordings generated by the equipment from the accident scene on November 22, 2005 and policies concerning the retention and management of this equipment. (Exhibit #29) I followed up on this requested information by e-mail to Michael Hatfield on April 6, 2007, April 16, 2007 and May 5, 2007. (Exhibit #29) No video recordings were ever produced to me. Chief Hatfield testified in his deposition that no policy was in place for preservation of video recordings at the time of my son's accident. (Hatfield deposition, Exhibit 24, pages 62-69).

Beaufort County Emergency Management Department & Beaufort County Legal
Department

1. I made a FOIA request on 2/2/07 to William Winn of Beaufort County Emergency Management Department for the written operational procedures for the Beaufort County 911 system required under SC 23-47-20(C)(9) and copies of all intergovernmental agreements pertaining to the use of the Beaufort County 911 system. (Exhibit #30) Ms. Kelly Golden, County Council of Beaufort County, responded to my request on 2/23/07 and did not include the written operational procedures requested. (Exhibit #15). I e-mailed Ms. Golden and Mr. Winn on February 25, 2007 following up to my earlier request. (Exhibit #31). I have received no response to my 2/25/07 request to date. Mr. Winn testified in his deposition of 6/27/08 that the operational procedures were not produced to me. He also testified that that Mr. Gary Kubic, the Beaufort County

Administrator, instructed him not to respond to my FOIA request. (William Winn deposition, Exhibit #32, pages 82-84, 125-127).

2. On 2/2/07, I made a FOIA request to William Winn at Beaufort County Emergency Management Department for a copy of the intergovernmental agreements required under SC 23-47-20(A) pertaining to the use of the Beaufort County 911 system. (Exhibit #30) I e-mailed Ms. Golden and Mr. Winn on February 25, 2007 following up to my earlier request. (Exhibit #31). I never received a response to my request. William Winn testified in his deposition that the Beaufort County 911 plan that was provided to me by Kelly Golden and the signed 911 plan constitute the intergovernmental agreement. (William Winn deposition, Exhibit #32, pages 79-80).

3. I made a FOIA request to William Winn and Gwen Duhon of Beaufort County Emergency Management on 2/5/07 for the radio log of Coroner Copeland (call sign 601) for November 22, 2005. (Exhibit #14) Kelly Golden, County Council of Beaufort County, responded to my request on behalf of William Winn on 2/23/07 and informed me that my request should be directed to the Coroner's office. (Exhibit #15) Subsequently, I made a FOIA request to Coroner Copeland on 2/25/07 for the Coroner radio log. (Exhibit #16). I have not received the radio log to date. Coroner Copeland testified in his deposition that he never responded to my request. (Curtis Copeland deposition, Exhibit #7, Page 95).

4. On 2/5/07, I made a FOIA request to William Winn and Gwen Duhon at Beaufort County Emergency Management for the 911 computer printout of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 6:00 am on November 22, 2005 (Exhibit #14). Kelly Golden responded to my request on 2/23/07 stating these records could not be provided, citing privacy concerns. (Exhibit #15) These records were never produced to me. (Kelly Golden deposition of 6/4/08, Exhibit #33, pages 88-90).

5. I made a FOIA request on 2/5/07 to William Winn and Gwen Duhon of Beaufort County Emergency Management for the complete print-out report of all Beaufort County computer aided dispatch (CAD) entries made from 12:00 am to 6:00 am on November 22, 2005. (Exhibit #14). Kelly Golden responded to my request on 2/23/07 stating these records could not be provided, citing privacy concerns (Exhibit #15). These records were never produced. (Kelly Golden deposition, Exhibit #33, page 91).

6. On 5/20/07, I made a FOIA request to William Winn at Beaufort County Emergency Management for a copy of records including the operation manual and written operating procedures pertaining to the ComLog digital recording device in service at the Beaufort County 911 center. (Exhibit #34). On June 14, 2007 I sent a follow-up e-mail to William Winn regarding my previous request of 5/20/07. (Exhibit #35). Kelly Golden responded to this request on 5/31/07 stating the requested records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden testified in her deposition, that these records were exempt because of critical infrastructure relating to emergency services. Golden further testified that such information must be guarded from dissemination to the public and once it is released, you cannot control the

further distribution which is a concern by Homeland Security. (Kelly Golden deposition, Exhibit #33, pages 101-103).

9. On 5/20/07, I requested from William Winn at Beaufort County Emergency Management, pursuant to FOIA, a copy of records including the operation manual and written operating procedures pertaining to the Beaufort County 800mhz radio system. (Exhibit #34). Kelly Golden responded to this request on 5/31/07 stating the records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden responded to this request on 5/31/07 stating the requested records are exempt from inspection and copying pursuant to state and federal law. (Exhibit #36). Kelly Golden testified in her deposition, that these records were exempt because of critical infrastructure relating to emergency services. Golden further testified that such information must be guarded from dissemination to the public and once it is released, you cannot control the further distribution which is a concern by Homeland Security. (Kelly Golden deposition, Exhibit #33, pages 101-103).

10. On 5/16/07, I made a FOIA request to Kelly Golden for a copy of the handbook entitled "Freedom of Information Act Handbook for County Government" authored by Kelly Golden in 1999 while she was a registered lobbyist for the S.C. Association of Counties. (Exhibit #37) I only obtained a copy of this handbook after the filing of this lawsuit from another source.

Beaufort County Management Information Systems

1. On 12/13/06, I made a FOIA request to Chief Michael Hatfield at the Beaufort County Sheriff's office for Captain Bromage's e-mail records generated during the course of Captain Bromage's investigation on behalf of the Coroner's office. I also placed Chief Hatfield on notice to preserve Captain Bromage's hard drive on his computer along with the e-mail data file and any backup file(s). (Exhibit #21). I made a subsequent request on 1/7/07 to Chief Hatfield following up on my request of 12/13/06 and Chief Hatfield advised me that Kelly Golden would send me a reply ASAP. (Exhibit #22). Kelly Golden responded to my request on 1/10/07 and advised me that she was conferring with the Beaufort County's computer expert, Frank Guth, to determine if the deleted e-mail could be provided. (Exhibit #23) Additionally, Ms. Golden advised me on 1/11/07 that Mr. Frank Guth was going to advise her on the issue. (Exhibit #24). Although Mr. Guth advised me on 2/4/07 that that he did not have any knowledge of any "informal" programs or local policies for retention of e-mail, he did not address my request for retrieving Captain Bromage's deleted e-mails. (Exhibit #38). Mr. Guth testified in his deposition of 7/31/08 that that his response was intended to mean that deleted e-mail records could not be restored and that he wasn't aware that Captain Bromage's hard drive was "fried". (Frank Guth deposition dated 7/31/08, Exhibit #25, pages 39-43 and page 54).

