Ms. Rigney,

Good morning. I'm attaching a copy of the cover sheet I submitted with my form motion "Leave to Supplement Answer to Plaintiff's Complaint" and as you can see I didn't request a hearing, because it's not necessary in this case. As I already said, I'm requesting leave to supplement my original answer so I can file the actual motion to amend my answer which was filed as Exhibit A and it can be heard at a hearing.

It's hard to comprehend why I have to explain that to you or anyone else in the Court of Common Pleas. After all the irregularities I've noticed including judges signing orders for hearings they didn't proceed over (Judge Bond for Judge Young), I'm beginning to think there's a real big problem with the court system in Charleston County. Unfortunately it's not just Charleston County because I have also seen the same kind of problems with Dorchester County. It appears that law enforcement agencies, the courts, and lawyers are protecting people when they commit crimes and punishing people that report them. This was the case with Antonio B. Harris who lives next door to me and when I reported him for neglecting his Pit Bull puppy, the Dorchester County Sheriff's Department advised him to file for a restraining order and to build a "blind" between our two backyards. The courts granted his request for a restraining order and the head of Building Code Enforcement, Melissa Hopkins, granted him a permit for a "sun shade". I'm attaching a document pertaining to Mr. Harris's illegal drug activities which apparently are quite lucrative because he recently purchased a new BMW SUV and a motorcycle. His live-in girlfriend told me they were going to buy a "cash car" and when I asked her what that was she said a car you pay cash for. We learn something everyday.

If I survive this ordeal Pet Helpers, their lawyer, law enforcement and the courts are putting me through, I'm going to write a book about it that will be stranger than fiction. April 13th will be the anniversary of the day I surrendered my dog, Toby, to Pet Helpers, Inc. and who would have guessed a person could be subjected to what I've had to undergo for trying to help a stray dog.

Sincerely,

Janet L. Frisco
