

I'm seeking an appeal on the following issues; I was never given an preliminary hearing, my Attorney was my prior Prosecutor in a previous case, my counsel with held evidence from me, my counsel refused to submit evidence that would help prove my innocence that I gave to her, My counsel never argued against the search warrant Affidavit. My attorney never argued that my co-defendant took full responsibility for the drugs found in the residence, that the drugs were also found on the co-defendants person, that the drugs were not found on me that I was charged with trafficking for. That I should have never been detained on April, 1st 2021.

Thank you,

Bahdy Kay McEwen Sr.