FURTHER AFFIANT SAITH NOT.

Cpl. Paul J. Brouthers
S.C. Highway Patrol Troop 6
8740 N. Park Boulevard
North Charleston, SC 29418

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Cpl Brouthers:

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your office is responsible for holding and maintaining records for the S.C. Highway Patrol for the Troop 6 area which includes Beaufort County. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your office maintains records for the SC Highway Patrol Troopers who responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions, e-mail and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Subject: Notice To Lt. Strickland, SCHP Preserve Records L. Paul Trask, III Fatal Automobile Accident 11/22/05, US21 Hunting Island, SC

SCHPnotice.doc

Lt. Strickland,

My name is L. Paul Trask, Jr and I am the father of Paul Trask, III who died in a traffic accident on Hunting Island on November 22, 2005. I faxed and mailed the attached letter on 02/23/06 to your Troop 6 office and Cpl. Paul Brouthers called me to discuss last Friday.

I would like to request a copy of all of the records in your possession related to my son's accident including all reports, drawings and any evidence that was collected by the investigating troopers at the scene. I would ask you to please keep all photographs of the accident in your file and NOT to send them to me unless I request them in the future.

It is my understanding that recordings of the radio transmissions received or made by the troopers is maintained in Columbia. Would you please contact the appropriate SCHP office and forward a copy of my letter requesting that they preserve the recordings relating to my son's accident along with any other pertinent records.

I would like to get a CD copy of the radio transmissions as soon as possible. Would you please advise me how to secure that data.

Thank you very much for your assistance. If you have any questions, I can be reached at 843-[REDACTED] (O) or [REDACTED] (H).

My mailing address is: L. Paul Trask, Jr.
P.O. [REDACTED]
Burton, SC 29903-4160

Sincerely,

Paul Trask, Jr.

A. William Roberts, Jr. & Associates (800) 743-DEPO

1 Q. Right.

2 A. So I in turn forwarded those questions
3 to -- I sent them to the troopers and asked them
4 would they mind responding to me.

5 Q. All right. Now, did you get a response?

6 A. Yes, sir, I did.

7 Q. And what did you do with what they told
8 you?

9 A. I forwarded it on to Mr. Trask.

10 Q. All right. Now, Ms. Watkins, go back
11 one step to the e-mail that you said Lieutenant
12 Strickland sent to you, dated February 27th, the
13 e-mail from Paul Trask to Lieutenant Strickland.

14 A. February 27th?

15 Q. Yes.

16 A. Yes, sir.

17 Q. Which you said you got; right?

18 A. Yes, sir.

19 Q. Now, in this particular e-mail, next to
20 the last paragraph, Mr. Trask said, I would like to
21 get a CD copy of the radio transmissions as soon as
22 possible. Would you please advise me how to secure
23 that data?

24 And then the one before that, the
25 paragraph before that says: It is my understanding

1 that recordings of the radio transmissions received
2 or made by the troopers is maintain in Columbia.
3 Would you please contact the appropriate office,
4 highway patrol office and forward a copy of my
5 letter requesting that they preserve the recordings
6 relating to my son's accident, along with any other
7 pertinent records.

8 A. Yes, sir.

9 Q. And Lieutenant Strickland sent this to
10 you; right?

11 A. Yes, sir.

12 Q. What if anything did you do to secure
13 copies of the radio transmissions?

14 A. I would have sent it down to the
15 dispatch room.

16 Q. And were you able to get those
17 transmissions, CDs?

18 A. At this time, I do not know.

19 Q. All right. Would those transmissions
20 have been available on February 27, '06?

21 A. 180 days. So, yes, sir, they should
22 have been.

23 Q. And would you have anything in your
24 records to indicate what the response was to you to
25 your request for those transmissions?

1 A. It should have been in my e-mails. Yes,
2 sir.

3 Q. Do you want to check it? Look and see
4 if you see it.

5 A. I was reading through these last night.
6 I don't recall seeing anything about the logs -- the
7 radio transmission.

8 Do you have something on that?

9 MR. WALDRON: Huh?

10 THE WITNESS: I don't recall reading on
11 it in the e-mails that I had supplied to Mr. Trask.
12 BY MR. TISDALE:

13 Q. Well, Mr. Trask did not receive any
14 copies of transmissions --

15 A. Okay.

16 Q. -- at any time. And so just what I'm
17 trying to find out is why didn't he?

18 A. Okay. I mean, I could have been told
19 they could not be found. I don't know. I don't
20 recall what I was told at this point.

21 Q. Would you have any records of that
22 anywhere?

23 A. It should be in these e-mails, but I do
24 not recall, as in I read them last night, reading
25 anything about why I would not have received the

782

1 information.

2 Q. Okay. Well Ms. Watkins, I understood
3 you to say just now that a radio transmission is
4 maintained for 180 days?

5 A. That is what I've been told. Yes, sir.

6 Q. Who would tell you that?

7 A. Ronnie Horton.

8 Q. H-o-r-t-o-n?

9 A. H-o-r-t-o-n. Yes, sir. He is in the
10 communications room downstairs.

11 Q. Okay. Is that who you would have asked
12 for a copy of the transmissions?

13 A. Yes, sir.

14 Q. Well, just so I'll understand it, are
15 all radio transmissions of the department anywhere
16 in the State maintained on this system for 180 days?

17 A. I do not know that, but you can actually
18 speak with Captain Oliver, who is over all of the
19 communications in the State for dispatchers.

20 Q. What's the Captain's first name?

21 A. I'm not positive.

22 Q. That's all right. We can find that.

23 A. I think it's Mike.

24 Q. You think it might be Mike?

25 A. I think it might be Mike Oliver; but

783

1 it's Oliver, Captain Oliver.

