RE: Case No: 2921-001504

I got your letter of January 7th in the mail Tuesday, the 11th, about the deficiency in the Proof of Service I had previously submitted. I did not know there was a special form. Thanks for the info. I put a packet in the U. S. Mail to you Tuesday afternoon, before I got your letter, with the Initial Brief and a Notarized Proof of Service for the Brief which is similar to the one attached to this that I did for the Proof of Service for the Notice of Appeal. I am sending this letter and the re-done one for the Notice of Appeal by FAX and in the United States Postal Service, so that you will have them within the time constraints. assume that you got the first FAX I sent as well as the Money Order. I am sure you know that the 10 days you refer to start the day I receive a letter from your office – not the day you mail it.

In the past, I have gotten copies of material and Orders from the Probate Court and Greenville Court of Common Pleas via E-Mail, as well as from the various lawyers, so being out-of State with the time constraints was not an issue. I appreciate your help, and am sure there may be something I need to correct in the Initial Brief. As I said before, I have hard copies of all the paperwork from the last three years if, in fact, any documents are needed, but my understanding is that the Court does not want any evidence that has not already been provided to the Courts. That said, I have no idea what has actually been filed since I had to go pro se over a year ago.
