RE: Case No. 2921-001504

I hope you have gotten the packet I mailed to you last week, as well as the Fax and the filing fee. I know there are likely some "deficiencies" in the Initial Brief that you will let me know about, but I wanted to get it to you and the copies to Devon and my brother.

I had mentioned to you previously that I was sure that evidence I had provided to the Courts in Greenville obviously had not been read, and I was not sure about what the clerks had filed – or not, but that I have hard copies of everything in case they are needed. There are also about 100 copies of various garbage which were provided to my attorney at the time, Chase Campbell, on PDF DE000338 from the Truluck firm, which I read and deleted from my computer because it contained nothing but blanked-out financial information and copies of a lot of correspondence between my brother's wife and Paulette Stovall which showed that my brother's wife was advising Paulette before and after my Dad's death about what to do about everything.

Of importance is that in reviewing my files yesterday, I re-read the Judgement of Judge Verdin in the CP court Appeals case 2021CP2303689 dated 11-16-21, and see that evidently Devon filed a Motion to Dismiss my appeal. I never received a copy or notification that a Motion had been filed. Also, I never ever asked that Paulette be removed as co-Trustee of the Trusts. I have asked in every document filed in the last three years that an independent administrator be appointed by the court and a forensic audit be obtained, both paid for by the estate. I suggested a Trust Department of a Greenville Bank. Please advise.