2 Q. All right. So is it your testimony that
3 you requested Mr. Horton to send the radio
4 transmissions?

5 A. To the best of my knowledge, yes, I
6 would have done that.

7 Q. And do you have any record of anything
8 that happened after that?

9 A. No, sir.

10 Q. All right. Those records now would not
11 be existent, would they, unless he happened to pull
12 them out and has them sitting in a file down there
13 somewhere?

14 A. They physically -- they could be. I
15 have had it go back this late before due to the fact
16 that the boxes weren't sent to the destruction site
17 on time, so. . .

18 Q. May I ask you, with your lawyer's
19 permission, to follow up on that right away?

20 A. Yes, sir. I will send an e-mail as soon
21 as I leave here.

22 (This page contains information to be
23 supplied by counsel and/or the deponent.)

24 BY MR. TISDALE:

25 Q. Because Mr. Trask has not ever received

1 any of those.

2 A. Okay.

3 Q. And we would very much appreciate your
4 follow up on that point. The accident, just for
5 your information, was in the early morning hours of
6 November 22, 2005. Okay?

7 A. Yes, sir.

8 Q. At the end of 180 days on these audio
9 transmissions --

10 A. Yes, sir.

11 Q. -- are those transmissions destroyed?

12 A. I'm not -- I do not know that.

13 Q. Do you know kind of how they are
14 maintained by Mr. Horton?

15 A. No, sir.

16 Q. Okay. And you don't know how they are
17 destroyed or --

18 A. No, sir.

19 Q. -- anything about them --

20 A. No, sir.

21 Q. -- or what the schedule is?

22 A. No, sir.

23 Q. All right. Mr. Horton's office is in
24 this building?

25 A. Yes, sir.

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Curt:

Please send me a copy of the Coroner's Report pertaining to Paul III's accident. Please send me a copy of every record pertaining to the inquest investigation, including a copy of Bob Bromage's reports and field notes. Also, please provide me with a copy of the SC Highway Patrol MAIT report that we requested that you have performed. In addition, please respond to the following questions:
Who removed Paul III's body from the vehicle?
Where was Paul's body taken after it was removed from the vehicle at the accident scene?
Who transported Paul's body?

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Curt:

I am in receipt of a package of information which was hand-delivered to my office yesterday afternoon on April 13, 2006. The package of information contained the following documents:

1. Cover letter dated April 7, 2006 signed by Deputy Coroner Connie Herman.
2. Single page Beaufort County Coroner's Report signed by Deputy Coroner Connie Herman.
3. 2-page stapled S.C. Highway Patrol report TR-310.
4. 3-page stapled LISH Fire Dept. report.
5. 3-page stapled "Trask Investigation Notes Submitted by Captain Bob Bromage" including questions and answers 1-9 on the last page.
6. Single page Beaufort County Cremation Permit Request and Coroner's Permit to Cremate dated 11/22/05 and signed by Funeral Director Curt Copeland and Deputy Coroner Herman
7. Single page DHEC Burial Permit and Death Notification No. 385317 signed by Deputy Coroner Connie Herman.
8. Single page Copeland Funeral Home "Natural Death Report and Request for Burial-Removal-Transit Permit" dated 11/22/05 and signature stamped by Curt Copeland.
9. 3-page stapled Copeland Funeral Home "Authorization For Cremation, Processing, And Disposition Of The Remains Of:" Leith Paul Trask, III signed by Curt Copeland and Meredith C. Trask and L. Paul Trask, Jr.
10. Certificate of Cremation (Tag No. 895-05) dated 11/23/05 and signed by Connie Herman.
11. Undated and unsigned Coastal Cremation Services "Receipt of Cremated Remains" of Leith Paul Trask, III (Tag 895-05).
12. Photocopy of timeclock report for L. Paul Trask signed by Curt Copeland.

78B

PLTF 0182

Curt Copeland, Coroner
Page (2)

I have a number of questions pertaining to the package of information:

1. Deputy Coroner Connie Herman informs me that I will have to obtain the MAIT report directly from the S.C. Highway Patrol. Please confirm that you requested that the SC Highway Patrol perform a MAIT investigation into the circumstances of Paul III's fatal automobile accident.
2. With respect to the inquest investigation, the package did not include a copy of the handwritten notes of Capt. Bromage or SSgt. Purdy pertaining to their interviews. Please confirm that you have delivered to me a copy of all records including the notes taken during the interviews by Capt. Bromage and SSgt. Purdy.
3. With respect to the inquest investigation, the package did not include a copy of any report submitted by Capt. Bromage or SSgt. Purdy to you, the Coroner. Please confirm that no such reports exist.
4. Please provide me with a copy of the report of your interview of James Irby at the Fripp Island gate house on the morning of the accident including a copy of your handwritten notes.
5. Please provide me with a copy of the reports of your interviews with any other persons including handwritten notes pertaining to Paul III's accident.
6. Please identify the person(s) who drove the Coroner's van from the accident scene to the morgue.
7. Please identify the LIFD personnel who removed Paul's body from the car

If you have any questions, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

790

A. William Roberts, Jr. & Associates (800) 743-DEPO

1 Q Who prepared this coroner's report?

2 A She did based on notes that I had given
3 her.

4 Q Where are those notes?

5 A Probably destroyed.

6 Q Your investigative notes are destroyed?

7 A I don't think I still have them. If you
8 saw my notes and if would could read my writing, you
9 would see why they were destroyed.

10 Q Just let me ask you directly,
11 Mr. Copeland.

12 A Wait a minute.

13 Q Excuse me.

14 A They may still be in here. I don't know.
15 I don't have them, sir.

16 Q Did you destroy your investigative notes
17 in this case?

18 A Did I destroy them?

19 Q Yes, sir.

20 A I have no idea whether I did it, she did
21 it. It's just not customary to keep the notes.
22 They could possibly have been in a notebook that had
23 since been -- I say destroyed, but I have no idea.

