Ms.Rigney,

There have been motions that have been held in an actual courtroom during the course of this litigation and Judge McCoy is aware I wasn't able to log in to the hearing that was held on December 4th for consolidation because I had to call in to the hearing by phone. The notice for the hearing for the Summary Judgement doesn't even provide a number for me to do that. Is it possible I am being kept deliberately muted because I followed the instructions and still wasn't able to log in December 4, 2021 and I can't understand why else I wouldn't be able to join? It probably doesn't matter if I'm included because the Court of Common Pleas has granted every motion Mr. Futeral has made so far and denied or ignored all my motions and objections. If Judge McCoy doesn't grant my request for an in person hearing, it will be more grounds for an appeal in these matters in the upper courts which I have began on January 10th in the SC Appellate Court.

Ms. Frisco,

Per court administration all motion hearings are to be held virtually. All requests for in person hearings must be approved by the Chief Administrative Judge. I am including Judge McCoy's office on this email to review this request.

Ms Rigney,

Is it possible to have the hearing Mr Futeral requested for a Partial Summary Judgement in a real courtroom rather than virtual since I haven't been able to log in at the last two hearings that were held virtually and was not able to state my case efficiently which may have been the reasons both were decided against me. There's no reason to hold the hearing virtually and in these important motions against them, a defendant should be able to be seen and heard in their attempts to defend themselves.
