Ms. Frisco,

Per court administration all motion hearings are to be held virtually. All requests for in person hearings must be approved by the Chief Administrative Judge. I am including Judge McCoy's office on this email to review this request.

Ms Rigney,

Is it possible to have the hearing Mr Futeral requested for a Partial Summary Judgement in a real courtroom rather than virtual since I haven't t been able to log in at the last two hearings that were held virtually and was not able to state my case efficiently which may have been the reasons both were decided against me. There's no reason to hold the hearing virtually and in these important motions against them, a defendant should be able to be seen and heard in their attempts to defend themselves.

Janet Frisco