24 Q Did you destroy the notes or did Connie
25 Herman destroy the notes?

191

1 A I have no idea.

2 Q The investigative notes?

3 A Probably me.

4 Q As a general practice in the operation of
5 your duties as coroner, do you destroy investigative
6 notes?

7 A Yes. Yes, sir.

8 Q You do?

9 A Yes, sir.

10 Q If you don't, Connie Herman did?

11 A I don't know that she ever did. When I
12 say destroy, they probably are somewhere. Now, I
13 don't destroy a whole lot. But where they are would
14 be -- I mean, I could look through my notebooks and
15 possibly find them, possibly not.

16 Q Do you routinely destroy your
17 investigative notes at the end of each case?

18 A I typically -- not at the end of each
19 case, but when a little notebook is filled up. I
20 have not intentionally destroyed anything pertaining
21 to this case, and I can promise you that.

22 Q How about Investigator Bromage's notes,
23 have they been destroyed as well?

24 A I have no idea. Those are his, not mine.

25 Q He doesn't turn them in to you?

1 Q You were wrong?

2 A I was wrong.

3 Q Now, did the solicitor ever meet with the
4 Trasks, to your knowledge?

5 A I'm unaware.

6 Q Now, a while ago we went over the request
7 in some detail that Ms. Herman provided in response
8 to Mr. Trask's letter of March 20, 2006.

9 Did you receive a letter of April 14,
10 2006? And I have a copy here. There's a response
11 dated April 19?

12 MR. TISDALE: Exhibit 7.

13 (PLF. EXH. # 7, 4/14/06 letter
14 from Mr. Trask to Mr. Copeland, marked for
15 identification.)

16 BY MR. TISDALE:

17 Q Mr. Copeland, Exhibit 7 is a letter from
18 Paul Trask to you dated April 14, 2006 --

19 A Yes, sir.

20 Q -- asking for certain information. Do you
21 see that?

22 A Yes, sir.

23 Q Did your office respond to that request?

24 A I think that we responded, should have.

25 Q Would you mind giving us a copy of that

793

1 response?

2 A I don't seem to have one. There might not
3 have been a response. It might have been something
4 that she took out orally. I don't know. I don't
5 seem to have a response to that.

6 Q This was a request for documents. It
7 could have been responded to orally unless --

8 A Yes, sir, you're exactly right.

9 Q Do you have any response to that request?

10 A No, sir.

11 Q You do not?

12 A No, sir.

13 Q Did you or someone in your coroner's
14 office inform Mr. Trask that the documents he was
15 seeking had been destroyed?

16 A I don't -- I'm sorry, what was destroyed
17 that he has asked for that I have control over?

18 Q I'm looking for a writing that says that.
19 I just can't put my hand on it right now. Might be
20 simpler to come back to it.

21 A Let's assume that you have it. Tell me
22 what you're talking about.

23 Q I have a note that on April 19 Mr. Trask
24 was informed that the documents were destroyed and
25 this request of April 14, 2006 couldn't be responded

1 Q How often do you delete coroner's e-mails?

2 A I don't specifically delete coroner,
3 personal, whatever. I delete by date everything.

4 Q How often do you delete the, quote, date,
5 end quote?

6 A Depends on how many I get. When it gets
7 to be several, 15 or 20, I delete them.

8 Q Do you still have that same computer and
9 e-mail address?

10 A I still have that same e-mail address.

11 Q How about computer?

12 A I don't think I still have that same
13 computer.

14 Q Now, some people who have testified in
15 this case I am told have said or will say that they
16 double delete e-mails. Do you ever do that?

17 A Sure.

18 Q Why do you double delete them?

19 A They go into a deleted file, and then you
20 delete that deleted file. I guess they go into that
21 deleted file so in case you realize you have deleted
22 something -- are you familiar with computers?

23 Q I'm not supposed to answer questions in
24 this deposition. But I can move around on one
25 pretty well.

1 A Well, you delete them the first time and
2 they go into a deleted file..

3 Q That's why I'm asking you.

4 A You delete out of that deleted file just
5 to clear it up.

6 Q Clear it up?

7 A Yes.

8 Q Is it your position that e-mail
9 correspondence is not covered under Section
10 12-518-3, case files that we talked about in Exhibit
11 2?

12 A It probably was. And you know, I probably
13 should not have, but I did -- I didn't -- I mean, if
14 I did it, I did it. In honesty, it was not
15 intentionally or with some kind of ulterior motive
16 in mind.

17 Q It's hard to delete something
18 unintentionally, isn't it?

19 MR. WALDRON: Object to the form of the
20 question.

21 THE WITNESS: I'm sorry?

22 BY MR. TISDALE:

23 Q Why do you delete this coroner's office
24 correspondence?

25 A Because it becomes cumbersome. It was not

1 deleted because of who it was or what it was or
2 anything else. It was deleted with everything else.

3 Q You just delete it as a practice of the
4 operation of your office?

5 A Absolutely. I wish I hadn't.

6 Q Right. We wish you hadn't, too. Are the
7 harddrives of those computers still available, the
8 ones you used in 2005?

9 A I don't know. I mean, I've sold the
10 funeral home. I would have to really think through
11 and track down whether those are still available or
12 not.

13 Q Does the present operation of the funeral
14 home have anything to do with the coroner's office?

15 A No, sir.

16 Q Are you saying that whatever coroner's
17 records there were on your computer you left with
18 the funeral home?

19 A No, sir. I'm not -- not coroner records,
20 but anything pertaining to e-mail. I mean, the
21 e-mail, I cleaned it up. I erased it. Whether it's
22 cleared off the harddrive or not, I don't know.

23 Q Where is the harddrive?

24 A The harddrive is on the computer that
25 was -- the computer was sold to the new owner of the

1 funeral home.

2 Q Now, with regard to Exhibit 9, your letter
3 to Mr. Trask saying that you refuse to produce cell
4 phone records and concerning the completion of your
5 e-mails, did you seek advice from anyone before
6 refusing to make those productions?

7 A No, sir. I don't think so. I mean, you
8 know, I thought telling the truth was kind of okay.

9 Q You use -- I mean, with the South Carolina
10 Coroners' Association you list your personal e-mail
11 address as your official coroner's e-mail address?

