Honorable Jenny Abbott Kitchings, I have had an extremely hard time finding an appellate attorney to take my case. I have retained Attorney O'Connell in Easley to help me. Please help me in giving me the hearing date and address of where it will be held. The opposing council are trying to collect judgment while it is still in the appeal process and I believe that is wrong. I am also being sued by the person who purchased the original Brown property. If it pleases the court could the judgment be suspended or released until further hearings are attended to. Thank you for your time and consideration.

Honorable Jenny Abbott Kitchings name is Teresa Waldrop and would like if the court pleases to deny the request to relieve Hudson Law Firm in the case above due to the sickness of myself the client and adhere Hudson lawfirm to the agreement entered into with myself the client. The notice was only one phone call and a letter sent to the incorrect address.