12 A That's the only one I got. I think I have
13 one through the county, but I don't use it.

14 Q But my question was: You do use your
15 personal e-mail address for official business, don't
16 you?

17 A Yes, sir.

18 Q Now, just real briefly, coming back to the
19 training issue, the coroners' training issue for
20 coroner and deputy coroners.

21 Would you dispute it if I told you that
22 neither the Criminal Justice Academy or the South
23 Carolina Coroners' Association have any record of
24 you attending any training session?

25 A I would not dispute it for the Criminal

798

1 Justice Academy. Now, the Coroners' Association; I
2 have been to training.

3 Q They should have records reflecting that,
4 shouldn't they?

5 A Yes, sir.

6 Q They should?

7 A Should.

8 MR. TISDALE: Mark this, please. This is
9 a letter dated July 20, 2006.

10 (PLF. EXH. # 10, 7/20/06 letter
11 from Mr. Trask to Mr. Copeland, marked for
12 identification.)

13 BY MR. TISDALE:

14 Q Do you remember receiving this letter?

15 A Yes, sir.

16 Q Why didn't you respond to it?

17 A Why didn't I respond to it?

18 Q Yes, sir.

19 A I didn't realize I didn't respond to it,
20 sir.

21 Q Do you have any recollection of --

22 A No, sir, I don't have anything that shows
23 that I did.

24 MR. TISDALE: A letter dated December 11,
25 2006, Exhibit 11.

749

1 (PLF. EXH. # 11, 12/11/06 letter
2 from Mr. Trask to Mr. Copeland, marked for
3 identification.)

4 BY MR. TISDALE:

5 Q Did you respond to this letter?

6 A I don't recall having responded, sir.

7 Q I'll take that as a no.

8 A Yes, sir.

9 Q You certainly did not honor the request
10 that -- to preserve the harddrive on your personal
11 and business computer along with your backup
12 computers, did you? Didn't you testify you sold the
13 computer?

14 A Yes, sir.

15 Q Can you give any reason why you didn't
16 respond? Is there an explanation why you didn't
17 respond?

18 A No, sir, I can't. I don't know whether I
19 gave that to the attorney. I cannot answer that.

20 Q If you gave it to an attorney, would you
21 have any idea which attorney you gave it to?

22 A No, sir, I wouldn't. I do not have a
23 plausible answer to your question.

24 Q Can you explain why you didn't?

25 A No, sir.

1 Q Did you seek advice from anyone that you
2 recall before deciding not to respond?

3 A I don't recall having done so, no, sir.

4 MR. TISDALE: This is an e-mail dated
5 February 25, 2007 from Paul Trask to Mr. Copeland,
6 Exhibit 12.

7 (PLF. EXH. # 12, 2/25/07 e-mail
8 from Mr. Trask to Mr. Copeland, marked for
9 identification.)

10 BY MR. TISDALE:

11 Q This asks for, Mr. Copeland: One,
12 complete radio log for Coroner Copeland, call sign
13 601, for November 22, 2005.

14 Do you have any recorded evidence that you
15 responded to this request?

16 A No, sir.

17 Q Why didn't you respond to it?

18 A I don't know. I don't know. I don't keep
19 those records. As I've said before, the county has
20 those. I'm certainly not trying to hide anything.

21 Q Well, explain to me a little bit about the
22 radio log. You don't have a radio log?

23 A No, sir.

24 Q Is your call sign 601?

25 A Yes, sir.

801

1 Q He never asked you to authorize it?

2 A Not that I -- I mean, no. I never recall
3 him asking me.

4 Q That's all I want to know. You never
5 responded to Mr. Trask to his request for the radio
6 logs?

7 A No. I'll be happy for him to release
8 those records.

9 (PLF. EXH. # 13, 2/5/07 e-mail
10 from Mr. Trask to Mr. Copeland and Ms.
11 Herman, marked for identification.)

12 BY MR. TISDALE:

13 Q Now look at Exhibit 13 that I just put
14 out. It's an e-mail dated February 5, 2007 to you
15 and Ms. Herman. You can see there in paragraph
16 numeral 1 what Mr. Trask asks for?

17 A Yes, sir.

18 Q Did you respond to this request for
19 information under FOIA?

20 A I don't have any copy of response. I
21 thought Ms. Herman did. Obviously, apparently, she
22 did not.

23 Q I represent to you I -- that Mr. Trask did
24 not receive a response. Do you have any evidence
25 contrary to that?

202

1 A No, sir.

2 Q Can you give an explanation of why?

3 A No, sir.

4 Q No reason?

5 A No, sir. I guess I'm a pretty lousy
6 operator, huh?

7 Q That would be up to the judge to make that
8 decision when we try this case, Mr. Copeland.

9 A Okay.

10 Q You have answered this already. Who did
11 you say could tell us where Connie Herman was? Is
12 it the woman at the funeral home, at the coroner's
13 office? What's her name, Joyce?

14 A Janet Horton. She's sitting right there.

15 MR. LINDEMANN: I have agreed that I will
16 check with Ms. Horton and provide you whatever it is
17 that we have.

18 BY MR. TISDALE:

19 Q Mr. Copeland, I didn't realize until a
20 little while ago that this is Ms. Horton sitting in
21 the room with us. I'm not objecting to it. I was
22 just thinking, if there's anything she knows, you
23 might want to confer with her, might save us some
24 time. I'm not asking you to.

25 MR. LINDEMANN: We're not going to do it

RE: Estate of Leith Paul Trask, III
C/A # 2006-ES-07-00056

Dear Curt:

Please be advised that I have been appointed as Special Administrator of the above-referenced Estate. A copy of my Certificate of Appointment is enclosed herewith. It is my understanding that your office is responsible for holding and maintaining records for the Beaufort County Coroner's office. The purpose of this letter is to place you on notice of the need to preserve the records of your department.

Leith Paul Trask, III was killed in a motor vehicle accident on November 22, 2005. Your office maintains records for the Coroner's office which responded to the accident in question. Accordingly, you are requested to preserve all such records, including, but not limited to, recordings of audio transmissions, e-mail and any other written or electronically generated documentation relating to all persons who responded to this accident.

If you have any questions regarding this matter, please contact me at the number listed above. Thank you for your assistance regarding this matter.

Sincerely,

L. Paul Trask, Jr.

Re: Freedom of Information Act ("FOIA") request regarding evidence of the communications of Curt Copeland pertaining to the 11/22/05 fatal MVA involving Leith Paul Trask, III.

Dear Curt:

Please allow this letter to serve as my official request pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. 30-4-10. et seq. (Supp. 2001), to inspect and copy the following materials:

1. Complete copy of your cellular telephone bill(s) for the months of November, 2005 through May, 2006.
2. Complete copy of your email communications from of November 22, 2005 through June 22, 2006.

Please deliver the requested documents to my address at P.O. [REDACTED], Burton SC 29903.

Thank you for your assistance and cooperation, and please do not hesitate to contact me directly at 843- [REDACTED] or 843- [REDACTED] if you have any questions or need additional information.

Sincerely,

L. Paul Trask, Jr.

Beaufort, South Carolina 29903

Dear Mr. Trask:

I am in receipt of your certified letter of June 22, 2006, whereby you have requested 1.) my "cellular telephone bill(s) for the months of November 2005, through May, 2006; and, 2.) a complete copy of your e-mail communications from of (sic) November 22, 2005, through June 22, 2006."

Please be advised that my cellular telephone is a personal phone and is not a "county" (government) telephone and is, therefore, not covered under the Freedom of Information Act. I do not have a county cellular telephone.

The same applies to e-mail in that it I use my personal e-mail address and my personal computer for neither is provided by Beaufort County. I do not have a county e-mail address. Further, I attempt to clear my e-mail periodically (every month or two) and such was the case when it was recently cleared.

If there are any questions or if there is any way that I can be of service, please do not hesitate to contact me.

Sincerely,

Curt Copeland

Re: Freedom of Information Act ("FOIA") request regarding evidence of the communications of Deputy Coroner Connie Herman pertaining to the 11/22/05 fatal MVA involving Leith Paul Trask, III.

Dear Deputy Herman:

Your e-mail records generated during the course of your duties as Deputy Coroner are "public records" as defined under the S.C. Freedom of Information Act, S.C. Code Ann. 30-4-10. et seq. (Supp. 2001). You are required by law to protect and preserve all of your official records, including your e-mail records. This is to notify you of the need to preserve the hard drive(s) on your Beaufort County, personal and business computer(s) along with your backup file(s).

Further, as provided in the Freedom of Information Act, this is to serve as my official request to inspect and copy all e-mail communications maintained in your computer(s) or with your service provider(s) that pertain to Paul III's accident. Please contact me as soon as possible so that I can make an appointment to review and copy your e-mail communications with Coroner Copeland, Capt. Bob Bromage, and any other individual with whom you have had communications pertaining to Paul III's accident.

Thank you for your assistance and cooperation, and please do not hesitate to contact me directly at 843-[REDACTED] or 843-[REDACTED] if you have any questions or need additional information.

Sincerely,

L. Paul Trask, Jr.

Subject: FW: To WILLIAM WINN Request for records of Coroner Copeland cell phone calls

Dear Mr. Winn,

I am re-sending my earlier FOIA request to you because I need to inspect additional documents in the custody of your department. Please allow this e-mail to serve as my official request, pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. § 30-4-10, et seq. (Supp. 2001), to inspect and copy the following public records:

1. The audio record of the 2:21am cell phone call made by Mr. Copeland.
2. The audio record of the 4:11am cell phone call made by Mr. Copeland.
3. Complete radio log for Coroner Copeland (call sign 601) for November 22, 2005.
4. Complete list of telephone and cell phone numbers that called the Beaufort County dispatch system from 12:00 am to 06:00 am on November 22, 2005.
5. Complete print-out report of all Beaufort County CAD entries made from 12:00 am to 06:00 am on November 22, 2005.
6. Please identify the telephone number or cell phone number that Mr. Copeland used to call Beaufort County dispatch at 02:43:25 on November 22, 2005. For your convenience, the audio record of that particular call is the 12th entry on the Playlist C:\Documents and Settings\gwend\Desktop\Trask file EMS.cpf.

Thank you again for your cooperation and assistance.

Please advise me when you will make these records available to me.

Sincerely,

Paul Trask, Jr.

Re: Requests made under the S.C. Freedom of Information Act (FOIA)

Dear Mr. Trask:

In response to your FOIA request of February 5, 2007, I am providing the following information:

1. The audio recordings of November 22, 2005 have been destroyed.
2. Same as above.
3. The radio log for Coroner Copeland is under the authority of the Coroner's office and a FOIA will have to be filed with the Coroner.
4. A complete list is not maintained. All lines are recorded and those recordings have been destroyed. A paper copy of 911 calls are made for backup. These calls cannot be provided as we cannot attach those calls to the incident. Nor can we identify those calls by type (Fire, EMS or law enforcement). Therefore, we do have a method to protect their personal information as it may be regarded to HIPPA or those that are law enforcement sensitive (information containing other criminal cases). If you can provide numbers from which calls were made to 911 we can attempt to provide the times they were made.
5. We cannot provide you a copy of all CAD entries that are not related to the incident. To do so would be in violation of HIPPA rules and potential Law Enforcement sensitive information. You have already been provided with the CAD printout in regard to your son's accident.
6. We have no method to identify the telephone number or cell phone number that Mr. Copeland used to call dispatch. Reference answer number one.

Attached is a copy of the Beaufort County Emergency Management Division's 911 plan. The total charge for copying the 911 plan is \$34.40.

Should you have any questions or comments please do not hesitate to contact me.

With kindest regards,

Kelly J. Golden

At the above stated times the Lady's Island -St. Helena Fire District responded to a passenger vehicle fire at 2005 Sea Island Pkwy, Hunting Island, SC 29920. Upon the arrival of engine 222 they found a single vehicle accident. The vehicle was fully involved in fire. As the fire was being attacked/extinguished fire personnel were conducting a visual search of the area in and around the vehicle for driver and any potential passengers. Once the fire was knocked down personnel operating the hose line determined in fact there was at least one occupant. Fire was extinguished and Firefighters were directed by Chief Kline to conduct a detailed search of the area for any additional vehicle occupants. The Thermal Imaging Camera and hand lights were used by two Firefighters to search the surrounding area. Chief Kline conducted a secondary search of the vehicle. The Deputy on scene worked with Chief Kline to determine the license plate number, the deputy called this information into dispatch and identified the owner. The Coroner was notified and he responded to the scene. After the investigation of the scene was completed we were able to remove the deceased from the vehicle. The wrecker service removed the vehicle from the scene and we searched for hot spots. The scene was secured and all units returned to their station.

Trask Investigation Notes
Submitted by Captain Bob Bromage

The following notes were in response to the Trask Family's request for a Coroner's Inquest regarding the death of L. Paul Trask III on 11-22-2005:

12-19-2005 – Met with George/Paul/Merry Trask at 1211 Bay Street in Beaufort. Obtained copy of their timeline and concerns regarding Fripp Island Security.

12-20-2005 – Met with Collins SCHP and requested photographs of the accident scene/photos were received by e-mail and were of poor quality, weather would appear to be contributory.

12-20-2005 – Met with Binkowski/Fripp Island – Obtained copies of passes for past few months in the name of Trask: 11-09-05, last one before incident – Obtained gate and incident log for 11-21-05 and 11-22-05.

12-21-2005 – Obtained pass information for Haley Davis who was visiting Patek at 506 Tarpon Blvd on 11-21-05 at 1936-overnight pass-speculation that Trask may have been attempting to go to Patek's residence, as parties have been reported there in the past.

12-28-2005 – 1430 – Met with Fripp Island Security Officer James Irby at Second Goodwill Baptist Church, 220 Morris Street in Beaufort, where he is Pastor. Irby states that Trask appeared at the Fripp Island Gate, at which time he was watching The Weather Channel. Irby states that Trask asked if there was a pass for "Trask" and Irby states that he checked. Irby states that he was on the curb several feet away from Trask and further advised that he did not smell alcohol or observe any signs that Trask was intoxicated. Irby states that he asked Trask if he could make a call for him and Trask advised that he would make the call. Irby states that Trask did not identify the source that would have called him in a pass at the gate. Irby states that Trask drove around the gate to turn around and saw him slowly drive off with the dome light on. Irby states that he turned down the television, as he anticipated that he would be getting a phone call from a residence to issue Trask a pass. He advised that he never received a call and Trask did not return. Irby states that he cannot be certain of the time of the contact and advised that some time later, a fire was reported to him at the gate and called emergency dispatch services. He recalled that he made a second call to emergency dispatch, as well. Irby was cooperative during the interview.

12-29-2005 – Met with Paul and Merry Trask at the Beaufort County Law Enforcement Center, where they were advised of the records from Fripp Island and the interview with Irby.

12-29-2005 – Spoke with Sandy Lee and Shirley Jones regarding conversation reported to Paul Trask that occurred at the Sand Dollar Tavern. Both deny any specific conversation about Fripp Island Security turning Trask away because of his intoxication and stated there was only speculation on their part about the accident.

821

CERTIFIED TO BE A TRUE COPY
CURT COPELAND, CORONER

PLTF 0695

12-29-2005 – Advised Paul Trask about the conversation and he advised that no further interviews would be necessary, as Haley Davis and Lindsey Jones were apparently deceptive about other events that occurred on the night.

01-06-2006 – Met with George Trask at Beaufort County Law Enforcement Center, where he was provided with EMS dispatch information and Polaroid photos taken by Arbello on the night of the incident. Demanded and was refused copies of Fripp Island paperwork.

*Met with George and Paul Trask two more times in order for their review of the Fripp Island records. Additional request by Paul Trask to interview Haley Davis and Lindsey Jones.

01-31-2006 – SSgt. Purdy interviewed Haley Davis at 1145 and Lindsey Jones at 1240. Haley and Lindsey both indicated that it was approximately 0110 when they left Fripp Island on 11-22-2005. Haley advised that she did not see Paul Trask at the gate or any vehicle to the best of her recollection. Lindsey advised that she did see a vehicle at the gate when she was leaving (driving), but was not sure if it was Paul Trask's vehicle or not. She did state that she knows what his vehicle looks like, but apparently did not get a good look at the one at the gate when they were driving through. Neither have any idea why Paul Trask was at Fripp Island that night.

02-17-2006 – Within the past two months, numerous requests for information were received from George and Paul Trask, specifically regarding Fripp Island Security's Gate Logs. Copies of handwritten and computerized logs were received from Fripp Island Security and were reviewed by George and Paul Trask in the presence of this Officer at the Beaufort County Law Enforcement Center and Beaufort Cinema, where Paul Trask is owner. Questions by the Trasks challenging the validity of the records arose and were addressed by this Officer with Fripp Island. There appears to be nothing to substantiate suspicions that the records had been altered or changed. It was disclosed by Fripp Island that the computerized records could not be altered or changed once an entry into the system is made. There was a request by Fripp Island that the records received by this Officer not be copied or provided to any third parties and the Trasks were advised of this. They were in receipt of a letter from Fripp Island welcoming them to make an appointment to view the records first hand. This Officer encouraged Paul Trask to meet with Fripp Island and review the records, as their explanation of record keeping would be much more informative than this Officer's. Paul Trask advised that he would pursue the meeting if he had further questions about the Visitor's Log. Paul Trask was advised of the interviews with Davis and Jones. The biggest unanswered question was what was L. Paul Trask III doing out at Fripp Island on 11-22-2005, as no persons have come forward indicating that he was going to see them and no pass was called in for Trask to gain access to Fripp Island. In a meeting with George and Paul Trask, proximate cause of death was suggested by George as a reason for an inquest. Based on the information gathered, it would appear that proximate cause started at the Trask residence, where according to his brother Stuart, L. Paul Trask III consumed anywhere from 6 to 12 beers, prior to leaving the residence on 11-21-2005 and continued when he purchased beer at a convenience store (underage), near midnight. This Officer has received no information to

822

CERTIFIED TO BE A TRUE COPY
CURT COPELAND, CORONER

PLTF 0696

confirm that L. Paul Trask III entered Fripp Island other than to turn around when he was advised no pass in his name had been called in. It should be noted that this Officer did suggest to George Trask that he turn in the videotape from the convenience store if charges were to be pursued, but he has yet to do so. It would appear that the actual cause of death of L. Paul Trask III is massive trauma due to motor vehicle accident and alcohol is believed to be contributory, as documented by testimonial and alleged videotape evidence that he was drinking beer prior to the accident. This Officer has not heard from George or Paul Trask in a few weeks and no additional requests have been received regarding this investigation.

Answers to Questions Addressed in Certified Letters

1. Coroner's Report - Enclosed
2. Copy of every record pertaining to the inquest investigation, including a copy of Captain Bob Bromage's reports and field notes. - Captain Bromage's notes are above.
3. Copy of the SC Highway Patrol MAT report - Must be obtained from the SC Highway Patrol

AUTHORIZATION FOR CREMATION, PROCESSING, AND DISPOSITION OF THE REMAINS OF:

LEITH PAUL TRASKITT

Full Name (hereinafter "Deceased")

Social Security Number: [REDACTED]

Date of Death: Nov 22, 2005

Time of Death: 1:10 AM AM
PM

The Deceased date and time of death is as indicated on the attached physician's, medical examiner's, or coroner's certificate of death.

The undersigned agent of the Deceased certifies that said agent has the full legal authority and right to authorize the cremation, processing and disposition of the Deceased's remains, and further, said agent certifies that, to the agent's knowledge, there exists no person who possesses a superior priority right and no person of equal priority who disagrees with this authorization.

Exercising the authority aforesaid, I, the undersigned, hereby authorize

Copeland Funeral Home

of Beaufort, South Carolina to take possession of, and make arrangements for, the cremation of the remains of the Deceased at

Coastal Cremation Services

of Beaufort, South Carolina, being specifically authorized to carry out the process of cremation of the Deceased's remains, in accordance with the provisions of Chapter 8 of Title 32, 1976 S.C. Code, as amended, upon receipt of the Deceased's remains.

I, as agent of the Deceased, hereby declare that, to the best of my knowledge (Check one):

☒ The Deceased's remains DO NOT contain a pacemaker, or other material or implant that may be hazardous, or cause damage to, the cremation chamber or the person performing the cremation.

☐ The Deceased's remains DO contain a pacemaker, or other material or implant that may be hazardous, or cause damage to, the cremation chamber or the person performing the cremation.

** Please list all materials and/or implants here:

I, as agent of the Deceased, hereby declare that, to the best of my knowledge:

☒ The Deceased DID NOT have an infectious, contagious, or communicable disease or a disease declared by the Department of Health and Environmental Control to be dangerous to the public health.

☐ The Deceased DID have an infectious, contagious, or communicable disease or a disease declared by the Department of Health and Environmental Control to be dangerous to the public health.

** Please list all diseases here:

827

The agent of the Deceased further authorizes and instructs Coastal Cremation Services to properly dispose of any items, other than the remains of the Deceased, including but not limited to, body prostheses, dentures, dental bridgework and dental fillings that are recovered from the cremation chamber.

Jewelry and other personal articles that are recovered from the cremation chamber are to be disposed of as follows:

None

THE CREMATION, PROCESSING, AND DISPOSITION OF THE REMAINS OF THE DECEASED, AS AUTHORIZED ABOVE, SHALL BE PERFORMED IN ACCORDANCE WITH ALL GOVERNING LAWS, AS WELL AS THE RULES, REGULATIONS, AND POLICIES OF COPELAND FUNERAL HOME AND/OR COASTAL CREMATION SERVICES, SUCH AUTHORIZATION BEING SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

1. The remains of the Deceased will not be accepted by Coastal Cremation Services unless the Deceased is in a casket, cremation casket, or an approved alternative container.
2. Coastal Cremation Services shall separate and remove from the cremation chamber all noncombustible materials, including but not limited to, hinges, latches, nails, jewelry, and precious metal, and Coastal Cremation Services shall dispose of such materials as provided by law and/or as instructed herein.
3. Unless specifically authorized by the Deceased's agent, Coastal Cremation Services shall not simultaneously cremate the remains of more than one person in the same cremation chamber.
4. The services of Coastal Cremation Services are deemed to be fulfilled when the cremated remains of the Deceased are returned to the custody of Copeland Funeral Home.
5. Copeland Funeral Home is hereby authorized to dispose of the Deceased's cremated remains as follows:

Interment @ Evergreen

6. If no method of disposition is specified in No. 5 above, the cremated remains of the Deceased are to be held by Coastal Cremation Services for a period of 30 days, unless said remains are picked up by or shipped to the agent or Copeland Funeral Home before that time. At the end of 30 days, if final disposition arrangements have not been made, Coastal Cremation Services may return the cremated remains to the agent of the Deceased or Copeland Funeral Home.

7. If, at the end of 60 days, no final disposition arrangements have been made, Coastal Cremation Services or Copeland Funeral Home, may dispose of the cremated remains in a manner provided by law, and in accordance with Chapter 8 of Title 32, 1976 S.C. Code, as amended.

8. The Deceased's agent may revoke this authorization within 12 hours of its execution by providing written notice to Copeland Funeral Home and Coastal Cremation Services.

By signing this Cremation Authorization form, I, as agent for the Deceased, agree that Copeland Funeral Home and Coastal Cremation Services and their respective agents, employees, and assigns shall be held harmless in regard to any and all loss, damage, liability, or causes of action in connection with the cremation, processing, and disposition of the Deceased's remains. However, Copeland Funeral Home and Coastal Cremation Services and their respective agents, employees, and assigns shall be held harmless in regard to any and all loss, damage, liability, or causes of action in connection with the cremation, processing, and disposition of the Deceased's remains. However, Copeland Funeral Home and Coastal Cremation Services and their respective agents, employees, and assigns shall not be held harmless for any acts in regard to the cremation, processing, and disposition of the Deceased's remains if said acts are performed in a grossly negligent manner.

828

FURTHER, I HEREBY STATE THAT ALL REPRESENTATIONS AND STATEMENTS MADE BY ME ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, AND FURTHER, THAT I HAVE READ AND UNDERSTAND THE PROVISIONS CONTAINED IN THIS DOCUMENT AND THE ATTACHED EXPLANATORY INFORMATION IN REGARD TO THE CREMATION PROCESS.
